CITY OF CRETE, NEBRASKA
CRETE TORNADO SHELTER OPERATIONS PLAN

The City of Crete Tornado Shelter Operation and Maintenance Plan is for internal use only and does not enlarge an employee's civil liability in any way. This Plan should not be construed as creating a higher duty of care, in an evidentiary sense, with respect to third party claims against employees. A violation of any part of this Plan, if proven, can only form the basis of a complaint to the City for non-judicial administrative action in accordance with the laws governing employee discipline.

I. GENERAL INFORMATION

A. POLICY. It is the policy of the City of Crete that a Shelter is made available to offer limited protection for a limited number of people for a limited period of time when tornadic storms pose a threat.

B. DISCUSSION. Much of Nebraska, including Saline County, is subject to tornados which may threaten life and property. The seasonal tornado threat for Nebraska generally begins in March and lasts through October with increased likelihood May through July (77% of all tornados) and the highest frequency in June. The daily threat of tornadoes in Nebraska begins to increase around Noon and remain elevated through 11:00PM with the greatest threat from 3:00PM to 9:00PM.¹

C. PURPOSE. The purpose of this Plan is to provide expectations, standards, and guidance to city employees who are tasked with the administration, planning, operation, or maintenance of the Shelter.

D. EFFECTIVE DATE. This Plan shall be in effect upon resolution by the City Council and will remain in effect until the Council adopts a revision or repeals it.

E. CHANGES. Recommendations for changes to this Plan are to be presented to the City Administrator for consideration.

H. RESPONSIBILITIES.

- Approval The City Council has the sole authority to approve/modify this Plan.
- Administration The City Administrator shall be responsible for administering Shelter operations.
- Plans The Chief of Police shall be responsible for managing the continued development of this document (e.g., consolidating and preparing proposed changes and conducting plan reviews with city department heads and other senior officials).
- Operations City employees, under the operational control of an assigned and trained Shelter Manager or Assistant Shelter Manager, shall be responsible for operating the Shelter.
- Maintenance Apart from times of Shelter operations, the Library Director shall be responsible for arranging the maintenance of the Shelter, as determined by the City Administrator.

Patrons are also responsible for adhering to all city and state laws, rules, and regulations and ensuring their charges do as well. Failure to meet the requirements of Shelter use may result in immediate removal and ineligibility for future use.
- Ineligibility Any person may become ineligible to use the Shelter by violating the Shelter Rules and Regulations. The City Administrator is authorized to declare any person temporarily or permanently ineligible. When the Shelter Manager, Assistant Shelter Manager, or a police officer deems immediate action is necessary to facilitate a safe and healthy environment within the Shelter, such manager or police officer may direct any person to leave the Shelter and not return for seventy-two hours. If it is deemed unsafe for such person to immediately leave the Shelter, a police officer may sequester such person away from patrons and charges.

II.DESIGN AND FUNCTION

A. SHELTER PURPOSE. The purpose of the Shelter is to offer limited protection from tornados for a limited number of people for a limited period of time when tornadic storms pose a threat. To that end, the Shelter provides limited life-sustaining infrastructure (i.e., electrical power, a drinking fountain, and restrooms) as well as limited public information services (i.e. access to public television and, at times, internet). The Shelter is not intended for long-term lodging. The City does not offer or imply any amenities (e.g., food, transportation, personal care or protection, entertainment, sleeping areas or materials, etc.) or any other service than those specifically described in this paragraph.

