COURSE DESCRIPTIONS

Sixth Grade

Language Arts/English

Language Arts/English 6:

The sixth grade English/Language Arts course provides a balance of reading, writing, speaking, listening, and language skills. Students will progress through the writing process as they plan, draft, edit, revise, and publish their own writing. The writing types highlighted within this course include arguments, informative/explanatory texts, and narratives. Students will conduct meaningful research and be responsible for writing a research assignment that correlates with their research. Reading informational and literary text will be compulsory, and students will be required to draw upon and write about evidence from that text.

Accelerated Language Arts/English 6: (Formerly Pre-AP)

The Accelerated English/Language Arts course provides a balance of reading, writing, speaking, listening, and language skills. Accelerated English demands the highest level of participation, effort, and quality from students. The course is extended beyond the core and places additional emphasis on higher-level thinking and exploring curriculum at greater depths and levels of complexity. Students will progress through the writing process as they plan, draft, edit, revise, and publish their own work. The writing types assigned will include arguments, informative/explanatory texts, and narratives. Students will conduct meaningful research and be responsible for writing a research assignment that correlates with their research. Reading informational and literary text will be compulsory, and students will be required to draw upon and write about evidence from that text. Enrolling in the Accelerated English/Language Arts course will challenge students in both their writing style and analytical techniques.

Mathematics

Math:

The sixth grade math class will serve as an introduction to algebra for students in preparation for their later courses. The class will cover multiple topics over the course of the year. It will introduce whole numbers, decimals, number theory and fractions, and ratio proportion and percent. Students will also work with multiple equations such as probability and functions, perimeter, area, and volume. Finally, students will be challenged with collecting and displaying data, plane geometry, and coordinate geometry. All objectives will be introduced and practiced in class.

Accelerated Math: (Formerly Pre-AP)

The Accelerated Math class will begin with the same objectives as listed above, serving as an introduction to algebra for students in preparation for their later courses. It will introduce whole numbers, decimals, number theory and fractions, and ratio proportion and percent. Students will also work with multiple equations such as probability and functions, perimeter, area, and volume. Finally, students will be challenged with collecting and displaying data, plane geometry, and coordinate geometry. In addition to the regular class work, students will be encouraged to participate in higher level thinking through activities such as story problems and writing activities.

Reading

Reading:

Reading: This course is designed to foster affection for reading. It is also designed to influence students to become lifelong readers. The class will use an anthology of concepts that include all genres. Students will also step outside of their textbooks and read full novels. Over the course of the year, students can expect book reports. Each will be uniquely designed in order to satisfy different learning styles and to incorporate technology within the course. Students will also participate in small groups such as literature circles and class discussions. This course is also designed to provide for greater achievement on the sixth grade reading comprehension OSTP in April.

Accelerated Reading: (Formerly Pre-AP)

The Accelerated Reading class gives students the opportunity to practice skills that will enable them to be successful in their later classes. In this course, students will read complex texts with understanding and write prose of sufficient richness and complexity to communicate effectively with mature readers. (Source: The College Board). This course is designed for students who are above the sixth grade level in reading, composition, and language skills. Throughout the year, advanced level vocabulary words will be studied and several novel projects and extensions will be completed. Students will use computers, other information technology tools, and supplemental texts to support literary goals. Students will also participate in small groups such as literature circles and class discussions and annotate and summarize literary texts. This course is also designed to provide for greater achievement on the sixth grade reading comprehension OSTP in April.

Science

Science:

Sixth grade Science bridges the gap between fifth and seventh grade Science in the middle school science curriculum. Our curriculum explores core content from Physical Science, Life Science, and Earth/Space Science and bridges that content with the scientific and engineering practices necessary to help our students become more scientifically fluent learners.

Accelerated Science: (Formerly Pre-AP)

Sixth grade Accelerated Science bridges the gap between fifth and seventh grade Science in the middle school science curriculum. In this class, the curriculum uses deeper questioning to explore core content from Physical Science, Life Science, and Earth/Space Science and bridges that content with the scientific and engineering practices necessary to help our students become more scientifically fluent learners.

Social Studies

Social Studies:

The sixth grade Social Studies course will focus on world geography in the Western Hemisphere, which includes North America, Central America, and South America. The objective of this class is to help students build solid fundamentals in geography. More specifically, this class will emphasize gaining an understanding and appreciation for: The Tools of Geography, Our Planet Earth, Climates, Ecosystems, Human-Environmental Interaction, Economics, Population, Movement, Government, and Citizenship.

Accelerated Social Studies: (Formerly Pre-AP)

The sixth grade Social Studies Accelerated course will focus on world geography in the Western Hemisphere. The countries that will be studied throughout the year include North America, Central America, and South America. The objective of this class is to enable students to take a deeper look into the fundamentals in geography and to help students gain an understanding and appreciation for: The Tools of Geography, History, Our Planet Earth, Climates, Ecosystems, Human-Environmental Interaction, Economics, Population, Movement, Government, and Citizenship.

Seventh Grade

Language Arts/English

Language Arts/English:

In the seventh grade English course, students will continue to refine and master essential skills such as reading, writing, listening, speaking, viewing, and presenting skills. Students will be challenged with increasingly complex examples through the use of presentations, reading selections, and written compositions. Students will be required to analyze and evaluate a speaker's message, credibility, and delivery. They will also select and use different forms of writing, varied sentence structure and more complex verb tense, grammar and usage, spelling, punctuation, and capitalization to improve their personal writing. Using the 6 Traits of Writing rubric, students will be evaluated on their ability to produce error-free compositions and draw from multiple sources for use in research projects.

Accelerated Language Arts/English: (Formerly Pre-AP)

The seventh grade Accelerated English course is designed to provide students with sophisticated and complex learning experiences. Accelerated English demands the highest level of participation, effort, and quality from students. The course is extended beyond the core and places additional emphasis on higher-level thinking and exploring curriculum at greater depths and levels of complexity. The Accelerated class will have periodic timed writing assignments and advanced reading assignments with writing incorporated with the reading. The English Core objectives are for students to refine and master previously learned reading, writing, listening, speaking, viewing, and presenting skills in increasingly complex presentations, reading selections, and written compositions. Seventh grade students analyze and evaluate a speaker's message, credibility, and delivery. Students select and use different forms of writing, varied sentence structure and more complex verb tense, grammar and usage, spelling, punctuation, and capitalization to improve their writing. Students produce error-free compositions on a regular basis. Students draw data from multiple sources for use in research projects. Writing is evaluated using the 6 Traits of Writing rubrics

Geography

Geography:

The seventh grade Geography class is designed to teach students about the eastern hemisphere through geographical skills, history, culture, economics, and government of the continents. The following continents will be researched: Asia, Africa, Australia and Europe. Students will learn about early civilizations formed throughout the continents and study how they evolved through the centuries. Included in this course are Capstone projects of historical and contemporary global issues that have significance for the student and are clearly linked to the world outside the classroom.

Accelerated Geography: (Formerly Pre-AP)

The seventh grade Accelerated Geography program is designed to teach the students about the eastern hemisphere through geographical skills, history, culture, economics, and government of the continents. The following continents will be researched: Asia, Africa, Australia, and Europe. Students will learn about early civilizations that formed on the continents and study how they changed through the centuries. Capstone projects of historical and contemporary global issues, that have significance for the students and are clearly linked to the world outside the classroom, are included. Students will engage in active, high-level learning to develop skills and concepts needed to succeed at more rigorous academic levels of study in history and geography. The basic content is the same as that of the regular course, but this course provides the student with the opportunity to pursue topics in more detail. The student will research and develop products that encourage deeper understanding of history and geography.

