## OKLAHOMA PUBLIC SCHOOL INVESTMENT INTERLOCAL

2801 North Lincoln Boulevard, Suite 125 • Oklahoma City, OK 73105  
(405) 528-3571 • (405) 528-5695 (FAX) • [www.olaponline.org](http://www.olaponline.org)

October 14, 2024

To: Superintendents of Districts Belonging to the Oklahoma Public School Investment Interlocal [Oklahoma Liquid Asset Pool (OLAP)]

From: Dr. Shawn Hime, Board President

Re: Board of Directors' Nominee

The sponsoring organizations are recommending the following nominees to be presented to the boards of member districts. The nominee and the organization recommending the nominee are as follows:

Position No. 3: Lance Gibbs, Assistant Superintendent/CFO of Lawton Public Schools (CCOSA)

Position No. 5: Nancy Rogers, Director of Finance of Moore Norman Technology Center (OASBO)

Position No. 12: Don Tice, School Board Member of Oologah-Talala Public Schools (OSSBA)

Agenda items should read as follows:

Consideration and vote to elect or not to elect the following as new member of the board of directors of the Oklahoma Public School Investment Interlocal Cooperative (55K001):

Yes\_\_\_ No\_\_\_ Position No. 3: Lance Gibbs (CCOSA), Assistant Superintendent/CFO of Lawton Public Schools, to a 2025-2028 term.

Yes\_\_\_ No\_\_\_ Position No. 5: Nancy Rogers (OASBO), Director of Finance of Moore Norman Technology Center, to a 2025-2028 term.

Yes\_\_\_ No\_\_\_ Position No. 3: Don Tice (OSSBA), School Board Member of Oologah-Talala Public Schools, to a 2025-2028 term.

School District: \_\_\_\_\_

Board Clerk: \_\_\_\_\_

Please include this item on your November/December board agenda and notify the Oklahoma Public School Investment Interlocal of the action of your board, by returning the above ballot **via facsimile to Mong Chia, Board Clerk, at 405-528-5695 or email to [mong@ossba.org](mailto:mong@ossba.org) by Friday, December 27, 2024.** Should you have any questions, feel free to contact me or Mong Chia at 405-528-3571. Your prompt reply is needed in order for the newly elected board member to begin his new term for the 2024 calendar year (January 1-December 31). Thank you for your cooperation.

**MEAL PAYMENTS FOR STUDENTS AND ADULTS**

Newcastle Public Schools offers nutritious school meals to students at a minimal cost. In order to avoid adversely affecting the school meal program financially, the Newcastle Board of Education establishes policy regarding the charging of school meals.

The nutrition services meal payment policy is intended to:

- treat all students with dignity and respect;
- maintain a positive experience for students during meal service;
- establish practices that are age appropriate; and
- promote parents' responsibility for meal payments and self-responsibility of the student.

The following guidelines shall apply regarding purchasing meals.

1. The Child Nutrition Services (CNS) Department utilizes a cash or prepayment system for purchasing meals. Students and adults may pay daily with cash or check or use a debit payment account. Paying cash for the current meal does not require an active account. Student accounts are automatically created 24-48 hours after enrollment in the district. Adult accounts are automatically created for all employees.
2. Federal regulations do not mandate meals be furnished on credit. The ability to charge meals is a privilege for students and faculty who have forgotten money. Procedures are in place to ensure students do not go without lunch. (See item 6 below)
3. All families, regardless of income, are encouraged to apply for free or reduced price meals. Updated applications for free or reduced price meals are available by August 1 of each school year. Only applications for the current school year will be processed. Parents and students are responsible for the cost of meals until the family's free/reduced application is processed. Applications will be processed within 10 business days after receiving the application in the CNS office. All applicants will be notified by email and/or mail of the result of the application. If needed, applications are available in several different languages. Applications are available online at [www.newcastle.k12.ok.us/ChildNutrition.aspx](http://www.newcastle.k12.ok.us/ChildNutrition.aspx).
4. Payments can be made at the point-of-sale or at any time the kitchen manager is available. Because checks are safer than cash and can be tracked, CNS recommends that form of payment. Checks should be made payable to the school, with the student's or employee's name and ID number in the memo area to eliminate any confusion. Payments can also be made online for a nominal fee. Instructions for making payments online are on the nutrition services department section of the district's website.
5. Account balances are tracked using a point-of-sale system. During pre-enrollment students who are not yet in the point-of-sale system may not make prepayments. Student accounts are setup within 24-48 hours of enrolling in the district.
6. Charging privileges
  - a) Students and employees may not purchase a la carte items if their account shows a negative balance.
  - b) Adults, faculty and staff are allowed to charge up to 1 meal.

