7.1. Authorization to Proceed with Refinancing of Build American Bonds

RBC Capital representatives Wes Bradish and Nate Eckloff addressed the board about their consideration of refinancing the district's Build America Bonds. Bradish provided a refinancing analysis to the board members. Bradish explained that rates have recently come down and an opportunity to save district tax payer money came to the attention of Business Manager Tim Meisner. Bradish distributed MMD data, explained how rates have recently gone down and also discussed maturities. The Build America Bonds were introduced in 2009 and then eliminated at end of 2010. RBC Capital will work with the Bond Council on the legalities and tax issues for refinancing. The Bonds were purchased with 4.5% interest and by refinancing, the district would be in the 2% range. Associated fees were also reviewed. If the Board chooses to proceed, RBC Capital will present a parameters resolution for final approval. The district can expect to save approximately \$220,000 in interest payments. Specific topics discussed included sources and uses of funds, savings, a summary of refunding results, bond pricing, bond debt service, bond summary statistics, a summary of bonds refunded, escrow requirements, descriptions, costs, cash flows and statistics.

7.2. Recommendation to Approve Treasurer's Report

Meisner explained that the Business Committee had met and reviewed the treasurer's report and made a recommendation to approve the report. Projected expenses were discussed. Hague stated that a work session will be held in June to review Lincoln change orders and the project budget.

7.3. Recommendation to Approve Payment to Anderson & Shaw

This payment includes 50% of the retainage fee.

7.5. Second Reading of Board Policy 606.06 - Acceptable Use of Computers, Technology and the Internet

Hague explained that a schedule of inservice has been developed for training on technology and internet use. Peters confirmed that the district is instructing the student body in internet safety issues and acceptable use.

8. **Discussion Items**

8.1. First Reading of Proposed Drug & Alcohol Testing Policy

Testing procedures were reviewed with High School Principal Eldon Hubbard. Coaches and Sponsors will initially be in a separate "testing pool", however the Personnel Committee will look at developing one pool for both staff and students. Hague will provide a recommendation to the Personnel Committee at their next meeting. All new coaches and sponsors will have a pre-employment test and then be entered into the random testing pool. If approved, this policy would take effect for the 2012-2013 school year. The pool size is expected to be around 300, and tests are expected to cost \$38 per test. This policy will also be reviewed at the next policy review committee meeting on May 29th.

8.2. First Reading of Board Policy 406.08 - Certificated Employee Evaluation

This policy was dated incorrectly during its last review so the policy was re-reviewed and the date will be corrected. Updates were also included to bring this policy current.

8.3. Building Committee Meeting Minutes

Doll explained the change order review in detail. A rain delay letter from Anderson & Shaw was discussed. Hague explained future plans and dates.

8.4. Personnel Committee Meeting Minutes

Miles recapped the Personnel Committee Meeting and reviewed the new hires and resignations for the 2012-2013 school year.

8.5. Facilities Committee Meeting Minutes

Doll explained that the committee met at the new Lincoln building to discuss summer work. Doll expressed interest in having the district's restrooms, especially the high school, deep cleaned. District staff is able to maintain the facilities, but the stripping and sealing of tile floors may be contracted out with an agency that has the appropriate equipment and can perform this service twice each school year during breaks. The committee also would like to see custodial personnel rotated throughout the entire district so they become more familiar with all building procedures. Hilyard will be providing cleaning standards that will be enforced throughout the district in all buildings.

8.6. Business Committee Meeting

Copsey informed the Board that the Business Committee had approved the distribution listing for April. Additional topics included IT purchase procedures, vendor terms, the Anderson & Shaw Construction application for payment, a bid to re-roof the high school, textbook purchases, the refinancing of the district's Build America Bond and school lunch prices. IT server issues were also addressed and the committee recommended outsourcing some of the district's IT needs. Hague explained that the district is adding a position to that department to assist with daily tasks. Doll requested that the district develop a summer schedule for the IT department, similar to the one that was developed for building maintenance and summer work. Hague explained how the summer crew will

work for two weeks solid at one building before moving on to the next one this summer.

