K-12 Education Expertise

CDW•G helps schools leverage technology to achieve great educational outcomes. With more than 200 government and education contracts, we are one of the nation's largest direct-response providers of multi-brand technology products and services. For more than 30 years, we have closely monitored emerging technologies to ensure our solutions are at the forefront of innovation. We proactively expand our offerings and certifications to support your evolving needs. We invest in the solutions that matter most to you, like classroom transformation, device ecosystem, cybersecurity, AI, and school safety.

We are a trusted technology partner to more than 15,000 K-12 schools.

Resources - Education Strategy Team

Education Strategists work with you to understand your district's vision and goals to create customized solutions that improve teaching and learning.

Classroom Modernization Specialists, focused on audiovisual solutions and classroom design, can support you through trainings, consultative calls, webinars, and more.

We guide customers through decisions on the platforms that run your districts and drive transformation. We have dedicated in-house technical resources aligned to K-12 solution areas to help you better understand and integrate technology into your educational goals. Our K-12 Education Strategy Team – comprised of former leaders in education – support districts in implementing digitally-enhanced education and can help you develop a vision for lasting change.

We are a premier provider of Chromebooks to K-12 schools in the U.S.

In 2023, CDW•G deployed 1 out of every 3 Chromebooks into K-12 classrooms in the U.S. for a total of 2.5 million devices. We can support your full device lifecycle management needs and have experience handling complex deployments for the largest school districts in the country, even in adverse conditions.

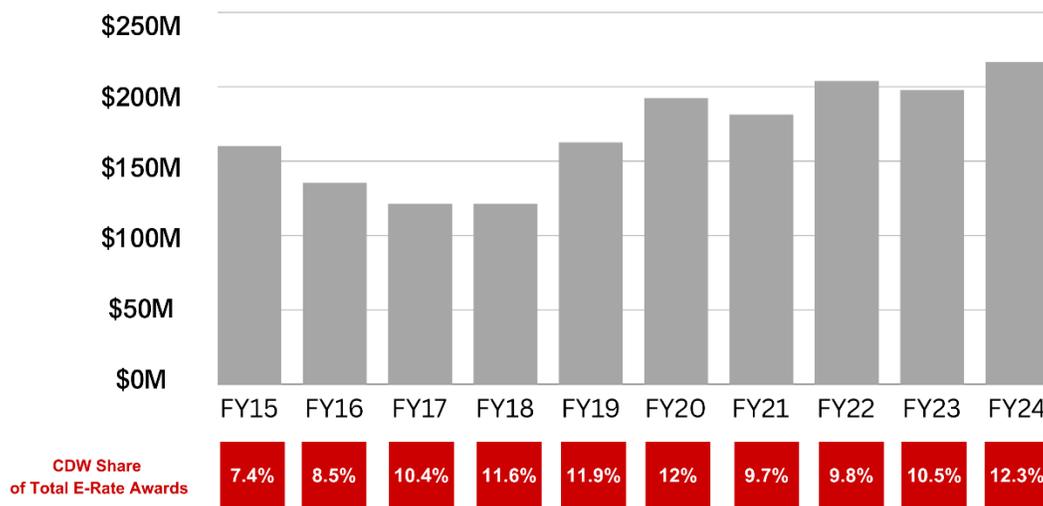

A Partner You Can Trust – Even in Adverse Conditions

During a time of significant supply chain constraints, CDW•G delivered. One of the largest school districts in the country, Chicago Public Schools (CPS), relies on CDW Education to provide their students with Chromebooks. Like so many other districts across the nation, CPS needed to pivot to distance learning with the onset of COVID-19. To serve the needs of nearly 330,000 students, CPS required 1,000s of Chromebooks. Despite worldwide shortages, CDW•G was able to deliver 20,000 devices over four months on-site and on-time.
