7.2. Curriculum Committee Meeting Report

Peters informed the Board that the Curriculum Committee discussed the selection process and timeline for a new language arts program. Winn added that the committee had reviewed sample materials.

7.3. Facilities Committee Meeting Report

Peters recapped the Facilities Committee meeting, as Chairperson Upp was absent from the meeting. Draining issues with the septic tank at Cedar Canyon were discussed. Honey Wagon was able to dig up sections of the septic system at Cedar Canyon and determined that the piping needs replaced and that the leach field will need to be relocated to the east. Brian Sweeney will assist the district by designing the new system, taking soil samples and obtain approval from the State. Estimated project time is around one to two months. In the meantime, the system will be pumped once a week to avoid overflow. The Committee toured Geil Elementary and viewed concrete issues. The track resurfacing project will begin in the spring of 2014. The Committee will meet at Northfield Elementary in December.

7.4. Business Committee Meeting Report

Copsey explained that the Committee met and reviewed the bill listing. Activity Account expenditures and financial reports were discussed. Superintendent Hastings and his administrative team will be spending time in each of the buildings during their holiday party schedules. Northfield Principal and After School Program Director Betty Smith provided a program report and discussed the viability of the program. An update on the septic system at Cedar Canyon was also provided.

- 7.4.i. Financial Report - The Business Committee reviewed all bills for this consent agenda. Bills unique to this month were discussed for clarification. The total amount of bills approved in the consent agenda for the month of October, 2013 by specific funds are as follows:

Because Business Manager Meisner was absent from the meeting, Superintendent Hastings informed the Board that the district audit has been completed. The auditors will present their findings to the Business Committee in December, and the committee will submit the report to the full board for acceptance.

- 7.4.i.1. Trial Balance Summary
- 7.4.i.2. Fund Balances
- 7.4.i.3. Schedule of Investments Held
- 7.4.i.4. Financial Statement

7.4.i.4.1. Revenues: General Fund=\$1,314,295.74; Depreciation Fund=\$86.18; Cafeteria Fund=\$93,935.86; Activities Fund=\$28,355.65; Fees Fund=\$366.

7.5. Personnel Committee Meeting Report

Winn explained that the Personnel Committee held a brief meeting on October 31st with a teleconference with attorney Rex Schultze. The committee received clarification on numbers and language issues. The board then held a special meeting to discuss this information. Winn stated that the committee will have additional information after the GEA meeting on November 19th. The committee will then meet with Schultze at 6:00pm that evening. Winn suggested that the committee get back on their monthly meeting time. Upcoming issues include the superintendent evaluation so she plans to attend the superintendent evaluation session at the state education conference.

7.6. Future of After School Program

Hastings explained that the Business Committee received the Quarterly After School Program Report, which prompted questions so the committee discussed the program and grant renewal with Program Director Smith. The district would need to re-apply for the 21st Century Grant by February 1st so Hastings would like the full board to discuss the program to get input before the district makes the decision to pursue the grant. Smith provided a recap of the discussion to the full board and reviewed program strengths and concerns. Smith feels that the "pros" of this program include providing a safe place for students to go after school to do homework, receive a snack and take part and experience a variety of program, such as art projects, visits from the Panhandle Humane Society and trips to the YMCA. Another "pro" is that the cost of the program is very affordable to parents; \$5 per student, \$3 if the family qualifies for reduced lunches and the program is offered for free to those families who qualify for free lunches. Charges are for the entire day rather than by hour. Program "cons" include a high turnover in staffing due to low hours, meeting grant requirements, finding subs, and wear and tear on the facilities. The program is not an actual extension of the school day and discipline is an ongoing issue. Collection of fees is also a monthly problem and there is a large quantity of paperwork to be completed, including monthly snack reports, daily attendance reports, billings, evaluations and other monthly reports. Grant funds of \$50,000 are used to cover salaries, supplies and bussing. Lincoln Elementary Principal Pam Barker and Geil Elementary Principal Mary Kay Haun agree with Smith's views of the program. Registration and actual attendance numbers were provided for consideration. The grant covers Lincoln and Northfield but not Geil. Hastings explained that in order for the district to continue this program that additional staff would need to be hired to make it run well. Smith was able to oversee the program when she was a principal at Cedar Canyon but now that she has been transferred to Northfield it is difficult to run well due to time constraints. The board would like to see the service provided but feels that the program may fit into another entity's mission better than the school district's. The board feels that there are many daycares in the community that would benefit from hosting the program. Hastings encouraged all involved to make a decision sooner than later so the district can explore other options or partner with other entities to support them in running the program. The program will continue in the district through the end of this school year. If a decision is made to not continue this program, Hastings wishes to notify families as much in advance as possible to allow them time to plan and coordinate other solutions.

