**Mr. Thompson emphasized that no project can be allocated until funding is available which brought up more discussion regarding the Lease-Purchase option. Jeremy Baggett and Dakota Lambreth, board members, stated they think nothing should be started until we have the bond money in May. They are concerned about the taxpayers having to pay interest costs. Mutual Principal, Brad Shryock, spoke up and said the timeline matters. Lets have a concession stand and new restrooms by football season and be able to play volleyball games at Mutual. Mr. Thompson stated that we are here to do what is in the best interest of the kids, the parents, the staff, the community, and the taxpayers. My goal is to always find a balance.**

**Jeremy Baggett, Board Member, also ask why the school couldn't hire a maintenance man. Mr. Thompson addressed that issue.**

**The board made a motion to give Mr. Thompson permission to contact the architect and have him present at the January Board meeting, and to check with the school's auditor and see if the bond money we will be receiving in May could be used now for collateral so that bids can be taken.**