#### 8.7. Curriculum Committee Meeting Minutes

#### 9. **Superintendent's Report**

Hague thanked everyone for attending the graduation ceremony. He will be working with Brian Sweeney on Tuesday to review change orders. Hague explained that he spoke with the land owner near Lincoln's new parking lot and her preference is that the district does not clean up debris between her property line and the school's parking area. Information about the proposed parking lot will be shared with the Building Committee at their next meeting. Hague stated that the district should be able to assume possession of the facility around June 18, 2012. At that time, staff may move into the building. The moisture content in the gym has dried so the surface is ready to be laid on the 29th. Hague acknowledged the high quality of guidance Brian Sweeney has provided to the district as the Owner's Representative on this project. Hague explained that the Governor was at Cedar Canyon on Monday to have lunch with the students. Due to a scheduling conflict, the Lieutenant Governor will attend the Lincoln building dedication. Hague stated that DIBELS test results were shared and district elementary students performed at the highest level ever. The state writing at the 4th grade level had tremendous scores across the board. The State will assemble a comparison of ACT scores for 8 districts. The Administrative Retreat has been scheduled for the end of May and beginning of June. District administrators will review data and set targets for next year. Hague explained that the district is still taking applications for a couple of positions, but that he hopes to have all certified positions filled by the end of June. Wednesday is the last day of school for students and Thursday is the last day for teachers. An end of year assembly will be held on Wednesday at 2:30pm at the high school auditorium. Brunner and Winn have volunteered to hand out service pins. An ice cream social will immediately follow in the high school cafeteria. Mr. Hague,

Respectfully and thankful for the opportunity in Gering Public Schools, I turn in my resignation from the position of Activities Director at Gering Public Schools. I am thankful for your support as well as the support of the secondary administration.

The email below will be sent soon to the coaches and sponsors and speaks my heart.

Coaches and Sponsors,

I have accepted the position of Activities Director at Scottsbluff. This has been an extremely difficult decision, and one of the factors that made it so difficult is the fact that Gering Public Schools has excellent coaches and sponsors. I hope you know that I am a man of integrity and I have to do what is best for me and the Pauli family. I know that next year our relationship will look different, but I hope that we can maintain positive relationships.

I will keep my integrity intact by finishing strong and I expect you to finish the year strong with me as we prepare GPS activities for the 2012-2013 School Year.

With a sincere thanks for making this a good year!

Sincerely,

Dave Pauli

It is the policy of Gering Public Schools to maintain an environment that promotes ethical and responsible conduct in all online network activities by staff and students. It shall be a violation of this policy for any employee, student, or other individual to engage in any activity that does not conform to the established purpose and general rules and policies of the network. Within this general policy, Gering Public Schools recognizes its legal and ethical obligation to protect the well-being of students in its charge.

The following uses of school-provided electronic resources, including Internet and e-mail, are not permitted:

**Supervision and Monitoring:** School and network administrators and their authorized employees monitor the use of information technology resources to help ensure that users are secure and in conformity with this policy. Administrators reserve the right to examine, use, and disclose any data found on the school's information networks in order to further the health, safety, discipline, or security of any student or other person, or to protect property. They may also use this information in disciplinary actions and will furnish evidence of crime to law enforcement.

DRUG AND ALCOHOL TESTING POLICY

1 Need for Random Testing.

The Board of Education is responsible for maintaining discipline, health and safety. The Board recognizes that substance abuse presents a continuing challenge and a danger to the student population as a whole. The Board is committed to maintaining school sponsored activity programs in a safe, healthy and secure environment. The Board is further committed to being proactive in ensuring that students who participate in extracurricular activities represent the District in a positive manner

2 Eligibility for Random Testing.

Students who participate in school sponsored competitive extracurricular activities at the secondary school (Grades 7-12) level are eligible for random testing. Students who do not consent to participate in the testing program shall not be eligible to participate in school sponsored competitive extracurricular activities. Students may volunteer for participation in the testing program even if they do not participate in a school sponsored competitive extracurricular activity.

3 Testing Procedure.

a. Random Testing.

A confidential testing schedule will be created by the Superintendent or designee to ensure that the testing of eligible students is conducted in a manner that is random.

b. Collection.