**MEAL PAYMENTS FOR STUDENTS AND ADULTS (Cont.)****7. Notification process**

- a) A daily notice will be emailed to the parent/guardian of students who have a negative balance.
- b) A notice and free/reduced application will be sent home with any student who has a balance of -\$10.00.
- c) Adults will be reminded, and monthly notices will be sent to all adults with a negative balance.

Parents may elect to setup a low balance alert on the website without fee. An email notification will be sent when the student's balance reaches the level set by the parent.

8. When students transfer to another school in the district their account balance transfers with them. Balances at the end of the year will carry forward to the next school year. Payment plans for negative account balances may be worked out with the nutrition services. A negative account balance may delay a secondary student's enrollment application, affecting class schedule preferences.

9. Requests for refunds must be in writing or by e-mail. Forms are available on district webpage. Allow 6-8 weeks for a refund. Funds can also be transferred to any other student's account with a written request. All refunds must be requested within one year. Unclaimed funds will become the property of Newcastle Public Schools.

10. In cases of frequent charging abuse, CNS may enlist the help of a principal or assistant principal and will contact an adult household member or the offending staff member to arrange a meeting to discuss the problem. In addition, the district reserves the right to pursue other remedies to include, but not limited to, loss of student privileges and legal action.

11. When a check is returned to the CNS office for insufficient funds (NSF), staff will call the account holder to make payment or payment arrangements for the check. Payment or arrangements must be made at the CNS office, rather than with the school dining manager. Payments to replace a NSF check must be made in cash. If a NSF check is written, no other payment by check can be made until arrangements have been made to cover the first check.

12. Students will be treated with dignity and respect regardless of whether or not the parent has provided payment to the school district. Staff members will be instructed to adhere to this policy. If a staff member fails to adhere to the policy, disciplinary action shall be taken.

Newcastle Public Schools will not deny meals as a disciplinary action against any student who is enrolled in school. However, disciplinary action which indirectly results in the loss of meals is allowable (i.e. student suspended from school). All students, including In-School Placement (ISP) students, will have equal access to foodservice (all lines and meal types) if they are allowed to go to the cafeteria to receive meals during regular meal periods. If ISP students are allowed access to the cafeteria, either before or after regular serving times, they may be limited to only one line or meal type.

## STUDENT TRANSFERS

The school district will not accept or deny a transfer based on ethnicity, national origin, gender, income level, disabling condition, proficiency in the English language, measure of achievement, aptitude, or athletic ability. The school district will begin accepting applications for the next school year starting **July 1 first Monday in April**. Receipt of applications will be documented by the district so that the district may review those applications in the order submitted for purposes of capacity limitations. ~~The administration will not approve or deny transfers received for the next school year until after the July 1, capacity data is determined for each grade level and site within the school district.~~

Transfers that have previously been approved by the school district will remain in effect for future school years unless the district provides notification to the parent or legal guardian that the transfer is not going to be continued for an upcoming school year due to disciplinary action or attendance issues. The district will not require parents resubmit a new application each school year and will advance the previous application of an enrolled student amending only the grade placement of the student.

A transfer may be requested at any time in the school year. State law does limit the ability of a student to transfer to no more than two (2) times per school year to one or more school districts in which the student does not reside. Exceptions to this limit will exist for students in foster care. Students are legally entitled to reenroll at any time in his or her school district of residence. ~~Any brother or sister of a student who transfers will be provided preferential treatment and approved regardless of capacity with only discipline and attendance records reviewed in the determination of the sibling transfer request. A separate application must be filed for each student so that the district can timely consider requests in the order applications are received.~~

~~A student who has attended school as a resident student for at least three years prior to moving out of the school district may be allowed to transfer into the district regardless of capacity. Such student's application will be reviewed utilizing only disciplinary records and attendance in the determination of the transfer request.~~

It is the policy of the board of education that any legally transferring student shall be accepted by the district under the following circumstances:

1. The district has the capacity to accept the student at the grade level at the school site.
2. The transferring student has not been disciplined for;
  - a. violation of a school regulation,
  - b. possession of an intoxicating beverage, low-point beer, as defined by Section 163.2 of Title 37 of the Oklahoma Statutes, or missing or stolen property if the property is reasonably suspected to have been taken from a student, a school employee, or the school during school activities, or
  - c. possession of a dangerous weapon or a controlled dangerous substance while on or within two thousand (2,000) feet of public-school property, or at a school event, as defined in the Uniform Controlled Dangerous Substances Act.
3. The transferring student does not have a history of absences. "History of absences" means ten or more absences in one semester that are not excused for the reasons provided in 70 O.S. § 10-105 or due to illness.

**STUDENT TRANSFER POLICY(Cont.)**

By the first day of January, April, July and October, the board of education shall establish the number of transfer students the district has the capacity to accept in each grade level for each school site within the district. The number of transfer students for each grade level at each site that the district has the capacity to accept will be posted in a prominent place on the school district's website. The district shall report to the State Department of Education the number of transfer students for each grade level for each school site which the district has the capacity to accept.

In making the decision to determine capacity, the board of education shall review class size limits specified in 70 O.S. § 18-113.1 and multiply those limits times the number of classroom teachers employed by the school district at each grade level. If classroom space is not sufficient to accommodate that number of students due to a classroom being disproportionately sized, the district's capacity numbers will reflect a lesser amount based upon that classroom size. The exception to this practice will be for grades PreK-1<sup>st</sup>. The class size for these grades will be 18.

A student ~~shall~~ **will** be allowed to transfer to a district in which the parent or legal guardian of the student is employed ~~as a teacher~~ as per 70 O.S. § 8-113.

The district will approve or deny the application and notify the parent of the student of the determination in writing within thirty (30) days of receiving an application. The school district shall enroll transfer students in the order in which they submit their applications. If the number of student transfer applications exceeds the capacity of the district, the district shall select transfer students in the order in which the district received the application. Students who are the dependent children of a member of the active uniformed military services of the United States on full-time active-duty status and students who are the dependent children of the military reserve on active-duty orders shall be eligible for admission to the school district regardless of capacity of the district. Students shall be eligible for military transfer if:

1. At least one parent of the student has a Department of Defense issued identification card; and
2. At least one parent can provide evidence that he or she will be on active-duty status or active-duty orders, meaning the parent will be temporarily transferred in compliance with official orders to another location in support of combat, contingency operation or a national disaster requiring the use of orders for more than thirty (30) consecutive days.

If the transfer application is accepted, the district shall notify the parents of the acceptance. The parent shall provide the district with written notification that the student will be enrolling within ten (10) days of notification of acceptance. Failure to notify the school district within ten (10) days of acceptance shall result in the cancellation of the transfer. The district will provide a written notice of the cancellation to the parent of the student immediately upon cancellation. If accepted, a student transfer is granted for the existing school year and may continue to attend in future years. At the end of the school year, district may deny continued transfer of the student due to disciplinary reasons or a history of absences. Written notice of the intention to deny continued transfer of the student shall be given to a parent of a student no later than July 15. The parent may appeal the denial of a continued transfer.

**STUDENT TRANSFER POLICY(Cont.)**

If a transfer request is denied by the school district, the district shall provide notification of the denial in writing to the parent by either hand-delivery, by U.S. Mail or electronic mail. The notification shall include:

1. An explanation including but not limited to any citation to the statute, regulation, or school district policy under which the denial was made.
2. A copy of the policy adopted by the district for determining the number of transfer students the school district has the capacity to accept.
3. A copy of 210:10-1-18.1 from the Administrative Code; and
4. The date upon which the appeal will be due.

If a transfer request is denied by the administration, the parent or legal guardian of the student may appeal the denial within ten (10) days of notification of denial to the board of education. If notification was hand-delivered, the appeal period shall begin the day after the notification is delivered. If notification is sent by U.S. Mail, the appeal period shall begin three (3) days after the notification is mailed. If notification is sent via electronic mail, the appeal period shall begin the day after the notification is sent. The board of education shall consider the appeal at its next regularly scheduled board meeting if notice is provided prior to the statutory deadline for posting the agenda for the meeting. The board of education shall accept an otherwise untimely appeal if a parent of a student can establish that they did not receive actual notice of the notification denying the transfer request, and the appeal was submitted within ten (10) days after the parent of the student actually received notice.