⁵ *Ibid*

⁶ *Ibid*

B. SHELTER LAYOUT. (See Figure 1: Shelter Layout).

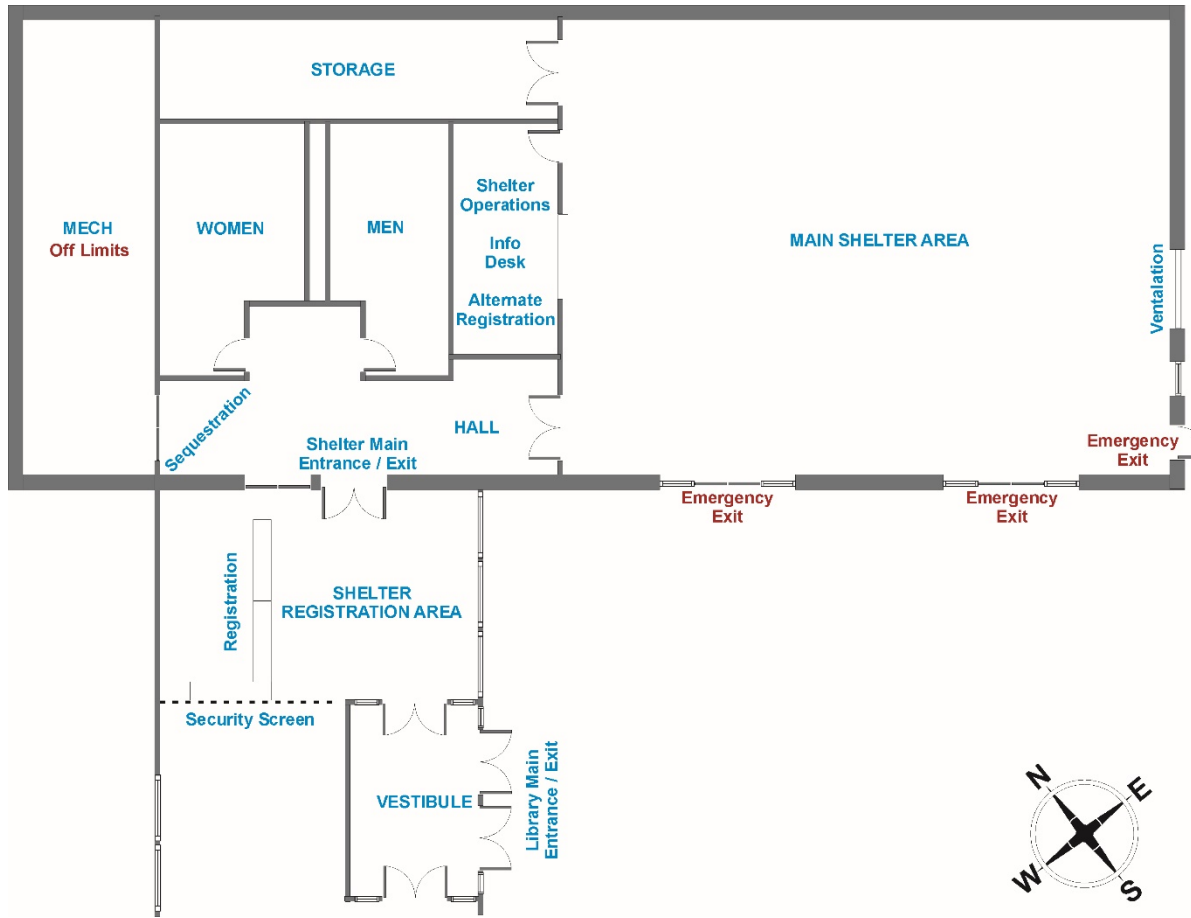

Figure 1: Shelter Layout

1. Location. The Shelter is co-located with the Crete Public Library.
2. Access. When open, the Shelter is accessible through the Library's main entrance.
3. Design. The Shelter is made of concrete and steel and is engineered to provide protection from the winds and debris associated with tornadoes.
4. Egress. The main entrance will serve as the primary exit. In an emergency, all other exits are also available.
5. Capacity. The main Shelter area is designed for a maximum capacity of 465 people (453 patrons/charges and 12 staff) standing or sitting, with the following allowances:
 - a. Patrons, standing or sitting: Five square feet per person.
 - b. Patrons, wheelchair users: Ten square feet per person.
 - c. Patrons, medical bed users: Thirty square feet per person.
6. Management. The "Food Preparation" room shall serve as the Shelter Operations Center.

III. SHELTER OPERATIONS

A. PRIORITY. Due to the increased tornado threat from May through July, private use of the Shelter space may be restricted during those months. The activation of the Shelter and related government activities will always take priority over private use.

B. STAFFING.

1. Staff Purpose. The Shelter staff are present to operate the Shelter (i.e., open and close the facility, account for occupancy, operate Shelter equipment, and provide direction to available services). While available to facilitate a safe and healthy environment, Shelter staff members are not personal caregivers, protectors, or service providers and are not responsible for fulfilling the real or perceived needs of Shelter patrons or their charges. The availability, kindness, helpfulness, etc. of any Shelter staff member does not constitute a special relationship with any patron or their charges.