Mathematics:

Math:

Seventh grade Mathematics includes all of the Oklahoma Academic Standards designated for the students. The primary focal points for seventh grade are Algebraic Reasoning, Patterns and Relationships, Number Sense and Operations, Geometry and Measurement, and Data Analysis. The curriculum sets a solid foundation for success in eighth grade mathematics (Pre-Algebra).

Accelerated Math/Pre-Algebra: (Formerly Pre-AP)

Seventh grade Mathematics includes all of the Oklahoma Academic Standards designated for the students. The primary focal points for seventh grade are Algebraic Reasoning, Patterns and Relationships, Number Sense and Operations, Geometry, Measurement, and Data Analysis. Students in this course will also study Pre-Algebra objectives, including formulating and reasoning expressions and equations, including solving linear equations and systems of linear equations, grasping the concept of a function, analyzing two and three dimensional space and figures using distance, angle, similarity, and congruence, and understanding and applying the Pythagorean Theorem. The curriculum sets a solid foundation for success in eighth grade Algebra I.

Reading

Reading:

The seventh grade Reading course provides students the opportunity to enhance their reading and test-taking skills, vocabulary, fluency, and comprehension. Students will also be required to participate in speaking and listening. Finally, students will research for information on a specific topic. This year's objective will work towards ensuring that each student has the literature appropriate and required for a seventh grade student.

Accelerated Reading: (Formerly Pre-AP)

The seventh grade Accelerated Reading course will be conducted at a level that is complex and more technical in composition. Throughout the year, students will delve in to more sophisticated reading skills, strategies, and higher order thinking skills. A wide variety of genres, narrative, and expository materials will be explored. Students will also be required to write essays in response to reading. Character analysis, setting, plot summary, conflict identification, as well as vocabulary skills are emphasized.

Science

Science:

Seventh grade Science has a curriculum that explores core content from Physical Science, Life Science, and Earth/Space Science. We will then use that content to explore scientific and engineering practices necessary to help our students develop an understanding of that information.

Accelerated Science: (Formerly Pre-AP)

Seventh grade Accelerated Science is an on-grade level academically advanced course designed to challenge motivated students. The coursework requires students to engage in independent and analytical assignments. Our curriculum uses deeper questioning to explore core content from Physical Science, Life, Science, and Earth/Space Science and bridge that content with the scientific and engineering practices necessary to help our students become more scientifically fluent learners.

Eighth Grade

Algebra/Math

Math:

Students in the eighth grade Pre-Algebra class will spend their time in class focusing on the following objectives: formulating and reasoning expressions and equations, including solving linear equation and systems of linear equations, grasping the concept of a function, analyzing two and three dimensional space and figures using distance, angle, similarity, and congruence, and understanding and applying the Pythagorean Theorem.

Algebra I:

Algebra I is the foundation of all other mathematics courses, and students will be expected to generalize patterns, relations and functions; represent and analyze mathematical situations and structures using algebraic symbols; use mathematical models to represent and understand quantitative relationships; and analyze change in various contexts. Students will identify functions as linear or nonlinear and contrast their properties from tables, graphs, or equations. Students will solve equations, inequalities and systems while performing the basic operations with polynomials in making connections with real world applications. **Note: Algebra I taken prior to 9th grade will be recorded on the student's high school transcript as an elective credit. Students must take three math courses in grades 9-12 to meet graduation requirements. Courses taken prior to 9th grade will not count toward the high school grade point average. Algebra I cannot be repeated in 9th grade.**

English

English:

Eighth grade English emphasizes skillful communication. For the majority of the year students will learn to be more effective and more efficient writers. Students will practice their writing skills through a variety of examples including writing in journals, writing poetry, creating essays, developing narrative, expository and persuasive/argumentative papers, and writing research papers. In addition, students will work to develop a strong foundation in English Grammar.

Accelerated English: (Formerly Pre-AP)

Similarly to eighth grade English, the eighth grade Accelerated English focuses on skillful communication by developing each student's skill as writers and speakers. Students will enhance their writing skills by writing in journals, writing poetry, creating essays, developing narrative, expository and persuasive/argumentative papers, and writing research papers. They will also spend time reading and writing several comparative essays. In addition, students will work to develop a strong foundation in English Grammar.

Reading

Reading:

The eighth grade Reading course is an extension of the learning process covered within student's seventh grade Reading class. The material will be more complicated, the vocabulary is more extensive, and the higher order thinking skills necessary are more pronounced. A wide variety of genres, narrative, and expository materials, and the use of writing in response to reading are used to enhance and insure recreational and informational reading as life-long pursuits. Students learn how to get appropriate knowledge out of the textbooks and search for content in many varying subject areas. More in-depth character analysis, setting, plot summary, conflict identification, as well as vocabulary skills are emphasized.

Accelerated Reading: (Formerly Pre-AP_

Reading at this level is much more articulate and an extension of the learning process for eighth grade Reading. The material is harder and more intensive, the vocabulary is more extensive, and the higher order thinking skills necessary are more pronounced. A wide variety of genres, narrative, and expository materials, and the use of writing in response to reading are used to enhance and insure recreational and informational reading as life-long pursuits. We delve into this material at a much deeper level. Students learn how to get appropriate knowledge out of the textbooks and search for content in many varying source areas. More in-depth character analysis, setting, plot summary, conflict identification, as well as vocabulary skills are emphasized. This class moves at a faster pace and covers more intensive material.

Science

Science:

Eighth grade Science is the culmination of the integrated and spiraling middle school curriculum. In addition to a focus on basic chemistry and physics concepts and applications, the Earth and biological science concepts learned in sixth and seventh grade Science are further developed to prepare students for a smooth transition into their high school science course work. Content knowledge will be taught and enhanced by actively engaging students in scientific methods and practices.

Accelerated Science: (Formerly Pre-AP)

Eighth grade Accelerated Science is strongly recommended for students interested in advanced science study and/or a career in a science related field. Accelerated Science includes all subject matter covered in the eighth grade Science curriculum with additional academic rigor in accordance with College Board standards. Students who wish to enroll in this class should possess exceptional reading, writing, math and organizational skills, all of which are necessary to help ensure success in Accelerated course work.

U.S. History

U.S. History:

The focus of the eighth grade course in United States History focuses on the American Revolution through the Civil War and Reconstruction Eras (1754-1877). Students will describe and analyze the major causes, key events, and important personalities of the American Revolution. They examine the factors, events, documents, significant individuals, and political ideas that led to the formation of the United States of America. These will be pursued through a chronological study of the early national period, westward expansion, and the Civil War and Reconstruction Eras. Citizenship skills will focus upon the historic development and understanding of constitutional government in the United States. Students will continue to develop and put to use a variety of social studies processes and literacy skills.

Accelerated U.S. History: (Formerly Pre-AP_

The eighth grade Accelerated U.S. History course studies the American Revolution through the Civil War and Reconstruction Eras (1754-1877). The student will describe and analyze the major causes, key events, and important personalities of the American Revolution. The student will examine in greater depth the factors, events, documents, significant individuals, and political ideas that led to the formation of the United States of America. These will be pursued through a chronological study of the early national period, westward expansion, and the Civil War and Reconstruction Eras. Citizenship skills will focus upon the historic development and understanding of constitutional government in the United States. The student will continue to develop and put to use a variety of social studies processes and literacy skills.