The appeal to the board of education shall be submitted to the office of the superintendent. The appeal shall include the following:

1. The name, address and telephone number of the parent of the student and the student for whom the appeal is being taken.
2. The date the district gave notice denying the transfer request.
3. The basis for appealing the decision of the school district; and
4. The name, address, and telephone number of the legal representative, if applicable.

During the appeal, the board will review the action of the administration, and the appeal paperwork submitted by the parent of the student to make sure that the district policy was followed with regard to the denial of the transfer. The board of education will meet in an executive session to review the educational records of the student. If the policy was not followed, the board of education shall return to open session to vote to overturn the denial, and the transfer will be granted. This will be a paper appeal and will include the written documentation utilized by the school district as well as a written response from the parent or legal guardian which explains why the policy was not followed.

If the board of education votes to deny an appeal of a request to transfer, the board of education shall instruct the superintendent to provide notification of denial in writing to the parent of the student by either hand-delivery, by U.S. Mail, or by electronic mail. The notification shall include:

1. An explanation, including the legal citation to the statute, regulation, or school district policy under which the denial was made.

**STUDENT TRANSFER POLICY(Cont.)**

2. A copy of the policy adopted by the board of education for determining the number of transfer students the district has capacity to accept.
3. A copy of the State Board of Education's prescribed form for an appeal; and
4. A copy of 210:10-1-18.1 which identifies the Accreditation standard for appealing the denial of a student transfer.

If the board of education votes to uphold the denial of the transfer, the parent or legal guardian may appeal the denial within ten (10) days of the notification of the appeal denial to the State Board of Education. The parent or legal guardian shall submit to the State Board of Education and to the superintendent of the district, a notice of appeal on the form prescribed by the State Board of Education. The superintendent shall immediately provide a copy of the appeal to each member of the board of education. Upon receipt of notice of an appeal, but not later than five (5) days prior to the date at which the State Board of Education is scheduled to consider the appeal the board of education may submit a written response to the appeal. Responses should not exceed five (5) pages. If not submitted by the parent, the board of education shall provide a copy of the policy adopted to determine the number of transfer students the district has the capacity to accept in each grade level for each school site within the district. The parent and the school district will have an opportunity to appear in person or by authorized representative or by attorney to address the State Board at the meeting.

~~A student who enrolls in a school district in which the student is not a resident shall not be eligible to participate in school-related extramural athletic competition governed by the Oklahoma Secondary School Activities Association for a period of one (1) year from the first day of attendance at the receiving school unless the transfer is from a school district which does not offer the grade the student is entitled to pursue as per 70 O.S. § 8-103.2.~~

***A POLICY ON THIS TOPIC IS REQUIRED BY LAW***

## EMERGENCY STOCK INHALER

The Newcastle Public Schools Board of Education recognizes asthma as a chronic, life-threatening condition. Over 7 million children in the United States have asthma. Asthma is the third leading cause of hospitalization of children and is responsible for 10.5 million missed school days every year. Students with a diagnosis of asthma who are prescribed a bronchodilator (fast-acting inhaler) are strongly encouraged to self-carry and self-administer their medication, if appropriate.

70 O.S. 1-116.3 regarding stock asthma rescue medication policies authorize Newcastle Public School District and any Oklahoma school district to obtain and administer asthma medication. By this policy, the board of education allows trained personnel to administer or instruct students how to administer the school stock inhaler in the event the student is experiencing "respiratory distress." A stock inhaler means a bronchodilator with albuterol, or another bronchodilator that is approved by the FDA for treatment of respiratory distress and is written by a physician, physician assistant, advance practice nurse, or other medical professional with prescribing authority in Oklahoma.

The school nurse or school employee trained by a health care professional may administer an inhaler to a student whom the school nurse or trained school employee in good faith believe is having "respiratory distress." All nurses and/or other authorized school staff must undergo training yearly to administer stock asthma rescue medication. Training must include identification of symptoms, emergency response procedure, and how to administer the medication in accordance with law.

Only Newcastle Public School students and staff can receive an administration of any stock emergency asthma rescue medication.

