**Proposal for Yukon Public Schools and Core Counseling Mental Health Services, PLLC Mental Health Collaboration  
2022-23 School Year**

**Objective:** For Yukon Public Schools and Core Counseling Mental Health Services, PLLC to partner together in order to provide quality mental health counseling and supplemental mental health services for Yukon Public Schools' students 4th through 12th grade.

**Rationale:** According to the National Alliance on Mental Illness, mental health conditions most often begin in adolescence with onset usually occurring by the age of 14. Many children experience trauma and mental health issues much earlier making intervention prior to age 14 necessary. There are one in five youth living with a mental illness with less than half of these receiving needed mental health services.

In a given year 13%-20% of children meet criteria for a mental disorder, but less than 12% receive any services to address this. Students challenged with mental health concerns are at very high risk for disruption in their learning, family, and peer relationships. We know that when students are able to receive appropriate services and treatment, they are able to more effectively learn, grow, develop and be successful. Schools can play an important role in identifying the early warning signs and link students and their families to quality services and supports.

Due to the increase in students that have sought group support in the Yukon Public School setting during the 21-22 school year, we are proposing an increase in group hours offered. Our hours spent on safety risk assessments has also increased over the 21-22 school year. Our community continues to see an increase in mental health needs and a large decrease in licensed mental health providers.

**Interventions:** Mental health counseling will be provided by Core Counseling Mental Health Services, PLLC in the form of psychoeducational or processing groups and same day Crisis Assessment Intervention. Psychoeducation groups are grounded in learning. Using Cognitive Behavioral therapy a student will learn to connect thoughts, feelings, and actions based on the group topic. Processing groups allow the students to explore their emotions as they are controlling behaviors. While processing students will have the opportunity to get more in depth to the triggers in their environment and how those are affecting their ability to function in their identified role.

**Benefits for Yukon Public Schools:**

- YPS will control the referrals of its students.
- YPS will receive the mental health services of licensed clinicians who will see students with mental health needs by conducting psychoeducational and processing groups and will provide same day crisis assessment intervention services when needed.

- As many as 9 hours of face-to-face group counseling will be provided weekly at no cost to YPS students.
- Core Counseling will create data for YPS to identify the number of students receiving services over the 2022-23 school year. The data will show what type of services were utilized by YPS students.

**Yukon Public Schools Identified Mental Health Needs for Students:**

Core Counseling Mental Health Services would like to enter into an agreement with Yukon Public Schools to provide the following services by Licensed Professional Counselors (LPC) and Licensed Marriage and Family Therapists (LMFT) for the 2020-21 school year at a rate of \$34,000 per year.

- Core Counseling Mental Health Services will conduct Crisis assessments and follow-up for suicide/homicide ideation
  - Assessments must be performed on the same day, preferably at the school site.
  - Appropriate educational materials, documentation and confidentiality protocols will be provided to YPS.
  - Communication with designated YPS contact.
- Groups – 9 hours per week
  - Continue successful onsite groups at the middle school (MS) level (7-8th-grade students). High school groups (9-12) may be started as needed.
  - Develop and implement onsite groups at the intermediate level (4-6) at three sites.
  - Sign-in sheets collected at the end of each group for attendance and invoicing purposes.
  - Appropriate educational materials, documentation and development of confidentiality protocols.
  - Demonstrate appropriate group management skills needed for facilitation.
  - Communicate with a designated YPS contact in the case of suicidal/homicidal ideation, cutting or other concerns as needed.
  - Communicate with parents, if necessary, in collaboration with the designated YPS contact.
  - Potential types of groups:
    - Anxiety and Depression
    - Grief
    - Life Skills
    - Anger management
    - Students with Incarcerated parents
    - Coping skills
    - LGBTQ+
    - Support groups for students returning to school after being absent for mental health treatment or inpatient services.

**Potential additional services that may be determined as needed by YPS:**

- Ability to provide individual counseling services if needed onsite.
- Additional group hours as needed.
- Staff training - trauma, basic mental health.

**Plan:**

- Crisis Assessment: A Yukon Public Schools counselor or other designated faculty member will initiate contact with Core Counseling Mental Health Services for a same-day assessment. Core Counseling Mental Health Services will communicate that same day with the YPS designee with an action timeline for the assessment and steps to take if the assessment cannot be performed for some reason that same day on site. Core Counseling will keep a record of Crisis Intervention Services provided throughout the year and this report will be included with the invoice each month for payment.

Core Counseling will provide recommendations based on assessment that the child be sent for inpatient assessment or if the child does not meet criteria. YPS will receive a copy of this report to identify that students are being assessed by proper medical facilities or if a DHS report for medical neglect need to be made. This will be a collaborative effort by YPS and Core Counseling.

- Group Counseling: A Yukon Public Schools counselor or other designated faculty member will make a referral to Core Counseling for a student to participate in either a psychoeducational group or processing group. . The YPS School Counselor or designee will work with the parent to receive a signed consent form for participation before beginning group. The YPS School Counselor or designee will coordinate the schedule of groups with contacts at Core in addition to make arrangements for students the day of each group session. A student sign-in sheet will be collected for each group, each week and will be included with the invoice each month for payment. At the conclusion of each psychoeducational or processing group, Core Counseling will report the progress made by students in the groups as indicated by pre and post group assessment.
- School Calendar: Core Counseling will be aware of school calendar and know when school is out of session. School may also be cancelled due to weather or other events that cannot be predicted. In these cases, groups will not be able to meet.