ELECTIVES

Sixth Grade

Archery 1:

Archery 1 offers the opportunity for students to engage and learn about the National Archery in Schools Program (NASP). Archery 1 teaches students the sport of archery, archery equipment use, range safety, set-up, and properly using archery equipment in a safe manner. Students will attend and represent NMS at local competitions.

Archery 2: (Prerequisite: Archery 1).

Students must complete archery 1 before taking Archery 2. Archery 2 will give students the opportunity to apply skills learned from Archery 1 and use those skills on the archery range. Students will shoot on the archery range daily. Students will attend and represent NMS at local competitions.

Art I:

Sixth grade Art I introduces students to the elements of Art which include line, space, shape, form, value, and color. Students are able to familiarize themselves with different mediums of paint, pencils, inks, paper mache, and pastels. Over the course of the year, art history will also be addressed by allowing students to attempt to reproduce different works of art as the original artists.

Beginning Band:

This class is open to all students who wish to be part of the Newcastle Racer Bands. Students that enroll in the Beginning Band course can expect to learn to create new and sometimes interesting sounds on one of the following instruments: Flute, Clarinet, Saxophone, Trumpet, Horn, Trombone, Baritone, Tuba, and Percussion. Percussion students will be chosen through an audition process. The Beginning Band gives several public performances, and students will take one trip in the spring to compete and attend a theme park. There are no prerequisites for Beginning Band, but students must be willing to try something new and have a great spirit of adventure.

Choir:

Sixth grade choir is a class in which students learn, practice, and perform correct singing technique and performance skills. Students are able to grow as musicians and experience the joy of musical expression. The choir will perform music in a variety of musical styles at school choir concerts and at one festival in the spring. Attendance at performances is required and part of each student's grade. Course content includes basic fundamentals of reading music notation, theory, vocabulary, and music history. Students will be required to purchase a choir t-shirt that is worn for all performances.

Enrichment:

Enrichment offers the opportunity for students struggling in specific subject areas to improve upon the skills necessary to achieve grade level proficiency in the area of need. Enrichment is a separate class designed to improve upon and enhance the skills required within the core subject. Enrichment does not replace the core subject. Enrichment is currently offered in mathematics.

First Lego League Robotics:

The robotics challenge consists of 2 parts: The Robotics Competition- Teams compete with LEGO NXT robots that they build and program. Students apply science and engineering concepts to strategize and design their robot. In addition, teams learn to overcome design and organizational difficulties. The Project- Teams are challenged to solve a problem in their community related to the theme of the challenge. At competitions, teams are given five minutes to present their solution to a panel of judges, who determine how effectively the team has researched the problem, solved it in an innovative way, and presented their solution.

Introduction to Health:

Introduction to Health will teach students about physical fitness and nutrition, personal health and hygiene, safety, medicine and drugs, relationship skills, and dealing with disabilities.

Outdoor Education:

Outdoor Education gives students the opportunity to explore multiple outdoor activities, both inside the classroom and in an outdoor setting. Students will learn activities including: Explore Bow Hunting, Explore Bow Fishing, Fishing in Schools Program, Rock Climbing and Mountain Biking.

Physical Education:

The physical education class enables students to develop and refine physical skills and abilities while providing movement and activity experiences that will form a foundation for lifelong participation in health enhancing physical activity. Students will build on skills taught throughout elementary and have numerous opportunities to practice in modified sports such as flag football, team handball, badminton, pickle ball, basketball, world games, volleyball, soccer and softball. Students will also have the opportunity to participate in a variety of individual activities including disc golf, rock climbing, mountain biking, and jump rope. Throughout the class the students will use technology such as pedometers and heart rate monitors to allow for individual awareness of activity levels. Students will learn safety procedures for all activities and be given the opportunity to practice cooperation, sportsmanship and teamwork skills.

Technology I:

Students will use basic computer knowledge in ways to solve problems, complete projects, and creatively express themselves. Students will learn to use technology in an innovative way by collaborating and thinking critically. Students learn to use many types of software including MS Word and PowerPoint. Students will learn many Google tools - Gmail, Drawings, Docs, Slides, along with several apps in the Chrome Store. Students create websites, learn photography, and create videos. Students explore many STEM objectives using Legos and other classroom tools.

Technology Literacy

Students will learn how to responsibly and effectively use technology to find, create, and communicate information. Students in this course will improve keyboarding skills as well as learn to use many online communication tools. Students will learn how to effectively use email, word processing software, and presentation software as well as how to safely use the internet.

Seventh Grade

Advanced Literature:

Advanced Literature This middle school Reading Elective course is designed to give students an opportunity to read books of their choice in an independent format. However, we will read some novels together. The goal is to expand student's thinking and insight, and maintain reading speed and comprehension while promoting an enjoyment of reading. Assignments will include reading, daily journaling and tests.

Archery 1:

Archery 1 offers the opportunity for students to engage and learn about the National Archery in Schools Program (NASP). Archery 1 teaches students the sport of archery, archery equipment use, range safety, set-up, and properly using archery equipment in a safe manner. Students will attend and represent NMS at local competitions.

Archery 2: (Prerequisite: Archery 1).

Students must complete archery 1 before taking Archery 2. Archery 2 will give students the opportunity to apply skills learned from Archery 1 and use those skills on the archery range. Students will shoot on the archery range daily. Students will attend and represent NMS at local competitions.

Art I:

Seventh grade Art I introduces beginner students to the elements of Art, which include line, space, shape, form, value, and color. Students are able to familiarize themselves with different mediums of paint, pencils, inks, paper mache, and pastels. Over the course of the year, art history will also be addressed by allowing students to attempt to reproduce different works of art as the original artists.

Art II:

Art II allows students to utilize the skills they learned throughout Art I and further refine their creativity with various projects throughout the year. Students should expect their work to be more intricate and time consuming.

Athletics/Strength and Conditioning:

Athletics is for seventh and eighth grade students that wish to play competitive sports for Newcastle Middle School. The following sports are offered: Football, Fast Pitch Softball, Cross-Country (boys and girls), Volleyball, Power Lifting, Wrestling, Basketball (boys and girls), Track and Field (boys and girls), Golf (boys and girls), Slow Pitch Softball, Baseball, and Soccer (boys and girls). When the sport is not in season, this class will transition to Strength and Conditioning in order to allow students to continue to improve

upon their physical skill set in the off season. These sports may be subject to a participation activity fee.

Band:

This class is an extension of Beginning Band. The expectations for performance will increase each year. These classes meet separately but will perform together for various concerts during the year. There are several public performances during the year and multiple competitions. Starting in seventh grade Band, students have the opportunity to audition for two different “Honor Bands” that are available in this part of the State. Students who make either “Honor Band” will have a two-day trip paid for by the Newcastle Band Boosters. The seventh grade band competes at an OSSAA concert contest in the spring as well as an independent contest that ends with the day at Frontier City. Seventh graders who have not previously taken band before may sign up for this class with the Band Director’s approval but must work hard to catch up.

Choir:

Racer Choir is an elective class that is open to all seventh and eighth grade students. As students work together in choir they learn the performance and rehearsal skills necessary to develop a choral ensemble. Course content includes basic fundamentals of reading music notation, music theory, singing harmony, sight-reading and musicianship. The choir will perform at school concerts and at OSSAA district choir contest. Students are also given the opportunity to try out for OCDA honor choir and to compete at OSSAA district solo and ensemble contest. Students will be required to purchase a choir t-shirt that is worn for all performances.

Introduction to Health:

Introduction to Health will teach students about physical fitness and nutrition, personal health and hygiene, safety, medicine and drugs, relationship skills, and dealing with disabilities.