The testing collection process will be conducted in a manner that protects student privacy, guards against tampered specimens and ensures an accurate chain of custody. It is intended that the procedures be modeled on those applicable to the testing of CDL employees, though methods other than testing of urine samples may be used. The tests are to be designed to detect only the use of alcohol and illegal drugs, not medical conditions or the presence of authorized prescription medications.

4 Confidentiality.

All activities related to the testing policy will be carried out in accordance with the requirements of the Family Educational Rights and Privacy Act (FERPA), the Protection of Pupil Rights Amendment (PPRA), and any other applicable confidentiality laws.

5 Consequences for Positive Tests.

Any of the following shall be considered to be a positive test result:

- A confirmed positive alcohol or drug test;
- Refusal to participate in testing when selected; and/or
- Tampering with the specimen collection process.

The following shall result from a positive test result:

- The student's parents or guardians will be contacted and a meeting will be held to discuss the positive test result, with the object of collaborating on a plan to assist the student in avoiding future substance abuse.

- The student's privilege of participating in extracurricular activities will be restricted as follows:
  - For a first positive test, the student is ineligible to participate in any extracurricular activities for **two weeks or three events**, whichever is longer. The student may not return to participate in extracurricular activities until the student shows proof that the student: (a) is participating in substance abuse counseling with a qualified professional and is following the recommendations of the counselor and (b) tests negative in a District-administered drug test.
  - For a second positive test, the student is ineligible to participate in any extracurricular activity for **9 weeks**. The student may not return to participate in extracurricular activities until the student shows proof that the student: (a) is participating in substance abuse counseling with a qualified professional and is following the recommendations of the counselor and (b) tests negative in a District-administered drug test, and (c) agrees to submit to monthly District-administered drug test during the next twelve month period.
  - For a third positive test, the student is ineligible to participate in any extracurricular activity for **one calendar year**. The student may not return to participate in extracurricular activities until the student shows proof that the student: (a) is participating in substance abuse counseling with a qualified professional and is following the recommendations of the counselor and (b) tests negative in a District-administered drug test, and (c) agrees to submit to monthly District-administered drug test during the next twelve month period.
  - For a fourth positive test, the student is **ineligible to participate in any extracurricular activity for the remainder of the student's secondary school career**.

The parents or guardians are responsible for the costs of the rehabilitation program, which includes the substance abuse counseling and follow-up.

Positive results will not lead to the imposition of any academic consequence or disciplinary action, other than the above described limitations on the privilege to participate in extracurricular activities.

6. Appeal Procedures.

A student or the student's parents or guardians may challenge the results of a positive test through an appeal process to be developed by the Superintendent or designee. In the event a student or the student's parents or guardians wish to challenge a positive test on a basis other than the veracity of the test result, an appeal may be made in accordance with the policy on extracurricular activity discipline.

7. Process.

The Superintendent or the Superintendent's designee is directed to develop specific testing procedures consistent with this policy.

**Drug and Alcohol Testing Procedures**

1. Eligibility for Random Testing.

Students who participate in school sponsored competitive extracurricular activities at the secondary school (Grades 7-12) level are eligible for random testing. School sponsored competitive extracurricular activities are activities which are sponsored or approved by the Board, but are not offered for credit towards graduation, and which involve competition, comparison, or judging of the individuals or groups with other individuals or groups as part of selection or participation. School sponsored competitive extracurricular activities include, but are not limited to the following: athletic programs, cheerleading, dance team, band, Student Council, National Honor Society, academic teams, ~~One Act~~play productions, choir, Quiz Bowl, Mock Trial, Evniro Science Team, and Speech Team.

To participate in a school sponsored competitive extracurricular activity, students must submit a completed Consent to Test Form on or before the first practice or on or before the first event or meeting, whichever is applicable. The form must be signed by the student and the student's parent or guardian.

Failure to submit a completed Consent to Test Form will result in ineligibility for participation in school sponsored competitive extracurricular activities until the form is submitted.

Students remain eligible for testing from the date the Consent to Test Form is turned in until a Drop Form is completed, or until the student graduates or is otherwise no longer enrolled in the District. A student for whom a Drop Form has been submitted shall be ineligible for participation in school sponsored competitive extracurricular activities for twelve months from the date the Drop Form is submitted. Students have a fifteen (15) day grace period for reconsideration of a Drop Form.

