7. Action Items

7.1. Discussion of Proposed Changes and Recommendation to Approve Changes to 2013-2014 High School Student Handbook

Brunner recapped previous policies regarding extra curricular activity participation and failing grades. Current policy states that if a student is failing two or more classes, that student is not allowed to participate in extra-curricular activities until at least one grade is brought up. High School Principal Eldon Hubbard explained to the Board that this same policy used to state that students could not participate in activities if they were failing one class. Hubbard also provided background information about the down list and associated rates. Hubbard reviewed the mechanics of making up grades and explained how students became fearful of losing the opportunity to participate in activities and may choose to take less rigorous courses in their class schedule to ensure participation. Hubbard invited the Board to review Scottsbluff Public School's policy, which he briefly recapped. Winn, who was a teacher prior to retirement, explained that she agrees with Hubbard's reasoning behind the decision to have this policy remain as it is and believes that activities urge students to try harder. Copsey stated that he would like to see Infinite Campus updated on a regular to keep grade information current. Copsey stated that he has heard from parents that feel the policy should be more strenuous. Doll agreed, stating that he believes kids rise to the occasion. Brunner deferred to Winn's years of experience and agreed that she would know what is best for the students. Winn also suggested that coaches and sponsors strongly encourage failing students to attend after school learning programs provided by the district. Brunner reminded the board that practice times have been adjusted to allow for after school work/tutoring. Copsey suggested reviewing the activities handbook to accommodate students who need additional assistance with their school work. The suggestion was made to require ELO attendance for students who are on the down list and if they don't attend that student would be ineligible to participate. Winn suggested that failing students should work one on one with the teacher of the class in which they are down either before school or prior to practice. Hubbard will look into offering an ELO class in the morning. Winn brought some grammatical errors in the handbook to Hubbard's attention. Activities Director Glen Koski stated that he agrees with Hubbard, stating that he has seen it done many ways but prefers to allow for 2 classes, as he has actually seen students take lesser classes in order to participate in activities. Koski added that the addition of study halls seems to help students get their grades up. Doll reiterated that the Board's goal is to provide an education first. Peters reminded everyone that the Gering grade scale is higher than some others in the area and that this fact should be taken into consideration.

7.2. Recommendation to Designate the Superintendent of Schools to Authorize Option Application Waiver of Deadline Date

Superintendent Hague explained that, by Board policy, the deadline for accepting Option Applications in March 15th. He has identified classes that would allow for additional students to attend through the Option Program. In order to accept these option applications, the Board designated the Superintendent of Schools as an authorized representative of the Board to waive that deadline date. Class sizes and availability are always examined prior to option application approval.

7.3. Second Reading of Board Policies

Winn expressed her concern that these policies should have been reviewed prior to constructing a new elementary school. This batch of policies was last reviewed in 2004. Hague explained that instead of using an attorney, the district hired an Owner's Rep, which covered the district and related policies per the district attorney.

--Section 16 The Media Center

The Media Center is maintained for student and teacher use. Feel free to check books out at any time. If you have trouble finding something in the media center, go to the librarian or the assistant librarian for help.

The Media Center is open from 7:50 a.m. until 4:20 p.m. at the high school and 8:10 a.m. until 3:50 p.m. at the Freshman Academy on regular school days. It is open during lunch periods for students who want to study or check out materials, and those using the library at this time are expected to be considerate and quiet. The Media Center should not be used as a social center.

Media Center checkout/fine policy:

1. Books are checked out for three weeks at a time. Renewals are allowed. Books do not have to be presented to be renewed. There is a 5 cents per day per item fine for late books (maximum fine limit of \$5.00). If the book is lost, the student will pay the replacement cost of the book.
2. Current magazines are checked out generally for the current class period only, and must be returned before the current class period is over. If the magazine is not returned before the bell, an hourly fine of 25 cents is charged (a maximum upper limit of \$3.00). If the current magazine is lost, the student is required to pay the replacement cost of \$6.95 per magazine.
3. All bound magazines, reference books, and old magazines are generally not checked out; however, other arrangements may be made. If an item is checked out, there will be a fine of 25 cents per item per day for all overdue items (maximum upper limit fine of \$3.00). If the item is lost, the student will pay for the replacement cost of the item lost. The cost will vary depending on the item.
4. Vertical file items can be checked out overnight or longer, depending on the demand of the material of the given topic. A fine of 25 cents per item per day is assessed on all overdue vertical file materials (maximum upper limit fine of \$3.00).
5. Students on the fine/overdue list are not allowed to take material from the media center until the matter has been cleared up.

The Mission of the Gering High School Library Media Center is to create a warm, safe and collaborative learning atmosphere that supports the district mission statement and the high school improvement goals. As the largest classroom in the school, we seek to provide equitable access to resources while promoting the integration of information literacy skills. The Library Media center strives to foster a lasting appreciation of reading and life-long desire to learn.

Library Media Circulation Center Policies

OBJECTIVES OF BUILDINGS & SITES

This series of the Board policy manual sets forth the Board objectives and goals for the school district's buildings and sites. It shall be the goal of the Board to provide sufficient school district buildings and sites for the education program. The Board shall strive to provide an environment which will encourage and support learning.

In providing this environment the school district buildings and sites will accommodate the organizational and instructional patterns that support the education program. The Board shall have final authority to determine what is necessary to meet the needs of the education program.

It shall be the responsibility of the superintendent to oversee the day-to-day operations of the school buildings and sites and to notify the Board of areas in need of improvement.