Leadership – Life Skills:

This serves as an introductory course to Family and Consumer Science provided in high school. Students will be able to fill out job applications and participate in mock job interviews. Students will be taught about I-9 forms and other job related forms. Students will also maintain checkbooks and be introduced to effective banking. This class discusses communication, conservation, foods, clothing, and career planning. Additionally, time is spent on ACT test preparation and scholarship planning.

Outdoor Education:

Outdoor Education gives students the opportunity to explore multiple outdoor activities, both inside the classroom and in an outdoor setting. Students will learn activities including: Explore Bow Hunting, Explore Bow Fishing, Fishing in Schools Program, Rock Climbing and Mountain Biking.

Physical Education:

Physical Education allows students to further develop their skills and abilities while continuing to focus on lifetime activity. Students will learn new skills in a variety of individual and dual sports while at the same time emphasizing fitness. Students will also go more in depth in their utilization of technology and try several lifetime activities such as golf, hockey, and spike ball. Students will continue to learn safety procedures for all activities and be given the opportunity to practice cooperation, sportsmanship, and teamwork skills.

Technology I:

Students will use basic computer knowledge in ways to solve problems, complete projects, and creatively express themselves. Students will learn to use technology in an innovative way by collaborating and thinking critically. Students learn to use many types of software including MS Word and PowerPoint. Students will learn many Google tools - Gmail, Drawings, Docs, Slides, along with several apps in the Chrome Store. Students create websites, learn photography, and create videos. Students will learn to use technology in an innovative way by collaborating and thinking critically. Students learn to use many types of software including MS Word and PowerPoint. Students will learn many Google tools - Gmail, Drawings, Docs, Slides, along with several apps in the Chrome Store. Students create websites, learn photography, and create videos. Students explore many STEM objectives using Legos and other classroom tools. Students go further into the details of the programs and websites that we used in Tech 1. Students also do some hands-on robotics and engineering projects. Tech 1 at NMS is a pre-requisite.

Technology II/Media/Yearbook:

Students will use basic computer knowledge in ways to solve problems, complete projects, and creatively express themselves. Students will learn to use technology in a creative way by collaborating and thinking critically. Students learn to use many types of software including MS Word and Power Point. Students will learn all of the Google tools like Google Mail, Google Drawings, plus a lot more. Students create websites, learn photography, and create videos. Students explore many STEM objectives using Legos and other classroom tools. Students go further into the details of the programs and websites that were introduced in Tech 1. Students also do some hands-on robotics and engineering projects. Tech 1 at NMS is a pre-requisite.

Eighth Grade

Advanced Literature:

Advanced Literature This middle school Reading Elective course is designed to give students an opportunity to read books of their choice in an independent format. However, we will read some novels together. The goal is to expand student's thinking and insight, and maintain reading speed and comprehension while promoting an enjoyment of reading. Assignments will include reading, daily journaling and tests.

Agriculture Exploration:

Agriculture Exploration is a one-year course designed for eighth grade students with an interest in agriculture, food, fiber, and natural resources. Emphasis will be placed on agriculture literacy, consumer education, and leadership development. This is a hands-on course that will involve many short units including agricultural education, global agriculture, plant science, animal science, agribusiness, and natural resources. The course is structured to make learning about agriculture fun. It does this through the emphasis of the student organization, FFA, and the career development activities that are generated by being a part of the organization. It also encourages the development of record keeping skills through the requirement of establishing and maintaining a supervised agricultural experience program (SAE). High School credit is NOT issued for this course. Students desiring to continue in Agriculture classes in the 9th grade will have to take the introductory course, Agriscience I. .

Archery 1:

Archery 1 offers the opportunity for students to engage and learn about the National Archery in Schools Program (NASP). FACS Basics (FACS I):

This course is designed to provide students with basic information and skills needed to function effectively within the family and a changing, complex society. Emphasis is given to the development of competencies related to relationships, communication and conflict resolution, caring for children, designing personal space, basic sewing skills, clothing selection and care, promoting good health and nutrition, food selection and preparation, and career exploration. Upon completion of this course, the student will have developed basic life skills that promote a positive influence on the quality of life. Student leadership through Family, Career and Community Leaders of America (FCCLA) is an integral part of this course. *Note: FACS Basics taken prior to 9th grade will be recorded on the student's transcript and will be credited toward high school graduation requirements, but will not count toward the high school grade point average.*

First Tech Challenge Robotics:

First Tech Challenge is a robotics competition where teams to compete head to head, using a sports model. Teams are responsible for designing, building, and programming their robots to compete in an alliance format against other teams. The robot kit is mostly metal and uses android devices (smart phones) for control and is programmed using Java (android studio). Utilization of CAD design software and 3D Printing are part of the design and build process. Teams are required to develop strategy and build robots based on sound engineering principles. Awards are given for the competition as well as for community outreach, design, and other real-world accomplishments.

Introduction to Health:

Introduction to Health will teach students about physical fitness and nutrition, personal health and hygiene, safety, medicine and drugs, relationship skills, and dealing with disabilities.

Students will be able to use many of the skills learned in Technology I to create Newcastle Middle School's annual yearbook. Students will gain real life business experience throughout the year including communication with professionals in a business environment, finance, design, and photography. Problem solving and collaborative work is required. Students will also produce, record, and direct videos.

Special Education

Special courses are designed to meet the needs of students who are identified as having an educational disability through a comprehensive diagnostic evaluation and a written individualized education program. Placement in special education courses is determined by the student's Individualized Education Plan team. Prerequisite: evaluation, disability, eligibility, and individual educational plan.

Basic English 6th, 7th, and 8th:

This course provides a study of fundamental grammar, vocabulary, poetry, literature and reading skills appropriate for grade-level. The writing process is introduced, and the writing of complete sentences and structured paragraphs is required. In addition, students will write narrative, expository and argumentative five-paragraph essays using the 6 + 1 Writing Traits guide.

Basic Math 6th Grade:

The major concepts of mathematics will be taught in depth using a variety of methods and applications. Students will develop an understanding of and fluency with multiplication and division of fractions and decimals. They will also write, interpret, use, simplify, and solve mathematical expressions and equations. Finally, students will be able to develop a basic understanding of integer operations.

Basic Math 7th Grade:

Math 7 enhances the concepts that were taught in Math 6. Students will use a variety of methods and applications to develop an understanding of proportionality and apply that understanding to solve problems. Students will develop an understanding of and fluency with operations on all rational numbers. Finally, students will develop and apply strategies for solving linear equations.

Basic Math 8th Grade:

In Math 8, students will analyze and represent linear functions as equations. Students will study tables, graphs, and verbal expressions. In addition, students will develop an understanding of surface area and volume of three-dimensional shapes and use formulas to find the surface area and volume. Finally, students will analyze and summarize data sets in various formats.

Basic Reading:

This course is designed to meet each individual student's reading needs. Students will learn to enjoy reading a variety of genres, develop self-confidence, and increase all reading and test taking skills. Each student will learn strategies to acquire better reading comprehension, tools to learn different levels of vocabulary and how to use them correctly. Students will also learn and understand figurative language, poetry, and improve their writing skills.

The following courses will be added to the course description guide based on student interest from a survey conducted 03/02/2022. Final determination of which courses will be added next year will be based on final course selections by students and ability to staff the classes. This will help expand the choices for NMS students.

Studio Art 3D

Students will become familiar with and learn how to use the elements of design, a variety of materials, process, and techniques. Ceramic and sculpture are explored. Students should anticipate a studio base art class which may include creative problem solving, production of art work, critiques, self-evaluation, readings, note-taking, tests, and quizzes.