**Documents Core Counseling Group will Provide:** Core Counseling will provide the following documentation for each counselor that is contracted:

- Copy of license or supervision agreement
- Copy of malpractice insurance
- Copy of OSBI background check (performed within the last 12 months)
- Signed Release of Liability
- Core Counseling release of liability (YPS not responsible for any workman's compensation claims)

**Expenses:**

- Core Counseling is proposing \$34,000 for the 2022-2023 school year based on the administrative and professional costs associated with providing a licensed therapist for group therapy weekly. The cost includes clinical record keeping, collaboration, and follow up with YPS on services provided. This cost also includes Core Counseling keeping a licensed therapists on-call to provide suicide risk assessments as needed by YPS. Core Counseling will invoice YPS at the end of each month for 9 months making the monthly responsibility of YPS \$3777.78

- Expenses will be itemized and billed on or before the last Friday of the month. |

*Core Counseling would like to offer, at no cost to YPS, trauma informed in-service training for identifying crisis and verbal de-escalation, twice yearly.*

**ITEM FOR CONSIDERATION**  
**Board of Education Meeting**  
June 6, 2022

**TOPIC:** CCEC Alternative Education Contract through the Board of County Commissioners of Canadian County Oklahoma on behalf of Canadian County Children’s Justice Center (CCCJC)

**RATIONALE FOR RECOMMENDATION:** This is a continuing contract for alternative education spots for 7th through 12th graders through Canadian County Education Center. These spots allow us to continue to provide educational services for students needing a more structured, disciplined setting. The contract changes include a reduction in the number of available slots for YPS students from 18 in the 21-22 school year to 15 spots for the 22-23 school year.

**FISCAL NOTE:** Cost analysis: In years past the fee of \$3,500.00 per student for 18 students has been waived. During the 20-21 school year, due to Covid precautions, we only received 10 spots, but the costs were again waived. For the 21-22 school year, the Canadian County Education Center will be charging \$1000 per student, and we returned to our full student load of 18 students. However, with the reduction we received in allocation of slots to 15, the cost of the overall contract has been reduced. Therefore, YPS CCEC spots will now cost \$15,000, which will come out of the General Fund.

## SUPPORT GROUP PROPOSAL for Gayle Jones/CONNECTIONS

I am a retired teacher and my Oklahoma teaching license is active. I have professional liability insurance through membership in the Association of American Educators. I live in northwest Oklahoma City. I taught in Oklahoma City Public Schools and in a private school as well. Married for 49 years, we have two grown children (one a combat vet) and 3 young adult grandchildren. I am passionate about education to prevent violence and self-harm and will do all I can to help children who need these important life skills.

After retirement from the Oklahoma State Department of Education, I initially worked for a family non-profit organization, where I facilitated the grief and loss groups for 7 years in 5 school districts and created curriculum for their groups. I now contract independently and can offer more opportunities customized to each school's needs.

At the Oklahoma State Dept of Education for more than 12 years, I directed the *Title IV Safe and Drug-Free Schools federal program* and offered many professional development trainings and presentations on school safety, crisis planning, mental health issues, bullying prevention, dating violence and suicide prevention across the state. I am still presenting on bullying and violence prevention each semester to UCO Student Teachers. I also present to a university class on children and grief issues.

**I offer life skills groups on coping with grief, significant loss and disappointment, rejection, peer pressure, anger management, stress, anxiety, empathy building, and decision-making, and conflict resolution.** I also present on suicide prevention, bullying prevention, and school safety for staff and parents. I use developmentally based activities with handouts, and segments from research-based curriculum I have researched over the years.

**Students like coming to weekly support groups and they usually WANT to talk and share with each other.** I have planned discussion lessons for each session, which includes sharing books (for the elementary students) and activities and worksheets (they keep and take home so parents can view what we discussed and maybe use some ideas for home conversations too). I have additional materials for middle and high school aged students, who are facing additional challenges with their growth and development and life experiences.

- ***I keep counselors informed of group activities and inform them of any early warning signs or concerns of student welfare that may appear in group.***
- ***I limit groups to 8 as the maximum number of students.***
- ***I facilitate each group once a week for 45 minutes to one hour depending on school schedules.***
- ***Normally groups are 6 weekly sessions, additional sessions can be added as needed or requested.***
- ***I charge \$45 per session for preparation, curriculum materials and supplies, group time and travel. If schools can copy handouts, that is helpful.***
- ***Presentations for staff and parents are also available upon request.***

To: Members of the Board of Education  
From: Dr. Jason Brunk, Jim Fenrick, Pam Watson (Sodexo)  
Subject: Student Meal Prices  
Date: June 6th, 2022

The following prices per meal are recommended for the 2022-2023 school year. The prices are developed through consultation with Sodexo, the Child Nutrition Manager Pam Watson, and guidance from the United States Department of Agriculture. The USDA provides a formula worksheet to determine the minimum cost per meal required. The meal rates proposed for the 2022-2023 school year are the minimum recommended by OSDE. This is the same meal price charged in 2020–2021.

It is important to note that, to date, the USDA has not announced whether school districts will be required to charge for student meals this upcoming school year. We are planning for an announcement that will require meals to once again be purchased, and we encourage families to plan now for the cost of these meals. We also expect to have the Free and Reduced Lunch Form application on our website on or about the 1st day of July 2022.

The price for adult meals will be determined in July after reimbursement rates are published.

The meal prices proposed for student meals for the 2022-2023 school year are:

**Breakfast:**

Elementary and Intermediate School	\$1.30
Middle School	\$1.40
High School	\$1.70

**Lunch:**

Elementary and Intermediate School	\$2.70
Middle and High School	\$2.95