Copsey agrees that it is a valuable service but questions if the program is in line with district goals since we are not providing curriculum so the program is not aligned with the district's mission. Peters agrees that the district should seek another entity to run the program. Doll stated that there are a wealth of daycare providers in the area and he would like to see one of them take this opportunity. Barker said that when the district took the program over from the YMCA that they had hoped it wouldn't evolve into a daycare situation, however most parents indicate that as the reason they utilize the program. Hastings explained that he will enter into preliminary talks with other organizations to see if they would be interested in partnering or taking over the program so it better meets the needs of the kids. The board expressed their appreciation for input from Smith and Barker. Discussions, and potentially action, will take place at the December Board Meeting.

7.7. Superintendent's Report

Hastings provided an update on the language arts program review, as the district is in the process of determining its philosophy and materials of the program. The administrative team has been working on this project over the last few months to build a framework to use to build a solid program with a strong foundation that meets everyone's needs, allowing students to meet their full potential as readers and to intervene when this is not happening. A recap of criteria was provided and the materials chosen will be highly aligned with current and upcoming standards. Approval of materials may be sought at the December Committee and Board Meetings to take advantage of financial incentives. Specifics by grade level were reviewed. Additional details will be determined next spring. Hastings reminded everyone that the State Education Conference is taking place later in the week and Marcia Herring from NASB will be in town on December 2nd to finalize the Superintendent Search process.

8. **Action Items**

9. **Tentative Committee & Meeting Dates**

Doll reminded all to find a substitute if they are unable to attend committee meetings. Copsey asked if the Personnel Committee could begin meeting on a day other than Wednesdays. Winn stated that the first Tuesday of the month would not work. It was determined that the next Personnel Committee meeting would be held on December 10th. Winn will be unable to attend the Policy Review Committee meeting on November 25th as she will be out of town. The meeting will be postponed to another date.

10. **Board Comments**

Upp thanked the Board members for covering for him at committee meetings recently while he was out. Copsey stated that there was a very nice article in the Gering Citizen about a family, Lance and Sherri Rogers, who moved to Gering. Mr. Rogers, a volunteer, was a big part of the softball program. His daughter Jessica is number one in the nation in batting averages. The family will be relocating to another area for career purposes. Winn said that the High School production of "The Importance of Being Earnest" was excellent and provided kudos to teacher Jason DeMaranville and his stage crew. Winn also attended one of the assemblies for speaker Demoine Adams, however pointed out that the High School auditorium sound system failed several times during his presentation so she would like to see that addressed. Peters informed the board that he represented the Gering School Board at last week's Leadership meeting. Participants commented about the passion for kids that the

panel of superintendents held. Doll reiterated that he attend the High School play and that the kids did a great job. He confirmed that DeMaranville includes all students who express interest in participating. Hastings reminded the board that an election is coming up and reviewed the candidate filing schedule.

Geil Kindergartners began their Take Home Reading Program on October 1st with books they can actually read. Geil also had 128 students in the first quarter with perfect attendance.

Cedar Canyon students also participated in a walking exercise to celebrate National Walk to School Day. Third and 4th grade students went on a mile-long scavenger hunt in Gering. Students had to read directions and follow a map to their destination. Grades K-2 did a similar activity at the school and utilized the outdoor classroom. Cedar Canyon students also enjoyed an outstanding performance by Harmony from the Gering High School. Winn encouraged all to visit the High School's online newspaper at www.blueprintslive.com. She also stated that there is a video on the site about the Homecoming Parade.

7.2. Curriculum Committee Report

Peters stated that the Curriculum Committee reviewed information that was presented to the full board during the work session held directly before this board meeting. Topics included NESAs scores, ACT testing, Terra Nova tests and the implications of the results. Peters said that the information reminds him of why the board is in place and what it can do to improve the district. The committee is in the process of reviewing a new language arts program and Director of Curriculum & Assessment Terri Martin explained the selection process. The committee will make a final recommendation to the full board when the selection process has been completed.

Upp informed the board that the committee met at Cedar Canyon for a tour and meeting. Upp stated that the district is in the process of obtaining costs associated with updating lighting throughout the facility.