Students balance experimentation and safety, freedom, and responsibility while developing and creating artworks. Also intricate in class are historical and contemporary trends in art, which are explored through visual examples. *Completion of Art I necessary to enroll in this course.

Painting

Painting courses provide a foundation in painting using a variety of techniques and media, emphasizing observation, interpretation of the visual environment, life drawing, and imaginative painting. This course includes applying the elements of art and principles of design, along with the study of art and artists from a worldwide perspective, and instruction in the critique process. This course will encourage students to refine their creative process and develop their own artistic styles. *Completion of Art I necessary to enroll in this course.

Broadcast and Digital Media

Let your voice be heard! Learn news, journalism, and publishing skills. Help produce the school newspaper, maintain the school student news website, and keep your classmates informed by making engaging announcements. Students will have the opportunity to learn about newspaper production, basic web design, and responsible reporting. Be a leader. Be creative. Bring our school community closer through communication and celebration. Students will be given roles and responsibilities to maintain throughout the school year including but not limited to editor, reporter, columnist, anchor, photographer, design, or marketing. Students will have the opportunity to lead projects; build skills around responsibility, deadlines, and teamwork; and gain experience with word processing, image and video editing, and cloud-based office tools.

Prerequisites: C or higher in English and Reading.

Financial Literacy and Life Skills

Course Explanation: Students will be taught material necessary to understand, plan, and manage their financial affairs. This course focuses on the development of practical methods for organizing financial information, developing achievable and worthwhile goals, and implementing actionable plans and risk management techniques to meet those goals. Specific topics covered include basic banking skills, money management, insurance, and investing.

Course Objectives:

Upon completion of the course the student should be able to:

- Perform basic banking skills of everyday life.
- Understand and evaluate common loans as they apply to interest rates, installment periods and what is necessary to apply for and qualify for common commercial loans.
- Develop a workable budget, create a personal balance sheet and plan to connect money management techniques to a financial goal.
- Fully understand types of risks and risk management methods, and develop a risk management plan, including health care, motor vehicle, disability and life insurance.
- Identify a variety of investment opportunities, assess benefits of long-term over short-term investments, and evaluate different types of investments such as stocks and bonds.
- Understand taxes as it is applied to income. What is social security and the basis for retirement planning.

MEMORANDUM OF UNDERSTANDING
NEWCASTLE PUBLIC SCHOOLS AND NEWCASTLE POM

I am recommending to the Newcastle School Board that Pom be instituted as a club program for the 2022-2023 school year under the guidelines laid out in the attached letter. As far as both parties are concerned, following and adhering to these guidelines below will create a path for instituting Pom as a full activity in the future.

1. We agree that our dance routines and costumes will be school appropriate.
2. We understand that we must show sustainability over the long term.
3. We agree that we will provide the cost of the coach(es) as well as a place to practice at this time.
4. We agree that students representing this team will consist of only 9th - 12th graders attending Newcastle High School and the members will be picked through a tryout process approved by the school and coach(es).
5. We understand that competing in OSSAA competitions will require us to observe all OSSAA rules such as eligibility, "dead period" (no contact with the coach from the Saturday before July 4th through the Sunday after July 4th), etc.
6. We understand that we will need to work with our cheer program and cheer coach(es) in a professional manner when determining items such as: performing at sporting activities, setting tryout dates, fundraisers, etc.
7. We understand that when there is a school sponsor, any outside coaches will work closely and professionally with her/him.
8. We will adhere to all school policies (for example, fundraisers must be school board approved).
9. We understand our coach must have care and prevention of athletics (can be taken through NFHS network) as well as other NFHS videos that are required by all members of the Newcastle Coaching Staff.

Sincerely,

Dr. Melonie Hau

Newcastle Public Schools Superintendent

Creating the Pom Program in Newcastle

Foundation

- We are dedicated to creating a respectable and pristine Pom program at Newcastle Schools. With the students at the forefront of our minds, we want to create this program to allow them the opportunities to lead their peers in spirit, character and poise as well as entertain and better the community through performances and acts of service.
- A Pom program would not only allow students that might not have an activity to call their own a chance to shine, but it could also open many doors when it comes to college scholarships, All-State titles, and post-graduation employment opportunities.
- All coaches and sponsors are passionate about having this program for Newcastle students and are dedicated to seeing it succeed for students now and the students to come.

Sustainability

- In starting this program, the sponsors and coaches are aware that all funding must come from supporters of the program and not the school or school board. With creating the program, we will create a Booster Club account for funding/spending efforts the program will incur.
- All parents interested in being a part of the program will be given an itemized cost amount noting uniform costs, camps/classes, coaches fees, etc.
- The Pom program will also fundraise several times throughout the season to help with funding efforts. Fundraisers planned (but not yet approved by the School Board) for the season are Pom Clinics for football and basketball season, obtaining Business Sponsors for halftime performances, T-shirt sponsors for games, and more.
- In light of not using school facilities, the Newcastle Pom team will use the Elevate Dance Academy facilities for practices and rehearsals for the summer of 2022 and the 2022-2023 school year.

Team Members & Tryouts

- Members of the Newcastle High School Pom Team can only be students in the 9-12th grades.
- Upon approval of the program, we would like to host a Parent/Student Informational Meeting on Monday, March 21, 2022 at the Newcastle High School.
- Upon approval of the program, we would like to have the Pom Clinic (where the students come to learn what they will need to tryout) on Tuesday, March 29, 2022 and Thursday, March 31, 2022 at the Newcastle High School Gymnasium or Elevate Dance Academy facility.
- Upon approval of the program, we would like to have the Pom Tryout on Friday, April 1, 2022 at 6:30pm in the Newcastle High School Gymnasium or Elevate Dance Academy facility.
- Tryout Process: the sponsors and coaches are responsible for bringing in outside, non-biased and qualified judges. Students will wear a number and will perform their set requirements learned at the clinic for the judges. Results (numbers) will be posted on the Gymnasium door and the Newcastle Pom Facebook page.
- The top 16-18 scores will make up the Newcastle Varsity Pom Team. Dependent on participation and tryout turnout, there may need to be a need for a Junior Varsity team. Coaches may use their discretion to change team member numbers and team assignments, if needed.

Team Spirit

- We understand and agree to work closely with the Newcastle High School Cheer program when it comes to performances, game days, pep assemblies and creating team spirit within the school(s).
- Upon approval, the Newcastle Pom team would like to be chanting on the sidelines during Football and Basketball games. The Pom team would also like

Wednesday, February 23, 2022

to perform routines at all home football and basketball games, working with cheer and band.

- The Newcastle Pom team will also join in on the camaraderie of Newcastle High School, supporting other sports like cheer, football, basketball, etc. as they go to compete, play, etc.

Expense Examples

- Uniform: Varsity Top \$65, Varsity Pants \$25, Jazz Shoes \$47, Tennis Shoes \$75, Poms: \$16-20, Warm-Up Set: \$155 (\$387)
- Team Camp: UDA Four Days- \$390/person ; DTU Three Days: \$369/person

ENGAGEMENT LETTER

March 8, 2022

Newcastle Public Schools
101 N. Main Street
Newcastle, OK 73065

RE: Financial Advisory Services Provided to the Newcastle School District

The purpose of this Engagement Letter (the “Letter”) is to set forth the role BOK Financial Securities, Inc. (“BOKFS”) proposes to serve and the responsibilities BOKFS proposes to assume as financial advisor to the Newcastle School District (the “Issuer”). Upon Issuer’s acceptance, this Letter will serve as our mutual agreement with respect to the terms and conditions of our engagement as Issuer’s financial advisor, effective on the date this Letter is executed by Issuer (the “Effective Date”).