2. Positions. The type and number of positions necessary to operate the Shelter will vary depending upon the number of patrons.

a. Shelter Manager. A department head, director, manager, or supervisor employed by the City and assigned by the City Administrator. The Shelter Manager has the authority and responsibility to oversee the operation of the Shelter and the operational control/oversight of the Shelter staff. Regardless of the number of patrons, there will always be a manager while the Shelter is open.

b. Assistant Manager. A department head, director, manager, or supervisor employed by the City and assigned by the City Administrator. The Assistant Manager aids the Shelter Manager in the operation of the Shelter and the operational control/oversight of the Shelter staff. No more than two Assistant Managers will be present while the Shelter is open.

c. Registrar. A city employee assigned as such by the City Administrator. The registrar receives and accounts for all patrons and is alert to and reports patron behaviors to operators, officers, or a manager. It is desirable for the registrar or assistant registrar to speak Spanish and to have access to *Language Line* services.

d. Assistant Registrar. A city employee assigned as such by the City Administrator. The assistant registrar aids the registrar in receiving and accounting for all patrons and is alert to and reports patron behaviors to operators, officers, or a manager.

e. Operator. A city employee assigned as such by the City Administrator. Operators circulate throughout the Shelter to monitor the condition and use of city property as well as the conduct of Shelter patrons and their charges. Operators may take corrective action, as permitted in this Plan and at the direction of the Shelter Manager, to promote a safe and healthy environment. Operators arrange chairs and tables, operate audio visual equipment, restock expendable items (e.g., toilet paper, paper towels, soap, etc.) and ensure emergency exits remain closed, unless there is an internal emergency.

f. Officer. A police officer employed by the City, whether assigned or called to the Shelter, who remains under the direction of the Chief of Police and acts to enforce law, maintain order, and suppress crime. Officers circulate throughout the Shelter monitoring patron and charge conduct and act in accordance to law and the Crete Police Department's Standing Operating Procedures. Officers will decide when to issue citations or make arrests and will coordinate with the Shelter Manager regarding sequestration or forcible removal of ineligible persons.

3. Assignment. The City Administrator assigns city employees as Shelter staff members.

4. Training. Prior to performing duties, staff members shall complete a training course approved by the City Administrator. Role-specific training will be provided to all staff members. Department heads, directors, managers, and supervisors will be trained in all tasks except that of police officer.

5. Scheduling and Directing. The Shelter Manager and Assistant Manager have the authority to plan for and call assigned and trained city employees, other than police officers, to report to the Shelter to fulfill the roles above. The Shelter Manager will coordinate with the Chief of Police for police officer availability.

6. Organization. In order to be able to operate the Shelter effectively throughout a severe weather season, employees from all city departments must be empowered, capable, and willing to form, and cooperate within, an ad hoc team. The City Administrator will assign employees to the particular positions listed above. Once trained, employees will then be expected to perform satisfactorily within their respective positions, as needed (See Figure 2: Organization).

Figure 2: Organization

7. Pre-Emergency Preparations.

- a. Pre-Registration. Library staff may pre-register any individual who is interested in using the Shelter through the Library’s electronic registration system (See “Registration” below).
- b. Security Gate. Library staff will close and secure the security gate that separates the Library from the Shelter as part of ending the business day or upon the activation of the Shelter.
- c. Equipment Storage.
 - 1) All equipment and forms will be secured within the storage room.
 - 2) All hand-held radios will be stored in chargers to ensure each is ready for use.
 - 3) Tablets, for use by Shelter Managers and registrars, will be available at Shelter Operations.

8. Arrival and Parking. Shelter staff members should arrive as quickly as possible after the activation of the Shelter. As space availability permits, staff members are to park along the streets near the intersection of 15th Street and Forest Avenue.

9. Equipment.

- a. Every staff member shall be equipped and arrive with both City and NIMS identification cards attached to a lanyard.
- b. Staff members will check out the following items from the Shelter Manager upon arrival:

- 1) Latest version of this Plan;
- 2) Flashlight (300 to 500 lumens);
- 3) Pens (2 each);
- 4) Notepad;
- 5) Hand-held radio (unless employee has been issued a radio by their respective supervisor);
- 6) Red vest with reflective bands and city logo (uniformed police officers will not wear red vests).

c. The Shelter Manager, Assistant Manager, Registrar, and Assistant Registrar will each be assigned a digital tablet to perform their duties.

10. Identification. Staff members shall wear their lanyard with identification cards and also the issued red vest while working in the Shelter.