Another priority project for the committee is the resurfacing of the track located at the High School. A resurfacing bid of approximately \$40,000, which would extend the track life an additional five years, was submitted and approved by the committee.

The committee continues to review information and updates pertaining to the softball fields and soccer field expansion.

The committee plans to meet soon and will then meet with the teachers.

7.6. Superintendent's Report

Hastings explained that Parent/Teacher Conferences were taking place in the elementary schools and at the Jr. High. Conferences for grades 9 through 12 will be held next week. This marks the end of the first quarter. Hastings feels that these conferences are the most effective method to positively impact students in parent/teacher communications. If a parent is unable to attend due to time constraints, the building will work with that parent's schedule to arrange an alternative time if needed.

Hastings stated that he and the principals have begun the practice of instructional rounds. The intent is for the principal and superintendent to walk into a classroom and watch a common lesson, which is then discussed at a later time to assist in developing a common instructional language among the entire team. These discussions should have an impact on student learning. The visits are not evaluative but do provide an opportunity to grow professionally.

A December 2nd date has been set for the Board/Superintendent Work Session with NASB's Marsha Herring. This work session is part of the NASB Superintendent Search Service and will provide an opportunity to grow and work together as a district.

Hastings stated that he appreciates the time and effort that Student Services Director Candy Hubbard had provided to the district. Hubbard was employed by the district for 34 years and served as a teacher, a principal and most recently as a Director. He said that Hubbard was very helpful during his transition to Gering Public Schools Superintendent.

She also stated that Gering activities have had excellent coverage by both the Gering Citizen and Gering Courier newspapers.

Lincoln Outstanding Accomplishments for November

- Parent-Teacher-Student Conferences were held October 21-23 and Lincoln had 95% of the parents/guardians in attendance.
- On Monday, November 11th, the Lincoln fourth grade students and teachers conducted the annual Veteran's Day assembly. The Student Council handed out poppies to students as they entered the assembly. Special guest, Mr. Tom Ahrends, from the VFW was introduced. The audience listened to the history of Armistice Day, the story behind the poem "In Flanders Field", and the poem "In Flanders Field. The sixth grade students sang "I'm Grateful to be an American." Students and adults heard the story behind the American "Poppy Lady" and the youtube video of the children's book "The Poppy Lady" was watched. The assembly concluded with the students saying the Pledge of Allegiance, singing of "The Star-Spangled Banner," and listening to "Taps" by the Naval band at Arlington, Virginia. The program was an historical tribute to the military men and women of our country and organized by fourth grade instructors, Mrs. Judi Lyles and Mrs. Kim Cardwell. Thank you staff and students.

Geil Elementary

Attendance Taken at 4:30 PM:

Present Board Members:

Alan Doll

BJ Peters

Absent Board Members:

Dr. Jerry Upp

1. Attendance

Also in attendance were Building Principal Mary Kay Haun, Superintendent Bob Hastings and Business Manager Tim Meisner.

2. Cedar Canyon Septic System Update

Meisner explained that Honey Wagon would be at Cedar Canyon on Monday or Tuesday to determine why the building's septic system is not draining. Director of Maintenance Curt Hanson has installed fencing around the playground to keep students away from the area. Honey Wagon intends to dig up the line to the leach field to determine if there is a blockage or a break in the pipe. Another option may be that the holding tank trap is plugged. If the system needs to be replaced, the district will need to involve an engineer and the EPA. Expected cost for total replacement is approximately \$50,000 and would take around two months.

3. Facility Tour

Haun began the tour by showing a section of broken concrete in front of the building and an uneven section of sidewalk next to the drop off zone. The committee examined the areas and suggested grinding down the uneven sidewalk to make it more even. Additional concrete issues near the gold modular and the steep grade of the modular ramp were also examined. All modular units on this site now have new windows, which was funded through district insurance from a hail storm. The group visited the kitchen, where there is a dip at the entrance door from settling and the counter tops need replaced. Haun pointed out ceiling fans in the gym and stated that she would like to have similar fans placed in the gym at Cedar Canyon to aid in air circulation. Cafeteria tables that were purchased three years ago are working out well. Haun informed the group that there are new sinks in all restrooms.

4. Old Business

Due to colder temperatures, the High School track resurfacing project will take place in the spring of 2014.

Doll asked Haun to provide her opinion on the After School Program. Haun indicated that the Program does cause significant wear and tear on the building and that staffing is an issue. The Board plans to address the Program during a discussion at the next Board meeting.