1. Scope of Services. BOKFS will provide, on an on-going basis, professional financial advisory services to the Issuer on any financial matters, including but not limited to the issuance and term of new debt (“Issue” or “Issues”), primarily general obligation bonds. BOKFS will assist the Issuer with each of the following tasks associated with the planning, structuring, marketing, pricing, and closing of the proposed financing(s).

- (a) The Services shall be limited to the services described in **Appendix A** (the “Scope of Services”).
- (b) Except as otherwise provided in the Scope of Services, BOKFS shall not be responsible for certifying as to the accuracy or completeness of any preliminary or final official statement, other than with respect to any information about BOKFS provided by BOKFS for inclusion in such documents.
- (c) The Scope of Services does not (i) include tax, legal, accounting or engineering advice with respect to any Issue, Product or opinion or certificate rendered by counsel or other person at closing, or (ii) include review or advice with respect to any feasibility study, except, in either case, as may be prepared by BOKFS as provided for in the Scope of Services.
- (d) Issuer agrees not to represent, publicly or to any specific person, that BOKFS is Issuer’s independent registered municipal advisor (“IRMA”) for purposes of SEC Rule 15Ba1-1(d)(3)(vi) (the “IRMA exemption”) without BOKFS’s prior written consent.
- (e) When BOKFS is designated by Issuer as its IRMA, BOKFS shall be Issuer’s IRMA solely with respect to the Scope of Services. BOKFS shall not be

responsible for verifying that it is independent (within the meaning of the IRMA exemption as interpreted by the SEC) from another party wishing to rely on the exemption from the definition of municipal advisor afforded under the IRMA exemption. Any reference to BOKFS, its personnel and its role as IRMA in Issuer's written representation contemplated under SEC Rule 15Ba1-1(d)(3)(vi)(B), shall be subject to prior approval by BOKFS.

2. BOKFS's Regulatory Obligations When Providing Services to Issuer.

- (a) MSRB Rule G-42 requires that BOKFS (i) make a reasonable inquiry as to the facts that are relevant to Issuer's determination whether to proceed with a course of action or that form the basis for any advice provided by BOKFS to Issuer, (ii) undertake a reasonable investigation to determine that BOKFS is not basing any recommendation on materially inaccurate or incomplete information, and (iii) use reasonable diligence to know the essential facts about Issuer and the authority of each person acting on Issuer's behalf.
- (b) Issuer agrees to cooperate, and to cause Issuer's agents to cooperate, with BOKFS in carrying out the foregoing requirements, including providing to BOKFS accurate and complete information and reasonable access to relevant documents, other information and personnel needed to fulfill such requirements. In addition, Issuer agrees that, to the extent Issuer requests BOKFS provide advice with regard to any recommendation made by a third party, Issuer will provide to BOKFS written direction to do so and all information Issuer has received from such third party relating to its recommendation.

3. Compensation. For the above services, you agree to pay BOKFS the following:

- \$25,000 per General Obligation bond issue completed

Note: If the District completes a smaller General Obligation bond issue in 2022 separate from its currently planned 2022 General Obligation bond issue, a discounted fee of \$10,000 (plus expenses) will apply to the smaller General Obligation bond issue.

The above fees are payable only upon a successful election and subsequent receipt of proceeds from the bonds. However, if your election is held and fails, and another election is called for the issuance of bonds within one year from this date, you hereby agree to employ us under the terms of this contract.

In addition to the above fees, you agree to pay or reimburse us for our payment of the following expenses:

1. All Election Board expenses, if applicable
2. Legal Publication fees
3. Secretary of State filing fees
4. Official Statement printing & distribution
5. Credit Rating Agency fees, if applicable
6. CUSIP bond identification registration
7. Overnight courier service charges associated with distribution of bond material

4. **Term of this Engagement.** This Agreement may be terminated with or without cause by either party upon the giving of at least thirty (30) days' prior written notice to the other party of its intention to terminate, specifying in such notice the effective date of such termination. If Issuer exercises its option to terminate this Agreement, Issuer agrees to reimburse BOKFS for any of the expenses described in paragraph 3 advanced by BOKFS pursuant to paragraph 3 above and to pay BOKFS for its services rendered prior to such termination in a mutually acceptable amount which shall be negotiated in good faith between the parties.

5. **Limitation on Liability.** In the absence of willful misconduct, bad faith, gross negligence or reckless disregard of the obligations of BOKFS arising under this Letter:

- (a) The liability of BOKFS and its associated persons to Issuer for any act or omission in the course of, or connected with, rendering services hereunder, or for any error of judgment or mistake of law, shall be limited to the fees paid or otherwise due and payable under this Agreement; and,
- (b) BOKFS and its associated persons shall have no liability to Issuer for any other loss arising out of any issuance of municipal securities, any municipal financial product or any other investment, or for any financial or other damages resulting from Issuer's election to act or not to act, as the case may be, contrary to any advice or recommendation provided by BOKFS to Issuer; and,
- (c) No recourse shall be had against BOKFS for loss, damage, liability, cost or expense (whether direct, indirect or consequential) arising out of or in defending, prosecuting, negotiating or responding to any inquiry, questionnaire, audit, suit, action, or other proceeding brought or received from the Internal Revenue Service in connection with any Issue or Product or otherwise relating to the tax treatment of any Issue or Product, or in connection with any opinion or certificate rendered by counsel or any other party.

6. **Required Disclosures.** MSRB Rule G-42 requires that BOKFS provide Issuer with disclosures of material conflicts of interest and of information regarding certain legal events and disciplinary history. Such disclosures are provided in BOKFS's Disclosure Statement attached hereto as **Appendix B.**

7. **Waiver of Jury Trial.** EACH PARTY AGREES TO WAIVE ANY RIGHT TO A TRIAL BY JURY WITH RESPECT TO ANY CLAIM, COUNTERCLAIM OR ACTION ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY OR THE RELATIONSHIP BETWEEN THE PARTIES. PARTIES AGREE TO WAIVE CONSEQUENTIAL AND PUNITIVE DAMAGES.

8. **Choice of Law.** This Agreement shall be construed and given effect in accordance with the laws (excluding conflict of law provisions) of Oklahoma.

9. **Litigation Expenses.** In any action brought by a party hereto to enforce the obligations of any other party hereto, the prevailing party shall be entitled to collect from the opposing party to such action such party's reasonable litigation costs and attorney's fees and expenses (including court costs, reasonable fees of accountants and experts, and other expenses incidental to the litigation).

10. **Binding Effect; Assignment.** This Agreement shall be binding upon and inure to the benefit of Issuer and BOKFS, their respective successors and permitted assigns; provided however, neither

party may assign or transfer any of its rights or obligations hereunder without the prior written consent of the other party.

11. **Entire Agreement.** This instrument, including all appendices hereto, contains the entire agreement between the parties relating to the rights herein granted and obligations herein assumed. This Agreement may not be amended, supplemented or modified except by means of a written instrument executed by both parties. This Agreement and all of the provisions of this Agreement shall be deemed drafted by all of the parties hereto.

12. **Course of Dealing.** No course of prior dealing involving any of the parties hereto and no usage of trade shall be relevant or advisable to interpret, supplement, explain or vary any of the terms of this Agreement, except as expressly provided herein.

13. **Interpretation.** This Agreement shall not be interpreted strictly for or against any party, but solely in accordance with the fair meaning of the provisions hereof to effectuate the purposes and intent of this Agreement.

