Superintendent Dr. Andrew Dick congratulated Scott Reisig, Beth Merrigan, and Paul Snyder on the recent election. Dr. Dick also thanked Reginald Preston for running for the Board of Education this year and his willingness to dedicate time to public service in our community.

Dr. Dick noted that over the course of the last five weeks, he had the privilege of engaging with parents at the Elementary Parent Engagement Meetings. He stated those meetings have concluded, and it was a great opportunity to have a dialogue with elementary families throughout the District. He stated he would have preferred a larger turnout at these meetings, but that it was a good opportunity to collect feedback and engage with families.

Dr. Dick recognized the retirement of Ronda Roth, noting she was one of two educators who were instrumental in starting the Really Great Reading program in the District. He stated the District has seen tremendous success with this program. Dr. Dick noted that prior to his tenure as superintendent, he was asked to meet with Dr. Wendy Kemling and Mike Mason in order to discuss changes in how the District could allocate flex funding, and it was recommended to use the money as a way to increase early intervention support in reading. Ronda was one of two teachers who helped to initiate this program, combined with Jadie Beam's support, and the District has seen outstanding growth and achievement among our youngest readers. He thanked Ronda for her second stint of teaching and congratulated her on her retirement.

Dr. Dick thanked the many patrons who made public comment earlier in the evening, commenting that the discussion of Lake Minatare's future is not an easy decision for any Board member. Dr. Dick shared that multiple teachers at Lake Minatare are close family friends or related to his family, and this is not a decision that is being taken lightly. He stated that despite being asked on multiple occasions how the Board will vote, he emphasized that this decision has not been made by the Board of Education. Dr. Dick did state that both he and Executive Director of Finance Marianne Carlson has an obligation to provide accurate information to the Board of Education. He noted the District is not attempting to hide any information and, as an example, the Lake Minatare presentation was made public prior to the Board meeting in an effort to maintain transparency. Dr. Dick again thanked those who made public comment for sharing their perspectives, noting the District administration and the Board of Education take all comments and feedback very seriously.

Lastly, Dr. Dick thanked all the veterans for their service, noting there are many throughout the District who have served, including Board Member Beth Merrigan.

ASSUMPTIONS

- It is unknown exactly how many students may leave the District if Lake Minatare closes so four scenarios have been modeled.
- Our conservative projection is that we would be able to reduce our overall staffing by 11 FTE (4 certified and 7 classified). All 11 positions could be absorbed through attrition.
- The building could be sold to save the insurance, utility, repair, and maintenance costs.

FREQUENTLY ASKED QUESTIONS

- Why is the District discussing the future of Lake Minatare?
- Is Lake Minatare Elementary financially “self sustainable” due to the elementary site allowance?
- How has LB 243 impacted school funding?
- Can the District increase the levy to sustain operations at Lake Minatare?
- Is there capacity at the in-town elementary schools for Lake Minatare students?
- Is there a possibility of a post COVID baby boom that will increase enrollment in the near future?

OPTIONS

- Option 1 - Keep Open for the 25-26 School Year
 - This option would reduce one paraprofessional.
- Option 2 - Close School at the Conclusion of the 24-25 School Year
 - Students would be absorbed into our in-town elementary buildings which have the capacity to serve the students.
 - Reduction of FTE within the District (staff would be absorbed through attrition).
- Option 3 - Close School at the Conclusion of the 25-26 School Year
 - This option would reduce one paraprofessional at LM and provide us a one-year transition into potentially new elementary boundary lines.

Preschool Enrollment

The District's preschool program shall be operated in accordance with this policy.

Eligibility

The Superintendent or the Superintendent's designee will develop and maintain eligibility guidelines for children to enroll in the District's preschool program.

The District shall not admit any child into preschool unless such child has reached the age of three (3) years or will reach such age on or before July 31 of the current school year.

Enrollment in the preschool program shall be admitted in the following order of priority:

1. Those students that are eligible under the Individuals with Disabilities Education Act (IDEA), McKinney Vento, and/or Title IC to participate;
2. Resident students who are or will turn four years old during the school year;
3. Resident students who are not otherwise eligible to enroll in kindergarten;
4. Resident students who are eligible to enroll in kindergarten;
5. Non-resident students who are not eligible to enroll in kindergarten; and,
6. Non-resident students who are eligible to enroll in kindergarten.

