Yukon Alternative School

Ph: 405-350-2650

April 10th, 2023

Mr. Pieper
Oklahoma State Department of Education
Accreditation Division
2500 North Lincoln Boulevard, Suite 210
Oklahoma City, OK 73105-4599

Dear Mr. Pieper:

This letter is for submission of a Deregulation Application for the continued authorization for a four-day school week with Friday as a make-up day in our Yukon Alternative Education Program.

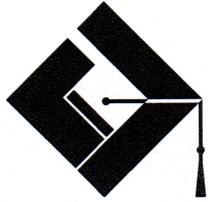

Yukon Alternative School has been operating under a four-day program for the last **thirteen** years with amazing success. We keep Friday as a mandatory make-up day, and this has provided an essential tool for students to maintain our attendance requirements. Pending support from OSDE, it is our plan to continue this schedule indefinitely due to its proven effectiveness in eliminating attendance issues in our program.

As in the past approvals, excluding last year, we would like to request this waiver be approved for three consecutive school years including 2023-2024, 2024-2025, 2025-2026 as directed and allowed in the Deregulation Application Instructions.

Thank you for your review of this application.

Sincerely,

Dr. Jason Simeroth
Superintendent - Yukon Public Schools

A. Reason for the Deregulation request. Please include how your students would benefit from this deregulation, what alternative means will have to be employed, and negative effects on your alternative education population if your waiver was to be denied

Attendance is still one of the most significant factors in dealing with at-risk students. In the past, we have not had any recourse for addressing attendance issues, except to dismiss the student. After trying several unsuccessful punitive strategies, we devised a positive reward policy based on a four-day week. For the past thirteen years, we have operated under this schedule. This has been **extremely** successful for our program. This schedule allows working students and parenting teens to conduct business (i.e. Dr.'s appt. etc.) on the scheduled day off, or allows them to make up time missed for unavoidable absences, thereby reducing and eliminating attendance issues. If our waiver is denied, we will be set back to previous unsuccessful attempts to reduce attendance issues.

B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your alternative education program, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and the result of the previous years alternative education audit.

The attendance strategy we are using under our four-day deregulation consists of a 4.25 hour day for the Alt. Ed. students with Friday reserved as a make-up day. They attend Mon-Thurs and if they miss a day for any reason, they are required to attend Friday. All time missed is made up by the end of the week. The educational benefits are that the students work very diligently to have perfect attendance during the week to avoid the Friday make-up day. Also, with a 4.25 hour session, these students are able to stay focused and complete actually more work than previous schedules have produced. This schedule also allows us to offer multiple sessions each day to accommodate each student's needs. Due to the condensed schedule, our most at-risk students have shown the most improvement. The graduation rate for Yukon Alternative has been 95%-99% since we implemented this policy. Our attendance is usually 100% with exceptions for bereavement or in hospital stays.

C. Educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, and predicted graduation rate.

This has served our district in a very positive way by almost completely eliminating absences for Alt. Ed. students. My observations over the past thirteen years of using this schedule have been that at-risk students perform much better on a reduced schedule that consists of focusing on academic goals and allowing them to move at an accelerated pace. When I eliminated the attendance discipline measures, my students have shown great progress, and our graduation rate has stayed consistently between 95-99%. The positive impact on our High School has been to allow us to continue to serve more students by having more sessions during the school day. Extending the hours would require reducing the number of students due to our limited space and staff. Overall, this schedule has been very beneficial to our students and district. 100% of our staff support and recommend this schedule.

D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary, or described in instructions. **A waiver/deregulation can be granted for up to 3 years. (Please see instructions for additional requirements)**

E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation? If positive please describe where the available would be reallocated.

Financial impacts to the district include:

Full-time aide salaries reduced by 70 hours.

Utility expenses reduced by 35 days.

Reduction of special bus services for Alt. Ed. by 35 days.

Positive financial impact reallocated to Y.A.L.E.

F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E., TLE, ACT scores, graduation rates, RSA, School Report Card, etc. ** You will be contacted if more information is needed to process this request.

Evaluation of effectiveness has been measured by monitoring attendance, graduation rate, overall school retention rate and OSDE evaluations of our program.

For the last three years our success rate was 96%-99% despite Covid.

We also have a 100% compliance rating on our OSDE Alternative Education

Evaluation. (Enclosed)

All students met State Testing requirements for graduation.

My TLE rating for staff all range from 4.17 Highly Effective to 4.91 Superior.

Staff report very positive feedback on this schedule which is imperative for teacher retention.

** You will be contacted if more information is needed to process this request.

I enjoyed the visit to your district's Alternative Education program and enjoyed learning about the opportunities you are providing for our most at-risk students. You have implemented many wonderful programs for your students.