11. Staff Conduct. Shelter staff members are to abide by all city laws, policies, and regulations and follow the lawful directions of their superiors described within this Plan.

12. Media Relations. Shelter staff members will direct any requests for interviews or information to the City Administrator.

C. SHELTER MANAGEMENT.

1. Operations Center. The Shelter Operations Center shall be in the "Food Preparation" room.

2. Registration Desk. The registration desk shall be located in the "Pre-Function" area within the Library immediately outside of the Shelter's main entrance.

3. Security. The City shall maintain operable security cameras which will record viewable activities within the Shelter and registration area. The City maintains proprietary ownership of all related visual and audible recordings and shall use the recordings as it deems appropriate. Patrons, charges, and Shelter staff members have no right to privacy anywhere within the building or on its grounds. The Shelter Manager and their designees will have the ability to monitor security cameras from within the Operations Center.

4. Radio Communications. The Shelter staff will operate on the City's UHF frequency. The Shelter Manager and officers will have access to both the Crete Fire Department and Police Department UHF frequencies.

D. PRIORITY OF WORK. The Shelter staff is to effectively open the Shelter, facilitate the entry of patrons and their charges into the Shelter, provide limited services, provide limited oversight of the Shelter environment, maintain records of activities, facilitate the departure of all patrons and their charges, and close the Shelter. Work to ensure these sequential actions occur effectively will often occur concurrently (Examples: The Registrar maintains an accurate list of arrivals and departures throughout the time the Shelter is open to be able to report use data after the Shelter closes, the Shelter Manager does not wait for a tornado watch to conclude before planning the departure of Shelter patrons, Operators keep logs of their activities and interactions with patrons to prepare for after action review, etc.).

1. Open the Shelter.

a. When. The Shelter will open approximately one hour after a tornado watch for the Crete area is issued, and it will remain open until all issued tornado watches for the Crete area have ended.

b. Staffing. Opening the Shelter requires no less than three city employees: A Shelter Manager, a Registrar, and an Operator (preferably, one of whom speaks Spanish). Minimum staffing is to increase with the number of patrons. The Shelter Manager may call on additional city employees, as needed (See Table 1):

Patrons	Shelter Manager	Assistant Manager	Registrar	Assistant Registrar	Operator	Officer	Total
1-50	1		1		1		3
51-100	1		1	1	2		5
101-150	1		1	1	2		5
151-200	1		1	1	3		6
201-250	1	1	1	1	4	1*	8
251-300	1	1	1	1	4	1*	9
301-350	1	1	1	2	5	1*	10
351-400	1	1	1	2	5	1*	11
401-453**	1	1	1	2	5	2	12

* The Police Department's shift supervisor may task a second officer to assist as conditions warrant

** A maximum of 453 patrons (and their charges) and 12 staff members equals maximum capacity

Table 1: Staffing

2. Facilitate Entry into the Shelter. Within capacity limits and times of operation, the Shelter is accessible to all who are eligible and make arrangements to avail themselves of Shelter use before an imminent (in-progress or warned) tornado strike in the Crete area. For the protection of those already in the Shelter, any imminent threat of a tornado strike, which includes a Tornado Warning issued by the National Weather Service, shall result in staff securing all exterior doors, the closing of the registration area, all Shelter staff entering the Shelter, and no patrons admitted until the Shelter Manager determines threat imminent threat of a tornado strike has passed.

a. Entrance. While the Shelter is in operation, only the main entrance shall be used. Any patron who opens another exterior door or aids in the unauthorized access of any person shall be deemed to be creating a potential threat to the safety of other patrons and shall be directed to leave the Shelter.

b. Patron to Charge Ratio. A single patron may claim responsibility for no more than five charges (Example: Eight charges would require two patrons).

c. Permitted Items. Patrons and their charges may carry in a limited number/volume of items into the Shelter for their personal use but may not sell or barter such items in any way:

- 1) Bottled Water (≤ 48 fluid ounces total/person);
- 2) Baby Formula/Food; and,
- 3) One single small pillow per person.

d. Prohibited Items. The Registrar will not admit any person who is knowingly bringing any of the following items into the Shelter. Any person who is later found in possession of such items may be directed to leave the Shelter and may be subject to further action:

- 1) Tobacco products, of any type;
- 2) Food/Meals (including snacks and food prepared at home or from "take-out" vendors);
- 3) Pets or animals of any type (including "comfort" animals but excluding service animals);
- 4) Valuable items (e.g., jewelry, electronics [excluding a pad tablet or smart phone], etc.);
- 5) Weapons (including firearms, edged weapons, cutting instruments, or any other item reasonable capable of being used as such, except weapons carried by law enforcement officers);
- 6) Alcohol or illegal drugs;
- 7) Cigarette lighters, matches, or any other flammable liquid; and,
- 8) Any dangerous or harmful item, material, or substance.

e. Registration. Any person desiring to use the Shelter must first register. The City maintains the right to refuse access to anyone who has not properly registered.