The Superintendent or the Superintendent's designee shall have the authority to implement and interpret capacity and enrollment decisions to ensure the best interests of the District and its preschool program, and there shall be no appeal process to the Board of Education related to the Superintendent or the Superintendent designee's decision. If all other things are equal, consideration will be given to the earliest dates of application submission.

Enrollment Process

Enrollment for the preschool program will be conducted on an annual basis. Parents or legal guardians must complete and submit a preschool enrollment application form by the specified deadline. Applications may be submitted after September 15 of the year preceding. The deadline for applications is February 15 of the preceding school year. Applications will be reviewed, and enrollment decisions will be based on available space, eligibility criteria, and other factors deemed appropriate by district staff. Parents will be notified of their child's enrollment status within a reasonable timeframe after the application deadline.

The District reserves the right to accept preschool enrollment on an as-available basis once the school year begins.

Waitlist

In the event that the number of applicants exceeds the preschool program's capacity, a waitlist may be established. Priority on the waitlist may be given to eligible children based on the priorities listed in this policy. Parents will be notified if their child is placed on the waitlist.

Compliance

All aspects of this policy shall be implemented in accordance with applicable state and federal laws, regulations, and guidelines related to preschool education and enrollment.

Date of Adoption: December 9, 2024

StudentsAttendance Areas and Student Transfers

The Scottsbluff Public Schools Board of Education shall establish and may adjust elementary school attendance areas based upon the recommendation of the Superintendent or the Superintendent's designee.

Students shall attend the school within the attendance area in which they reside or, in the case of a student with parents or guardians living at a different address, where the student primarily resides. Students may otherwise be granted a transfer to a school open for in-district transfer. Parents/guardians who wish to enroll their student in a school other than their assigned attendance area school must submit a "SBPS In-District Building Transfer Request" form to the District Office.

Transfer Request applications, effective for the upcoming school year, may be accepted from January 1 through March 31 for the first-round period. Students may be accepted on a space-available basis by grade level or program at each individual building. Once a building, grade level, or program becomes closed due to capacity restrictions, a prioritized waitlist will be established. Applications submitted after March 31 will be considered during the second-round period through the start of the following school year. Applications may be accepted throughout the school year and reviewed on a case-by-case basis at the discretion of the Superintendent or the Superintendent's designee.

Applications will be prioritized as follows:

1. Students with siblings attending the requested building, with priority given in order of application submission date; and,
2. All other applications will be considered on a first-come, first-served basis.

Transfer Request applications may be granted by the Superintendent or the Superintendent's designee based upon the capacity of a class, grade level, program, or school building to which the student is applying. Specific grade levels or school buildings may be designated by the Superintendent or the Superintendent's designee as closed to in-district transfers based on capacity.

Students in attendance at a specific school will typically be permitted to complete their education at that attendance area school if the family moves within the District during the school year.

Students in attendance at a specific school will typically be permitted to complete their education at that attendance area school if the boundary is changed, placing the family in another attendance center.

When attendance area boundary changes are adopted by the Board, the Superintendent or the Superintendent's designee shall have the authority and discretion to implement a boundary transition plan for students affected by such change. The boundary transition plan shall be

communicated in a timely manner to parents whose children will be impacted by the boundary change.

The Superintendent or the Superintendent's designee shall also have the authority to place any student in a school outside of the student's boundary area when legally required, including circumstances involving special education students.

All such complaints, charges or challenges shall be presented to the Superintendent or the Superintendent's designee, or the Board in writing and signed by the complainant. All such charges, if presented to the Board directly, shall be referred to the Superintendent or the Superintendent's designee for investigation and report.

Student Memorials

From time to time, Scottsbluff Public School District must confront the issue of dealing appropriately with the death of a student. The purpose of this policy is to set forth uniform guidelines when responding to the death of a student. When a student dies it is generally a school-wide (if not a community-wide) tragedy. Schools are immediately identified as having some responsibility to make sure the student's life is recognized and honored. The District welcomes this opportunity and desires to help in the grieving and healing processes. The District is obligated, however, to exercise caution in the method used to recognize the deceased student and his or her family. Research indicates two potential problems.