Students who are not participants in a school sponsored competitive extracurricular activity may volunteer for participation in the testing program by submitting a completed Consent to Test Form.

2. Testing Procedure.

a. Random Testing.

A confidential testing schedule will be created by the Superintendent or designee to ensure that the testing of eligible students is conducted in a manner that is random. To maintain confidentiality and to maintain the integrity of the randomness of this program, the students eligible for testing will be identified by a unique personal identifier that does not make the student known to persons other than the school officials who are directly involved in the testing program.

No ~~less~~fewer than twenty percent (20%) of the pool of eligible students will be tested each school year. The Superintendent or designee shall have the authority to determine the percentage to test, subject to the minimum 20% level, dependent on the nature and extent of the prevailing problem with drug usage in the school community from time to time. Testing will take place throughout the school year.

b. Collection.

The testing collection process will be conducted in a manner that protects student privacy, guards against tampered specimens and ensures an accurate chain of custody of the specimen. The method of testing

may involve the use of breath, saliva, urine, or hair samples. To the extent the testing involves the collection of urine, an adult monitor is to wait outside a closed restroom stall and listen for the normal sounds of urination.

It is intended that the procedures be modeled on those applicable to the testing of CDL employees, which include the testing of specimens for alcohol and unlawful substances. The tests are to be designed to detect only the use of alcohol or illegal drugs, including but not limited to amphetamines, marijuana, cocaine, steroids, opiates, and barbituates, not medical conditions or the presence of authorized prescription medications.

### 3. Confidentiality.

All activities related to the testing policy will be carried out in accordance with the requirements of the Family Educational Rights and Privacy Act (FERPA), the Protection of Pupil Rights Amendment (PPRA), and any other applicable confidentiality laws.

Test results will be shared only with staff who have a legitimate educational interest in having access to the information, on a "need to know" basis. Test results will not be turned over to any law enforcement authority in the absence of a court order, subpoena, or other legal process requiring such.

Test results will be kept in confidential files separate from the students' other records. The test results will be destroyed when ~~the student graduates or the graduation of his/her cohorts. no longer needed for individual student situations or for the overall testing program.~~

### 4. Re-Testing.

A student or the student's parent or guardian may challenge the veracity of a positive test. If a positive test is proven to be false, the student will not be subject to the consequences of a positive test, provided that the consequences shall remain in place until the positive test is proven to be false.

The student or the student's parent or guardian shall make a request to challenge a positive test with the Superintendent or designee within 72 hours of the student being notified of the positive test. The Superintendent or designee shall determine whether the challenge shall involve a retest of the specimen or a second test.

If the challenge will involve a retest of the specimen, the specimen previously submitted will be forwarded to a testing laboratory for confirmatory testing. The laboratory must be approved by the Superintendent or designee and adhere to federal Substance Abuse and Mental Health Services Administration (SAMHSA) standards concerning drug testing protocols and procedures. Results of the re-test will be provided to the Superintendent or designee by the approved laboratory. The re-testing shall be at the expense of the student or the student's parent or guardian. To be a valid non-positive, the Superintendent or designee must be provided with information that establishes that the substance(s) detected in the initial test would remain detectable in the specimen at the time of the retest.

If the challenge will involve a second test, it will be completed using the District's standard procedures. The second test shall be at the expense of the student or the student's parent or guardian. To be a valid non-positive, the Superintendent or designee must be provided with information that establishes that the substance(s) detected in the initial test would remain detectable via the testing method chosen as of the time of the second test.

### **Attendance Taken at 4:30 PM:**

#### Present Board Members:

Mike Brunner

Alan Doll

#### **1. Attendance**

Also in attendance were Don Hague, Tim Meisner and Curt Hanson. It was determined that Doll will serve as Chairperson of the Facilities Committee.