I have attached the completed Program Criteria Checklist. I do not require any additional information at this time, as you are compliant with the evidence required.

The digital folders for FY 24 are currently available if you would like to start uploading your evidence from this school year. Please email Emily Hicks at emily.hicks@sde.ok.gov to request access to your folders.

Here is the [link](#) to your FY23 folder in case you want to move some information to the FY24 folder.

LIVE STREAMING AGREEMENT

This Live Streaming Broadcasting Agreement is made and entered into this July 1, 2023, by and between Metro Radio Group, LLC dba KREF (hereinafter referred to as "KREF") and Yukon Public Schools (hereinafter referred to as "YPS"):

1. KREF is a locally owned AM/FM radio station located in Norman, Oklahoma. KREF desires to provide broadcasting in internet live streaming formats for the Yukon High School sporting events covering various sports, both male and female, during the term of this Agreement.

2. YPS desires to grant to KREF the exclusive broadcast rights in internet live streaming formats to provide coverage for the Yukon High School sporting events for various sports, both male and female, during the term of this Agreement under the terms and provisions hereinafter provided.

NOW, THEREFORE, the parties stipulate and agree to the following terms and conditions relating to the broadcasting rights granted by YPS.

1. YPS hereby grants exclusive broadcast rights for internet streaming live formats to KREF for all sporting events of Yukon High School.

2. KREF agrees to broadcast in internet live streaming format the Yukon High School sporting events for various sports, both male and female, during the term of this Agreement

3. The sporting events to be broadcast by KREF include: all football games, at least ten basketball games, various other sporting events including: softball, volleyball, wrestling, baseball and soccer. KREF reserves the right, due to viewer demand, and YPS agrees for KREF to broadcast more games at its discretion, which games may be at home or on the road. If acceptable to coaches, KREF will also do coaches shows each semester for each sport.

4. KREF agrees to share forty percent (40%) of the net profit with YPS for the benefit of the YPS athletic programs in the form of a donation within thirty days following the end of the school year. The YPS net profit shall be determined based upon the advertising income derived from the high school broadcasts less all costs to sell, produce, broadcast, stream, and provide such high school broadcasts; provided.

5. KREF agrees to initially purchase the equipment that is necessary to produce the broadcast by internet live streaming format. Equipment will be used solely for YPS sporting events. Costs to purchase initial equipment, replace and/or upgrade equipment used exclusively to produce and broadcast YPS events shall be charged back to YPS over a three-year period in equal annual installments so long as the Agreement is in effect. Should the contract not be renewed or terminated before the end of year three, the remaining balance of equipment costs will be applied during the current year.

6. KREF agrees to pay for the camera operators and announcers for each broadcast.

7. KREF will provide and maintain server necessary to provide a live stream broadcast.

8. YPS agrees to provide suitable location for the equipment necessary for the broadcast, the camera operators and necessary support for the live stream broadcast, including the payment for utilities used in connection with the broadcast.

9. The term of this Agreement shall commence on July 1, 2023 and shall terminate on June 30, 2024. This Agreement may be renewed in one-year terms by mutual consent of the parties upon agreement to the terms and conditions set forth or mutually agreed upon. Should any KREF employee, agent, or contractor engage in any behavior that would constitute a moral turpitude problem, the contract may be immediately terminated by YPS.

THIS AGREEMENT is made and entered into on the day and year hereinabove stated.

Will Participation Lead to Further Competition?

Yes

No

If Yes, Explain

This tournament, which Yukon High School most recently attended in 2011, will be a yearly goal for the YHS Academic Team. It is a program expectation that we qualify for this tournament every year, and make this the most special, memorable, and impactful event for Academic Team. It's an opportunity for our team, the current state champions, to compete against the best teams in the country. It is an expectation that we perform better than any team in Oklahoma history at this tournament, and only continue to raise the bar here annually.

Schools from Virginia, New York, Illinois, and Texas typically win this tournament.

Why not a team from Yukon, Oklahoma?

Educational Benefits required

The Yukon Academic Team meets every week for 7.5 hours, meaning these kids (and myself) are essentially doing school six full schooldays a week.

The academic growth shown by these brilliant kids, just in the lead-up to state tournaments, has been exponential. While we are only taking 6 to nationals, we have another 20, mostly freshmen and sophomores, who are training to be in that next group. It is elevating classes all over the school, in every subject, because these kids are actively training for this tournament. They are more engaged in class because they are developing familiarity with writers, historical figures, scientific concepts, philosophers, current events, artists, and composers every single day. When teachers need someone to catalyze a discussion in a lecture or ensure that their group stay on task, I know my Academic Team is providing that need.

Imagine the trajectory of our school's most enthusiastic students when they know they have the National Championship to play for every year.

By the way, the schedule of events and itinerary are included on the same document that I attached below.