First, physical memorials have the potential to communicate immortalization, essentially glamorizing the death in the minds of some students. Young people who suffer from depression or other psychological problems and are at risk for suicidal behavior are sometimes motivated to take their own lives when they are exposed to a memorial immortalizing the death of a student.

Secondly, memorials can be an ongoing visual reminder of what happened, leading to students worrying if it will happen again or wondering if they could be next. From this perspective, memorials in the school or on school property pose a significant risk simply because a school is a "closed" environment. It becomes almost impossible for students to avoid the physical reminders of a death when a memorial is located on school premises. Memorials need to be an opportunity of choice, as we all grieve differently. For some, it is healthier not to be reminded.

Consequently, the following guidelines should guide schools' decision-making during such circumstances.

The District will not allow:

1. Memorial/funeral services that may alter the routine of a regular school instructional day;
2. Memorials that require the altering of school activities or the activity schedule;
3. Memorials that require the altering of school property;
4. Memorials that infringe on the separation of church and state;
5. Memorials that require the use of public funds to purchase, develop, or maintain;
6. Memorials that include plaques attached to any object on school property;
7. Memorials that draw attention or have the potential to glamorize the death;
8. Memorials that consist of a monument on school property;
9. Memorials in the yearbook;
10. Memorials during graduation ceremony, **such as an empty seat to honor the individual;** and/or,

Re: Scottsbluff Public Schools Education Center Security Cameras

Within the Qualified Capital Purpose Undertaking Fund (QCPUF) Resolution that was approved by the Board in September was a project for security cameras at the Scottsbluff Public Schools Education Center (SEC). The projected estimate at that time was \$288K. We have worked with INAalert to determine the cameras needed for the outside, 1st floor, and garden level of the building. Since our security system is proprietary to INAalert, due to them completing the work at our other buildings, this was not bid out.

The quote received was for \$173,911.47 if SBPS completes the work and \$222,030.34 if INAalert completes the work. Our Security Department will be completing the work and will need to purchase approximately \$12K in supplies. With SBPS employees completing the work, we will save an estimated \$36K on this project. This project will be fully funded through QCPUF.

Recommendation: Motion to approve the purchase of security cameras for the Scottsbluff Public Schools Education Center from INAalert for \$173,911.47.

Re: Additional Student Teacher Stipends for 2024-2025

At the February 2024 Board Meeting, the Board approved the Student Teacher Stipend for eight student teachers during the 2024-2025 school year. During the first semester, four of the student teacher stipends have been utilized. For the second semester, we currently have seven individuals that would be eligible for the stipend which would leave three not receiving the stipend. The student teachers' endorsements are all on the [NDE Teacher Vacancy Survey Report](#). We are recommending the addition of three additional stipends bringing the total number of stipends up to eleven for the 2024-2025 school year. The three additional stipends would be paid from the Rural Low-Income Schools (RLIS) grant that SBPS was awarded in 2024-2025.

As a reminder, the Student Teacher Stipend would not require the student teacher to perform any additional duties beyond the normal scope of a teaching assignment. The stipend will be \$4,000 and will be paid to the student teacher in two \$2,000 installments, once at the start of their student teaching assignment and the second at the end. For the Spring semester this would be in January and May. If a student teacher is placed with the District for an entire school year, the individual will not be guaranteed the stipend for both semesters.

Motion: Approve the additional three Student Teacher Stipends for the 2024-2025 school year.

Re: District Office Sale

Per Board Policy 3090, any sale of school property, including real estate, is contingent on the approval by 2/3rds of the Board of Education. The Board has been in negotiations with the City of Scottsbluff (City) to sell our current District Office located at 1722 1st Avenue.

Due to the location of this property, in relation to other properties the City owns, SBPS engaged in a private sale to the City. An agreement has been reached with the City for the sale of the building for a price of \$390,000. The legal description of the property is as follows: Lots One (1) and Two (2), Block Two (2), Original Town Addition to the City of Scottsbluff, Scotts Bluff County, Nebraska.

The Purchase Agreement will include that we will not have to move out of the building until August 1, 2025.

Motion: Approve the sale of Lots One (1) and Two (2), Block Two (2), Original Town Addition to the City of Scottsbluff, Scotts Bluff County, Nebraska, and authorize the Board President to execute all necessary documents to complete the sale.