1) Types of Registration.

a) Standard. Registration includes the following, to the satisfaction of the Registrar:

- 1 Completing and signing the Shelter Use Agreement, to include providing accurate personal data such as name, date of birth, address, telephone number, and signature;
- 2 Receiving the Shelter handout, including rules and regulations;
- 3 Submitting to an ink stamp or mark on the hand indicating completion of registration and allowing for relatively rapid return access into the Shelter;

b) Alternate Registration. In the event that a tornado warning is issued, the Registrar shall move registration activities into the main shelter area adjacent to the Shelter Operations Center.

- 1 Measures should be taken to segregate those who have not registered from registered patrons.
- 2 Operators are to seek out those who have not registered and direct them to the registration area.
- 3 Registration activities will continue until all patrons are registered.

c) Pre-Registration. Patrons who wish to pre-register may do so at the Crete Public Library. Library staff will maintain pre-registration records, and the Library Director shall ensure registration forms and materials are available at the Library and are accessible to the registrar upon Shelter opening.

2) Materials and Processes.

a) Shelter Use Agreement.

- 1 Shelter patrons are responsible for their behavior and that of their charges (up to five total). To aid in communicating this fact and to maintain accountability, the City requires patrons to accurately complete, sign, return, and adhere to the Shelter Use Agreement.
- 2 To reduce congestion at the opening of the Shelter, potential patrons may complete the Shelter Use Agreement, as part of pre-registration, at the Library at any time throughout the year.

b) Ink Stamp. The Shelter staff will use a random shape and color ink stamp identification system to identify registered patrons and charges using the Shelter. The shape or color will change each time the shelter is opened.

c) Informative Handout. The registrar shall provide, or make available, an informative handout to every registered patron. The handout shall include information regarding:

- 1 Layout;
- 2 Services;
- 3 Emergency exits;
- 4 Restricted areas;
- 5 Summary of Shelter Rules and Regulations;
- 6 Reporting complaints, injuries, and property loss;
- 7 No "All-Clear";
- 8 Leaving the Shelter;

3) Obstruction. The registrar shall notify the Shelter Manager or an Assistant Manager when any person refuses to properly register or hinders the registration process. The Shelter Manager may encourage the person to adhere to Shelter Rules and Regulations. If this is unsuccessful, or is deemed inappropriate, the Shelter Manager or a police officer shall direct the person to leave the Shelter.

4) Service Animals.⁷

a) Responsibility. Any person who brings a service animal into the Shelter is responsible for the care, control, and actions of such animal.

b) Registration Questions. Registrars may only ask two questions of the patron/charge:

1 Is the dog a service animal required because of a disability?

2 What work or task has the dog been trained to perform?

c) Prohibited Questions. Shelter staff members are not allowed to request any documentation for the dog, require that the dog demonstrate its task, or inquire about the nature of the patron/charge's disability.

5) Maximum capacity reached. The registrar will notify the Shelter Manager when 453 patrons/charges (maximum capacity) have registered. The Shelter Manager shall direct the Shelter to be closed.

3. Provide Limited Services.

a. Information. While patrons make use of the Shelter, varied weather and Shelter information should be displayed for their use.

b. Drinking water. Operators should periodically check the drinking fountain for cleanliness and functionality.

c. Restrooms. Operators, of the same gender, should periodically check restrooms for cleanliness and functionality.

d. Shelter space. Operators should periodically check the main Shelter area to ensure patrons and charges are not consuming more area than is reasonable for one person (See "Design and Layout" / "Capacity" above).

e. Electrical power and Internet. Should electrical power or internet be disrupted for any reason, the Shelter Manager should inform the City Administrator.

f. First aid. Shelter staff members will have access to an Automated External Defibrillator (AED) and limited first aid supplies in case of a medical emergency.