#### **2. Summer Projects**

A current copy of the summer maintenance schedule was distributed and reviewed. There will be nine individuals making up the summer work crew this year. The summer crew plans to spend two weeks solid at each building before moving on to work in the next one. The committee expressed its disappointment in the cleanliness of the High School restrooms. A discussion of custodial services ensued. The committee feels that there must be one standard of cleanliness for the entire district, rather than six different standards for the six different district buildings. Hague explained that Hillyard will be developing a cleaning protocol for the entire district to follow. The committee expressed its desire to change the current chain-of-command for custodians. Currently the custodians report directly to the building principals during the school year and report to Hanson during the summer months. The committee requested that all custodians report to Hanson year round. Concerns by building administrators in regards to custodians or custodial services should be conveyed directly to Hanson. The committee expressed the importance of Hanson being in every district building every week and making contact with building administrators to address any concerns. The committee also suggested utilizing an outside janitorial firm, such as Service Master, to handle larger jobs within our facilities. The district does not have the necessary equipment to maintain the level of cleanliness desired. By outsourcing the stripping and sealing of bathroom and shower floors twice a year (summer & Christmas break) the facilities would remain in better condition. Meisner will check into contracting out these cleaning services. The committee would also like to see the rotating of custodians throughout the district. This will ensure they are familiar with all buildings and any practices that may be unique to some buildings. The rotating of custodians will also allow for more effective evaluations of custodians. The duty of mowing district grounds will also be rotated amongst the summer crew. The committee also encouraged Hanson to purchase items of higher quality when replacements are required, such as bathroom lavatory faucets.

Additional topics discussed included the hydration station drainage at the High School and custodian hours and scheduling. The committee expressed concern regarding the evening janitorial crew, especially its supervision. Hague stated that he would have the evening janitorial crew at the High School evaluated. Hillyard's report on the district is expected to arrive in mid-June. It was determined that the refinishing of Cedar Canyon's gym floor would be contracted out. The committee also asked that a summer schedule be developed for the district's IT department. Bi-weekly updates of all summer schedules will be forwarded to the Facilities Committee throughout the summer months. The surplus sale will be moved from June to July, 2012 due to time constraints. The committee asked that the district be supplied with copies of "as built" drawings in hard copy format, as well as on disc, once the project has been completed.

#### **3. Building Tour**

Hague led the committee on a tour of the Lincoln Elementary building. Areas of concern included the baseboard gap by the foot prints near the teacher work rooms, tiles in the work room that are cut unevenly and the stairwell trim.

All computer related purchases are run through the district's IT department before approval. End of year purchases at the building level were discussed. Brunner asked if the pre-meeting review process can be streamlined. The committee was asked if district payments could be made earlier by changing the cutoff date. This would address vendor terms in a timelier manner. After discussions, it was determined that the full board will continue to approve all payments, with the exception of utility payments, which will be made in a timely manner to avoid late fees and shut offs. **8. Refinancing of Build America Bonds**

RBC Capital advised Business Manager Tim Meisner that interest rates have fallen and savings dictate that it would be a beneficial time to refinance the district's Build American Bonds. Meisner explained that the district could save approximately \$300,000 net over the life of the 20 year bond. The committee recommended this go to the full board.

**9. Increase in School Lunch Prices**

Meisner explained upcoming changes in the food services program. Increased lunch prices were also reviewed. The adjustment accommodates federal requirements. Gering is in compliance will all federal guidelines and requirements. Gering's lunch prices are now the same as Scottsbluff's district. This will go to the full board for final approval

This will allow for future concrete additions for the parking area at the high school.

**Motion Passed:** passed with a motion by Jody Miles for the amount of and a second by Mike Brunner.

Mike Brunner	Yes
Brian Copsey	Yes
Jody Miles	Yes

**11. IT Server Issues**

Brunner suggested that the district subscribe to a 3rd party firewall and server provider. Meisner will look into outsourcing these areas. Copsey provided an example of how his business utilizes a local vendor. Hague suggested contacting ESU to find out who their provider is. RWMC will also be contacted to see who they utilize for these services. Costs will be reviewed to see if this would be feasible. All administrators have received the data to review with their buildings. Discussion regarding assessment strengths and weaknesses with building administrators will occur at a Data Retreat in June.

Terra Nova assessment will be moved to the fall in 2012-2013 and will be used as an assessment to guide instruction. Students will be normed against students nation-wide taking the assessment at the same time of year. This will eliminate excessive testing in the spring.