**GERING PUBLIC SCHOOLS
GERING, NE**

BUILDINGS & SITES LONG RANGE PLANNING

As part of the Board's long range plan for the school district's education program, the Board shall include the buildings and sites needs for the education program. The long-term needs for building and sites shall be discussed and determined by the Board.

It shall be the responsibility of the superintendent to provide information including, but not limited to, enrollment projections and education program requirements to the Board.

CONSTRUCTION PLANS AND SPECIFICATIONS

The Board may engage the services of consultants or other personnel to study the needs of the school district's buildings and sites in providing the education program. The results of these services will be considered in planning the education program and in making decisions about the improvement and acquisition of additional buildings and sites.

It shall be the responsibility of the superintendent to make a recommendation to the Board regarding the need for such services and who should perform such services for the Board.

Buildings considered for purchase or construction by the Board or currently owned by the school district and used for the education program must meet, or upon improvement be able to meet, the specifications set by the Board. The Board shall make this determination.

Prior to construction or renovation of buildings and sites the Board shall make a determination of the method by which it will obtain construction services. If the Board elects to use the Construction Management at Risk or Design-Build methods, rather than the traditional Design-Bid-Build method, policies for that respective method must first be established.

Prior to remodeling or other construction of buildings and sites, the Board may appoint a committee of consultants, employees, citizens, or others to assist the Board in developing the specifications for the new or improved buildings and sites. These specifications shall be consistent with the education program, and they shall provide the architect with the information necessary to determine what is expected from the facility. It shall be within the discretion of the Board to determine whether a committee shall be appointed.

It shall be the responsibility of the superintendent to make a recommendation to the Board regarding the specifications of buildings and sites.

SITE ACQUISITION

Sites acquired by the Board shall meet or, upon improvement, be able to meet the specifications set out by the Board prior to using the site for the education program. The Board may meet in closed session to discuss potential purchases of sites.

It shall be the responsibility of the superintendent to assist the Board and to make recommendations concerning the acquisition of sites.

BIDS AND AWARDS FOR CONSTRUCTION CONTRACTS

Public, competitive sealed bids are required for construction projects, including renovation and repair, with a cost exceeding \$40,000. This does not apply to the acquisition of existing buildings, purchase of new sites or site expansions by the district. The sealed bids shall be opened in public on the date and hour as advertised.

The award of construction contracts will, generally, be made to the lowest responsible bidder. The Board, in its discretion, after considering factors relating to the construction, including, but not limited to, the cost of the construction, availability of service and/or repair, completion date, and any other factors deemed relevant by the board, may choose a bid other than the lowest bid. Resident bidders of the state of Nebraska may be given preference over nonresident bidders in some instances according to state statutes. The Board shall have the right to reject any or all bids, or any part of the bids, to waive informalities, and to enter into the contract or contracts deemed to be in the best interests of the school district.

It shall be the responsibility of the superintendent to make a recommendation accompanied by supportive reasoning to the board for construction contract bids.

Don Hague

Gering, NE 69341

Dear Mr. Hague:

Each year, the Rochester Institute of Technology honors its Outstanding Undergraduate Scholars. This is a select group of students who have completed at least 125 quarter credit hours of study and have a cumulative grade point average of 3.85 for all college work attempted. Only one percent of RIT students receive this recognition in any given year.

We asked our Outstanding Undergraduate Scholars each to identify a high school or community college teacher they considered to be the “best” – a teacher they would honor as a role model and who had a profound influence on them as they planned for their future. Kate Macken, a graduate of your school, nominated Jason deMaranville. A certificate of recognition was given to Mr. deMaranville.

RIT has chosen to recognize these teachers to emphasize the continuity of teaching, not just in the conveyance of knowledge, but in the inspiration of students as well.

We congratulate Mr. deMaranville, and we congratulate your school’s contribution to the advancement of our society. We cannot progress, advance or compete without an effective system of learning.

Sincerely,

A handwritten signature in black ink that reads "Jeremy Haefner". The signature is written in a cursive style with a long horizontal line extending to the right.

Attendance Taken at 7:00 AM:

Present Board Members:

BJ Peters
Dr. Jerry Upp

1. Attendance

Don Hague, Superintendent, and Eldon Hubbard, High School Principal, were in attendance.

2. 2013 NeSA Writing Review

The 2013 Nebraska State Accountability Writing scores were reviewed. This is the second year both 8th grade and 11th grade were scored using the analytic scoring rubric and the first year 4th grade was scored analytic.

All three levels showed scale score averages above the state level. We were able to look at the four domains and were happy to see they also were above state averages. In both 8th and 11th grade, there was slight growth from the 2012 and 2013 writing scores. It was also noted that fewer students scored in the below proficiency ranking than the previous year.

Student subgroups were reviewed for each grade level.

3. Budget Review - May 2013

No concerns with the budget items for May, 2013.

4. Travel Review - May 2013

Several administrators will be traveling to the Administrator Days held in Kearney, Nebraska. Robert Marzano, PHD and Charlotte Danielson are among the keynote speakers at the conference. Travel is down during the summer months.

5. Recommended High School Student Handbook Changes

Hubbard discussed class numbers at the high school for the 2013-2014 school year. With the ability to hire a part-time science teacher and a part-time math teacher, class sizes will be more balanced. There is a possibility for the need of an overload contract in the vocational department.

6. Next Curriculum Committee Meeting

The next regularly scheduled Curriculum Committee meeting will be held on August 8, 2013. A special meeting in July will be held to review handbook changes.