4. Provide Limited Oversight of Shelter Environment.

a. Tornado Strike Imminent.

1) Determination. A tornado strike may be imminent when the National Weather Service issues a Tornado Warning for the Crete area or the Shelter staff receives reports of such strike by the City's first responders.

2) Notification. The Shelter Manager shall relay available information to patrons with an announcement conveying, "At present, the Shelter is the safest place for you to be."

3) Immediate Shelter staff actions.

a) Maintain a sense of calm;

b) Direct all individuals, patrons and Shelter staff members, in or near the registration area to proceed into the Shelter confines;

c) Secure exterior doors; and,

d) Account for and brief the Shelter staff.

b. Post-strike Actions.

⁷ U.S. Department of Justice, Civil Rights Division https://www.ada.gov/regs2010/service_animal_qa.html as of February 21, 2020

- 1) Account for Shelter staff;
- 2) Identify and respond to any injuries;
- 3) Notify Southeast Communications and the City's first responders, as needed; and,
- 4) Determine the condition of Shelter.

c. Complaints. Shelter staff members should be attentive to patron comments and remedy complaints at the lowest level and as soon as practical. Shelter staff members who are unable to adequately remedy a complaint are to verbally pass the information to the Shelter Manager. The Shelter Manager shall also attempt to remedy the complaint. If the issue remains unresolved when the Shelter is closed, the Shelter Manager will highlight the complaint and efforts to resolve it in the After Action Report to the City Administrator. Patrons are expected to make reports of all complaints, in writing, before leaving the Shelter.

d. Immediate Action for Complaints, Injuries, or Property Loss. Staff members should always be prepared to receive reports of complaints, injuries, or property loss and, in addition to informing the Shelter Manager, be prepared to take immediate action.

e. Injuries. Call for the Crete Fire and Rescue Department if a patron or charge requires or desires medical attention (Note: The City does not assume financial or other responsibilities for such calls). If within the competence of the Shelter staff member, apply first-aid. Reports of injury (excluding small cuts, scrapes, bruises, etc.) are significant incidents.

- 1) Patrons are responsible for providing complete and accurate accounts of any injury in writing before departing the Shelter. If conditions do not readily permit (e.g., serious injury to patron, taken away by ambulance, etc.), the City will accept a written report within a reasonable time.

- 2) Shelter Managers are to acquire as much information as practical about any reported injury before closing the Shelter.

- 3) Patrons who desire to speak to other City officials about an injury may do so at City Hall on the following business day.

f. Property Loss. The City is not responsible for any property loss. Patrons are expected to make reports of property loss (including damaged property) in writing before leaving the Shelter. The Shelter staff may review available video footage to determine the time, location, and other pertinent information. Reports of the loss, damage, or destruction of property \geq \$100.00, to include City property, are significant incidents. Patrons are expected to make reports of the loss, damage, or destruction of property, in writing, before leaving the Shelter.

g. Shelter Conditions. In addition to ensuring the Shelter remains functional, operators are to watch for and report misuse of Shelter facilities to the Shelter Manager:

- 1) Emergency exists. These exits are only to be used for exit in an emergency unless approved as emergency entrances by the Shelter Manager.

- 2) Restricted areas. Patrons are not permitted, for any reason, in Shelter operations or the mechanical room. The Shelter Manager may choose to permit patron access to the storage room to increase capacity.

- 3) Use of the televisions and technologies. Only Shelter staff members are to change television channels, turn on/off lights, or alter available use of technologies. Controls for all video information displays must be kept in the Shelter Operations Center.

- 4) Restrooms. Patrons should not plug or block drains or leave water fountains or toilets running. Operators, of the corresponding gender, will restock supplies (e.g., toilet paper, paper towels, soap, etc.) in designated restrooms as needed and do light cleaning to ensure availability.

- 5) Trash/refuse. Patrons should place all trash/refuse in appropriate receptacles. Operators will periodically need to empty these receptacles.

- 6) Possession of prohibited items. See above.

h. Patron and Charge Conduct.

1) Shelter Use Agreement. Patrons must complete, sign, and return the Shelter Use Agreement prior to entrance into the Shelter.

2) Responsibility. Patrons are responsible for their own behavior and for the behavior of their charges. Patrons are to adhere to all laws of the City and State of Nebraska and the Shelter Rules and Regulations and must ensure their charges do the same. Patrons will:

- a) Effectively provide for their personal needs and the needs of their charges;