The stock inhalers shall be stored in a secure accessible location, such as in the school clinic or school office area for quick access.

Administration of the stock asthma rescue inhaler medication can be administered by the nurse or school staff who have had the appropriate training. The medication can only be administered in school and/or any school sponsored trip and activities, as well as before or after normal activities or on a school bus.

Newcastle Public Schools, its employees, agents, and the prescribing physician shall incur no liability as a result of any injury arising from administering, not administering, or stocking an inhaler.

**SEARCH OF STUDENTS  
(REGULATION)**

In accordance with the policy of the board of education, searches of students shall be conducted under the following circumstances:

The superintendent, principal, teacher, or security personnel of this school (authorized personnel) may detain and search any student or students on the premises of the public schools, or while attending, or while in transit to, any event or function sponsored or authorized by the school only under the following conditions:

1. When any authorized person has reasonable suspicion that the student may have on the student's person or property alcoholic beverages as defined in the Oklahoma Alcoholic Beverages Act, dangerous weapons, controlled dangerous substances as defined by law, stolen property if the property in question is reasonably suspected to have been taken from a student, a school employee, or the school during school activities, or any other items which have been or may reasonably be disruptive of school operations or in violation of student discipline rules.
2. School lockers and school desks are the property of the school, not the student. Students have no expectation of privacy concerning lockers, desks, or other school property. The users of lockers, desks, and other storage areas or compartments have no reasonable expectation of privacy from school employees as to the contents of those areas. Lockers, desks, and other storage areas or compartments may be subjected to searches at any time with or without reasonable suspicion. Students are not to use any school area or property to contain any item that should not be at school. Students shall not exchange lockers or desks or use any lockers or desks other than those assigned to them by the principal.
3. Authorized personnel may search a student, within the limits of state and federal law (or this policy), whenever the student consents to such a search. However, consent obtained through threats or coercion is not considered to be freely and voluntarily given.
4. If a school official or law enforcement officer has reasonable suspicion to believe that a particular student is in possession of an illegal or unauthorized metal-containing object or weapon or has reasonable suspicion to believe that a student is in possession of an illegal substance (vape), he or she may conduct a metal detector check of the student's person and personal effects.
4. Authorized personnel conducting a search shall have authority to detain the student or students and to preserve any contraband seized.
5. Any searches of students as outlined herein will be conducted by an authorized person who is the same sex as the person being searched and shall be witnessed by at least one other authorized person who is of the same sex as the person being searched.
6. Strip searches are forbidden. No clothing except cold weather outer garments, shoes, hand coverings, and head coverings, except religious head coverings, will be removed before or during a search.
7. Items that may be seized during a lawful search - in addition to those mentioned in paragraph 1 above - shall include, but not be limited to, any item, object, instrument, or material commonly recognized as unlawful or prohibited. For example: prescription or nonprescription medicines, switchblade knives, brass knuckles, billy clubs, and pornographic literature are commonly recognizable as unlawful or prohibited items. Such items, or any other items which may pose a threat to a student, the student body, or other school personnel, shall be seized, identified as to ownership if possible, and held for release to proper authority.

**SEARCH OF STUDENTS, REGULATION (Cont.)**

8. In conducting any search authorized by this policy, the district may utilize trained dogs to detect prohibited items. If a dog alerts to a student's locker or vehicle or to a classroom or common area, the area may be searched. If a dog alerts to a locked student vehicle, the student shall be requested to unlock the vehicle's doors and trunk. If the student is under 18 years of age and the student refuses, the student's parent or guardian shall be notified and requested to unlock the vehicle. If the student or the student's parent or guardian refuses to unlock the vehicle, the district may contact appropriate law enforcement personnel to respond to the issue.
9. Any student found to be in possession of dangerous weapons, controlled dangerous substances, or other unlawful or prohibited items may be suspended for a period not to exceed the current school semester and the succeeding semester. Such suspension may be in addition to any civil or criminal liability.
10. The superintendent may designate personnel to transport items that are removed from a student to a centralized location within the school district or to local law enforcement offices for lawful disposal. While in transport, the designated school personnel shall carry their school identification and a letter from the superintendent confirming their authority to transport the items for disposal. All items transported for disposal shall be transported in a located container.
11. The student checklist to be used in conjunction with a student search incident can be found in the administrator handbook.