5. Adjournment

The December Facilities Committee Meeting will be held at Northfield Elementary.

Chairperson

Superintendent

Business Committee Meeting

November 11, 2013 4:30 PM
Central Office

Attendance Taken at 4:30 PM:

Present Board Members:

Mike Brunner
Brian Copsey
Alan Doll

1. Attendance

Also in attendance were Superintendent Bob Hastings, Business Manager Tim Meisner and After School Program Director and Northfield Elementary Principal Betty Smith.

2. Review Bill Listing

An After School Program interest fee for credit card usage was reviewed with Smith. Brunner stated that the report received from Curriculum & Assessment Director Terri Martin would be too difficult to cross reference with the bill list so he asked if notes could be added on purchase order "memo" sections to confirm that the Curriculum Committee has approved the purchase in question, which Meisner said would be possible. The purchase of a Ben-Q Board that was paid for out of an activities account was discussed and an explanation of the various "activity" accounts was provided. Copsey inquired about a uniform replacement schedule and fundraiser purchases were discussed. A discussion about allocating proceeds from fundraisers while working with the district budget ensued. The Committee offered to provide guidelines if desired. The purchase of a professional camcorder for classroom use was reviewed. This purchase was made through a Perkins Grant, which was approved by Martin. Subscription Licenses for the IT Department were reviewed. Copsey expressed an interest in reviewing the technology budget. Meisner explained why the district continues to receive invoices from Ideal Linen. He also explained that the district has installed a washing machine and clothes dryer so district staff can now launder various items in-house.

Motion Passed: passed with a motion by Mike Brunner and a second by Alan Doll.

Mike Brunner	Yes
Brian Copsey	Yes
Alan Doll	Yes

3. Review Financial Reports

Due to time constraints, Meisner said that he would email a new cash flow report to Committee members.

4. Discussion about Elementary Classroom Holiday Parties

Superintendent Hastings said that he and his administrators plan to spend a half day at each building to monitor what happens during classroom parties. Brunner expressed his concern with classroom parties being held during allocated reading, math, and science time. The quantity of classroom parties was also discussed.

5. After School Program Quarterly Report

Smith reviewed a Quarterly Report on the After School Program. The report provided information regarding generated funds and number of participating students at each building. Grant information was reviewed; the deadline for anticipated participation is November 24th. Smith provided her overall view of

program: staffing is an issue, meeting regulations for both the grant and Health & Human Services is difficult, collecting money for the program is a monthly issue, wear and tear on the buildings is extensive, and discipline of students is tough. Since the YMCA lost the grant, Gering has held the program for the past 5 years. Smith confirmed that the other district principals would be in favor of discontinuing this program. Possible suggestions included utilizing part time staff to run the program, opening up the program to local day care providers, having each principal run their own program, privatizing the program with an RFP, continuing the program without grant funding, or asking the YMCA to take over the program again. Smith displayed a copy of the extensive evaluation forms that are required to maintain the grant. Hastings proposed discussing this item during the next regular board meeting.

6. Cedar Canyon Septic Tank Update

Meisner explained that he and Director of Maintenance Curt Hanson had met with staff from the Honey Wagon, who indicated that there is a chance that a septic system pipe that leads to the leach field may be crushed or cracked, which may be why the system is not draining. They will try to excavate the pipe and collection unit to determine if they are plugged. If it is merely a pipe replacement, it could be repaired next week and Hanson is expected to get a quote from a local contractor. Worst case scenario would be that the field is saturated and replacement costs could rise to a minimum of \$50,000 and could take approximately two months. Architects, an engineer and the EPA would then need to be involved as well. Doll suggested contacting Brian Sweeney to act as the district engineer. Meisner said that he will update the committee when more is known. Hastings reminded the committee that they may need to meet to approve needed expenditures.

7. Old Business

7.1. Lunch Balance Report

Brunner stated that there are still many lunch account balances that are over \$10.00. The district's policy states that if a lunch account balance reaches \$10.00, the student is not allowed to charge additional lunches. The committee suggested writing up each building principal who allows this policy to be violated. Another option would be to have each building principal pay for those accounts out of their building budget. It was confirmed that ICampus (district software) sends out message to parents if their lunch account is getting low on funds. Students are still provided with a meal if they cannot pay.

7.2. High School Yogurt Machine

Meisner explained that the individual who sold a yogurt machine that is not working to the district has requested a meeting. Meisner stated that he will visit with this individual within the week.