14. **No Reliance.** Each party hereto has entered into this Agreement based solely upon the agreements, representations and warranties expressly set forth herein and upon its own knowledge and investigation. No party has relied on any representation or warranty of any other party hereto except any such representations and warranties as are expressly set forth herein.

15. **Authority.** Each of the persons signing below on behalf of a party hereto represents and warrants that he or she has full requisite power and authority to execute and deliver this Agreement on behalf of the party for whom he or she is signing and to bind such party to the terms and conditions of this Agreement.

16. **Severability.** If any provision of this Agreement is, or is held or deemed to be, invalid, inoperative or unenforceable as applied in any particular case in any jurisdiction or jurisdictions because it conflicts with any provisions of any constitution, statute, rule or public policy, or for any other reason, such circumstances shall not make the provision in question invalid, inoperative or unenforceable in any other case or circumstance, or make any other provision or provisions of this Agreement invalid, inoperative or unenforceable to any extent whatever.

17. **No Third Party Beneficiary.** This Agreement is made solely for the benefit of the parties and their respective successors and permitted assigns. Nothing in this Agreement, express or implied, is intended to confer on any person, other than the parties and their respective successors and permitted assigns, any rights, remedies, obligations or liabilities under or by reason of this Agreement.

18. **Amendment.** This Agreement may be amended or modified only in a writing that has been signed by the parties hereto and which specifically references this Agreement.

19. **Counterparts.** This Agreement may be executed in counterparts, each of which shall be an original, but which taken together, shall constitute one and the same instrument. This Agreement shall become effective only when all of the parties hereto shall have executed the original or counterpart hereof. This Agreement may be executed and delivered by digitized transmission of a counterpart signature page hereof.

[Signatures on Following Pages]

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed and do hereby warrant and represent that their respective signatories whose signatures appear below have been and are on the date of the Agreement duly authorized by all necessary and appropriate corporate action to execute this Agreement.

Dated this 8th day of March, 2022.

APPENDIX A SCOPE OF SERVICES

1. We shall prepare a written Financial Analysis based upon the capital improvement and other needs of the School District which shall include a survey of the financial resources of the School District. This document shall also contain an analysis of the existing debt and tax structure of all levels of government involved and compare this analysis to the projected debt. On the basis of information thus developed, we shall devise a financing program to fund the proposed maturities, the estimated interest rate and cost on the proposed bonds, the resulting overall amount of projected annual debt service and tax requirements, and the relationship of these items to existing corresponding projected items of the School District and other related levels of government.
2. We shall provide the following services relating to a bond election:
 - A. Provide the School District with information concerning the most advisable dates for holding an election to approve such issuance;
 - B. Provide the necessary Resolution to call for the election;
 - C. Provide for filing the necessary documentation with the County Election Board;
 - D. Assist in providing printed ballots for such election;
 - E. Arrange for proper legal notices to be published at the appropriate times regarding the notice of such election;
 - F. Appear at public meetings informing the public as to the use of bond proceeds and the effect on ad valorem taxes (if desired);
 - G. Assist in the formation of informational brochures discussing the items concerning the election such as taxes and use of proceeds (if desired);
 - H. Provide the County Election Board with the appropriate material to canvass the election returns; and
 - I. Assist in the analysis of and provide the School District with election results.
3. Upon approval by the voters of the School District, we shall undertake the following tasks:
 - A. We shall advise the Board of Education of current bond market conditions, forthcoming bond issues, and other general information and economic data that might normally be expected to influence interest rates or bidding conditions so that the date for the sale of the bonds may be set at a time which, in our opinion, would be favorable to the School District.
 - B. We shall assist the School District, if necessary, in the identification, evaluation, and negotiations with prospective paying agents, registrars and transfer agents.
 - C. We shall prepare an Official Notice of Sale that establishes the specifications for bidding; i.e. bond maturity and interest coupon arrangements, interest rate limitations, and other pertinent details.

- D. We shall also prepare a Preliminary Official Statement that describes the Bonds offered, including complete information as to the security for the Bonds, the School District and other pertinent details.
- E. We shall prepare a uniform Bid Form which would prevent deviation by any bidders when any such deviation would be costly to the issuing body.
- F. We shall submit to the national rating services or credit enhancement providers, an application necessary to obtain a rating or enhancement on the Bonds. If such service(s) are determined to be necessary for the most effective marketing of the bonds, we shall assist the School District with the following:
 - 1. Provide financial, economic and demographic information to such organizations for their review;
 - 2. Coordinate and negotiate with the rating agencies to obtain the highest possible rating for the Bonds.
- G. We shall prepare the necessary Resolution to set the date, time and place for the sale of the Bonds.
- H. We shall be present at the sale of bonds to aid the Board of Education in the tabulation and comparison of bids. We shall also advise the members of the Board of Education as to the bond market conditions at the time of the sale and the advisability of accepting or rejecting the bids submitted.
- I. We shall prepare the necessary Resolution to authorize the issuance of the Bonds.
- J. We shall prepare a final Official Statement that describes the Bonds offered, including complete information as to the security for the Bonds, the School District and other pertinent details for use by the successful bidder of the Bonds.
- K. We shall complete the necessary applications so that the bond issue can be bid electronically (via PARITY's Internet bond bidding system).
- L. Assuming a favorable interest rate is received and accepted by the School District, BOK Financial Securities, Inc., shall then proceed to take all steps necessary to expedite the preparation of all other documentation necessary to achieve delivery of the Bonds, including delivery of the Transcript of Proceedings to the Attorney General's Office.
- M. We shall work with the purchaser and the school district to effectuate the closing of the bond issue and the delivery of bond proceeds to the School District.
- 4. We shall advise the Board of Education and Administration on the investment of bond proceeds that would, in our opinion, allow the School District to benefit the most from the investment of said proceeds (if desired).
- 5. We shall advise the School District officials as to any pending legislation in the Oklahoma Legislature and the United States Congress which may have an effect upon the School District's proposed and existing indebtedness.

APPENDIX B DISCLOSURE STATEMENT

This Disclosure Statement is provided by BOK Financial Securities, Inc. (“BOKFS”) to the Newcastle School District (the “Issuer”) in connection with the Engagement Letter (the “Letter”) and is dated as of the same date as the Letter.

Part A - Disclosures of Conflicts of Interest

MSRB Rule G-42 requires that municipal advisors provide to their clients disclosures relating to any actual or potential material conflicts of interests, including certain categories of potential conflicts of interest identified in Rule G-42, if applicable.

Accordingly, BOKFS makes the following disclosures with respect to material conflicts of interest in connection with the Scope of Services, together with explanations of how BOKFS addresses or intends to manage or mitigate each conflict. To that end, with respect to all of the conflicts disclosed below, BOKFS mitigates such conflicts through its adherence to its fiduciary duty to Issuer, which includes a duty of loyalty. This duty of loyalty obligates BOKFS to deal honestly and with the utmost good faith with Issuer and to act in Issuer’s best interests without regard to BOKFS’s financial or other interests. Furthermore, because BOKFS is a broker-dealer, its financial advisory supervisory structure provides strong safeguards against individuals at BOKFS potentially departing from their regulatory duties due to personal interests. The disclosures below describe, as applicable, any additional mitigations that may be relevant with respect to any specific conflict disclosed below.

Affiliate Conflict. Any affiliate of BOKFS (the “Affiliate”) may provide certain advice, services and/or products to Issuer that may be directly related to BOKFS’s activities. The Affiliate’s business with Issuer could create an incentive for BOKFS to recommend to Issuer a course of action designed to increase the level of Issuer’s business activities with the Affiliate or to recommend against a course of action that would reduce or eliminate Issuer’s business activities with the Affiliate. This potential conflict is mitigated by the fact that Affiliate is subject to comprehensive regulatory review.

Compensation-Based Conflicts. If the fees due under the Engagement Letter are in a fixed amount established at the outset of the Engagement Letter. The amount is usually based upon an analysis by Issuer and BOKFS of, among other things, the expected duration and complexity of the transaction and the Scope of Services. This form of compensation presents a potential conflict of interest because, if the transaction requires more work than originally contemplated, BOKFS may suffer a loss. Thus, BOKFS may recommend less time-consuming alternatives. This conflict of interest is mitigated by the general mitigations described above.

Other Financial Advisor or Underwriting Relationships. BOKFS serves a wide variety of other clients that may have interests that could have an impact on Issuer’s interests. For example, BOKFS serves as financial advisor to other financial advisory clients and, in such cases, owes a regulatory duty to such other clients just as it does to Issuer under this Engagement Letter. These other clients may have competing interests. BOKFS could face a conflict of interest arising from these competing client interests. None of these other engagements or relationships would impair BOKFS’s ability to fulfill its regulatory duties to Issuer.

Municipal Activities with Other Issuer Financing Team Members. In the normal course of business, BOKFS may engage in municipal trading and underwriting activities with other members of the Issuer’s financing team, including but not limited to, bond counsel, underwriter’s counsel and bond underwriters. This may include BOKFS serving as a bond underwriter for a municipal issuer in which the Issuer’s bond counsel is serving as BOKFS’s counsel, an Issuer’s underwriter is serving as a municipal advisor and/or Issuer’s underwriter is serving as an underwriting syndicate member with BOKFS. Such a

situation could present a conflict as BOKFS and members of its financing team jointly participate, from time to time, in other municipal security transactions for compensation. None of these other engagements or relationships would impair BOKFS's ability to fulfill its regulatory duties to the Issuer and the potential conflicts of interest are mitigated as BOKFS relies upon the issuer to select its other financing team members, including bond counsel and bond underwriters.

Broker-Dealer and Investment Advisory Business. BOKFS is a broker-dealer and investment advisory firm that engages in a broad range of securities-related activities, in addition to serving as a financial advisor or underwriter. Such securities-related activities may be undertaken on behalf of, or as counterparty to, Issuer, Issuer's personnel, and current or potential investors in Issuer's securities. These other clients may have interests in conflict with Issuer's interests and the interests of such other clients could create the incentive for BOKFS to make recommendations to Issuer that could result in more advantageous pricing for the other clients. Furthermore, any potential conflict arising from BOKFS effecting or otherwise assisting such other clients in connection with such transactions is mitigated by means of such activities being engaged in on customary terms through units of BOKFS that operate independently from BOKFS's financial advisory business, thereby reducing the likelihood that the interests of such other clients would have an impact on the services provided by BOKFS to Issuer.

Secondary Market Transactions in Issuer's Securities. BOKFS may take a principal position in securities, including Issuer's securities, and therefore BOKFS could have interests in conflict with Issuer with respect to the value of Issuer's securities while held in inventory and the levels of mark-up or mark-down that may be available in connection with purchases and sales thereof. In particular, BOKFS or its affiliates may submit orders for and acquire Issuer's securities issued in an Issue under the Engagement Letter from members of the underwriting syndicate, either for its own account or for the accounts of its customers. This activity may result in a conflict of interest with Issuer in that it could create the incentive for BOKFS to make recommendations to Issuer that could result in more advantageous pricing of Issuer's securities in the marketplace. Any such conflict is mitigated by means of such activities being engaged in on customary terms through units of BOKFS that operate independently from BOKFS's financial advisory business, thereby reducing the likelihood that such investment activities would have an impact on the services provided by BOKFS to Issuer.

Related Disclosure Relevant to Client. While we do not believe that the following creates a conflict of interest on the part of BOKFS, we note that BOKFS has made charitable contributions to support community events. Client may wish to consider any impact such contribution may have on how it conducts its activities with BOKFS.

Payment to or from Third Parties. While we do not believe the following creates a conflict of interest on the part of BOKFS, we note that BOKF NA, an affiliate of BOKFS, has entered into an Independent Contract Agreement ("Agreement") with Dr. Joe Siano to provide consulting services related to bond election planning and community relations for Oklahoma school districts. Dr. Siano is also employed by the Oklahoma State School Boards Association with a focus on state education policy development. The District may wish to consider any impact the Agreement or Dr. Siano's employment may or may not have on the way BOKFS conducts its activities with the District.

Part B - Disclosures of Information Regarding Legal Events and Disciplinary History

MSRB Rule G-42 requires that municipal advisors provide to their clients certain disclosures of legal or disciplinary events material to the client's evaluation of the municipal advisor or the integrity of the municipal advisor's management or advisory personnel.

Accordingly, BOKFS sets out below required disclosures and related information in connection with such disclosures.

Material Legal or Disciplinary Event. Other than the disclosures summarized below, which may be material to the Issuer’s evaluation of BOKFS or the integrity of BOKFS’s management or advisory personnel there are no legal or disciplinary events that should be disclosed, on any Form MA or Form MA-I filed with the SEC.

January 10, 2012 – A regulatory action against BOKFS by FINRA was resolved via an Acceptance, Waiver & Consent. The allegation was related to “fair and reasonable” pricing of principal transactions.

October 21, 2015 – A regulatory action against BOKFS by FINRA was resolved via an Acceptance, Waiver & Consent. The allegations were related to “fair and reasonable” pricing of corporate bond transactions.

June 18, 2015 – An order was issued against BOKFS by the U.S. Securities and Exchange Commission. The allegation was related to the due diligence conducted by the firm to establish a reasonable basis that certain material representations made by issuers in official statements connected with the offerings were accurate. The violations were self-reported by BOKFS pursuant to the SEC’s Municipalities Continuing Disclosure Cooperation (“MCDC”) Initiative.

March 11, 2019 – An order was issued against BOKFS by the U.S. Securities and Exchange Commission. The allegations were related to inadequate disclosure language in the firm’s ADV brochures regarding the selection of mutual fund share classes that contain 12b-1 fees when share classes that did not contain 12b-1 fees were potentially available. The violations were self-reported by BOKFS pursuant to the SEC’s Share Class Selection Disclosure (“SCSD”) Initiative.

Details of the events disclosed above can be found in the firm’s Form MA available through the SEC’s EDGAR Filing System

(<https://www.sec.gov/edgar/searchedgar/companysearch.html>). Search for “BOK Financial Securities, Inc.” to view the firm’s most recent Form MA filing.

Future Supplemental Disclosures. As required by MSRB Rule G-42, this Section may be supplemented or amended, from time to time as needed, to reflect changed circumstances resulting in new conflicts of interest, or to provide updated information with regard to any legal or disciplinary events of BOKFS. BOKFS will provide Issuer with any such supplement or amendment as it becomes available throughout the term of the Engagement Letter.

Part C - Disclosures of Information Related to MSRB Rule G-10

MSRB Rule G-10 requires disclosure of the following:

1. BOK Financial Securities, Inc. (“BOKFS”) is registered with the Securities Exchange Commission (“SEC”) and the MSRB.
2. The MSRB’s website address is www.msrb.org.
3. The MSRB’s “Information for Municipal Advisory Clients” brochure describes the protections that may be provided by the MSRB and how to file a complaint with the appropriate regulatory authority. That brochure can be found at the following web address:
