10.1. Recognition of Accomplishments

Superintendent Hastings explained that the Recognition of Accomplishments section of the Board Agenda will be revamped beginning in September of 2014. Each school will have the opportunity to highlight and showcase building events, activities and staff/student accomplishments. This will create an atmosphere where principals, teachers and students can share information about special programs and will provide the Board a meaningful opportunity to recognize staff and students.

10.2. High School Daily Schedule Changes Report

High School Principal Eldon Hubbard distributed a handout in reference to a new High School schedule. He indicated that he has been seeking a way to add time to schedule beyond the required 1,080 hours. During the past year, the High School dismissed classes for a day for district speech, which cut instructional hours close to the minimum requirement. After a careful review of available programs, Hubbard looked at the advisory period that is utilized at the Freshman Academy and developed a plan for the High School that would use advisory time effectively. If implemented, advisory classes would offer one teacher to every 16 students and would provide academic support, self directed reading, citizenship training, class meetings and John Baylor test prep strategies while building interpersonal relationships with the kids without taking time away from classes. This time could also be utilized for school spirit activities. The new schedule means classes would start earlier and end later to accommodate the addition of a 20 minute advisory period. The length of this period could potentially be lengthened in the future. The new schedule would also provide a cushion if

needed for snow days or other schedule changes. Currently, the High School offers 1,148 instructional hours. Assistant Principal Seiler informed the board that extracurricular clubs are assigned two week periods where they are in charge of providing positive spirit at the building level. Seiler distributed aptitude materials that the Waverly District has been using for the Board to review. These materials follow Gering's purpose and mission, as well as goals, and can help build social skills, character and communication skills. Seiler hopes that GPS students are well prepared when they leave Gering High School and wants them to be employable at that time. Nebraska is the first state in the country to address career ready standards. The senior class will utilize habits and attitudes for leadership. This will teach disciplines in a focused way and requires minimal teacher prep. Seiler successfully worked with an aptitude transition program with at-risk sophomores students during their lunch period last year. This same program will be offered to all sophomores next school year. The junior class will work with an aptitude book focused on leading others. Seiler urged the board to visit a website to view testimonials regarding the program. The Nebraska Department of Education also endorses these programs. Two district teachers have attended training in Kearney, Nebraska and will hold a training seminar for other district staff. The program will be distributed to teachers at the end of July for their review prior to the beginning of school. Doll expressed support of this new schedule and asked how the success of it will be measured. Hubbard explained that it should be evident in student attitudes, ACT scores and reading scores. He also feels that the local community that employs students will be able to offer feedback regarding student responsibility, respectfulness, dependability and appropriateness. Hubbard explained that other issues needing attention include school-wide management issues including tardiness, DECA sales, food in the classroom, cell phone usage and student attire.

10.3. Curriculum Committee Meeting Report

Due to the absence of the Director of Curriculum the committee did not meet in June.

10.4. Facilities Committee Meeting Report

Upp explained that the Facilities Committee met and concentrated on maintenance issues at the elementary buildings. The group reviewed priorities and needs at each school. Concrete work will take place at Geil Elementary and lighting and windows will be examined throughout the district. Security systems similar to the one being utilized at the Freshman Academy will be named as a district-wide priority. Peters informed the board that the track has been successfully resurfaced.

10.5. Business Committee Meeting Report

Copsey stated that the Business Committee met to review financial statements. Specific topics discussed included the cafeteria balance, school lunch balances and bills that needed to be approved. Doll provided a "kudos" to the business office for securing more detailed explanations on purchase orders.

10.5.i.2. Fund Balances

10.5.i.3. Schedule of Investments Held

10.5.i.4. Financial Statement

10.6. Personnel Committee Meeting Report

Winn stated that the Personnel Committee met on June 12th. Hastings provided updates on hiring, certified staff, the softball coach position, legislative updates, and the Superintendent Transparency Act, which goes into effect on July 1, 2014. The central office staff has been working on a certified staff handbook. The new tech integration specialist will be based at the central office and will report directly to the Superintendent and the Director of Curriculum & Assessment.

10.7. Superintendent's Report

Hastings explained that he attended a law conference in Kearney and provided a recap of topics, including LB907 (the "Ban the Box" law) where hiring agencies are no longer allowed to ask if an applicant has been convicted of a criminal offense beyond a misdemeanor prior to determining if they are qualified for a position. This change takes place on July 1, 2014. The Superintendent Transparency Act will also take effect July 1, 2014. A copy of the Superintendent's contract will be available for viewing on the district website. A copy will also be provided to NDE for their records. Hastings explained that LB923 regarding suicide awareness, prevention and education training will be provided to appropriate staff. Tornado drills will also occur a minimum of twice per school year. Banning of e-cigarettes and all vapor products has been included in all tobacco free workplace policies and will be included in staff and student handbooks. Hastings stated that the TEOSA formula (instructional time allowance and teacher education allowance) is sunsetting. Next year it will be good for 50% of the value, then it will be gone completely. Hastings reviewed summer maintenance projects, including the track project, recarpeting and repainting of the High School library, concrete work being done at Geil Elementary and the installation of carpet throughout the district. All certified positions have been filled, however there is one contract yet to be approved by the Board. This will take place in July. There will be hearings and an opportunity for public comment at the July Board Meeting. NASB will be in Gering on July 9th and will host a triad of workshops. Frahm will attend the workshop for Administrative Assistants and Business Manager Meisner, along with Hastings, will attend the workshop regarding the new negotiations software. Candidates running for a seat on the Board of Education were also invited to attend the workshop for new board members.

11. **Executive Session for the sole purpose of discussion of a negotiations and personnel item.**

12. **Action Items**

12.1. Recommendation to approve student handbooks for the 2014-2015 school year.

Brunner inquired as to the change regarding the number of days a student can miss. The change was from a specific number of days to "habitually truant", which will give administration more flexibility when determining if the county attorney needs to be contacted. The ban of all vapor products has been included in all handbooks and tobacco free policies. Hastings explained that the upcoming

strategic planning sessions may initiate changes to district handbooks in the future.

- 12.2. Discuss, consider and take all necessary action with regard to a proposed addendum to the Superintendent's Contract of Employment to establish the salary thereof for the 2014-2015 contract year.

13. **Tentative Committee & Meeting Dates**

The next Curriculum Committee meeting has yet to be determined, as it is pending the schedule of the Director of Curriculum & Assessment. The Facilities Committee meeting date has yet to be determined. The Personnel Committee meeting is scheduled at 4:30pm on July 7, 2014. The Business Committee meeting is scheduled at 4:30pm on July 14, 2014. Hastings is working on finalizing the list of participants for the upcoming strategic planning sessions. At this time it looks like the sessions will take place at the Harms Center.

14. **Board Comments**

7.2. School Resource Officer Presentation

Chief George Holthus and Freshman Academy Assistant Principal Kraig Weyrich, along with Captain Jason Rodgers, High School Assistant Principal Shawn Seiler and High School Principal Eldon Hubbard, met and discussed the cooperative efforts, implementation and utilization of a School Resource Officer (SRO). This group met with board committees prior to presenting the concept to the full board. The project would involve placing an experienced full time Gering police officer in the school buildings for nine months out of the year. This individual will be responsible in assisting both students and staff with law violations, developing relationships between the students and the police department, and facilitating communications between the district and law enforcement. Research has shown that the key to this type of program is placing the right individual in the position. District staff would be involved in the selection process. The SRO could also participate in crisis planning, drills, education and policy review. The individual can provide a primary response, assist personnel with violations and can be a resource to the school community. Training will be provided specific to building needs. They will work closely with counselors, can explain legal ramifications and can assist and facilitate HHS interviews with students. The SRO will also act as a liaison between the Juvenile Detention Center, the probation office and the school district. Benefits to the district if this position is implemented could include an increased perception of safety in the buildings, deterrence of law violations, faster response time, facilitation with issues and this individual will become a positive role model for the students. Benefits to the Gering Police Department could include a reduced workload to officers, they

would have one of their own in the school buildings, an improved image of the police department from students, improved police service to 19% of Gering population (the students) and education to the community on police relevance. Seiler stated that 286 incidents occurred this year that involved police involvement. Hastings reminded all that incidences of school violence are on the rise in suburban, upper-middle class districts. He believes that the implementation of this position will benefit the district greatly and will make the schools a safe place by providing a better learning environment by alleviating stress on staff and students. Gering PD will establish parameters and protocols with the Sheriff's Department to monitor Cedar Canyon Elementary. The school district will fund 50% of this position and the police department will fund 50% of this position, which is expected to cost \$37,000 to \$45,000 annually including benefits. Overtime will be covered by either party, depending on the reason. The district will provide office space and computer access and the City will provide a uniform, a vehicle and maintenance, insurance and personalized equipment. The entities will apply for a federal grant in June to offset associated costs. The position will be implemented in October of 2014.

7.3. Wonders Language Arts Program Presentation

Elementary Principals Mary Kay Haun, Betty Smith and Pam Barker presented a brief review of the new language arts program for 3rd, 4th and 5th grades that will soon be implemented. The trio distributed information and presented an overview of the Wonders curriculum. After training for two and a half days with a consultant, they held a conference call with Norfolk and are excited to apply student's skills and knowledge to build upon their strong foundations. A video was shown to the board about the program's core components. The district expects to begin the program with actual books but will eventually evolve into the technology component. Wonders was chosen because it addresses NeSA standards and students can apply their previous reading skills to this program. The principals encouraged the board to view other videos that are available for additional information. An example of a daily instructional plan was provided for review and the importance of having all kids receive grade level instruction was discussed. Board members were invited to the buildings to view progress. An additional two days of training will take place in the fall and teachers will have access to the materials to they can review it over the summer. Sixth grade will be adopting Pearsons Curriculum. Peters expressed his support of this program and is excited for the opportunity to present it to the students.

7.4. Curriculum Committee Meeting Report

Peters said that the Curriculum Committee received an update on a recently conducted technology audit from staff from ESU in Kearney. The district's core network infrastructure is in fairly good shape, although additional work will need to be completed in the area of communication. The district plans to implement more regular meetings to ensure no issues slip through the cracks. Assessment has been completed. There will be no Curriculum Committee meeting in June.

7.5. Facilities Committee Meeting Report

Upp stated that the Facilities Committee met and concentrated on creating a list of priorities for the Jr. High and Freshman Academy. This building is in decent shape when compared to other district priorities. Major issues in the district are at the High School. Business Manager Tim Meisner confirmed that summer maintenance has been scheduled.

7.6. Business Committee Meeting Report

Copsey was absent for the Business Committee so Brunner explained that they met with Meisner to review the bill listing, the trial balance summary and preliminary numbers for state aide. This committee will be working with the Facilities Committee to determine priorities from a financial standpoint.

PUBLIC COMPLAINTS

The Board recognizes that concerns regarding the operation of the school district will arise. The Board further believes that constructive criticism can assist in improving the quality of the education program and in meeting individual student needs more effectively. The Board also places trust in its employees and desires to support their actions in a manner that frees them from unnecessary or unwarranted criticism and complaints.

Procedures for dealing with complaints concerning programs or practices should be governed by the following principles:

- where action/investigation is desired by the complainant, or where it seems appropriate, the matter should be handled as near the source as possible;
- complaints should both be investigated and, if possible, resolved expeditiously;
- complaints should be dealt with courteously and in a constructive manner; and,
- individuals directly affected by the complaint should have an opportunity to respond.

| Specific procedures for handling complaints ~~may be~~ established in policies. The Board, consistent with its Board policy-making role, will deal with complaints concerning specific schools, programs or procedures only after the usual channels have been exhausted. Complaints regarding employees or complaints by students will follow the more specific policies on those issues.

| When a complaint requiring attention is received by the Board or a Board member, it will be referred to the superintendent. After all of the channels have been exhausted, the complainant may appeal to the Board by requesting a place on the Board agenda or during the public audience portion of the Board meeting. If the complainant appeals to the Board, the appeal shall be in writing, signed and explain the process followed by the complainant prior to the appeal to the Board.

PARENT RELATIONS GOALS

It is the general goal of the district to foster relationships with parents that encourage cooperation between the home and school in establishing and achieving common educational goals for students. The Board believes parents should be active participants in education by demonstrating interest in and support for their school and the district, by becoming informed about their role as partners in education, and by becoming involved in the education of their children. ~~and~~

While parents are individually responsible for their children, the district provides direct services of education and indirect services of child care for students during the time when they are within the supervision of school personnel. Consistent with these shared responsibilities and as appropriate to the maturity of the student, members of the school staff will consult with parents regarding student progress and achievement, methods to enhance student development, and matters of correction.

Additionally, parental involvement in the schools is encouraged through regular communication with the school principal and staff, the parent/teacher organizations, the school volunteer program, and other opportunities for participation in school activities and district programs. It is assumed that the relationship described in the general goal is fostered if the district will:

- consult with and encourage parents to share in school planning, in setting objectives, and in evaluating programs;
- help parents understand the education process and their role in promoting this process;
- provide for parent understanding of school operations;
- provide opportunities for parents to be informed of their child's development and the criteria for its measurement. ~~and~~
- ~~• help parents improve in their role as parents.~~

PARENTAL INVOLVEMENT IN THE SCHOOLS

It is the policy of the district to provide full access to the parent of any student of the district to review textbooks, tests, curriculum and instructional materials; records of a student of any such parent, unless otherwise prohibited by law; and to any surveys of students done by the school district. Summary information regarding the district's curriculum, testing, and surveys will be provided at the beginning of each school year. Requests for access to specific instructional materials should be addressed to the teacher or building principal.

Requests by parents to attend and monitor courses, assemblies, counseling sessions and other instructional activities shall also be made to the building principal or teacher. While requests to monitor are usually granted, if the request is denied, reasons for the denial will be provided.

It is the policy of the district to provide as consistent an experience as possible in all classroom instruction, testing, surveys, and other school experiences. It is the policy of the district not to excuse students from classroom instruction, testing, and other school experiences unless an objection is submitted to the building principal or teacher outlining the specific experience, the basis for the objection and a proposed solution for dealing with the objection that would be satisfactory to the parent.

The request for the student to be excused will be reviewed by the building principal and a decision provided to the parents. While verbal objections and decisions are valid, written follow-up to verbal communications is required from the parent and the principal. If a student is excused from the requested activity, no penalty will be assessed; but an agreed upon alternative activity must be performed to the satisfaction of the teacher and principal.

It is the policy of the district to use only testing methods and testing instruments that are generally recognized by educational professionals to be within sound educational standards and both educationally and academically appropriate. It is the policy of the district to notify parents of any standardized testing that may be scheduled within the school district.

It is the policy of the district to notify parents of any survey that may be scheduled and to conduct student surveys judiciously, with full consideration of the fact that parents may find items of the survey objectionable.

The parent or guardian of a student may have access to that student's records during normal business hours of the district according to Policy 507.01 Student Records Access.

~~This policy is adopted following a public hearing to receive public comments and suggestions.~~

COMMUNITY RELATIONS GOALS

The school-community relations program is a responsibility of both the Board of Education and the total school staff. Within the bounds of legal and ethical responsibilities to pupils, the school district will attempt to keep the community well informed about the operations and needs of the school district. The school district recognizes the necessity of involving citizens in the work of the schools and of two-way communications with the schools' internal and external publics.

The Board will work closely with school district-community groups, including, but not limited to, the booster club and parent-teacher organizations. The Board expects all district staff to demonstrate commitment to the involvement of parents and community members in education.

Prior to any purchase of, or fund raising for, goods or services for the school district, the group shall confer with the administration to assist the group in purchasing goods or services to meet the school district's needs.

Funds raised by these groups for the school district may be kept as part of the accounts of the school district.

It shall be the responsibility of the building principal to be the liaison with the school district-community groups affiliated with the building principal's attendance center.

**GERING PUBLIC SCHOOLS
GERING, NE**

COMMUNITY INVOLVEMENT IN DECISION MAKING

The Board endorses the concept that community participation in school affairs is essential if the school system and the community are to maintain mutual confidence and respect and work together to improve the quality of education for students. ~~The Board~~ therefore intends to exert every effort to identify the community's desires and to be responsive, through its actions, to those desires.

All district citizens will be encouraged to express their ideas, concerns and judgments about the schools through such means as: (1) written suggestion(s) or proposal(s); (2) presentations at hearings; (3) responses to surveys made through interviews, written instruments or other means; (4) comments at Board meetings; and (5) service on citizens' advisory committees and school improvement teams.

The public advice will be given careful consideration. In evaluating such advice, the first concern will be for the educational program as it affects students. The Board's final decisions may depart from public advice when, in the judgment of staff and the Board, such advice is not consistent with goals adopted by the Board or with good educational practice or within available financial resources.

COMMUNITY RESOURCE PERSONS AND VOLUNTEERS

The Board recognizes the valuable resource it has in the members of the school district community. When possible and in concert with the education program, members of the school district community may be asked to make presentations to the students or to assist employees in duties other than teaching. The school district may officially recognize the contributions made by volunteers.

Recruitment, training, utilization, and the maintenance of records for the purposes of insurance coverage or recognition of school district volunteers are responsibilities of the superintendent or designee.

VISITORS TO SCHOOL

The Board encourages parents and other district citizens to visit the school and classrooms at any time to observe the work of students, teachers and other employees. All visitors, which includes persons other than employees or students, must notify the principal of their presence in the facility upon arrival and request authorization to visit elsewhere in the building.

Persons who wish to visit a classroom while school is in session are asked to notify the principal and obtain approval from the principal prior to the visit so appropriate arrangements can be made and so class disruption can be minimized. Teachers and other employees shall not take time from their duties to discuss matters with visitors.

Visitors shall conduct themselves in a manner fitting to their age level and maturity and with mutual respect and consideration for the rights of others while attending school events. Visitors failing to conduct themselves accordingly may be asked to leave the premises. The Board and administration will not tolerate any person or persons whose presence disturbs classes or school activities or hinders the instructional process. Children who wish to visit school must be accompanied by a parent or responsible adult.

It shall be the responsibility of employees to report inappropriate conduct. It shall be the responsibility of the superintendent and principals to take the action necessary to cease the inappropriate conduct. If the superintendent or principals are not available, a school district employee shall act to cease the inappropriate conduct.

The Board discourages using the school as a site for parents without custody to visit their children. The principal may deny the parent without custody the opportunity to deliver packages, gifts, messages, etc., to the child and/or to see the child during the school day without the approval of the custodial parent or legal guardian. In this paragraph, "without custody" means the parent lacks joint legal custody under Nebraska law.

- Injure or threaten to injure another;
- Damage the property of another or of the district;
- Violate parking regulations;
- Drive a vehicle in an unsafe manner;
- Impede, delay or otherwise interfere with the orderly conduct of the district's educational program or any other activity taking place on district property that has been authorized by the Board, superintendent, principal or other authorized administrator;
- Enter any portion of district premises at any time for purposes other than those that are lawful and authorized by district officials;
- Possess an unauthorized loaded or unloaded firearm or any other instrument used as a dangerous or deadly weapon as defined in law and Board policy;

- Wear, possess, use, distribute, display or sell any clothing, jewelry, emblem, badge, symbol, sign or other things that are evidence of membership or affiliation in any gang. Use speech or commit any act or omission in furtherance of the interests of any gang or gang activity. A "gang" is defined as a group that identifies itself through the use of a name, unique appearance or language including hand signs, claiming of geographical territory or the espousing of a distinctive belief system that frequently results in criminal activity;
- Conduct business or promote sales for any purpose unless authorized by the administration;
- Willfully violate other district rules and regulations designed to maintain public order on school property.

Spectators are permitted to attend extracurricular activities only as guests of the school district, and, accordingly as a condition of such permission, they must comply with the school district's rules and policies. Spectators will not be allowed to interfere with the enjoyment of the students participating, other spectators or with the performance of employees and officials supervising the extracurricular activity. Spectators, like the student participants, are expected to display mature behavior and sportsmanship. The failure of spectators to do so is not only disruptive but embarrassing to the students, the school district and the entire community.

To protect the rights of students to participate without fear of interference, and to permit the sponsors and officials of extracurricular activities to perform their duties without interference, the following provisions are in effect:

- Abusive; verbal or physical conduct of spectators directed at participants, officials or sponsors of extracurricular activities or at other spectators will not be tolerated.
- Verbal or physical conduct of spectators that interferes with the performance of students, officials or sponsors of extracurricular activities will not be tolerated.
- The use of vulgar or obscene language directed at students, officials or sponsors participating in an extracurricular activity or at other spectators will not be tolerated.

If a spectator at an extracurricular activity becomes physically or verbally abusive, uses vulgar or obscene language, or in any way impedes the performance of an activity, the spectator may be removed from the event by the individual in charge of the event; and the superintendent may recommend the exclusion of the spectator at future extracurricular activities.

Upon recommendation of the superintendent, the Board shall cause a notice of exclusion from extracurricular activities to be sent to the spectator involved. The notice shall advise the spectator of the school district's right to exclude the individual from school district activities and events and the duration of the exclusion. If the spectator disobeys the school district's order, law enforcement authorities will be contacted and asked to remove the spectator. If a spectator has been notified of exclusion and thereafter attends an extracurricular activity, the spectator shall be advised that his/her attendance will result in prosecution.

Persons having no legitimate purpose or business on district property or violating or threatening to violate the above rules may be ejected from the premises and/or referred to law enforcement officials.

DISTRIBUTION OR POSTING OF MATERIALS

In order to prevent undue interruption of school time, personnel and resources, distribution or posting of non-school-related materials is prohibited in district schools and on district property at all times.

The Board recognizes that students, employees, parents or citizens may want to distribute materials within the school district that are noncurricular. Noncurricular materials to be distributed must be approved by the building principal and meet district goals and objectives.

It shall be the responsibility of the superintendent, in conjunction with the building principals, to draft administrative regulations regarding this policy.

Materials shall be reviewed based on legitimate educational concerns. Such concerns include: the material is or may be defamatory; the material is inappropriate based on the age, grade level and/or maturity of the reading audience; the material is poorly written, inadequately researched, biased or prejudiced; the material contains information that is not factual; the material is not free of racial, ethnic, religious or sexual bias; or the material contains advertising that violates public school laws, rules and/or policy; is deemed inappropriate for students or that the public might reasonably perceive to bear the sanction or approval of the district.

The superintendent or designee shall determine distribution procedures for noncurricular materials. Such procedures may include:

1. Distribution to each student before or after class if materials are not directly related to the instructional goals;
2. Notification to students or parents of the availability of the materials in a specified location if this procedure is deemed less disruptive to the educational process; or
3. Solicitation of school-related groups such as parent organizations to distribute materials.

The practice of distributing pamphlets, booklets, flyers, brochures and other similar materials shall be periodically reviewed to ensure that the mere volume of requests has not become an interruption to the educational process.

The facilities, the staff or the students of the district shall not be used in any manner to advertise or promote commercial, cultural, organizational or other nonschool interests except that the district may:

1. Utilize films and other instructional aids furnished by private sources when the advertising content is reasonable in the judgment of the building principal;
2. Cooperate through announcements and distribution of program material with nonprofit community organizations that supplement the school program when such cooperation will not interfere with the school program;
3. Permit participation on a student option basis in essay, art, science and similar contests sponsored by outside interests when such activities parallel the curriculum and contribute to the educational program;
4. Release promotional material for nonschool athletic and cultural events only through appropriate school departments;
5. Accept limited advertising on extracurricular activity schedules and programs at the discretion of the principal of the school involved;
6. Permit other exceptions when, in the judgment of the superintendent, students of the district will benefit. The superintendent may, at his/her option, refer specific cases to the board for decision.

Signs and Banners: Signs and banners will be allowed in or upon buildings and other district facilities only with the prior written approval of the building principal with consideration for the health, safety and welfare of staff and students.

The following guidelines shall be applied in considering requests to display signs or banners:

1. Signs and banners on sticks require special authorization;
2. Signs and banners fastened to any structure of a building or structures immediately adjacent to an open space shall not be allowed without specific prior written permission;
3. Signs and banner presenting recognizable health or safety hazards are prohibited;
4. Signs and banners presenting false information shall be prohibited.

Advertising displayed under contract for monetary or in-kind contributions, i.e., scoreboards, computers, and other equipment or materials with a value of more than ~~\$2000.00~~ ~~1000.00~~ must have board approval.

Mutual Respect

The Gering Public Schools expects every staff member and student to be treated with respect and dignity. A show of disrespect toward a staff member or insubordination on the part of the student will not be tolerated.

Multicultural Policy

Multicultural education is the identification, selection and infusion of specific knowledge, skills and attitudes for the following purposes:

- affirming the culture, history and contributions that shall include but not be limited to African Americans, Asian Americans, Hispanic Americans and Native Americans;
- challenging and eliminating racism, prejudice, bigotry, discrimination and stereotyping based on race;
- valuing multiple cultural perspectives; and
- providing all students with opportunities to "see themselves" in the educational environment in positive ways and on a continuing basis.

To promote and support multicultural education within Gering Public Schools, it shall be the policy and practice of this district to create opportunities for all students to achieve academically and socially in an educational environment in which all students and staff understand and respect the racial and cultural diversity and interdependence of members of our society.

Complaint Procedures

The proper procedures for a parent or student to make complaints or raise concerns about school staff or the school programs or activities are set forth below. Other procedures exist to address discrimination or harassment, the bullying of students, and to challenge disciplinary actions, and such other procedures should be used to address those types of concerns.

1. **Complaint Procedure:**
Step 1. Have a scheduled conference with the staff person involved in the complaint matter.
Step 2. Appeal to the Principal if the matter is not resolved at Step 1.
Step 3. Appeal to the Superintendent if the matter is still unresolved at Step 2.
Step 4. Appeal to the Board of Education if the matter is still unresolved at Step 3. Written appeal should be made within five (5) days of the Superintendent’s decision.
Step 5. If the complaint is regarding a federal program, and has not been resolved at the district level, the initiating party should contact the Director of Student Services. The Director of Student Services will provide the initiating party information on how to forward the complaint to the Nebraska Department of Education.

Using these procedures, the needs and desires of all parents can be met. It is the desire of all administrators and teachers to solve all problems at the building level whenever possible. Please remember that we stand ready to visit with you. We are more than willing to explain our position on a problem, and we will listen to your concerns.

All complaints shall be in writing, and no anonymous correspondence will be considered by the Board of Education.

2. **Conditions Applicable to All Levels of Complaint Procedure:**
All information to be considered at each appeal step should be placed in writing in order to be most effective. Appeal decisions shall be expedited as quickly as possible. A decision at any level should be rendered within ten (10) calendar days, unless a legal hearing is requested or required.

SCHOOL DAY

Daily Schedule (Kindergarten through 6th grade)

Building Time		Early Dismissal (Wednesdays)
•Northfield Elementary	7:40am to 3:15pm	2:00pm
•Lincoln Elementary	7:50am to 3:25pm	2:10pm
•Geil Elementary	8:00am to 3:35pm	2:20pm
•Cedar Canyon	7:50am to 3:25pm	2:10pm

These times are tentative and are subject to change.

Breakfast will be served 30 minutes prior to the start of the school day.

Supervision for all children will be provided at the school building approximately 10 minutes prior to the start of each school day. For safety purposes, we are, therefore, requesting that children not arrive any earlier than 10 minutes before the start time of their particular building and leave school grounds immediately after unless attending after-school programs or requested to stay by the principal or classroom teacher.

Severe Weather and School Cancellations

The Superintendent of schools is authorized by the Board of Education to close public schools in case of severe weather. Representatives of the Superintendent's staff will notify local news media when inclement weather warrants such action. The information is broadcast regularly by local radio and television stations.

Decision to Close Schools. A decision to close school is made when forecasts by the weather service and civil defense officials indicate that it would be unwise for students to go to school. If possible, a decision about the next school day will be made by 9 p.m. for announcement during the 10 p.m. news. An early decision is not always possible because of uncertain weather conditions. School officials will make periodic assessments of conditions during the night and will decide early in the morning (by 6 a.m. if possible). In any case, **an announcement will be made to the news media when schools will be closed.** In some instances, schools will be open, but certain services may be cancelled (bus transportation, kindergarten, student activities). Students and parents will want to pay special attention to which public school district and/or building is being closed.

After School Starts. Every attempt will be made to avoid closing school once classes are in session. In some instances closing school during the day is inevitable if children are to safely return home before the brunt of a major storm hits. In these cases as much advance notice as possible will be given to parents. If school is closed during the day, the notice will be broadcast by the media and **parents should have a plan in place to accommodate these circumstances. At the beginning of each school year you will be asked to provide the school with a plan for your child to follow in the event that this should occur.**

Parental Decisions. **Parents may decide to keep their children at home in inclement weather because of personal circumstances.** Students absent because of severe weather when school is in session will be marked absent. The absence will be treated like any other absence for legitimate causes, provided parents properly notify the school of their decision. Parents may pick up their children in inclement weather at any time during the school day. Students will not normally be dismissed from school during severe weather on the basis of a telephone request.

What Not To Do. Parents should not attempt to come to school during a tornado warning. **School officials are not permitted to release students from the school building during a tornado warning.** Tornado safety procedures are practiced regularly by students and staff members. Also, parents are urged not to call radio and television stations and school buildings during severe weather. Every effort will be made to provide accurate and timely information through the media.

Emergency Conditions. Gering Public Schools has a signal which, when activated, includes the necessity to either evacuate the building or to move to safer areas of the building. All regular drills are held as required by law through the school year. There are plans for Emergency Exit system, Tornado Warning System, and Critical Incident Response.

Emergency Procedures

In case of an emergency, it is absolutely necessary for school personnel to be able to contact the parents of a child or someone who knows the child. Therefore, it is very important that telephone numbers and addresses be kept up-to-date. If possible, an emergency phone number where a parent or guardian can be contacted at all times should be listed with the school. Unlisted numbers are becoming more frequent, and they handicap the school in contacting parents. The school will not release an unlisted number to any individual, so please list a telephone number with the school. If the situation warrants, a Messenger call may go out explaining the emergency situation to parents.

At the beginning of the school year you will be asked to provide the school with emergency contact information.

Change of Address and Telephone Numbers

It is CRITICAL THAT EVERY PARENT report a change of address and/or phone number to the elementary office as soon as possible.

Live Broadcast or Videotaping

Individuals may broadcast or videotape public school district events, including open Board meetings, as long as it does not interfere with or disrupt the school district event and it does not create an undue burden in adapting the buildings and sites to accommodate the request.

It shall be within the discretion of the superintendent to determine whether the request is unduly burdensome and whether the broadcast or videotaping will interfere with or disrupt the school district event.

Videotaping of classroom activities will be allowed at the discretion of the administration.

News media coverage of sports and other special events is encouraged. Radio broadcasts of events will be arranged through the Activities Director.

Video Surveillance

The Board of Education has authorized the use of video cameras on School District property to ensure the health, welfare and safety of all staff, students and visitors to District property, and to safeguard District facilities and equipment. Video cameras may be used in locations as deemed appropriate by the Superintendent.

Notice is hereby given that video surveillance may occur on District property. In the event a video surveillance recording captures a student or other building user violating school policies or rules or local, state or federal laws, the video surveillance recording may be used in appropriate disciplinary proceedings against the student or other building user and may also be provided to law enforcement agencies.

Notice is further given that students and members of the public may photograph, video or otherwise record students and others at events open to members of the public. The School District may take action to prohibit or limit such recording when determined to be appropriate. However, the School District cannot give assurance that such recording will not occur. As such, those who attend events open to members of the public are deemed to consent to such recording.

BUILDING AND GROUNDS

Visitors

Parents are encouraged to visit school. Visits in a classroom should generally not exceed one hour in length, and the visitor should be an observer and not a participant in the learning process. Teachers and principals appreciate knowing in advance that you plan to visit. Visitation just prior to or after a holiday is not very beneficial to parents or the classroom teacher and is discouraged.

Visitation by students from outside the District and pre-school children visitations are discouraged. To assist teachers with beginning school in the fall and in closing school in late spring, the school asks that no visitations be made during the first two (2) weeks and last two (2) weeks of a school year.

All visitors must report to the principal's office sign in, and receive a visitor's badge before entering a classroom and upon leaving the building.

Students wishing to visit Gering Elementary Schools must call the office 24 hours in advance and arrange for a guided visit of the school.

Smoke-Free Environment

Gering Public Schools declares all of our school buildings and grounds to be smoke-free. We would appreciate your help in meeting the goal of a smoke- and tobacco-free environment for our children. When you attend school events, including athletic events, please remember that our grounds are smoke-and tobacco-free and abide by our District's policy.

Care of School Property

Students are responsible for the proper care of all books, equipment, supplies and furniture supplied by the school.

Students, who disfigure property, break windows or do other damage to school property or equipment will be required to pay for the damage done or replace the item. The administration reserves the right to determine the amount of all fines.

Fines on books are determined according to the following criteria:

Lost Book:	Replacement cost
Missing one or both covers:	Same as lost book
Loose Cover/Broken Binding:	\$1.00
Missing Page:	50 cents per page (up to replacement cost)
Torn Page:	20 cents per page (up to replacement cost)
Marks that cannot be erased:	20 cents per mark (up to replacement cost)

Students must pay all fines before they can receive school publications and final grades.

Searches

Searches within the school building or on school grounds will be authorized by the principal when there are circumstances that would cause a reasonable person to believe that the search of a particular person, place, or thing will lead to the discovery of the following:

1. Evidence of a violation of the student conduct standards contained in the policies of the Board of Education or a violation of federal, state or local laws.
2. Anything which, because of its presence, presents an immediate danger of physical harm or illness to any person.

Locker/Desk/Storage Area

All lockers and other storage areas on school premises remain the property of the issuing agency and are provided for the use of the students and are subject to inspection, access for maintenance, and search pursuant to this policy. No student shall lock or otherwise impede access to any locker or storage area except with a lock provided by or approved by the principal of the school in which the locker or storage area is located. Unapproved locks will be removed.

1. The principal, or a member of the administrative staff and a faculty witness, will search a locker and its contents when the person conducting the search has reasonable cause to conduct the search.

A. Personal Searches

The principal, or another member of the administrative staff designated in writing by the principal and acting at the direction of the principal, will search the person of a student while on the school premises and/or during a school activity if the principal has reasonable cause to conduct a search of that student for a violation of the policy herein. Searches of the person of a student shall be limited to the following:

1. Searches of the pockets of the student
2. Searches of the shoes and socks of the student
3. Any object in the possession of the student, such as a purse or backpack.
4. A "pat down" of the exterior of the student's clothing

More extensive searches of the person of a student than those enumerated above shall be conducted in a private room by a person of the same sex as the student being searched and witnessed by one other person of the same sex as the person being searched. Searches of the person of a student which requires removal of clothing other than coat or jacket and shoes and socks shall be conducted only upon grounds of probable cause.

B. Custody of Evidence

Anything found in the course of a search conducted in accordance with this section, which is evidence of a violation of the student conduct standards, may be:

1. Seized and admitted as evidence in any suspension or expulsion proceeding if it is tagged for identification at the time it is seized and kept in a secure place by the principal or the principal's designee until it is presented at the hearing.
2. Turned over to a law enforcement officer in accordance with the subsection of this regulation entitled "Involvement of Law Enforcement Officers."

C. Involvement of Law Enforcement Officers

Except in cases of extreme danger to life or property, or when notification is not possible through reasonably diligent efforts, the parent of any student shall be notified prior to requesting police to conduct a search of the person. In those instances when notification is not possible prior to requesting police to conduct the search, the student's parents shall be notified as soon as is reasonably possible thereafter. Upon finding probable cause for a search, the principal, or a member of the administrative staff designated in writing by the principal, may request the assistance of a law enforcement officer to conduct the following:

1. Search any area of the school premises, any student, or any motor vehicle on the school premises.
2. Identify, retain, or dispose of contraband found in the course of a search conducted in accordance with this section.

Bicycles/Scooters

Children riding bicycles or scooters to school should park them in the bicycle rack or area designated by the principal. Bicycle racks are not supervised at all times during the day; therefore, for protection against theft, a method of locking the bicycle or scooter to the bicycle rack is a necessity. Although school administrators and teachers are interested in protecting the property of students, they cannot assume responsibility for items such as bicycles or scooters for which they cannot provide supervision throughout the day.

Bicycles and scooters are to be ridden directly from home to the bicycle rack and vice versa when the school day ends. No bicycles or scooters are to be ridden on the playground or other school property, except when going to and from the bicycle rack.

Student Valuables

Students, not the school, are responsible for their personal property. Students are cautioned not to bring large amounts of money or items of value to school. If it is necessary to bring valuable items or more money than is needed to pay for lunch, leave the money or valuables with a staff member in the school office for temporary and safe keeping. Even then, the school is not in a position to guarantee that the student's property will not be subject to loss, theft, or damage. Administration has final authority on all items brought to school.

Lost and Found

Students who find lost articles are asked to take them to the office where the articles can be claimed by the owner. If articles are lost at school, report that loss to office personnel.

Accidents

Every accident in the school building and/or on the school grounds must be reported immediately to school personnel.

Insurance

INJURIES AT SCHOOL

The Gering Public Schools does not pay for medical bills for students injured at school or while participating in extracurricular activities. The school provides information and enrollment forms for parents wishing to purchase medical insurance through an independent insurance company which is not affiliated with the Gering Public Schools. Parents are encouraged to review the insurance material.

Copyright and Fair Use Policy

It is the school's policy to follow the federal copyright law. Students are reminded that, when using school equipment and when completing course work, they also must follow the federal copyright laws. The federal copyright law governs the reproduction of works of authorship. Copyrighted works are protected regardless of the medium in which they are created or reproduced; thus, copyright extends to digital works and works transformed into a digital format. Copyrighted works are not limited to those that bear a copyright notice.

The "fair use" doctrine allows limited reproduction of copyrighted works for educational and research purposes. The relevant portion of the copyright statute provides that the "fair use" of a copyrighted work, including reproduction "for purposes such as criticism, news reporting, teaching (including multiple copies for classroom use), scholarship, or research" is not an infringement of copyright. The law lists the following factors as the ones to be evaluated in determining whether a particular use of a copyrighted work is a permitted "fair use," rather than an infringement of the copyright:

- the purpose and character of the use, including whether such use is of a commercial nature or is for nonprofit educational purposes;
- the nature of the copyrighted work;
- the amount and substantiality of the portion used in relation to the copyrighted work as a whole, and
- the effect of the use upon the potential market for or value of the copyrighted work.

Although all of these factors will be considered, the last factor is the most important in determining whether a particular use is "fair." Students should seek assistance from a faculty member if there are any questions regarding what may be copied.

Toxic Substance Control Act

Gering Public Schools annually conducts asbestos inspections in its facilities as required by Section 203 of Title 2 of the Toxic Substance Control Act, 15 U.S.C. 2643. Management plans requiring those inspections are available for your review in the principals' offices and in the Central Administration Office at ~~4800-Eighth~~ [1519 10th](#) Street, Gering, Nebraska during regular business hours.

ATTENDANCE

Attendance Policy

Field Code Changed

Regular and punctual student attendance is required. The Board's policies require such attendance, the administration is responsible for developing further attendance rules and regulations, and students and parents are responsible for developing behaviors which will result in regular and punctual student attendance.

Attendance and Absences

Field Code Changed

Absences From School - Definitions. An absence from school will be reported as: (a) an excused absence or (b) an unexcused absence.

1. Excused Absences. Absences should be cleared through the Principal's office in advance whenever possible. An absence or tardy, even by parental approval, may not be excused. All absences, except for illness and/or death in the family, require advance approval. An absence for any of the following reasons will be excused, provided the required procedures have been followed:
 - (A) Attendance at a funeral for a member of the immediate family (parents, siblings, and grandparents),
 - (B) Illness which causes a student to be absent from school,
 - (C) Doctor or dental appointment which require student to be absent from school,
 - (D) Court appearances that are required by a court order and the student is not responsible for needing to be in court,
 - (E) School sponsored activities which require students to be absent from school,
 - (F) Family trips in which student accompanies parent(s)/legal guardian(s),
 - (G) Other absences which have received prior approval from the Principal.

The Principal has the discretion to deny approval for the latter two reasons, depending on circumstances such as the student's number of other absences, the student's academic status, the tests or other projects which may be missed, and in the case of a family trip, whether the trip could be taken during non-school time and the educational nature of the trip.

2. Unexcused Absences: An absence which is not excused is unexcused. If a student's absence is unexcused the student may receive zeros for any class work missed during the absence, and may be required to make-up work and the time missed.

A student who accumulates unexcused absences may be considered truant as per state law, Neb. Rev. Stat. § 79-201 to 79-209. Truancy is a violation of school rules. The consequence of such action may include suspension from classes and the student may be required to make up the time missed. Students who leave the school premises without permission during the school day will be considered truant.

Absence Procedure. A student will not be allowed to enter class after an absence until an admit slip, based upon a written or verbal parental excuse, or a conditional admit slip, is issue by the Principal's office. A conditional admit slip, good for two days, may be issued to allow time to bring an excuse, in case no excuse has been provided upon returning to school. Work must be made up within the time allowed on the admit slip. Students missing classes for school activities must present a completed activities dismissal slip to the sponsor before being allowed to leave for the activity.

For excused absences, two school days will be allowed to make up the work for each day missed with a maximum of ten (10) days allowed to make up work. If requested, assignment sheets will be prepared for students who are ill. If parents and/or students request assignment sheets, the school should be contacted by no later than 8:00 a.m.

For unexcused absences, the student will receive a failing mark for or in each class period missed.

Reporting and Responding to Truant Behavior. In all school districts in this state, any superintendent, principal, teacher, or member of the school board who knows of any violation of section 79-201 on the part of any child of school age, his or her parent, the person in actual or legal control of such child, or any other person shall within three days report such violation to the attendance officer of the school, who shall investigate the case. When of

his or her personal knowledge, by report or complaint from any resident of the district, or by report or complaint as provided in this section, the building Principal believes that any child is unlawfully absent from school, the Building Principal shall immediately investigate.

Excessive Absenteeism. Students who accumulate five (5) absences in a quarter shall be deemed to have "excessive absences." Such absences shall be determined on a per day basis for elementary students and on a per class basis for secondary students. When a student has excessive absences, the following procedures shall be implemented:

1. One or more meetings shall be held between a school attendance officer, school social worker, or other person designated by the school administration and the parent/guardian and the student to report and attempt to solve the truancy problem. If the parent/guardian refuses to participate in such meeting, the principal shall place in the student's attendance records documentation of such refusal.
2. Educational counseling to determine whether curriculum changes, including but not limited to, enrolling the child in an alternative education program that meets the specific educational and behavioral needs of the child.
3. Educational evaluation, which may include a psychological evaluation, to assist in determining the specific condition, if any, contributing to the truancy problem, supplemented by specific efforts by the school to help remedy any condition diagnosed.
4. Investigation of the truancy or excessive absenteeism problem by the school social worker, or another person designated by the administration to identify conditions which may be contributing to the problem. If services for the child and his or her family are determined to be needed, the person performing the investigation shall meet with the parent/guardian and the child to discuss any referral to appropriate community agencies for economic services, family or individual counseling, or other services required to remedy the conditions that are contributing to the truancy or excessive absenteeism problem.

Reporting Habitual Truancy. If the child is ~~absent more than twenty days per year or the hourly equivalent~~ habitually truant, the building Principal ~~shall~~ will file a report with the county attorney of the county in which such person resides. The county attorney may file a complaint against a person violating section 79-201 before the judge of the county court of the county in which such person resides charging such person with violation of section 79-201 or may file a petition under the Nebraska Juvenile Code alleging the person violating section 79-201 is a juvenile described in subdivision (3)(a) or (3)(b) of section 43-247. Nothing in this section shall preclude a county attorney from being involved at any stage in the process to address excessive absenteeism.

Sec. 20. Section 79-2104, Revised Statutes Cumulative Supplement, 2010

Formatted: Highlight

Formatted: Highlight

Tardiness

Students will be considered tardy to school if they are not seated in their assigned class or ready and attentive in their assigned area five minutes after the first bell rings. Students who arrive after the first bell rings, but before 10:00 a.m. will be considered tardy. Five tardies will equal one absence. Students arriving after 10:00 a.m. will be considered absent for a half day. Students arriving after 1:00 p.m. will be considered absent for a full day.

Leaving School

Students who must leave school for any reason during the school day must check out at the office before leaving. Students leaving school must be cleared in advance by a note or phone call from the student's parent or legal guardian. Upon returning to school that same day, students are expected to sign in at the office. A sheet will be available on the office counter for this purpose. Appointments with doctors and/or dentists should be scheduled outside the regular school day.

Make-up Work

When a child returns to school after an absence, all make-up work should be completed as soon as possible. Generally, a student will be allowed two days to make-up work for one day missed, except when make-up work must be completed sooner because it is impeding the child's progress. For example, if a student is absent for two (2) days, he/she will have four (4) days to make-up the missed work before being required to give up recesses and other free time. Chronic absentees or students who have failed to make-up work in the past may be required to stay in at recess or at lunchtime immediately upon their return to school from an absence.

Parents should work closely with the teacher to make the task of make-up work as easy and profitable as possible for the returning student. If an absence is anticipated, arrangements should be made for the make-up work prior to the absence.

SCHOLASTIC ACHIEVEMENT

Reporting to Parents

It is very important for students and parents to be informed about the student's progress in school. To understand themselves, to capitalize on their strong points and to remedy any weaknesses; students need to know what their strengths and weaknesses are. In order for parents to work cooperatively with the school in supporting educational endeavors, they need to know how their son or daughter is progressing, and they need information on the educational program. For these reasons, a good reporting system is a necessity.

The following procedures will be followed in reporting to parents:

1. Kindergarten through sixth grade will have two parent-teacher conferences during a school year. These conferences will be scheduled for parents at the end of the first nine (9) weeks of school and again at the end of the third nine (9) week period. In addition to scheduled parent-teacher conferences, individual conferences may be scheduled when a need exists or upon the request of the parent.
2. Report cards will be issued at the end of each nine (9) week period. When conferences are scheduled, at the end of a nine (9) week period, report cards will be given to parents during the conference. At the end of the other nine (9) week periods, report cards will be sent home with students. The school calendar included in this handbook designates the dates when each nine-week period ends. Report cards will generally be issued the following Thursday. Please remember these important dates.

Grading System

The grading system for the Gering Public School District is:

A	94 to 100	Superior Work
B	86 to 93	Above Average
C	78 to 85	Average
D	70 to 77	Below Average
F	Below 70	Failure
WF	Withdrawn/Failing	No Credits, no GPA
WP	Withdrawn/Passing	No Credits, no GPA
I	Incomplete	
P	Passing	No GPA

Promotion and Retention

The Gering Public School's administration and teachers have an interest in each individual student and all staff members are willing to work with students and parents to insure that academic progress is achieved. When academic progress has not been achieved, the decision must be made as to whether or not to retain the child in a grade for another year. The following policy will be followed when considering the promotion or retention of a child:

Generally speaking, the District does not support retention of a student in the same grade for the next school year. Several significant factors should be considered and certain procedures should be followed during the retention process if it is considered:

1. The attitude of principals and teachers toward promotion and retention must be positive so that the best interests and the future of the student are the primary consideration for decisions regarding grade placement.
2. In reaching a decision to retain a child, the teacher and/or principal, and when necessary, the school psychologist and specialists involved, should study all available data before a decision is reached.
3. Poor attendance and physical and emotional immaturity may be justification for retention.
4. Teacher judgment should always be a prime factor in reaching a decision to retain a child; however, to help the teacher, principal, and specialist reach this decision, achievement test results may be considered.
5. The final responsibility for the promotion or retention of an individual student rests with the principal as with any other official action taken within his/her school.
6. As the study of all factors is carried out to determine whether to promote or retain a child, close contact with parents should be maintained. Conferences with teacher, principal, and parents involved are necessary.

School-Wide Title I

Students who receive a good education have a better chance for being successful in life. Title 1 is a federally funded program that helps students achieve academic standards and improve their scholastic performance.

Schools that meet income requirements can use Title 1 money to improve the whole school through a school-wide program. That means all students can benefit from Title 1. Geil, Lincoln, Northfield and Cedar Canyon elementary schools qualify for school-wide Title 1 programs. Each of these four buildings has a comprehensive plan to ensure high quality learning and continuous school improvement. The program currently focuses on the area of reading. It supports the Direct Instruction curriculum used in the district by providing more staff, materials, and professional development.

Parents are encouraged to be involved with the school and their children's education. This can be done by reading newsletters and notes, attending meetings and parent-teacher conferences, volunteering some time to the school, reviewing and updating the parent policy, pledging to support learning at home by signing the

compact, and participating in activities sponsored by the school.

Positive Behavior Support (PBS)

In order to ensure a safe learning environment for all students, the school staff is committed to the following:

- Using a positive, preventative, and educational approach to student behavior
- Having a plan with clear direction for staff
- Explicitly teaching student behavior expectations
- Empowering all staff to implement the plan
- Students taking responsibility for their own behavior
- Using natural and logical consequences when behavior problems occur
- Seeking parent support for appropriate student conduct and disciplinary procedures

In order to carry out the philosophy and beliefs stated above, our school has chosen to implement the Positive Behavior Support (PBS) model. PBS is a program designed to teach students to build a more positive school-wide atmosphere. The ultimate goal is to teach students to be self-managers, who encourage and challenge each other to higher behavioral and academic standards. This is accomplished through the use of clear expectations which are explicitly taught, regularly acknowledged and fairly corrected. Students are “set-up” for success in school.

Behavior Intervention Support Team (BIST)

BIST is an evidenced based program adopted by the Gering School District to help staff implement the following systems.

- A communications system of regular meetings, checklists for student/administrator referral, informal feedback and check ups.
- A proactive, rather than reactive, behavior system which fits with the goals of Positive Behavior Support.
- A common language which builds and develops responsibility.
- Safe places where students who are in trouble can go to process and get help.
- Mentors who will support teachers of difficult students. (Mentors can be teachers – colleagues, volunteers and others).
- A behavior intervention team of school staff to give back-up for teachers and administration.

BIST operates on these basic life goals:

- I can do what I don't want to do.
- I can be productive and follow directions even when I don't want to.
- I can be angry or upset and make good choices.
- I can be okay when others are not okay.

Response-to-Intervention (RtI)

RtI is a system of service delivery designed to provide effective instruction for all students using a comprehensive and preventive problem solving approach. It employs a tiered method of instructional delivery, in which the core curriculum addresses and meets the needs of most students (Tier 1), additional instruction is provided for those needing supplementary support (Tier 2), and intensive and individualized services are provided for the students who continue to demonstrate more intensive needs (Tier 3). At its foundation, RtI includes measuring the performance of all students, and basing educational decisions regarding curriculum, instruction, and intervention intensity on student response to instruction.

Twin Cities Alternative Program (TCAP) Discovering Accountability with Guidance & Support (DAWGS)

~~Twin Cities Alternative Program (TCAP) is a joint venture between Scottsbluff Public Schools and Gering Public Schools. TCAPDAWGS is an alternative to an out of district placement. It is an intensive behavior program for students in grades K-6th whose behavior is the primary disruption for their learning. TCAP-DAWGS is an option~~

used only when exhaustive interventions have been implemented without success in the child's general/resource program.

The mission of the program is to provide a positive environment with clear expectations and immediate, consistent feedback to assist students in developing appropriate behavior management skills. **TCAP-DAWGS** believes that students should be served in the least restrictive environment allowing for academic and behavioral success.

Along with academic skills, students in **TCAP-DAWGS** will participate in individual and group social skills counseling. These skills provide the student with the necessary social guidance that is relevant to their success in **TCAP-DAWGS**, as well as in their home schools.

Students attending **TCAP-DAWGS** will be provided behavior intervention through the use of the Behavior Intervention Support Team (BIST), Crisis Prevention Institute strategies, and a four tier leveling system. When a student has completed the requirements for transition, the IEP team will consult with the student, parents, and home school concerning the transition.

The targeted population for this program includes students who have a current verification according to their Individual Educational Plan. Students will only be considered for this placement when it has been determined that all other interventions and placement options have been exhausted.

The program is located **on the north side of the Junior High School at Lincoln Elementary**. Classes are held from approximately 8:03 a.m. to 3:00 p.m. daily. For more information, contact **Candy Hubbard Barb Ehrhart**, Director of Student Services.

Special Education Identification and Placement Procedures

What Does Special Education Mean?

Special education means specially designed instruction, curriculum and services, through the use of staff, facilities, equipment and classrooms which have been adapted to provide special instruction for students with disabilities. In addition, special education provides the support services necessary for evaluation, placement and instruction for students with disabilities. These services are free to parents, unless they elect to place their child in a program other than one approved by the school district.

How are Students With Disabilities Identified?

The first step is for parents to provide written permission to have their child evaluated. The request for permission will include a description of the action to be taken and a description of each evaluation procedure. Written statements showing the results of the evaluation and the reasons for placement in a special education program must be kept on file. Within 30 days after a student has been verified as having a disability, a conference will be held with parents. Advance notice will be given. At the conference, an Individual Education Program (IEP) will be developed.

Students Who May Benefit

A student verified as having autism, behavior disorder, hearing impairment, mental handicap, orthopedic impairment, other health impairment, specific learning disability, speech language impairment, traumatic brain injury, or visual handicap may be placed in regular education with support services or may benefit from a special education classroom or service.

Independent Evaluation

If a parent disagrees with an evaluation completed by the school district, the parent has a right to request an independent educational evaluation at public expense. Parents should direct inquiries to school officials to determine if the school district will arrange for further evaluation at public expense. If school district officials feel the original evaluation was appropriate and the parents disagree, a due process hearing may be initiated. If it is determined that the original evaluation was appropriate, parents still have the right to an independent educational evaluation at their own expense.

Re-evaluation

Students identified for special education will be re-evaluated at least every three years by the IEP team. The IEP team will review existing evaluation data on the student and will identify what additional data, if any, are needed. The school district shall obtain parental consent prior to conducting any re-evaluation of a student with a disability.

Individual Education Program (IEP)

Each student with a disability must have a written IEP prepared by the staff in cooperation with parents specifying programs and services which will be provided by the schools. If necessary, the district will arrange for interpreters or other assistants to help parents in preparing and understanding the IEP. Once in place, the program is reviewed on a regular basis with the parent.

An IEP is developed in a conference setting. Parents will be notified of the persons who will be in attendance. The IEP conference shall include at least the following:

1. A representative of the school district;
2. An individual who can interpret the instructional implications of evaluation results;
3. One or both parents or guardian;
4. The child (when appropriate);
5. At least one regular education teacher if the child is, or may be participating in the regular education environment;
6. At least one special education teacher;
7. A representative of the nonpublic school if the child is attending a nonpublic school;
8. A representative of a service agency if the child is receiving services from an approved service agency; and
9. Other individuals, at the discretion of the parent or school district.

It is permissible for parents to bring other persons to the IEP meeting, but it is a good idea to inform the school before the scheduled meeting. The school district will provide parents with a copy of the IEP.

Special Education Placement

The student's placement in a special education program is dependent on the student's educational needs as outlined in the Individual Education Program (IEP). The school district must assure that students with disabilities are educated with students who do not have disabilities, to the maximum extent possible. Students with disabilities may be placed in special classes, separate schools or other situations outside the regular educational environment when the nature of the child's needs require specialized educational techniques which are not available in current settings. Determination of a student's educational placement will be made by a team of persons who know the student and who understand the tests and procedures that assess the student's learning abilities. Parents are asked for written consent to determine whether or not they approve the educational placement recommended for their child. If the parent does not speak English or is hearing impaired, an interpreter may be requested. Written notice shall be given to parents a reasonable time before the school district: 1) Proposes to initiate or change the identification, evaluation, verification or educational placement of a child or the provision of a free appropriate public education; or 2) Refuses to initiate or change the identification, evaluation, or educational placement of the child or the provision of a free appropriate public education to the child.

Transportation of Students Receiving Special Education

The district special education staff will make arrangements for transportation for eligible students to the extent such is required by the student's IEP. Students assigned to special education programs requiring attendance at schools outside their regular attendance area will be transported. Special conditions may warrant that special education students receive transportation to their assigned schools. If parents are dissatisfied with a transportation decision, they may contact the Superintendent for a review.

Access to Student Records

Parents have the right to inspect and review any education records relating to their child which are collected, maintained or used by the school district in providing educational services.

Parental Review of Programs

Parents who want to review their child's placement for any reason should request an IEP team meeting. If parents are not satisfied with the results of the conference, they may appeal to the Nebraska Department of Education for a formal hearing to be conducted by a state hearing officer. Parents dissatisfied by the findings

and decisions made in a state level hearing have the right to bring civil action.

Plans and Budget

With the exception of personally identifiable student records, district special education plans and budgets are available for public inspection.

This is a summary of the Gering Public Schools district plan for special education students. Anyone interested in obtaining a copy of the complete district policy or a copy of the Nebraska Department of Education Rule 51 (complaint procedures) or Rule 55 (appeal procedures) may contact the Director of Student Services at the Gering Public Schools District Offices.

Student Assistance Team (SAT)

The staff of Gering Elementary Schools recognizes that students can have experiences that may affect their academic and social life. The primary goal of the SAT Team is preventative in nature, designed to help students before their experiences become overwhelming. Experiences may include:

Depression	Dropping Out
Students Not Living at Home	Abuse
Divorce	Time Management
Eating Disorders	Suicide
Self Esteem	Test Anxiety
Death	Under Achievement
Single Parent Families	Failing Grades
Absenteeism/Tardiness	

Students in need of information or help may be referred by various concerned individuals including: self, peers, family, or school staff. Referral forms can be obtained from any staff member. Completed forms should be returned to the counselor. After the referral, information will be gathered to help identify the problem(s) the student is experiencing. The SAT Team will then meet to formulate an appropriate plan of action.

Team members may include the parent, student, teacher, guidance counselor, Title I teacher, Special Education teacher, psychologist and/or administrator. Team members will consider possible options to resolve the student's problem.

For specific information regarding the SAT process, please contact your building principal or the Director of Student Services.

Guidance Services

Gering Public Schools employs guidance counselor(s) for the purpose of assisting with the District's testing program and to assist with scheduling and attendance and for students to discuss problems and resolve conflicts in classroom visits, small group counseling, and individual counseling. If you wish to see a counselor, stop by a counselor's office and make arrangements for an appointment.

Health Program

As defined by the National Association of School Nurses, school nursing is a specialized practice of professional nursing that advances the well being, academic success, and life-long achievement of students. School nurses facilitate positive student responses to normal development; promote health and safety; intervene with actual and potential health problems; provide case management services; and actively collaborate with others to build student and family capacity for adaptation, self management, self advocacy, and

learning.

The school nurse role:

- Provides resources and guidance in the areas of disease and infection control practices at school.
- Assures student compliance with state and local regulations related to health and safety (Immunizations; Health Screens)

Parents and/or Guardians are responsible for the health care of their child, while the school is available to assist, assess, and monitor that care during regular school hours. Parents and/or Guardians are responsible for notifying the school of their student's:

- Chronic or Acute health related diseases, conditions, and/or issues (For example, severe allergies, diabetes, epilepsy, asthma, urinary or bowel issues, etc)
- Recent physical, vision, and/or dental exams.
- Updated immunizations. (Records are reviewed annually and summary report sent to Nebraska State Health Department.)

- Updated emergency contact information and a plan/arrangements in place if parent/guardian is unable to pick up his/her ill child from school and/or when child is ill and needs to stay home

The Gering School District employs nurses who cover the district's facilities. Each school location has a First Responder Team and staff who are CPR/First Aide/AED certified, Attack on Asthma and Medication Administration trained to assist as the schools are not staffed with a fulltime nurse. Basic first aide will be administered to a student; if more extensive care is needed, then the parent/guardian (or emergency contact) will be notified.

Health Screenings

Health Screenings will be performed as recommended by the Department of Health and Human Services. Parents/Guardians will be notified in writing if medical, dental, vision, audiology, or other follow-up is

recommended after the screening is completed.

Medication Administration Policy

It is recognized that for effective treatment of chronic and/or acute illnesses, medication might need to be administered during school hours. A student who is required to take medication during the regular school day must comply with medication administration policy. The policy has been developed for the safety of the student receiving the medication and for the safety of all students. Medication will be administered by the school nurse, a registered Medication Aide, or other school staff member meeting the minimum competency standards for the Medication Aide Act.

In order for school personnel to administer prescription medication to a student, it is necessary to have **a doctor and/or health care provider's authorization and written order** and a **parent/guardian's authorization**. Medication **must** be brought to school in the original labeled prescription bottle by parent/guardian with proper label including child's name, health care provider's name, drug name, and instructions for use (time, dosage, duration). The authorization must be renewed on an annual basis and/or if the prescription changes. **Loose capsules, tablets, unidentified or non-labeled medication will not be accepted for administration.** **Medication will not be administered without the above authorization and information.**

A record of the medication administration will be kept for each student receiving medication including the student name; medication name; instructions for use; name and initials of person who administered medication; date, time and route of administration; drug count with signature of school personnel and parent/guardian verify count; and documentation of unusual circumstances, actions, or omissions. Administration of medication records shall be kept confidential. Records shall be available to the Department of Health and Human Services Regulation and Licensure, the Department of Health and Human Services, and the State Department of Education.

Over-the-counter medication (such as Tylenol, ibuprofen, cough drops, saline eye drops, hydrocortisone cream, triple antibiotic ointment, insect sting swab, topical cooling gel) may be given with parents'/guardians' permission by trained school personnel by signing the pertinent section on Student Health Information form at the beginning of the school year. That permission releases Gering Public Schools and employees from liability in case of choking, allergic reaction, side effects and/or health risks related to the medication. Parents/guardians may also supply over-the-counter medication for their student to be kept at the school.

Medication will be kept in a secured area. Students may carry medication only with the approval of the parents

and building principal and the appropriate paperwork completed. Emergency protocol for medication-related reactions will be in place. Medications must be picked up by an adult on the last day of school, or they will be disposed of.

Schools are not staffed with a full-time nurse. The student has a responsibility to remember to report to office at medication administration time.

The superintendent shall be responsible, in conjunction with the school nurse or medication aide, for developing rules and regulations governing the administration of medication, prescription and nonprescription, including emergency protocols, to students and for ensuring persons administering medication have met the requirement of state statutes. Annually, each student shall be provided with the requirements for administration of medication at school.

Emergency Response to Life-Threatening Asthma or Systemic Allergic Reactions (Anaphylaxis)
Protocol (NDE- Title 92 NAC Chapter 59)

The Nebraska State Board of Education mandated that this protocol to be adopted and implemented in all accredited public schools, approved nonpublic schools and early childhood education programs. Through Attack on Asthma Nebraska and the Nebraska Department of Education certain staff members are trained to respond to anyone experiencing a life-threatening asthma or anaphylaxis emergency at school.

The Emergency Protocol includes:

1. **CALL 911**
2. *Summon school nurse if available. If not, summon designated trained, non-medical staff to implement emergency protocol*
3. *Check airway patency, breathing, respiratory rate, and pulse*
4. *Administer medications (EpiPen® and Albuterol) per standing order*
5. *Determine cause as quickly as possible*
6. *Monitor vital signs (pulse, respiration, etc)*
7. *Contact parents immediately and physician as soon as possible*
8. *Any individual treated for symptoms with epinephrine at school will be transferred to medical facility*

The protocol medication is kept on school grounds, and therefore will not be available at field trips, etc. If you do not want your student to receive this protocol, then please contact the school nurse.

Student Fees

The Board of Education of Gering Public Schools has adopted a student fees policy in accordance with the Public Elementary and Secondary Student Fee Authorization Act.

The District's safe and drug free schools program is established in accordance with principles of effectiveness as required by law to respond to such harmful effects.

Comprehensive Substance Abuse Policy

PHILOSOPHY

All students have the right to attend school in a drug free environment conducive to good learning. The use of illicit drugs, alcohol, or other substances is not only illegal; but it interferes with both effective learning and the healthy development of young people. The educational system has a fundamental and ethical obligation to prevent drug abuse and maintain a drug free and safe educational environment, not only throughout the schools, but also in all school related activities.

STUDENT CONDUCT AND DISCIPLINE

High School Activities

Elementary students are welcome at all high school sporting events. There are, however, no elementary students sections at these activities. Students are to sit in the stands with an adult. Students are not to be dropped off at an event without adult supervision. If a student attends an event and is running around without supervision the parent will be contacted and an adult will need to pick him/her up. Students may also have activity passes taken away for the rest of the year if it is warranted.

Conduct and Discipline

Students in the Gering Elementary Schools are expected to conduct themselves in such a manner as to reflect credit to the school system and their families. Failure to do so will result in corrective action by school officials.

The Gering School officials feel that a child should, at all times, show proper respect for school property, personnel and fellow students. The majority of students show this respect, but to insure that all students comply, it is necessary to have certain rules and regulations.

Each elementary school and classroom teacher will specify to students reasonable rules and regulations which will apply in the classroom, lunchroom, halls and on the playground. Compliance with these regulations is required and will enhance the education of all students.

The Administrative Regulations of the Gering Public School District outlines the procedures to be followed in cases where disciplinary action is a necessity. These regulations are approved by the Board of Education and govern action in all of the elementary schools. The following is a direct quote from the Gering Public Schools Regulations:

Administrative Regulations

STUDENT DISCIPLINE

The primary objective of the public schools is the education of children and youth. It is recognized that this objective can be best realized with students who are happy, well-adjusted, law abiding and healthy young citizens. Unfortunately, not all children and youth are socially adjusted to the extent that they conform to the recognized standards of good conduct. It is sometimes necessary for the schools to take disciplinary action, not only for the sake of the individuals who do not obey the laws and regulations of society generally, the schools particularly, but for the sake of other students. In this regard, every teacher in the public schools shall hold students to strict account of their conduct on or in close proximity to the school grounds, on the playground and during an intermission, recess, field trips and all other school sponsored activities.

In the maintenance of a sound-learning environment, the District shall expect acceptable behavior on the part of all students who attend school in the district. Discipline shall be enforced fairly and consistently, regardless of race, creed, sex, color, age or national origin. Such discipline shall be consistent with applicable federal and state laws.

The overall responsibility for discipline and the welfare of the student is assumed by the principal. The principal will handle extreme behavioral cases. The imposition of serious discipline on any student, including but not limited to suspension from interscholastic activities, suspension from school, and expulsion shall be governed by the provision of the Disciplinary Procedures for Students in the Gering Public School District as adopted by the Board of Education.

The primary responsibility for discipline in the classroom rests with the teacher. The teacher shall use reasonable and professional judgment in controlling and maintaining order and in administering prudent disciplinary measures.

Discipline Policy

1. **Short Term Suspension On Campus**
Under this condition students shall be isolated from their regular classes. They shall get their assignments from their respective teachers immediately after school. They shall work in isolation under the supervision of an administrator or his/her designee. They shall get permission from their supervisor for rest room privilege or library privilege and they may or may not be accompanied to see that these privileges are not abused. Library privilege provides only getting necessary materials and it does not include loitering and working in the library.

2. Short Term Suspension Off Campus

The student is suspended from school during school hours but may come in for assignments immediately after school. While under suspension, students are not eligible to take part in school activities. Short-term suspension can be made for a period of time not greater than five (5) school days.

Conditions and procedures for assigning short term suspensions:

The principal must make an investigation by checking or having another check with the involved teacher or teachers and the involved student or students. The principal may then suspend the student(s) if he/she feels that is for the best interest of the student(s), or, if this is necessary for a more orderly operation of the school.

Within 24 hours, or such time as is reasonable following the suspension, the principal must:

- Send a written statement to student, student's parent(s) or guardian describing the student's conduct or violation of rules.
- Give reason for the action taken.
- Confer with parent(s) or guardian, before, or at the time the student returns to class(es) or school.

9. Sexual misconduct.
10. Sexually assaulting or attempting to sexually assault any person.
11. The use of language, written or oral, or conduct, including gestures, which is profane or abusive to students or staff members.

Temporary removal will be used if the student's conduct presents a threat to the students or to others.

An emergency suspension will be made if the student has a dangerous disease, or his/her conduct presents a threat to the physical safety of the school community or is very disruptive.

Procedure for emergency suspension:

- Suspension shall not last longer than necessary to avoid the threats of emergency.
- If longer than five (5) days, there must be substantial compliance with the procedures provided for long-term suspension.

Student Appearance

Students at Gering Public Schools are expected to dress in a way that is appropriate for a school setting. Students should not dress in a manner that is dangerous to the health and safety of anyone or interferes with the learning environment or teaching process in our school. The following is a list of examples of attire that **will not be** considered appropriate; **this list is not inclusive of all items which may be excluded:**

- a. Clothing or jewelry that is gang related;

- b. Clothing that shows an inappropriate amount of bare skin or underwear (midriffs, spaghetti straps, sagging pants);
- c. Clothing or jewelry that advertises beer, alcohol, tobacco, or illegal drugs;
- d. Clothing or jewelry that could be used as a weapon (chains, spiked apparel) or that would encourage "horse-play";
- e. Head wear including hats, caps, bandannas, and scarves;
- f. Clothing or jewelry that exhibits nudity, makes sexual references or carries double meanings.

Harassment and Bullying

All Gering Public Schools employees and students have the responsibility to keep school administrators informed, through the most confidential and direct means possible, of any alleged acts and/or complaints of sexual/ethics harassment **or bullying**. It is the responsibility of each school district administrator, principal, teacher, and supervisor to provide a working and academic environment free of sexual/ethnic harassment or sexual/ethnic intimidation. ***The school district will take prompt action to investigate and act upon all reported instances of alleged sexual/ethnic harassment or bullying, per District guidelines. Harassment is behavior represented in words, pictures or actions that is offensive to a person. Harassment must involve issues of sexuality or ethnicity. Bullying is defined as treating another person abusively by words or actions using force or coercion. These situations will be treated with the utmost confidence, consistent with resolution of the problem. Guidelines established to respond specifically to harassment/bullying behavior are as follows:***

Step One: The first time school personnel become aware of a possible harassment or bullying situation, the accused student will be informed that such a complaint has been filed. At that time a warning will be given regarding this kind of behavior. The consequences for this kind of behavior in the future will be clearly outlined for the student. If, in the school's opinion, the first occurrence of harassment behavior is severe, the school may move immediately to any of the four steps.

Step Two: The second time school personnel become aware of a harassment incident, the student's parents will be notified. A conference will be requested at that time. If it is determined that the student has harassed another student, consequences will be assigned. A student may stay on the second step as long as school authorities feel the consequences are effectively correcting the harassment behaviors. If it is determined that there is no basis for the harassment accusation, no consequences will be assigned. If the school determines that a student is intentionally making a false accusation against another student, an appropriate response will be made.

Step Three: If the school authorities determine that the student continues to harass another student or the student fails to agree to not harass in the future, the school may refer the student to the Child Study Team.

Step Four: If a student fails to respond positively to the corrective measures, the student will be suspended from school for a minimum of five school days, up to expulsion. School authorities will determine the action necessary to insure a safe learning environment for all students.

Gang Activity or Association

For the purpose of these policies, a gang is a group of three or more people who:

- Interact together to the exclusion of others;
- Claim a territory or area;
- Have a name;
- Have rivals/enemies; and
- Exhibit antisocial behavior-often associated with crime or a threat to the community.

The type of dress, apparel, activities, acts, behavior or manner, or grooming displayed, reflected, or participated in by the student shall not:

- Lead school officials to believe that such behavior, apparel, activities, acts, or other attributes are

gang related or would disrupt or interfere with the school environment or activity and/or educational objectives;

- Present a physical safety hazard to self, students, staff members, or other employees;
- Create an atmosphere in which the well-being of a student, staff member, or other person is hindered by undue pressure, behavior, intimidation, overt gesture, or threat of violence; or
- Imply gang membership or affiliation by written communication, marks, drawing, painting, design, or emblem upon any school or personal property or on one's person.

If the student's dress or behavior is in violation of these regulations, the principal or designee will ask the student to make the appropriate correction. If the student refuses, the parent/guardian will be notified and asked to make the necessary correction. The principal or designee will make the final decision and take appropriate corrective or disciplinary action.

PARENTS: We ask you to go over these regulations with your children so they have a safe trip to and from school.

Notification of Rights Under FERPA

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records. They are:

1. The right to inspect and review the student’s education records within 45 days of the day the district receives a request for access. Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. 2. The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate or misleading. Parents or eligible students may ask the school district to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the district decides not to amend the record as requested by the parent or eligible student, the district will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

Notice Concerning Directory Information

The district may disclose directory information. The types of personally identifiable information that the district has designated as directory information are as follows: student’s name, address, telephone listing, electronic mail address, photograph, date of and place of birth, major fields of study, dates of attendance, grade level, enrollment status (e.g., undergraduate or graduate, full-time or part-time), participation in officially recognized activities and sports, weight and height of members of athletic teams, degrees, honors and awards received, and most recent previous educational agency or institution attended. A parent or eligible student has the right to refuse to let the district designate any or all of those types of information about the student as directory information. The period of time within which a parent or eligible student has to notify the district in writing that he or she does not want any or all of those types of information about the student designated as directory information is as follows: two weeks from the time this information is first received. The district may disclose information about former students without meeting the conditions in this section.

Field Code Changed

The district's policy is for education records to be kept confidential except as permitted by the FERPA law, and the district does not approve any practice, which involves an unauthorized disclosure of education records. In some courses student work may be displayed or made available to others. Also, some teachers may have persons other than the teacher or school staff, such as volunteers or fellow students, assist with the task of grading student work and returning graded work to students. The district does not either approve or disapprove such teaching practices, and designates such student work as directory information and as non-education records. Each parent and eligible student shall be presumed to have accepted this designation in the absence of the parent or eligible student giving notification to the district in writing in the manner set forth above pertaining to the designation of directory information. Consent will be presumed to have been given in the absence of such a notification from the parent or eligible student.

Notice Concerning Staff Qualifications

The No Child Left Behind Act of 2001 gives parents/guardians the right to get information about the professional qualifications of their child's classroom teachers. Upon request, Gering Public Schools will give parents/guardians the following information about their child's classroom teacher:

1. Whether the teacher has met State qualifications and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
2. Whether the teacher is teaching under an emergency or provisional teaching certificate.
3. The baccalaureate degree major of the teacher. You may also get information about other graduate certification or degrees held by the teacher, and the field of discipline of the certification or degree. We will also, upon request, tell parents/guardians whether their child is being provided services by a paraprofessional and, if so, the qualifications of the paraprofessional. The request for information should be made to an administrator in your child's school building. The information will be provided to you in a timely manner. Finally, Gering Public Schools will give timely notice to you if your child has been assigned, or has been taught for four or more consecutive weeks by a teacher who does not meet the requirements of the Act.
4. According to requirements of Section 1119 of No Child Left Behind, parents will be notified if their child is being taught for four (4) consecutive weeks or more by a substitute teacher.

Student Privacy Protection

Gering Public Schools protects the privacy of students in accordance with applicable laws which include the following:

Right of Parents to Inspect Surveys Funded or Administered by the United States Department of Education or Third Parties: Parents shall have the right to inspect, upon the parent's request, a survey created by and administered by either the United States Department of Education or a third party (a group or person other than the District) before the survey is administered or distributed by the school to the parent's child.

Protection of Student Privacy in Regard to Surveys of Matters Deemed to be Sensitive: The District will require, for any survey of students which contain one or more matters deemed to be sensitive (see section headed "Definition of Surveys of Matters Deemed to be Sensitive"), that suitable arrangements be made to protect student privacy (that is, the name or other identifying information about a particular student). For such surveys, the District will also follow the procedures set forth in the section entitled: "Notification of and Right to Opt-Out of Specific Events."

Right of Parents to Inspect Instructional Materials: Parents shall have the right to inspect, upon reasonable request, any instructional material used as part of the educational curriculum for their child. Reasonable requests for inspection of instructional materials shall be granted within a reasonable period of time after the request is received. Parents shall not have the right to access academic tests or academic assessments, as such are not within the meaning of the term "instructional materials" for purposes of this policy. The procedures for making and granting a request to inspect instructional materials are as follows: the parent shall make the request, with reasonable specificity, directly to the building principal. The building principal, within five (5) school days, shall consult with the teacher or other educator responsible for the curriculum materials. In the event the request can be accommodated, the building principal shall make the materials available for inspection or review by the parent, at such reasonable times and place as will not interfere with the educator's intended use of the materials. In the event there is a question as to the nature of the curriculum materials requested or as to whether the materials are required to be provided, the building principal shall notify the parent of such concern, and assist the parent with forming a request which can reasonably be accommodated. If the parent does not formulate such a request, and continues to desire certain curriculum materials, the parent shall be asked to make their request to the Superintendent.

Rights of Parents to be Notified of and to Opt-Out of Certain Physical Examinations or Screenings. The general policy and practice of the District is to not administer physical examinations or screenings of students which require advance notice or parental opt-out rights under the applicable federal laws, for the reason that the physical examinations or screenings to be conducted by the District will usually fit into one of the following exceptions: (1) hearing, vision, or scoliosis screenings; (2) physical examinations or screenings that are permitted or required by an applicable State law; and (3) surveys administered to students in accordance with the Individuals with Disabilities Education Act. For physical examinations or screenings which do not fit into the applicable exceptions, the District will follow the procedures set forth in the section entitled: "Notification of and Right to Opt-Out of Specific Events."

Protection of Student Privacy in Regard to Personal Information Collected from Students: The practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information. The District will make reasonable arrangements to protect student privacy to the extent possible in the event of any such collection, disclosure, or use of personal information. "Personal information" means individually identifiable information about a student including: (1) a student or parent's first and last name, (2) home address, (3) telephone number, and (4) social security number. The term "personal information," does not include information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions. This exception includes the following examples: (i) college or postsecondary education recruitment, or military recruitment; (ii) book clubs, magazines, and programs providing access to low-cost literary products; (iii) curriculum and instructional materials used by elementary schools and secondary schools; (iv) tests and assessments used by elementary schools and secondary schools to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about student, or to generate other statistically useful data for the purpose of securing such tests and assessments, and the subsequent analysis and public release of the aggregate data from such tests and assessments; (v) the sale by student of products or services to raise funds for school-related or education-related activities; (vi) student recognition programs.

Parental Access to Instruments used in the Collection of Personal Information: While the general practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information, parents shall have the right to inspect, upon reasonable request, any instrument which may be administered or distributed to a student for such purposes. Reasonable requests for inspection shall be granted within a reasonable period of time after the request is received. The procedures for making and granting such a request are as follows: the parent shall make the request, with reasonable specificity, directly to the building principal and shall identify the specific act and the school staff member or program responsible for the collection, disclosure, or use of personal information from students for the purpose of marketing that information. The building principal, within five (5) school days, shall consult with the school staff member or person responsible for the program which has been reported by the parent to be responsible for the collection, disclosure, or use of personal information from students. In the event such collection, disclosure, or use of personal information is occurring or there is a plan for such to occur, the building principal shall consult with the Superintendent for determination of whether the action shall be allowed to continue. If not, the instrument for the collection of personal information shall not be given to any students. If

it is to be allowed, such instrument shall be provided to the requesting parent as soon as such instrument can be reasonably obtained.

Annual Parental Notification of Student Privacy Protection: The District shall provide parents with reasonable notice of the adoption or continued use of student privacy. Such notice shall be given to parents of students enrolled in the District at least annually, at the beginning of the school year, and within a reasonable period of time after any substantive change in such policies.

Notification to Parents of Dates of and Right to Opt-Out of Specific Events: The District shall directly notify the parents of the affected children, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when any of the following activities are scheduled, or are expected to be scheduled:

The collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information. (Note: the general practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information).

Surveys of students involving one or more matters deemed to be sensitive in accordance with the law and this policy; and,

Any non-emergency, invasive physical examination or screening that is required as a condition of attendance; administered by the school and scheduled by the school in advance; and not necessary to protect the immediate health and safety of the student or of other students. (Note: the general practice of the District is to not engage in physical examinations or screenings which require advance notice, for the reason that the physical examinations or screenings to be conducted by the District will usually fit into one of the following exceptions to the advance notice requirement and parental opt-out right: (1) hearing, vision, or scoliosis screenings; (2) physical examinations or screenings that are permitted or required by an applicable State law, and (3) surveys administered to students in accordance with the Individuals with Disabilities Education Act).

Parents shall be offered an opportunity in advance to opt their child out of participation in any of the above listed activities.

In the case of a student of an appropriate age (that is, a student who has reached the age of 18, or a legally emancipated student), the notice and opt-out right shall belong to the student.

Definition of Surveys of Matters Deemed to be Sensitive: Any survey containing one or more of the following matters shall be deemed to be "sensitive" for purposes of this policy:

1. Political affiliations or beliefs of the student or the student's parent;
2. Mental or psychological problems of the student or the student's parent;
3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incriminating or demeaning behavior;
5. Critical appraisals of other individuals with whom the student has close family relationships;
6. Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
7. Religious practices, affiliations, or beliefs of the students or the student's parent;
8. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

Parental Involvement

A. General - Parental/Community Involvement in Schools

Gering Public Schools welcomes parental involvement in the education of their children. We recognize that parental involvement increases student success. Gering Public Schools fosters and facilitates, to the extent appropriate and in their primary language, parental information about, and involvement in, the education of their children. It is our philosophy to protect the emotional, physical and social well being of all students.

1. Parental involvement is a part of the ongoing and timely planning, review and improvement of district and building programs.
2. Parents are encouraged to support the implementation of district policies and regulations.
3. Parents are encouraged to monitor their student's progress by reviewing quarterly report cards and attending parent-teacher conferences.
4. Textbooks, tests and other curriculum materials used in the district are available for review by parents upon request.
5. Parents are provided access to records of students according to law and school policy.
6. Parents are encouraged to attend courses, assemblies, counseling sessions and other instructional activities with prior approval of the proper teacher or counselor and administrator. Parents' continued attendance at such activities will be based on the students' wellbeing.
7. Testing occurs in this school district as determined to be appropriate by district staff to assure proper measurement of educational progress and achievement.
8. Parents submitting written requests to have their student excused from testing, classroom instruction and other school experiences will be granted that request when possible and educationally appropriate. Requests should be submitted to the proper teacher or administrator within a reasonable time prior to the testing, classroom instruction or other school experience and should be accompanied by a written explanation for the request. A plan for an acceptable alternative shall be approved by the proper teacher and administrator prior to, or as a part of, the granting of any parent request.
9. Participation in surveys of students occurs in this district when determined appropriate by district staff for educational purposes. Parents will be notified prior to the administration of surveys in accordance with district policy. Timely written parental requests to remove students from such surveys will be granted in accordance with district policy and law. In some cases, parental permission must be given before the survey is administered.
10. Parents are invited to express their concerns, share their ideas and advocate for their children's education with board members, administrators and staff.
11. School district staff and parents will participate in an annual evaluation and revision.

B. Title I Parental Involvement

Title I Parental Involvement is established in compliance with the No Child Left Behind Act of 2001. Gering Public Schools parental involvement philosophy is applicable to parents of all children, including parents participating in Title I programs.

Gering Public Schools implements programs, activities, and procedures for the involvement of parents in Title I programs consistent with the Title I laws. Such programs, activities, and procedures shall be planned and implemented with meaningful consultation with parents of participating children.

Expectations for Parental Involvement: It is the expectation of Gering Public Schools that parents of participating children will have opportunities available for parental involvement in the programs, activities, and procedures of the District's Title I program. The term "parental involvement" means the participation of parents in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring—(A) that parents play an integral role in assisting their child's learning; (B) that parents are encouraged to be actively involved in their child's education at school; (C) that parents are full partners in their child's education and are included, as appropriate, in decision making and on advisory committees to assist in the education of their child; and (D) the carrying out of other activities, such as those described in this parental involvement policy. The District intends to meet this expectation through the following activities:

1. Involving parents in the joint development of the District's Title I plan and the processes of school review and school improvement.
2. Providing coordination, technical assistance, and other support necessary to assist participating schools in planning and implementing effective parental involvement activities to improve student academic achievement and school performance.
3. Building the schools' and parents' capacity for strong parental involvement.
4. Coordinating and integrating parental involvement strategies under Title I with parental involvement strategies under other programs.
5. Conducting, with the involvement of parents, an annual evaluation of the content and effectiveness of parental involvement in improving the academic quality of the schools served under the Title I program, including identifying barriers to greater participation by parents in Title I programs, with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background, and use the findings of such evaluation to design strategies for more effective parental involvement, and to revise, if necessary, the parental involvement practices of the District.
6. Involving parents in the activities of the schools served under Title I.

Each school served under the Title I program shall:

1. Convene an annual meeting, at a convenient time, to which all parents of participating children shall be invited and encouraged to attend, to inform parents of their school's participation under the Title I program and to explain the requirements of the Title I program.
2. Offer a flexible number of meetings, such as meetings in the morning or evening. If sufficient funds are provided for this purpose, the District may assist parental involvement in such meetings by offering transportation, childcare, or home visits.
3. Involve parents, in an organized, ongoing, and timely way, in the planning, review, and improvement of Title I programs.
4. Provide parents of participating children: (1) timely information about programs under Title I, (2) a description and explanation of the curriculum in use at the school, the forms of academic assessment used to measure student progress, and the proficiency levels students are expected to meet; and (3) if requested by parents, opportunities for regular meetings to formulate suggestions and to participate, as appropriate, in decisions relating to the education of their children, and respond to any such suggestions as soon as practicably possible.
5. If the District operates a school-wide program under Title I and such plan is not satisfactory to the parents of participating children, submit any parental comments on the plan when the school makes the plan available to the District.

Shared Responsibilities for High Student Academic Achievement: Each school served under the Title I program shall jointly develop with parents for all children served under the Title I program a school-parent compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the State's high standards. Such compact shall: (1) describe the school's responsibility to provide high-quality curriculum and instruction in a supportive and effective learning environment that enables the children served under Title I to meet the State's student academic achievement standards and the ways in which each parent will be responsible for supporting their children's learning, such as monitoring attendance, homework completion, and television watching; volunteering in their child's classroom; and participating, as appropriate, in decisions relating to the education of their children and positive use of extracurricular time; and (2) address the importance of communication between teachers and parents on an ongoing basis through, at a minimum: (i) parent-teacher conferences in elementary schools, at least annually, during which the compact shall be discussed as the compact relates to the individual child's achievement; (ii) frequent reports to parents on their children's progress; and (iii) reasonable access to staff, opportunities to volunteer and participate in their child's class, and observation of classroom activities.

Building Capacity for Involvement: To ensure effective involvement of parents and to support a partnership among the District, parents, and the community to improve student academic achievement, each school participating in the Title I program and the District: (1) shall provide assistance to participating parents, as appropriate, in understanding such topics as the State's academic content standards and State student academic achievement standards, State and local academic assessments, the requirements of Title I and how to monitor a child's progress and work with educators to improve the achievement of their children; (2) shall provide materials and training to help parents work with their children to improve their children's achievement, such as literacy training and using technology, as appropriate, to foster parental involvement; (3) shall educate teachers, student service personnel, principals, and other staff, with the assistance of parents, in the value and utility of contributions of parents, and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs, and build ties between parents and the school; (4) shall, to the extent feasible and appropriate, coordinate and integrate parent involvement programs and activities with Head Start, Reading First, Early Reading First, Even Start, the Home Instruction Programs for Preschool Youngsters, the Parents as Teacher Program, and public preschool and other programs, and conduct other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children; (5) shall ensure that information related to school and parent programs, meetings, and other activities is sent to the parents of participating children in a format, and to the extent practicable, in a language the parents can understand; (6) may involve parents in the development of training for teachers, principals, and other educators to improve the effectiveness of such training; (7) may provide necessary literacy training from funds received under Title I if the District has exhausted all other reasonably available sources of funding for such training; (8) may pay reasonable and necessary expenses associated with parental involvement activities, including transportation and child care costs, to enable parents to participate in school-related meetings and training sessions; (9) may train parents to enhance the involvement of other parents; (10) may arrange school meetings at a variety of times, or conduct in-home conferences between teachers or other educators, who work directly with participating children, with parents who are unable to attend such conferences at school, in order to maximize parental involvement and participation; (11) may adopt and implement model approaches to improving parental involvement; (12) may establish a district-wide parent advisory council to provide advice on all matters related to parental involvement in programs supported under Title I; (13) may develop appropriate roles for community-based organizations and businesses in parent involvement activities; and (14) shall provide such other reasonable support for parental involvement activities under Title I as parents may request.

Accessibility: In carrying out the parental involvement activities, the District shall provide full opportunities for the participation of parents with limited English proficiency, parents with disabilities, and parents of migratory children, including providing information and school reports required under Title I in a format and, to the extent practicable, in a language such parents understand.

Use, Distribution, and Updating: The Title I Parental Involvement Plan shall be distributed to parents of participating children, shall be made available to the local community, and shall be updated periodically to meet the changing needs of the parents and the school.

Homeless Students

Students defined in state law as homeless children shall be admitted without payment of tuition.

Transportation for homeless students who enroll in the district shall be furnished by the district under the same guidelines applying to other students or if such transportation is necessary for compliance with federal law.

Each homeless child shall be provided services for which the child is eligible comparable to services provided to other students in the school selected regardless of residency.

Homeless children shall be provided access to education and other services that such children need to ensure that they have an opportunity to meet the same student performance standards to which all students are held.

If a homeless child registered to attend school in the district is receiving family reconciliation services pursuant to state law, the district will work in cooperation with any county or department of social services in the district to jointly develop an educational program for the child.

Homeless children generally include children who lack a fixed, regular, and adequate nighttime residence, as further defined by applicable federal and state law.

No Stigmatization or Segregation of Homeless Students: It is the District's philosophy and practice to ensure that homeless children are not stigmatized or segregated by the District on the basis of their status as homeless.

School Breakfast and Lunch Programs

Gering Public Schools uses an automated scanning system to record payments and charges to family accounts. Parent/guardians are expected to maintain a positive balance in their family lunch account, as the system works basically like a checking account, which requires money in the account to provide meals to students rather than a credit card account.

In accordance with Federal law and U.S. Department of Agriculture policy, this institution is prohibited from discriminating on the basis of race, color, national origin, sex, age or disability.

To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, or call (800) 795- 3272 (voice) or (202) 720-6382 (TTY). USDA is an equal opportunity provider and employer.

At the start of the school year, a letter is sent home with students including an application for free or reduced lunches and breakfasts. We encourage you to complete the form and return it as soon as possible, as benefits from the prior year expire on September 30 of the current school year. Any charges incurred from that point until the new form is approved are the responsibility of the parent/guardian.

At the start of the school year, parents/guardians not approved for free lunches and breakfasts are to send money to cover lunch and breakfast costs. A minimum of one week of meals per student is recommended with larger payments highly encouraged. For families with students attending more than one school, a single payment can be sent to any school for all of its children, as the money will be credited to the family account.

On a weekly basis, when a family account is at \$10.00 or lower, a reminder will be sent home with the student so parents/guardians can be notified of the low balance. If a family account drops below negative \$10.00, the account is considered delinquent and no further regular lunches or breakfasts will be offered. Rather an alternate meal will be provided to the student as approved by the Nebraska Department of Education Nutrition Services. Of course, a sack lunch can also be brought from home. Gering Public Schools requests that food brought from home have nutritional value. Therefore, sack lunches consumed in the school cafeteria may not contain soda pop or candy. If you wish for your child to have a fast food lunch, you are welcomed to check them out and take them to lunch.

School lunch administrators and food service personnel will be notified when a student lunch balance has reached a negative \$10.00 balance. Administrators will work cooperatively with students and parents/guardians to resolve delinquent accounts. Remaining delinquent accounts will be turned over to a collection agency and costs for collection services will be added to the family account.

At the end of the school year, if a family no longer has children attending school, moves out of the district, or becomes eligible for free meals, the family may request reimbursement of any balance in the family account. Funds for families with students continuing the following school year will remain in the family account for the next school year.

In accordance with Federal law and U.S. Department of Agriculture policy, this institution is prohibited from discriminating on the basis of race, color, national origin, sex, age or disability.

To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, or call (800) 795-32-3272 (voice or (202) 720-6382 (TTY). USDA is an equal opportunity provider and employer.

2014-2015 School Year

Foreword

Section 1 Intent of Handbook

This handbook is intended to be used by students, parents and staff as a guide to the rules, regulations, and general information about Gering High School. Each student is responsible for becoming familiar with the handbook and knowing the information contained in it. Parents are encouraged to use this handbook as a resource and to assist their child in following the rules contained in it.

Although the information found in this handbook is detailed and specific on many topics, the handbook is not intended to be all encompassing so as to cover every situation and circumstance that may arise during any school day, or school year. This handbook does not create a “contract.” The administration reserves the right to make decisions and make rule revisions at any time to implement the school’s educational program and to assure the well-being of all students and the educational program. The administration will be responsible for interpreting the rules contained in the handbook. Should a situation or circumstance arise that is not specifically covered in this handbook, the administration will make a decision based upon all applicable school district policies and state and federal statutes and regulations.

Article 1 – Mission and Goals

Section 1 School Mission Statement

The mission of Gering Public Schools is to develop the academic, personal, and social skills of all students and to prepare them to be productive, responsible global citizens of the 21st century.

Section 2 Goals and Objectives

The goals and objectives of the Gering Public Schools are to provide:

A curriculum that is based on state standards, comprehensive, coordinated, and sequential and is directed toward locally approved goals and standards for student learning. It draws upon research, best practice, and reputable theory and provides the foundation for standards based instruction. The instructional program focuses on achievement and provides for the diverse learning needs of all students including learners with disabilities and high ability learners. Curriculum and instruction help students develop content and skill mastery, analytical thinking, problem solving, work ethics, creativity, and respect for diversity. It draws upon research, best practice, and reputable theory broad enough yet with sufficient depth to allow education for all of the students.

Assessment procedures and results that assist teachers in planning and providing appropriate instruction for all students. Assessment results also provide information for monitoring program success, and for reporting to parents, policy makers, and the community. The school periodically reviews procedures to improve assessment quality and increase student learning. The information assists schools in establishing and achieving improvement goals.

A library/media/technology program that provides a wide range of accessible print and electronic resources that expand opportunity for learning, contribute to information literacy, support the local curriculum, and enhance and enrich learning experiences for all students. The program provides materials through onsite and electronic access that complement, supplement, and enrich curriculum and instruction. It facilitates research, supports and encourages personal interest reading and the study of current events, and develops technological and other skills for accessing, evaluating, and using resources.

Instructional staff who have appropriate training and preparation to work with the students assigned to them, who are knowledgeable of principles of child growth and development and of the curriculum content for which they are responsible, who use teaching strategies that engage students actively in learning, and who help students understand and apply content across subject areas. Staff development activities that support the school's efforts in curriculum development, instructional improvement, assessment, and general school improvement to achieve school improvement goals.

Administration that exercises leadership in the development and implementation of school goals and policies. Administrators who demonstrate leadership in management and operation of the school system and in the improvement of curriculum and instruction. Building administrators who provide leadership to curriculum, instruction, assessment, and school improvement. They guide staff and students in achieving goals and fulfill

A school system that demonstrates accountability to the school community. School staff periodically assesses and report student progress toward accomplishment of academic content standards. Results are used to plan and make needed changes to improve instruction for all students.

School facilities and a general environment that supports quality learning. Facilities and grounds are safe, orderly, and well maintained, and facilities that have adequate space, lighting, and furnishings. The system has plans or provisions for climate-controlled buildings to the extent feasible. The environment is emotionally safe and supportive and promotes respect, trust, and integrity.

A Board of Education that governs through orderly procedures which focus efforts of the school upon quality learning, result in equitable opportunities for learning for all students, and insure accountability to the local community.

An activities program that is scheduled outside the regular school day, focuses on active participation of all students involved in the activity, and promotes a positive image of the school and community.

A welcoming environment for parents and the community.

The goals and objectives of Gering High School utilize a multi-faceted approach for meeting the district mission statement.

1. Gering High School's comprehensive, coordinated, and sequential **curriculum** is based on state standards. The instructional program focuses on achievement and provides for the diverse learning needs of all students, including learners with disabilities and high ability learners. Drawing upon research, best practice, and reputable theory, curriculum and instruction help students develop content and skill mastery, analytical thinking, problem solving, creativity, and respect for diversity.
2. **Assessment** procedures and results assist teachers in planning and providing appropriate instruction for all students. Results provide information for monitoring program success; for reporting to parents, policy makers, and the community; and in establishing improvement goals.
3. The GHS **library/media/technology** program provides a wide range of accessible print and electronic resources that expand opportunities for learning, contribute to information literacy, support the district curriculum, and enrich learning experiences for all students. Through this program students develop technological and research skills for accessing, evaluating, and using both print and electronic resources.
4. **Instructional staff** have appropriate training and preparation to work with the students assigned to them and are knowledgeable of the curriculum content for which they are responsible. They use teaching strategies that engage students actively in learning and help students understand and apply content across subject areas. Staff development activities support the school's efforts in curriculum development, instruction, assessment, and school improvement.
5. **GHS administrators** exercise leadership in the development and implementation of school goals and policies. Demonstrating leadership in

Section 3 Surveys

School personnel rarely administer surveys of students. In the event that an external survey is conducted, the Principal or designee shall notify parents/legal guardians of students to be surveyed; the nature of the survey, the date and time when the survey shall be administered, and the purposes or uses for the survey results. School officials shall honor any parental/legal guardian's request to have his/her student exempt from participation in the survey.

Section 4 Mutual Respect

The Gering Public Schools expects every staff member and student to be treated with respect and dignity. A show of disrespect toward a staff member or insubordination on the part of students will not be tolerated.

Section 5 Complaint Procedures

The proper procedure for a parent or student to make complaints or raise concerns is to begin with the school employee who is most immediately or directly involved in the matter, as illustrated in the complaint procedure set forth below. There are specific procedures to address certain complaints or concerns, such as discrimination or harassment, bullying, disciplinary actions. Those procedures should be used where applicable.

Complaint procedure

- Step 1. Schedule a conference with the staff person most immediately or directly involved in the matter.
- Step 2. Address the concern to the Principal if the matter is not resolved at Step 1.
- Step 3. Address the concern to the Superintendent if the matter is not resolved at Step 2.
- Step 4. Address the concern to the Board of Education if the matter is not resolved at Step 3. Written appeal should be made within five (5) days of the Superintendent's decision.

Conditions Applicable to All Levels of Complaint Procedure

All information to be considered at each step should be placed in writing in order to be most effective. Action or decisions will be expedited as quickly as possible, typically within ten (10) calendar days, depending on the nature of the complaint and the need for prompt resolution.

Section 2 Severe Weather and School Cancellations

The Superintendent may close public schools in case of severe weather. Representatives of the Superintendent's staff will notify local news media when inclement weather warrants such action. The information is broadcast regularly by radio and television stations.

- Decision to Close Schools. A decision to close school is made when forecasts by the weather service, law enforcement advisories or civil defense officials indicate that it would be unwise to hold school. An early decision is not always possible because of uncertain weather conditions. School officials will make periodic assessments of conditions during the night and will decide early in the morning (by 6 a.m. if possible). In any case, an announcement will be made to the news media when schools will be closed. In some instances, schools will be open, but certain services may be cancelled (bus transportation, kindergarten, student activities).
- After School Starts. Every attempt will be made to avoid closing school once classes are in session. In some instances closing school during the day is inevitable if children are to safely return home before the brunt of a major storm hits. In these cases as much advance notice as possible will be given to parents. If school is closed during the day, the notice will be broadcast by the media. Parents should have a plan in place to accommodate these circumstances.
- Parental Decisions. Parents may decide to keep their children at home in inclement weather because of personal circumstances. Students absent because of severe weather when school is in session will be marked absent. The absence will be treated like any other absence for legitimate causes,

the school building during a tornado warning. Tornado safety procedures are practiced regularly by students and staff members. Also, parents are urged not to call radio and television stations and school buildings during severe weather.

- **Emergency Conditions.** The school has a signal which, when activated, includes the necessity to either evacuate the building or to move to safer areas of the building. Regular drills are held as required by law through the school year. There are plans for Emergency Exit system, Tornado Warning System, and Critical Incident Response.

Section 3 Open-Closed Campus

All freshmen students are required to remain on campus during the school day. Students leaving the building must first check out at the office. Upon return to school during the day, students are to sign in at the office.

Section 4 Identification Cards

Identification cards will be issued at the beginning of each school year. All students will be required to carry identification cards on their person during the school day and at all school activities. Students must be able to produce them upon the request of a school official. A five dollar (\$5.00) fee will be charged for lost or stolen ID cards.

Section 5 Arrival to School/Dismissal From School

Students are expected to arrive at school no more than 15 to 20 minutes prior to the first class or school program in which they are participating. Prior to that time, the school is not responsible for supervision of the students.

Students will be dismissed at the end of the last period of the school day unless there are other circumstances (early dismissal, activities, detention etc.). Upon dismissal, students must leave the school grounds and proceed home or to a previously designated location unless participating in a school-sponsored activity. The school is not responsible for supervision of students once the students are to have left school grounds.

Certain days on the calendar are “shortened days,” meaning that the school day starts or ends other than on the normal schedule. Parents are strongly encouraged to be aware of those days so their children are not left in an unsupervised situation or without a means to get home upon dismissal.

Section 6 Signing a Child In and Out of School

Parents or guardians are required to call in for their children if they are entering after their first class or leaving prior to their final class. The parent or guardian must report to the main office for this purpose. The sheet for signing a child in and/or out of school is located on the front counter. If a child is being signed out, the school secretary will call

school.

Students who leave before the end of the day must be signed out by a parent or guardian or an escort designated by the parent or guardian.

Section 7 Emergency Closing Procedures

Parents are requested to provide an emergency contact telephone number to have on file in the event of an emergency closing or any other general or individual situation that requires the immediate presence of a parent/guardian. In the event that parents do not have such a number or cannot be contacted, the parents have instructed their children concerning the procedure they are to follow should school be dismissed early. Realizing that the school might be unable to reach all parents, it is suggested that all children be advised as to what they are to do should they ever be dismissed early. It is recommended that parents give their children an alternate destination and that the building principal be made aware of this information.

Article 3 - Use of Building and Grounds

Section 1 Visitors

All visitors must report to the office, upon entering the main entrance, to sign in and receive a visitor's pass. Visits by parents to classrooms are encouraged, provided that the visits do not disrupt the educational program, or create a safety concern.

Section 2 Smoke-Free Environment

All of our school buildings and grounds are smoke and tobacco-free. We would appreciate your help in meeting the goal of a smoke and tobacco-free environment for our children. When you attend school events, including athletic events, please abide by our District's policy.

Section 3 Care of School Property

Students are responsible for the proper care of all books, equipment, supplies and furniture supplied by the school.

Students who disfigure property, break windows or do other damage to school property or equipment will be required to pay for the damage done or replace the item.

Fines are determined on books according to the following criteria:

Lost Book:	Replacement cost
Missing one or both covers:	Same as lost book
Loose Cover:	\$1.00
Missing Page:	50¢ per page (up to replacement cost)
Torn Page:	20¢ per page (up to replacement cost)
Marks that cannot be erased:	20¢ per mark (up to replacement cost)

Section 4 Lockers

Students may be assigned a locker. Students must use their own lockers and are not to share lockers with other students except as assigned by school officials. Students are also responsible for the cleanliness inside their locker and the door of their locker. Students may be assessed a fine for damage to lockers.

Section 5 Searches of Lockers and Other Types of Searches

Student lockers, desks, computer equipment, and other such property are owned by the school. The school exercises exclusive control over school property. Students should not expect privacy regarding usage of or items placed in or on school property, including student vehicles parked on school property because school property is subject to search at any time by school officials. Periodic, random searches of lockers, desks, computers and other such property may be conducted at the discretion of the administration.

The following rules apply to searches of students and of a student's personal property and to the seizure of items in a student's possession or control:

1. School officials may conduct a search if there is a reasonable basis to believe that the search will uncover evidence of a crime or a school rule violation. The search is to be conducted in a reasonable manner under the circumstances.
2. Illegal items or other items reasonably determined to be a threat to the safety of others or a threat to educational purposes may be taken and kept by school officials. Any firearm or other weapon will be confiscated and delivered to law enforcement officials as soon as practicable.
3. Items which have been or are reasonably expected to be used to disrupt or interfere with the educational process (that is, "nuisance items") may be removed from student possession.

Section 6 Video Surveillance

The Board of Education has authorized the use of video cameras on School District property to ensure the health, welfare and safety of all staff, students and visitors to District property, and to safeguard District facilities and equipment. Video cameras may be used in locations as deemed appropriate by the Superintendent.

Notice is hereby given that video surveillance may occur on District property. In the event a video surveillance recording captures a student or other building user violating school policies or rules or local, state or federal laws, the video surveillance recording may be used in appropriate disciplinary proceedings against the student or other building user and may also be provided to law enforcement agencies.

Section 7 Use of Telephone

The office will not be responsible for personal messages for students during the school day, nor will students be called from class for a telephone call or message except in an

Section 8 Bicycles

Bicycles must be parked in the racks provided. All bicycles should be equipped with locks and licenses. The school is not responsible for damage or theft of parts while bicycles are on school property.

Section 9 Student Valuables

Students, not the school, are responsible for their personal property. Students are cautioned not to bring large amounts of money or items of value to school. If it is necessary to bring valuable items or more money than is needed to pay for lunch, leave the money or valuables with a staff member in the school office for temporary safe-keeping. Even then, the school is not in a position to guarantee that the student's property will not be subject to loss, theft, or damage.

Section 10 Lost and Found

Students who find lost articles are asked to take them to the office where the articles can be claimed by the owner. If articles are lost at school, report that loss to office personnel.

Section 11 Accidents

Every accident in the school building, on the school grounds, at practice sessions, or at any athletic event sponsored by the school must be reported immediately to the Principal.

Section 12 Laboratory Safety Glasses

As required by law, approved safety glasses will be required of every student and teacher while participating in or observing vocational, technical, industrial technology, science, and art classes. All visitors to these areas must check out a pair of safety glasses when entering any of these areas.

Section 13 Insurance

Under Nebraska law the District may not use school funds to provide general student accident or athletic insurance. The District requires that all student participants in athletic programs have injury and accident insurance and encourages all students who are in classes with risk of personal injury or accident to have insurance coverage. The District does not make recommendations nor handle the premiums or claims for any insurance company, agent or carrier. Information about student insurance providers will be available in the school office or on school bulletin boards.

Section 14 Bulletins and Announcements

Bulletin boards are available for school-related and approved materials to be posted and displayed. Posters to be used in the halls or materials for distribution will need to be approved by the Principal's office. Posters are not to be attached to any painted wall surfaces. Place posters on glass, metal, brick and wood. The person or organization responsible for distributing the posters is responsible to see that all posters are removed

are created or reproduced; thus, copyright extends to digital works and works transformed into a digital format. Copyrighted works are not limited to those that bear a copyright notice.

The “fair use” doctrine allows limited reproduction of copyrighted works for educational and research purposes. The relevant portion of the copyright statute provides that the “fair use” of a copyrighted work, including reproduction “for purposes such as criticism, news reporting, teaching (including multiple copies for classroom use), scholarship, or research” is not an infringement of copyright. The law lists the following factors as the ones to be evaluated in determining whether a particular use of a copyrighted work is a permitted “fair use,” rather than an infringement of the copyright: the purpose and character of the use, including whether such use is of a commercial nature or is for nonprofit educational purposes;

the nature of the copyrighted work; the amount and substantiality of the portion used in relation to the copyrighted work as a whole; and the effect of the use upon the potential market for or value of the copyrighted work.

Although all of these factors will be considered, the last factor is the most important in determining whether a particular use is “fair.” Students should seek assistance from a faculty member if there are any questions regarding what may be copied.

Section 16 Media Center

The Mission of the Gering High School Library Media Center is to create a warm, safe and collaborative learning atmosphere that supports the district mission statement and the high school improvement goals. As the largest classroom in the school, we seek to provide equitable access to resources while promoting the integration of information literacy skills. The Library Media center strives to foster a lasting appreciation of reading and life-long desire to learn.

Library Media Circulation Center Policies

The Library Media Center has been maintained to service staff, students and community members. Our hours of operation are Monday-Thursday from 7:30-4 and Friday from 7:30-3:30 or by appointment. The Library Media Center is open during lunch periods for students who want to study, use technology or just relax. The Library does have a water only policy. No other food or drink is allowed unless provided as a pre-arranged group activity.

Check Out/Fine Policy

- Books are checked out for a period of 14 school days and renewals are allowed at the discretion of the Librarian.
- The maximum number of books to be checked out at one time is three.
- A fine of 5 cents per day per item may be applied for overdue items. The maximum fine will be \$5.00.
- If a book is lost, the student will pay the replacement cost of the book.
- A maximum of 3 holds can be placed on three different books. Ready

Other items such as headphones, Kindles, digital cameras, video cameras, markers, scissors, etc. have a loan period of three hours. Unless otherwise discussed with the Librarian.

Article 4 – Attendance

Section 1 Attendance Policy

Regular and punctual student attendance is required. The Board's policies require such attendance. The administration is responsible for developing further attendance rules and regulations and staff is responsible for assisting in the enforcement of the rules and regulations. Students and parents are responsible for developing behaviors which will result in regular and punctual student attendance.

Section 2 Pre-arranged Absence:

An admit slip must be used for all pre-arranged absences. The pass must be signed by all of the student's teachers before that student is excused for any related activity, church or family function. For school related activities, a list submitted by the sponsor will suffice. All required work must be completed prior to the absence. If the student fails to submit all make-up work in advance to the appropriate teacher, the student may receive a "0" in that class for the days missed.

Section 3 Attendance and Absences

Section 79-201 of the Nebraska School Law states that "every person residing in a school district within the State of Nebraska who has legal or actual charge or control of any child not less than seven, nor more than eighteen years of age, shall cause such child to attend regularly the public, private, denominational, or parochial day school each day that such school is open and in session..." Punctual and regular attendance is important since absence from school is the greatest single cause of lack of achievement in school.

In the event a call is not possible, a written note will be required. Students are encouraged to conduct personal business errands outside of school hours.
2. Students must be in school for the entire day of a scheduled activity or performance in which the student is to participate. Exceptions to this rule must be granted by either the Principal or Assistant Principal.
3. ABSENCES: The limit on absences is four (4) per class, excluding exceptional absences. When a student surpasses the limit s/he will be required to do one of the following:
 - a. If a student is passing, s/he will be given an assignment sheet to have a parent and teacher sign indicating that assignments have been completed. The form must be turned in to the Assistant Principal.
 - b. If a student is failing the class, s/he will be required to buy back time in

7. TARDIES - Punctuality is a good work habit! Being tardy is defined as arriving to class after the tardy bell has rung. A student detained by a teacher, a counselor, or administrator must bring verification. This verification will excuse the tardy.

7.1 When a student is tardy to class he/she will be required to serve a fifteen (15) minute detention after school that day in the teacher's room. All teachers will adhere to this policy with no exceptions made for students who need to go to work, athletics, appointments, etc. Detention will be doubled if the student does not appear. Students failing to appear the second night will be referred to the office.

7.2 Tardies will count in the overall attendance policy.

7.3 Every (3) tardies will be counted as a day's absence, which will be included in the nine-day attendance limit.

8. ONE CALENDAR DAY (consecutive - not a blue or a gold day) will be allowed for make-up work for each day of absence.

Section 4 Make-up Work

Written make-up work may be assigned for each day missed regardless of the type of absence. If make-up work is not completed, students will receive no credit for the work required. The time each student is allowed will be determined by the teacher.

The student has the responsibility to contact teachers, initially, regarding make-up assignments. Assignment sheets will be sent only for extended absences. Generally, assignment sheets will not be sent out until after three (3) days of absence. If the parents or students have concerns prior to the three (3) days, they are encouraged to contact the teacher.

Section 5 Truancy

A student who engages in unexcused absences may be considered truant as per state law. Truancy is a violation of school rules. The consequence of truanies may include disciplinary action up to expulsion and referral to the county attorney for compulsory attendance violations.

Reporting and Responding to Truant Behavior. Any administrator, teacher, or member of the board of education who knows of any failure on the part of any child age 6 to 18 to

which the person having control of the child shall designate, in an attempt to remediate the child's truant behavior.

Section 6 Excessive Absenteeism

Students who accumulate five (5) absences in a quarter shall be deemed to have "excessive absences." Such absences shall be determined on a per class basis. When a student has excessive absences, the following procedures shall be implemented:

1. One or more meetings shall be held between a school attendance officer, school social worker, or other person designated by the school administration and the parent/guardian and the student to report and attempt to solve the attendance problem. If the parent/guardian refuses to participate in such meeting, the principal shall place in the student's attendance records documentation of such refusal.
2. Educational counseling to determine whether curriculum changes, including but not limited to, enrolling the child in an alternative education program that meets the specific educational and behavioral needs of the child.
3. Educational evaluation, which may include a psychological evaluation, to assist in determining the specific condition, if any, contributing to the truancy problem, supplemented by specific efforts by the school to help remedy any condition diagnosed.
4. Investigation of the truancy problem by the school social worker, or if such school does not have a school social worker, another person designated by the administration to identify conditions which may be contributing to the truancy problem. If services for the child and his or her family are determined to be needed, the person performing the investigation shall meet with the parent/guardian and the child to discuss any referral to appropriate community agencies for economic services, family or individual counseling, or other services required to remedy the conditions that are contributing to the truancy problem.

Reporting Habitual Truancy. Students who are habitually truant will be reported to the county attorney accumulate twenty (20) unexcused absences or the hourly equivalent per year shall be deemed to be habitually truant. If the student continues to be or becomes habitually truant, the principal shall serve a written notice to the person violating the Nebraska truancy laws (i.e., the person who has legal or active charge or control of the student) warning him or her to comply with the provisions of that law. If within one week after the time the notice is given such person is still violating the school attendance laws or policies, the Principal shall file a report with the county attorney of the county in which such person resides.

Section 7 Transferring from Gering High School:

If a student should find it necessary to withdraw from school, it is very important that

of age but less than eighteen years of age may withdraw such child from school before graduation must have an exit interview with the superintendent’s designee. Any withdraw form signed by the person making the written request shall be valid only if the child signs the form unless the withdraw is being requested due to an illness of the child making attendance impossible. The superintendent’s designee signs the form that the interview was held, the required information was provided and discussed at the interview, and, in the opinion of the superintendent’s designee the person making the written request does in fact have legal guardianship and the child is experiencing either financial hardship requiring the child to be employed to support the child’s family or one or more dependents of the child or an illness making attendance impossible or impracticable. (Nebraska law LB -996)

Article 5 - Scholastic Achievement

Section 1 Grading System

Parents may check their child’s academic progress, attendance, and behavior reports online using the Infinite Campus Portal on the Gering Public Schools website. www.geringschools.net. Students will receive letter grades on report cards and transcripts. The following scale will be used to assign letter grades and a grade point average from a percent:

A	94 to 100	(Superior work)
B	86 to 93	(Above average)
C	78 to 85	(Average)
D	70 to 77	(Below average)
F	Below 70	(Failure)
WF	Withdrawn/Failing (No credits, no GPA)	
WP	Withdrawn/Passing (No credits, no GPA)	
I	Incomplete	
P	Passing	

All teacher will define the grading procedures to be used in their classes.

Senior candidates must have a minimum of 320 credit hours. Candidates for Valedictorian and Salutatorian may not have any open hours in their tenure at Gering High School. The cumulative grade point average includes credits from 9th through 12th grades. Student help, Library Aide, Study Hall, Upward Bound and Work Study do not contribute toward a student's cumulative GPA. To be eligible for Valedictorian or Salutatorian honors, students must have been enrolled at Gering High School for their entire junior and senior years.

Section 9 Honor Roll

There are three honor roll designations for students attending Gering High School. If a student maintains an A average they qualify for the Superintendent's Honor Roll. If a student's GPA is between 3.5 and 3.9 they qualify for the Principal's Honor Roll. If they maintain a GPA between 3.0 and 3.4 they qualify for Secretary's Honor Roll. To be on the honor roll, juniors and seniors must carry at least 7 subjects, sophomores must carry 8 subjects and freshmen must be enrolled in 8 classes. All grades except Student Help, Study Hall, Library Aide, Upward Bound and Work Study are included in the average.

Section 10 National Honor Society:

In order for freshmen to be considered for National Junior Honor Society, a student must meet the academic standards outlined in the national guidelines.

All candidates must also have strong moral character, be active in service to the school and community, and exhibit positive leadership actions. Requirements are given to all faculty members who are asked to comment on any student they feel should or should not be invited into membership; these comments are used only as guidelines. A faculty committee then reviews the criteria for each eligible candidate. A simple majority vote allows the sponsor to extend invitations to new members of the National Junior Honor Society. National Honor Society students are invited to the National Honor Society

- induction and which, if known, would have caused denial of induction;
2. Engaged in conduct after induction which is grounds for a student to be long-term suspended or expelled from school under the student code of conduct; which is grounds for suspension or removal from any extracurricular activity of the school, or which would cause denial of induction if such conduct had taken place prior to the time of induction.

The student may appeal the Principal's decision to the Superintendent by giving written notice of appeal to the Superintendent within ten calendar days of receipt of the Principal's removal decision. The appeal procedures shall be established in the discretion of the Superintendent such as to allow a fair opportunity for the student's views and information to be considered. The decision of the Superintendent on the appeal shall be final.

Section 11 Academic Integrity

1. Policy Statement

Students are expected to abide by the standards of academic integrity established by their teachers and school administration. Standards of academic integrity are established in order for students to learn as much as possible from instruction, for students to be given grades which accurately reflect the student's level of learning and progress, to provide a level playing field for all students, and to develop appropriate values.

Cheating and plagiarism violate the standards of academic integrity. Sanctions will be imposed against students who engage in such conduct.

2. Definitions

The following definitions provide a guide to the standards of academic integrity:

1. "Cheating" means intentionally to misrepresent the source, nature, or other conditions of academic work so as to accrue undeserved credit, or to cooperate with someone else in such misrepresentation. Such misrepresentations may, but need not necessarily, involve the work of others. Cheating includes, but is not limited to:
 - a. Tests (includes quizzes and other examinations or academic performances):
 - b. Advance Information: Obtaining, reviewing or sharing copies of tests or information about a test before these are distributed for student use by the instructor. For example, a student engages in cheating if, after having taken a test, the student informs other students in a later section of the questions that appear on the test.
 - c. Use of Unauthorized Materials: Using notes, textbooks, pre-programmed formulae in calculators, or other unauthorized material, devices or information while taking a test except as expressly permitted. For example, except for "open book" tests, a student engages in cheating if the student looks at personal notes or the

testing room, or knowingly allows another student to look at the student's answers on the test paper.

- e. Use of Other Student to Take Test. Having another person take one's place for a test, or taking a test for another student, without the specific knowledge and permission of the instructor.
 - f. Misrepresenting Need to Delay Test. Presenting false or incomplete information in order to postpone or avoid the taking of a test. For example, a student engages in cheating if the student misses class on the day of a test, claiming to be sick, when the student's real reason for missing class was because the student was not prepared for the test.
2. Papers (includes papers, essays, lab projects, and other similar academic work):
 - a. Use of Another's Paper: Copying another student's paper, using a paper from an essay writing service, or allowing another student to copy a paper, without the specific knowledge and permission of the instructor.
 - b. Re-use of One's Own Papers: Using a substantial portion of a piece of work previously submitted for another course or program to meet the requirements of the present course or program without notifying the instructor to whom the work is presented.
 3. Assistance from Others: Having another person assist with the paper to such an extent that the work does not truly reflect the student's work. For example, a student engages in cheating if the student has a draft essay reviewed by the student's parent or sibling, and the essay is substantially re-written by the student's parent or sibling. Assistance from home is encouraged, but the work must remain the student's.
 4. Failure to Contribute to Group Projects. Accepting credit for a group project in which the student failed to contribute a fair share of the work.
 5. Misrepresenting Need to Delay Paper. Presenting false or incomplete information in order to postpone or avoid turning in a paper when due. For example, a student engages in cheating if the student misses class on the day a paper is due, claiming to be sick, when the student's real reason for missing class was because the student had not finished the paper.
 6. Alteration of Assigned Grades. Any unauthorized alteration of assigned grades by a student in the teacher's grade book or the school records is a serious form of cheating.
 7. "Plagiarism" means to take and present as one's own a material portion of the ideas or words of another or to present as one's own an idea or work derived from an existing source without full and proper credit to the source of the ideas, words, or works.
 8. Plagiarism includes, but is not limited to the following:
 - a. Failure to Credit Sources: Copying work (words, sentences, and paragraphs or illustrations or models) directly from the work of another without proper credit. Academic work frequently involves use of outside sources. To avoid plagiarism, the student must either place the

allowing another student to look at your test answers, to copy your papers or lab projects, and to fail to report a known act of cheating or plagiarism to the instructor or administration.

9. Sanctions

The following sanctions will occur for academic integrity offenses:

1. Academic Sanction. The instructor will refuse to accept the student's work in which the cheating or plagiarism took place, assign a grade of "F" or zero for the work, and require the student to complete a test or project in place of the work within such time and under such conditions as the instructor may determine appropriate. In the event the student completes the replacement test or project at a level meeting minimum performance standards, the instructor will assign a grade which the instructor determines to be appropriate for the work. Credit for the class may be withheld pending successful completion of the replacement test or project.
 - a. Report to Parents and Administration. The instructor will notify the Principal of the offense, and the instructor or Principal will notify the student's parents or guardian.
2. Student Discipline Sanctions. Academic integrity offenses are a violation of school rules. The Principal may recommend sanctions in addition to those assigned by the instructor, up to and including suspension or expulsion. Such additional sanctions will be given strong consideration if a student has engaged in a serious or repeated academic integrity offense or other rule violations, and if the academic sanction is otherwise not a sufficient remedy, such as for offenses involving altering assigned grades or contributing to academic integrity violations.

Section 12 Transcripts

Students requesting transcripts must provide the office with a 24-hour notice.

Students are responsible for making sure they have the necessary courses and credits to meet graduation requirements.

Article 6 - Support Services

Section 1 Positive Behavior Supports (PBS):

In order to ensure a safe learning environment for all students, the school staff is committed to the following:

- Using a positive, preventative and educational approach to student behavior.
- Having a plan with clear direction for staff
- Explicitly teaching student behavior expectations
- Empowering all staff to implement the plan
- Having students taking responsibility for their own behavior
- Using natural and logical consequences when behavior problems occur

are explicitly taught, regularly acknowledged and fairly corrected. Students are “set up” for success in school.

Section 2 Special Education Services

What Does Special Education Mean?

Special education means specially designed instruction and related services adapted as appropriate to the needs of an eligible student with a disability. Special education is provided at no cost to the parent to meet the unique needs of a child with a disability.

Students Who May Benefit A student verified as having autism, behavior disorders, deaf-blindness, developmental delay, hearing impairments, mental handicaps, multiple disabilities, orthopedic impairments, other health impairments, specific learning disabilities, speech-language impairments, traumatic brain injury or visual impairments, who because of these impairments needs special education and related services.

How are Students With Disabilities Identified? Referrals are made by teachers or parents to a Student Assistance Team. If the student assistance team or comparable problem solving team feels that all viable alternatives have been explored, a referral for multidisciplinary evaluation is completed. An evaluation is conducted to assist in the determination of whether a student has a disability and the nature and extent of the special education and related services the student needs. The evaluation is conducted only with written consent of a parent or guardian. A multidisciplinary evaluation team (MDT) will then meet to determine whether the student is eligible for special education.

Independent Evaluation If a parent disagrees with an evaluation completed by the school district, the parent has a right to request an independent educational evaluation at public expense. Parents should direct inquiries to school officials to determine if the school district will arrange for further evaluation at public expense. If school district officials feel the original evaluation was appropriate and the parents disagree, a due process hearing may be initiated. If it is determined that the original evaluation was appropriate, parents still have the right to an independent educational evaluation at their own expense.

Reevaluation Students identified for special education will be reevaluated at least every three years by the IEP team. The IEP team will review existing evaluation data on the student and will identify what additional data, if any, are needed. The school district will obtain parental consent prior to conducting any reevaluation of a student with a disability.

Individual Education Program (IEP) Upon a student being verified as having a disability, a conference will be held with parents. At the conference, an Individualized Education Program (IEP) will be developed specifying programs and services which will be provided by the schools. Parent consent will be obtained prior to a student being placed for the first time in a program providing special education and related services or early intervention services to infant and toddlers. Once in place, the IEP is reviewed on an annual basis, or more frequently as needed. Parents are given a copy of the IEP.

Special Education Placement The student’s placement in a special education program is dependent on the student’s educational needs as outlined in the Individual Education Program (IEP). To the maximum extent appropriate, students with disabilities are educated with students who are not disabled. Special classes, separate schooling, or other

to initiate or change the identification, evaluation, or educational placement of the child or the provision of a free appropriate public education to the child.

More Information Anyone interested in obtaining a copy of the District's special education policy, the Parental Rights in Special Education brochure, or a copy of the Nebraska Department of Education Rule 51 (special education regulations and complaint procedures) or Rule 55 (special education appeal procedures) may contact the Superintendent. A notice of parental rights, Rules 51 and 55 and more information about special education are also available at the Nebraska Department of Education's website: <http://www.nde.state.ne.us/SPED/sped.html>.

Section 3 Students with Disabilities: Section 504

Accommodations and related services are made available to students with disabilities under Section 504 of the Rehabilitation Act of 1973.

Under Section 504, parents have the following rights:

1. Have your child take part in, and receive benefits from, public education programs without discrimination because of your child's disability.
2. Have the school district advise you of your rights under federal law.
3. Receive notice with respect to identification, evaluation or placement of your child.
4. Have your child receive a free appropriate public education. This includes the right to be educated with non-disabled students to the maximum extent appropriate. It also includes the right to have the school district make reasonable accommodations to allow your child an equal opportunity to participate in school and school-related activities.
5. Have your child receive services and be educated in facilities which are comparable to those provided to students without disabilities.
6. Have your child receive an individualized evaluation and receive special education and related services if your child is found eligible under Section 504.
7. Have evaluation, eligibility, educational and placement decisions made based on a variety of information sources and by persons who know your child and who are knowledgeable about the evaluation data and placement options.
8. Have transportation provided to and from an alternative placement setting at no greater cost to you than would be incurred if your child were placed in a program operated by the school district.
9. Have your child be given an equal opportunity to participate in nonacademic and extracurricular activities offered by the school district.
10. Examine all relevant records relating to decisions regarding your child's identification, evaluation and placement. Obtain copies of educational records at a reasonable cost on the same terms as records are provided students without a disability unless the fee would effectively deny you access to the records.
11. Receive a response from the school district to reasonable requests for explanations and interpretations of your child's records.
12. Request amendment of your child's educational records if there is reasonable

representation by counsel, and a review procedure. This is provided in the local grievance procedure.

Section 4 Student Assistance Team (SAT)

The staff of Gering Senior High Schools recognizes that students can have experiences that may affect their academic and social life. The primary goal of the Student Assistance Team is preventative in nature designed to help students before their experiences become overwhelming. Experiences may include:

Depression	Dropping Out
Students Not Living at Home	Abuse
Divorce	Time Management
Eating Disorders	Suicide
Self Esteem	Test Anxiety
Death	Under Achievement
Single Parent Families	Failing Grades
Absenteeism/Tardiness	

Students in need of information or help may be referred by various concerned individuals including: self, peers, family, or school staff. Referral forms can be obtained from any staff member (which will include cooks, custodian staff, secretaries, library aides, coaches, teachers, or administrators). Completed forms can be returned to any staff member. After the referral, information will be gathered to help identify the problem(s) the student is experiencing. The Student Assistance Team will then meet to formulate an appropriate plan of action.

Once a problem has been identified and the extent of the problem is known, the student will be encouraged to accept the needed help. Team members will help students consider possible options and encourage them to make decisions that will resolve their problem in a positive way. At some level parents may be involved in the process.

The next step involves providing help for the student. The assistance recommended will vary with the type and severity of the problem. Finally, student assistance programs will provide support for students as they make adjustments in their lifestyles and seek to make appropriate life decisions.

In cases of extreme physical, mental, or family circumstances, the Student Assistant Team may elect to allow students to have a schedule that deviates from the listed requirements.

Section 5 Guidance Services

The mission of Gering Senior High Schools' guidance program is to provide a system designed to anticipate and facilitate the educational, career, and personal/social needs of students. A curriculum approach to providing services focuses on the prevention of problems by providing all students with appropriate age level skills and guidance information. Among the many responsibilities of school counselors, the following are primary: Counseling students, consulting with staff members, and integrating guidance information with other educational services. Counselors will work with students and

informed and encouraged to participate in the development of students.

Section 6 Alternative Education

The Gering Alternative Program (GAP) provides programming for Gering students in grades 9 through 12 and students integrating into the school at times not conducive to the school calendar. GAP also provides programming for students that may need alternative instruction or educational settings.

Valley Alternative Education School

Students who have a need for an alternative educational plan may be referred to VALTS.. The Student Assistance Team based upon a predetermined set of criteria will determine priority for the VALTS positions.

Criteria for Admission:

1. Referred by the student's home district.
2. Expressed desire to be part of the program (self-referral).
3. Expressed desire to achieve graduation.
4. Referred by high school Student Assistance Team.
5. Complete a series of academic/interest/aptitude tests prior to placement (administered by VALTS).
6. Not currently engaged in a special education program, substance abuse, on an involved parole situation, or a mental health treatment facility.
7. Reasonable student expectation to complete the program within one year of graduation class.
8. Agrees to abide by conditions and rules established for the program.
9. Completion of a successful intake interview.

Section 7 Health Services

Nurse's Office:

Any student who becomes ill during the school day will report to the school nurse. Students must sign the check-in sheet in the office, noting the time of arrival and when they returned to class. Students must notify parents before they will be allowed to leave the building for illness.

Medication Administration Policy:

It is recognized that for effective treatment of chronic and/or acute illnesses, medication might need to be administered during school hours. A student who is required to take medication during the regular school day must comply with medication administration policy. The policy has been developed for the safety of the student receiving the medication and for the safety of all students. Medication will be administered by the school nurse, a registered Medication Aide, or other school staff member meeting the minimum competency standards for the Medication Aide Act.

not be accepted for administration. Medication will not be administered without the above authorization and information.

A record of the medication administration will be kept for each student receiving medication including the student name, medication name, instructions for use, name and initials of personal who administrated medication, date, time and route of administration, drug count with signature of school personal and parent/guardian verify count, documentation of unusual circumstances, actions, or omissions. Administration of medication records shall be kept confidential. Records shall be available to the Department of Health and Human Services Regulation and Licensure, the Department of Health and Human Services, and the State Department of Education.

1. Over-the-counter medication (such as Tylenol, ibuprofen, cough drops, saline eye drops, hydrocortisone cream, triple antibiotic ointment, insect sting swab, topical cooling gel) may be given with parents/guardians permission by trained school personnel by signing the pertinent section on Student Health Information form at the beginning of the school year. That permission releases Gering Public Schools and employees from liability in case of choking, allergic reaction, side effects and/or health risks related to the medication. Parents/guardians may also supply over-the-counter medication for their student to be kept at the school.
2. Medication will be kept in a secured area. Students may carry medication only with the approval of the parents and building principal and the appropriate paperwork completed. Emergency protocol for medication-related reactions will be in place. Medications must be picked up by an adult on the last day of school, or they will be disposed of.
3. Schools are not staffed with a full-time nurse. The student has a responsibility to remember to report to office at medication administration time.
4. The superintendent shall be responsible, in conjunction with the school nurse or medication aide, for developing rules and regulations governing the administration of medication, prescription and nonprescription, including emergency protocols, to students and for ensuring persons administering medication have met the requirement of state statues. Annually, each student shall be provided with the requirements for administration of medication at school.

Emergency Response to Life-Threatening Asthma or Systemic Allergic Reactions (Anaphylaxis) Protocol (NDE- Title 92 NAC Chapter 59):

The Nebraska State Board of Education mandated that this protocol to be adopted and implemented in all accredited public schools, approved nonpublic schools and early childhood education programs. Through Attack on Asthma Nebraska and the Nebraska Department of Education, certain staff members are trained to respond to anyone experiencing a life-threatening asthma or anaphylaxis emergency at school.

The Emergency Protocol includes:

1. *CALL 911*
2. *Summon school nurse if available. If not, summon designated trained, non-medical staff to implement emergency protocol*

The protocol medication is kept on school grounds, therefore will not be available at field trips, etc. If you do not want your student to receive this protocol, then please contact the school nurse.

As defined by the National Association of School Nurses, school nursing is a specialized practice of professional nursing that advances the well-being, academic success, and life-long achievement of students. School nurses facilitate positive student responses to normal development; promote health and safety; intervene with actual and potential health problems; provide case management services; and actively collaborate with others to build student and family capacity for adaptation, self-management, self-advocacy, and learning. The school nurse role consists of the following:

- Ensures compliance with school entry health requirements
- Provides care and case management for children with chronic health problems,
- Monitors security and safe administration of medications
- Assures the health and safety of the school students and staff
- Manages disaster preparedness and emergency service plans

Parents and/or Guardians are responsible for the health care of their child, while the school is available to assist, assess, and monitor that care during regular school hours, Parents and/or Guardians are responsible for notifying the school of their student's:

- Chronic or Acute health related diseases, conditions, and/or issues (For example, severe allergies, diabetes, epilepsy, asthma, urinary or bowel issues, etc)

The Gering School District employs three fulltime nurses who cover the district's nine locations (High School, Freshman Academy, Junior High, Cedar Canyon, Geil, Lincoln, Northfield, Preschool, and the Twin City Alternative Program.) Each school location has

vision, audiology, or other follow-up is recommended after the screening is completed.

Contagious and Infectious Diseases

As recommended by the Nebraska Department of Health and Human Services, please refer to the list below for minimum isolation periods and control measures:

Please note: Susceptible=person with disease; Contacts=those who have been in contact with diseased person. Day of onset of specific symptom is counted as “day zero”; the day after onset is “day 1”

1. Chickenpox: Exclude for at least 5 days after the eruption first appears or until vesicles become dry; Avoid contact with susceptibles. No exclusion of contacts. Alert parents of immune-suppressed child(ren) of possible exposure.
2. Conjunctivitis (Pink Eye): Exclude symptomatic cases. Urge medical care. May return when eye is normal in appearance or with documentation from physician that child is no longer infectious. No exclusion of contacts.
3. Common Cold: Exclusion unnecessary. No exclusion of contacts.

Article 7 - Drugs, Alcohol and Tobacco

Section 1 Drug-Free Schools

Philosophy - All students have the right to attend school in a drug free environment conducive to good learning. The use of illicit drugs, alcohol, or other substances is not only illegal, but it interferes with both effective learning and the healthy development of young people. The educational system has a fundamental and ethical obligation to prevent drug abuse and maintain a drug free and safe educational environment, not only throughout the schools, but also in all school related activities.

Section 2 Use/Possession of Health Endangering Substances

Pursuant to its statutory authority to adopt policies, rules and regulations necessary to protect the government and health of students in the school district, the Board of Education of Gering Public Schools has determined that the possession or use by students of tobacco, tobacco products or vapor products, alcohol, narcotics, or other dangerous and/or illegal drugs shall be prohibited:

Article 8 - Student Conduct Rules

Section 1 Purpose of Student Conduct Rules

These student conduct rules are established to maintain a school atmosphere which is conducive to learning, to aid student development, to further school purposes, and to prevent interference with the educational process. Violations of the rules will result in disciplinary action.

Progressive Discipline Procedure:

Gering's discipline plan is designed to be progressive in nature. Students who are repeatedly referred to the principal's office for additional disciplinary measures will be disciplined according to the charts listed below. The initial responsibility for the disciplining of a student, who is disobedient or disrespectful in class, is the classroom teacher. Each time a student receives an office behavior referral he/she will receive a specific number of points. Any points received shall be cumulative throughout the school year. Accumulation of 90 or more points in any category or combination thereof, throughout the school year, will result in recommendation to the Board of Education for expulsion from the Gering Public Schools.

Gering High School will make an effort to provide counseling for all students who demonstrate need. The high school administration reserves the right to accept personal and/or family counseling as an alternative to expulsion, so long as the student and/or parent(s) continue with counseling until dismissed by counselor.

Section 3

Forms of School Discipline

A. **Short-Term Suspension:** Students may be excluded by the Principal or the Principal's designee from school or any school function for a period of up to five school days (short-term suspension) on the following grounds:

- a. Conduct that constitutes grounds for expulsion, whether the conduct occurs on or off school grounds; or, other violations of rules and standards of behavior adopted by the Gering Public Schools Board of Education or the administrative or teaching staff of the school, which occur on or off school grounds, if such conduct interferes with school purposes or there is a nexus between such conduct and school.

The following process will apply to short-term suspensions:

1. The Principal or the Principal's designee will make a reasonable investigation of the facts and circumstances. A short-term suspension will be made upon a determination that the suspension is necessary to help any student, to further school purposes, or to prevent an interference with school purposes.
2. Prior to commencement of the short-term suspension, the student will be given oral or written notice of the charges against the student. The student will be advised of what the student is accused of having done, an explanation of the evidence the authorities have, and be afforded an opportunity to explain the student's version of the facts.
3. Within 24 hours or such additional time as is reasonably necessary following the suspension, the Principal or administrator will send a written statement to the student and the student's parent or guardian describing the student's conduct, misconduct or violation of the rule or standard and the reasons for the action taken.
4. An opportunity will be given to the student and the student's parent or guardian to have a conference with the Principal or administrator ordering the short-term suspension before or at the time the student returns to school. The Principal or administrator shall determine who in addition to the parent or guardian is to attend the conference.

A student on a short-term suspension shall not be permitted to be on school grounds without the express permission of the Principal.

B. **Long-Term Suspension:** A long-term suspension means an exclusion from school and any school functions for a period of more than five school days but less than twenty school days. A student who on a long-term suspension shall not be permitted to be on school grounds without the express permission of the Principal. A notice will be given to the student and the parents/guardian when the Principal recommends a long-term suspension. The notice will include a description of the procedures for long-term suspension. The procedures will be those set forth in the Student Discipline Act.

school and the first semester of the following school year, or (c) the expulsion is for conduct specified in these rules or in law as permitting or requiring a longer removal, in which case the expulsion shall remain in effect for the period specified therein. Such action may be modified or terminated by the school district at any time during the expulsion period.

Suspensions Pending Hearing. When a notice of intent to discipline a student by long-term suspension, expulsion, or mandatory reassignment is filed with the superintendent, the student may be suspended by the principal until the date the long-term suspension, expulsion, or mandatory reassignment takes effect if no hearing is requested or, if a hearing is requested, the date the hearing examiner makes the report of his or her findings and a recommendation of the action to be taken to the superintendent. The suspension pending hearing may be imposed if the principal determines that the student must be suspended immediately to prevent or substantially reduce the risk of (a) interference with an educational function or school purpose or (b) a personal injury to the student himself or herself, other students, school employees, or school volunteers.

Summer Review. Any expulsion that will remain in effect during the first semester of the following school year will be automatically scheduled for review before the beginning of the school year in accordance with law.

Alternative Education. Students who are expelled may be provided an alternative education program that will enable the student to continue academic work for credit toward graduation. In the event an alternative education program is not provided, a conference will be held with the parent, student, the Principal or another school representative assigned by the Principal, and a representative of a community organization that assists young people or that is involved with juvenile justice to develop a plan for the student in accordance with law.

Suspension of Enforcement of an Expulsion. Enforcement of an expulsion action may be suspended (i.e., “stayed”) for a period of not more than one full semester in addition to the balance of the semester in which the expulsion takes effect. As a condition of such suspended action, the student and parents will be required to sign a discipline agreement.

Students Subject to Juvenile or Court Probation. Prior to the readmission to school of any student who is under 19 years of age and who is subject to the supervision of a juvenile probation officer or an adult probation officer pursuant to a court order Court, who chooses to meet conditions of probation by attending school, and who has previously been expelled from school, the Principal or the Principal’s designee shall meet with the student’s probation officer and assist in developing conditions of probation that will provide specific guidelines for behavior and consequences for misbehavior at school (including conduct on school grounds and conduct during an educational function or activity on school grounds). The student shall be subject to the same conditions of probation as if the student had not been expelled.

disciplined for subsequent conduct as provided in Board policy and state statute.

- D. Other Forms of Student Discipline.** Administrative and teaching personnel may take actions regarding student behavior, other than removal of students from school, which are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but are not be limited to, counseling of students; parent conferences; rearrangement of schedules; requiring that a student remain in school after regular hours to do additional work; restriction of extracurricular activity; or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a parent or guardian to such counseling or evaluation. The actions may also include in-school suspensions. When in-school suspensions, after-school assignments, or other disciplinary measures are assigned, the student is responsible for complying with such disciplinary measures. A failure to serve such assigned discipline as directed will serve as grounds for further discipline, up to expulsion from school.

Section 4 Student Conduct Expectations

Students are not to engage in conduct which causes or which creates a reasonable likelihood that it will cause a substantial disruption in or material interference with any school function, activity or purpose or interfere with the health, safety, well being or rights of other students, staff or visitors.

A. Grounds for Short-Term Suspension, Long-Term Suspension, Expulsion or Mandatory Reassignment

The following conduct has been determined by the Board of Education to have the potential to seriously affect the health, safety or welfare of students, staff and other persons or to otherwise seriously interfere with the educational process. Such conduct constitutes grounds for long-term suspension, expulsion, or mandatory reassignment, and any other lesser forms of discipline. The conduct is subject to the consequence of long-term suspension, expulsion, or mandatory reassignment where it occurs on school grounds, in a vehicle owned, leased, or contracted by the school and being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or an employee's designee, or at a school-sponsored activity or athletic event.

- a. Willfully disobeying any reasonable written or oral request of a school staff member or the voicing of disrespect to those in authority.
- b. - c. Willfully causing or attempting to cause substantial damage to property, stealing or attempting to steal property of substantial value, repeated damage or theft involving property, or setting or attempting to

intent of obtaining money or anything of value from such student or making a threat which causes or may be expected to cause a disruption to school operations;

- f. Knowingly possessing, handling, or transmitting any object or material that is ordinarily or generally considered a weapon or that has the appearance of a weapon or bringing or possessing any explosive device, including fireworks;
- g. Selling, using, possessing or dispensing of alcohol, tobacco, narcotics, drugs, controlled substance, or an inhalant; being under the influence of any of the above; possession of drug paraphernalia, or the selling, using, possessing, or dispensing of an imitation controlled substance as defined in section 28-401 of the Nebraska statutes, or material represented to be alcohol, narcotics, drugs, a controlled substance or inhalant. Use of a controlled substance in the manner prescribed for the student by the student's physician is not a violation. The term "under the influence" has a less strict meaning than it does under criminal law; for school purposes, the term means any level of impairment and includes even the odor of alcohol or illegal substances on the breath or person of a student; also, it includes being impaired by reason of the abuse of any material used as a stimulant;
- h. Public indecency or sexual conduct;
- i. Engaging in bullying, which includes any ongoing pattern of physical, verbal, or electronic abuse on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or a school employee's designee, or at school-sponsored activities or school-sponsored athletic events;
- j. Sexually assaulting or attempting to sexually assault any person. This conduct may result in an expulsion regardless of the time or location of the offense if a complaint alleging such conduct is filed in a court of competent jurisdiction;
- k. Engaging in any activity forbidden by law which constitutes a danger to other students or interferes with school purposes. This conduct may result in an expulsion regardless of the time or location of the offense if the conduct creates or had the potential to create a substantial interference with school purposes, such as the use of the telephone or internet off-school grounds to threaten; or
- l. Violation of any rules established by the school district or school officials if such violations constitute a substantial interference with school purposes;
- m. Truancy or failure to attend assigned classes or assigned activities; or tardiness to school, assigned classes or assigned activities;
- n. The use of language, written or oral, or conduct, including gestures, which is profane or abusive to students or staff members. Profane or abusive language includes, but is not limited to, the use of profane or abusive language, written or oral, or conduct, including gestures, which is profane or abusive to students or staff members.

dressing, grooming, or engaging in speech that is lewd or indecent, vulgar, or plainly offensive; dressing, grooming, or engaging in speech that school officials reasonably conclude will materially and substantially disrupt the work and discipline of the school; dressing, grooming, or engaging in speech that a reasonable observer would interpret as advocating illegal drug use.

- p. Willfully violating the behavioral expectations for those students riding Gering Public Schools buses.

A student who engages in the following conduct shall be expelled for the remainder of the school year in which it took effect if the misconduct occurs during the first semester, and if the expulsion for such conduct takes place during the second semester, the expulsion shall remain in effect for the first semester of the following school year, with the condition that such action may be modified or terminated by the school district during the expulsion period on such terms as the administration may establish:

- a. The knowing and intentional use of force in causing or attempting to cause personal injury to a school employee, school volunteer, or student, except if caused by accident, self-defense, or on the reasonable belief that the force used was necessary to protect some other person and the extent of force used was reasonably believed to be necessary, or
- b. The knowing and intentional possession, use, or transmission of a dangerous weapon other than a firearm.
- c. Knowingly and intentionally possessing, using, or transmitting a firearm on school grounds, in a school-owned or utilized vehicle, or during an educational function or event off school grounds, or at a school-sponsored activity or athletic event. This conduct shall result in an expulsion for one calendar year. "Firearm" means a firearm as defined in 18 U.S.C. 921, as that statute existed on January 1, 1995. That statute includes the following statement: "The term 'firearm' means (a) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (b) the frame or receiver of any such weapon; (c) any firearm muffler or firearm silencer; or (d) any destructive device." The Superintendent may modify such one year expulsion requirement on a case-by-case basis, provided that such modification is in writing.
- d. Bringing a firearm or other dangerous weapon to school for any reason is discouraged; however, a student will not be subject to disciplinary action if the item is brought or possessed under the following conditions:
 - i. Prior written permission to bring the firearm or other dangerous weapon to school is obtained from the student's teacher, building administrator and parent.
 - ii. The purpose of having the firearm or other dangerous weapon in school is for a legitimate educational function.
 - iii. A plan for its transportation into and from the school, its storage while in the school building, and its removal from the school building is established.

B. Additional Student Conduct Expectations and Grounds for Discipline

The following additional student conduct expectations are established. Failure to comply with such rules is grounds for disciplinary action. When such conduct occurs on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or by his or her designee, or at a school-sponsored activity or athletic event, the conduct is grounds for long-term suspension, expulsion or mandatory reassignment.

C. Student Appearance: Students at Gering Public Schools are expected to dress in a way that is appropriate for the school setting. Students should not dress in a manner that is dangerous to the health and safety of anyone or that interferes with the learning environment or teaching process in our school. Following is a list of examples of attire that will not be considered appropriate, such list is not exclusive and other forms of attire deemed inappropriate by the administration may be deemed inappropriate for the school setting: Clothing that shows an inappropriate amount of bare skin or underwear (midriffs, spaghetti straps, sagging pants) or clothing that is too tight, revealing or baggy, or tops and bottoms that do not overlap or any material that is sheer or lightweight enough to be seen through, or otherwise of an appropriate size and fit so as to be revealing or drag on the ground. Shirts and tops must have necklines that will be close to the collar bones in front and back.

- a. Shorts, skirts, or skorts that do not reach mid-thigh or longer.
- b. Clothing or jewelry that advertises or promotes beer, alcohol, tobacco, or illegal drugs.
- c. Clothing or jewelry that could be used as a weapon (chains, spiked apparel) or that would encourage “horse-play” or that would damage property (e.g. cleats).
- d. Head wear including hats, caps, bandannas, and scarves;
- e. Clothing or jewelry which exhibits nudity, makes sexual references or carries lewd, indecent, or vulgar language.
- f. Clothing must be “in good repair”. Therefore, wearing jeans with holes in them will not be permitted, whether skin is revealed or not (other examples: frayed shorts, or torn clothing, holes in clothing)
- g. Clothing or jewelry that is gang related.

Consideration will be made for students who wear special clothing as required by religious beliefs, disability, or to convey a particularized message protected by law. The final decision regarding attire and grooming will be made by the Principal or Superintendent. In the event a student is uncertain as to whether a particular item or method of grooming is consistent with the school’s guidelines, the student should contact the Principal for approval and may also review such additional posting of prohibited items or grooming which may be available in the Principal’s office.

Coaches, sponsors, or teachers may have additional requirements for students who are in special lab classes, students who are participants in performing groups, or students who are representing the school as part of an extracurricular activity program.

Philosophy and Purpose. The use of electronic devices can be disruptive to the educational process and are items that are frequently lost or stolen. 2. Students are permitted to possess and use electronic devices before school hours, at lunch time, during passing times, and after school hours, in the designated areas, provided that the student not commit any abusive use of the device (see paragraph (4)(a). Administrators have the discretion to prohibit student possession or use of electronic devices on school grounds during these times in the event the administration determines such further restrictions are appropriate; an announcement will be given in the event of such a change in permitted use.
3. Electronic devices may be used during class time when specifically approved by the teacher or a school administrator in conjunction with appropriate and authorized class or school activities or events (i.e., student use of a camera during a photography class; student use of a lap top computer for a class presentation).

Penalties for Prohibited Use of Electronic Devices: Students who receive a “sexting” message are to report the matter to a school administrator and then delete such message from their electronic device. Students shall not participate in sexting or have any “sexting” message on their electronic devices regardless of when the message was received while on school grounds or at a school activity. Students who violate the prohibitions of this policy shall be subject to the imposition of appropriate disciplinary action.

Reporting to Law Enforcement. Violations of this policy regarding the prohibited use of electronic devices that may constitute a violation of federal or state laws and regulations, including, but not limited to, the Nebraska Child Protection Act or the Nebraska Child Pornography Prevention Act shall be reported to appropriate legal authorities and law enforcement.

The District is not responsible for the security and safekeeping of students’ electronic devices and is not financially responsible for any damage, destruction, or loss of electronic devices.

E. Harassment and Bullying Policy:

One of the missions of Gering Public Schools is to provide safe and secure environments for all students and staff. Positive behaviors (non-violence, cooperation, teamwork, understanding, and acceptance of others) are encouraged in

power or view of superiority over a period of time. The behavior typically includes verbal (e.g. teasing or name-calling) and physical aggression (e.g., hitting, pushing), threatening, excluding or ignoring, spreading rumors, or taking, defacing or destroying the others' property. "Harassment" includes the same actions, though not necessarily from a standpoint of perceived power. Harassment is prohibited. Bullying/harassment is a violation of student conduct rules, and appropriate disciplinary measures, up to expulsion, will be enforced. When bullying or harassment is done on the basis of gender, disability, race, or other protected status, it is considered a very serious offense for which expulsion may be a likely consequence depending on the severity of the conduct.

Students who are the victim of bullying or harassment or who observe such occurring are to promptly report the problem to their teacher or to the Principal so the problem can be addressed. Students who make reports of bullying activity will not be retaliated against for making the report.

F. Inappropriate Public Displays of Affection (IPDA):

Students are not to engage in inappropriate public displays of affection on school property or at school activities. Such conduct includes kissing, touching, fondling or other displays of affection that would be reasonably considered to be embarrassing or a distraction to others. Students will face the following consequences for IPDA:

1st Offense: Students will be confronted and directed to cease.

2nd Offense: Students will be confronted, directed to cease, and parents will be notified.

3rd Offense: Students will face appropriate disciplinary consequences.

If this type of behavior continues, or if the IPDA is lewd or constitutes sexual conduct, the student could progressive disciplinary consequences.

G. Acceptable Use Policy for Electronic Resources

The use of electronic resources is a privilege, not a right, and inappropriate use will result in the cancellation of your privilege. Students using electronic resources are required to follow District policy and procedures. The supervising staff member will determine what is appropriate use in accordance with the following guidelines, and may deny, revoke, or suspend your access.

- viii. Be reasonable in the amount of time you use the system. Be considerate of other individuals using the system. Time limits may be imposed.
- ix. Classroom use will take precedence over independent use.

~~¶~~B. e) Respect the integrity of the computing system. Section 5 Reporting Student Law Violations:

Cases of law violations or suspected law violations by students will be reported to the police and to the student's parents or guardian as soon as possible.

When a Principal or other school official releases a minor student to a peace officer (e.g., police officer, sheriff, and all other persons with similar authority to make arrests) for the purpose of removing the minor from the school premises, the Principal or other school official will take immediate steps to notify the parent, guardian, or responsible relative of the minor regarding the release of the minor to the officer and regarding the place to which the minor is reportedly being taken. An exception applies when a minor has been taken into custody as a victim of suspected child abuse; in that event the Principal or other school official shall provide the peace officer with the address and telephone number of the minor's parents or guardian.

In an effort to demonstrate that student behavior is always subject to possible legal sanctions regardless of where the behavior occurs it shall be the policy of the Gering Public Schools to notify the proper legal authorities when a student engages in any of the following behaviors on school grounds or at a school sponsored event:

1. Knowingly possessing illegal drugs or alcohol.
2. Assault.
3. Vandalism resulting in significant property damage.
4. Theft of school or personal property of a significant nature.
5. Automobile accident.
6. Any other behavior which significantly threatens the health or safety of students, staff or other persons or which is required by law to be reported.

Article 9 - Extracurricular Activities Rights, Conduct, Rules and Regulations

Section 1 Extracurricular Activity Philosophy

Extracurricular activity programs enrich the curriculum of the school by making available a wide variety of activities in which a student can participate. Extracurricular activity programs are considered an integral part of the school's program of education that provides experiences that will help students physically, mentally, and emotionally.

The element of competition and winning, though it exists, is controlled to the point it does not determine the nature or success of the program. This is considered to be educationally and psychologically sound because of the experience for living in a competitive society. Students are stimulated to want to win and excel, but the principles of good sportsmanship prevail at all times to enhance the educational values of contests. Participation in activities, both as a competitor and as a student spectator, is an integral part of the students' educational experiences. Such participation is a privilege that carries with it responsibilities to the school, team, student body, community, and the students themselves. In their play and their conduct, students are representing all of these groups. Such experiences contribute to the knowledge, skill and emotional patterns that they

participate, to inform their coach or sponsor when they are injured or have health problems that require their activities be restricted, and to exercise common-sense.

Section 3 Warning for Participants and Parents

The purpose of this warning is to bring your attention to the existence of potential dangers associated with athletic injuries. Participation in any intramural or athletic activity may involve injury of some type. The severity of such injury can range from minor cuts, bruises, sprains and muscle strains to more serious injuries to the body's bones, joints, ligaments, tendons, or muscles, to catastrophic injuries to the head, neck and spinal cord. On rare occasions, injuries can be so severe as to result in total disability, paralysis or death. Even with appropriate coaching, appropriate safety instruction, appropriate protective equipment and strict observance of the rules, injuries are still a possibility.

Section 4 Extracurricular Activity Code of Conduct

Purpose of the Code of Conduct. Participation in extracurricular activities is a privilege. The privilege carries with it responsibilities to the school, team, student body, and the community. Participants are not only representing themselves, but also their school and community in all of their actions. Others judge our school on the student participants' conduct and attitudes and how they contribute to our school spirit and community image.

The student participants' performances and devotion to high ideals and values make their school and community proud. Consequently, participation is dependent upon adherence to this Code of Conduct and the school district's policies, procedures, and rules.

Scope of the Code of Conduct.

Activities Subject to the Code of Conduct: The Code of Conduct applies to all extracurricular activities. Extracurricular activities means student activities or organizations which are supervised or administered by the school district which do not count toward graduation or grade advancement, and in which participation is not otherwise required by the school.

Extracurricular activities include but are not limited to the following: all sports, cheerleading, dance team, Pep Band, vocal, band, speech and debate, play productions and Mock Trial, DECA, FCCLA, Spanish Club, Art Club, Student Council, Student Advisory Board, National Honor Society, and other school sponsored organizations and activities. The Code of Conduct also applies to participation in school sponsored activities such as school dances and royalty for such activities.

A participant means a student who participates in, has participated in, or will participate in an extracurricular activity.

When: The Code of Conduct rules apply to conduct which occurs at any time during the school year and also includes the time frame which begins with the official starting day of the fall sport season established by the NSAA and extends to the last day of the school year.

student's participation under the team selection and playing time guidelines.

Where: The Code of Conduct rules apply regardless of whether the conduct occurs on and off school grounds. If the conduct occurs on school grounds, at a school function or event, or in a school vehicle, the student may also be subject to further discipline under the general student code of conduct. A student who is suspended or expelled from school shall not be permitted to participate in activities during the period of the suspension or expulsion, and may also receive an extended activity suspension.

Grounds for Extracurricular Activity Discipline. Students who participate in extracurricular activities are expected to demonstrate cooperation, patience, pride, character, self-respect, self-discipline, teamwork, sportsmanship, and respect for authority. The following conduct rules have been determined by the Board of Education to be reasonably necessary to aid students, further school purposes, and prevent interference with the educational process. Such conduct constitutes grounds for suspension from participation in extracurricular activities and grounds for other restrictions or disciplinary measures related to extracurricular activity participation:

1. Willfully disobeying any reasonable written or oral request of a school staff member, or the voicing of disrespect to those in authority.
2. Use of violence, force, coercion, threat, intimidation, harassment or similar conduct in a manner that constitutes a substantial interference with school or extracurricular activity purposes or making any communication that a reasonable person would interpret as a serious expression of an intent to harm or cause injury to another.
3. Willfully causing or attempting to cause substantial damage to property, stealing or attempting to steal property, repeated damage or theft involving property or setting or attempting to set a fire of any magnitude.
4. Causing or attempting to cause personal injury to any person, including a school employee, school volunteer, or student. Personal injury caused by accident, self-defense, or other action undertaken on the reasonable belief that it was necessary to protect another person shall not constitute a violation.
5. Threatening or intimidating any student for the purpose of, or with the intent of, obtaining money or anything of value from a student or making a threat which causes or may be expected to cause a disruption to school operations.
6. Knowingly possessing, handling, or transmitting any object or material that is ordinarily or generally considered a weapon or that has the appearance of a weapon, or bringing or possessing any explosive device, including fireworks, on school grounds or at a school function or event, or in a manner that is unlawful or contrary to school activity rules.
7. Selling, using, possessing or dispensing alcohol, tobacco, narcotics, drugs, a controlled substance, or an inhalant; being under the influence of any of the above; possession of drug paraphernalia, or the selling, using, possessing, or dispensing of an imitation controlled substance as defined in section 28-401 of the Nebraska statutes, or material represented to be alcohol, narcotics, drugs, a controlled substance or inhalant. Use of a controlled substance in the manner prohibited by section 28-401 of the Nebraska statutes constitutes a violation. Not

a school being used for a school purpose by a school employee or a school employee's designee, or at school-sponsored activities or school-sponsored athletic events;

11. Engaging in any activity forbidden by law which constitutes a danger to other students, interferes with school purposes or an extracurricular activity, or reflects a lack of high ideals.
12. Repeated violation of any of the school rules.
13. Truancy or failure to attend assigned classes or assigned activities; or tardiness to school, assigned classes or assigned activities.
14. The use of language, written or oral, or conduct, including gestures, which is profane or abusive to a school employee, school volunteer, or student. Profane or abusive language or conduct includes, but is not limited to, that which is commonly understood and intended to be derogatory toward a group or individual based upon race, gender, national origin, or religion.
15. Dressing or grooming in a manner which is dangerous to the student's health and safety or a danger to the health and safety of others or repeated violations of dress and grooming standards; dressing, grooming, or engaging in speech that is lewd or indecent, vulgar or plainly offensive; dressing, grooming, or engaging in speech that school officials reasonably conclude will materially and substantially disrupt the work and discipline of the school or of an extracurricular activity; dressing, grooming, or engaging in speech that a reasonable observer would interpret as advocating illegal drug use.
16. Willfully violating the behavioral expectations for those students riding Gering Public School buses or vehicles used for activity purposes.
17. Failure to report for the activity at the beginning of the season. Reporting for one activity may count as reporting on time if there is a change in activity within the season approved by the coach or the supervisor.
18. Failure to participate in regularly scheduled classes on the day of an extracurricular activity or event.
19. Failure to attend scheduled practices and meetings. If circumstances arise to prevent the participant's attendance, the validity of the reason will be determined by the coach or sponsor. Every reasonable effort should be made to notify the coach or sponsor prior to any missed practice or meeting.
20. All other reasonable rules or regulations adopted by the coach or sponsor of an extracurricular activity shall be followed, provided that participants shall be advised by the coach or sponsor of such rules and regulations by written handouts or posting on bulletin boards prior to the violation of the rule or regulation.
21. Failure to comply with any rule established by the Nebraska School Activities Association, including, but not limited to, the rules relating to eligibility.

All terms used in the Code of Conduct have a less strict meaning than under criminal law and are subject to reasonable interpretation by school officials.

includes being impaired by reason of the abuse of any material used as a stimulant. Possession includes having control of the substance and also includes being in the same area where the substance is present and no responsible adult present and responsible for the substance. Possession includes situations where, for example:

- A. Alcohol is in a vehicle in which the student is present. The student is considered to be in possession if the student is aware that the alcohol is in the vehicle, even though the student has not touched or consumed the alcohol; and
- B. Alcohol is present at a party attended by the student. The student is considered to be in possession if the student is aware that alcohol is at the party and fails to immediately leave the party, even though the student has not touched or consumed the alcohol.

In these situations, a violation would not exist if the alcohol is in the control of a parent or guardian or other responsible adult (age 21 or older) such that students are not allowed to access the alcohol. A violation would also not exist if the student did not know or have a reasonable basis to know that alcohol would be present, and the student leaves the location where the alcohol is present as soon the student could safely do so. (Students are expected to leave immediately, but are not to do so in a manner that would endanger them. For example, you are not to leave in a car being driven by a person who has been drinking just to get away from the alcohol party immediately when there is no other way to get home. Instead, you should call for a safe ride home and, while waiting, clearly distance yourself from the alcohol).

Consequences

Students may be suspended from practices or participation in interscholastic competition or participation in co-curricular activities for violations of the Code of Conduct. The period of suspension or other discipline for such offenses shall be determined by the school administration.

The disciplinary consequence will be determined based on consideration of the seriousness of the offense, any prior violations, the student's compliance with the self-reporting obligations, the student's level of cooperation and willingness to resolve the matter, and the student's demonstration of a commitment to not commit future violations.

Drug and Alcohol Offenses

Because of the significance of drug and alcohol violations on the student participants and other students and the school, the following consequences are established for such violations:

1. Possessing or using tobacco, chewing, vapor product or smoking during the season
 - First offense: Suspension from all activities and events for one week or one event and enrollment in a tobacco cessation class.
 - Second and subsequent offenses: Suspension from all activities and events for two weeks or three events and completion of a smoking cessation class.

student: (a) is participating in substance abuse counseling with a qualified professional and is following the recommendations of the counselor and (b) tests negative in a District-administered drug test.

Second Offense: For the second positive test, the student is ineligible to participate in any extracurricular activities for nine weeks. The student may not return to participate in extracurricular activities until the student shows proof that the student: (a) is participating in substance abuse counseling with a qualified professional and is following the recommendations of the counselor and (b) tests negative in a District-administered drug test.

Third Offense: For the third positive test, the student is ineligible to participate in any extracurricular activities for ONE CALENDAR YEAR. The student may not return to participate in extracurricular activities until the student shows proof that the student: (a) is participating in substance abuse counseling with a qualified professional and is following the recommendations of the counselor and (b) tests negative in a District-administered drug test.

Fourth Offense: the student is ineligible to participate in any extracurricular activity for the remainder of the student's secondary school career.

The parents or guardians are responsible for the costs of the rehabilitation program, which includes the substance abuse counseling and follow-up.

Positive results will not lead to the imposition of an academic consequence or disciplinary action, other than the above described limitations on the privilege to participate in extracurricular activities.

Reduction for Self-Reporting: If the student has self-reported, the first violation shall be reduced to one week for the first violation. A commensurate reduction (approximately one-half, as determined by the administration) for a second or subsequent violation shall be given for self-reporting.

More Serious Violations: In the event of more serious drug or alcohol violations, such as students engaging in use of especially serious drug offenses (cocaine, meth, etc.) or procuring alcohol for minors, the consequence of the violation is not restricted by the foregoing, and may be established in the good discretion of the administration.

Steroid Offenses. A student who possesses, dispenses, delivers, or administers anabolic steroids shall be prohibited from participating in any extracurricular activity for the following minimum periods:

First Violation: 30 consecutive days.

Second or Any Subsequent Offense: One calendar year.

When Suspensions Begin. All suspensions begin with the next scheduled activity in which the student is a participant, after the determination by school officials of the sanction to be imposed; provided that the school officials shall have the discretion to establish a time period for the suspension that makes the suspension have a real consequence for the student. During a suspension, participants may be required or permitted to practice at the sole discretion of the coach or activity sponsor. Suspensions in the spring will be carried over to the fall when the suspension has not been fully served or when determined appropriate for the suspension to have a real consequence for the

have been suspended due to a code violation. The coach/sponsor, with the Athletic Director's approval, may make an exception if the student has self-reported or otherwise demonstrated excellence in character allowing for such honors.

Self-Reporting. A student who violates the Code of Conduct must self-report. A failure to self-report will lead to a longer suspension or other discipline. The self-report must be made to the principal, athletic director, or the head coach or sponsor of an activity in which the student participates. The student's parent or guardian may initiate the self-reporting process, but the student will be later required to give a written statement of the self-report.

The self-report must be made : (1) before the end of the next school day after the conduct occurred and (2) before participation in an extracurricular or co-curricular activity.

In making a self-report, the student must identify the events that took place, the conduct which the student engaged in, and any witnesses to the student's conduct, and will be required to put this information in a written statement. In the event the student has received a criminal citation, charge, or ticket, and proclaims innocence of a violation, the student will be required to self-report such offense and provide information as to why they should be found innocent, not as it relates to the criminal offense, but as it relates to the Code of Conduct.

All students are expected to be honest and forthright with school officials. In the event the coach or activity sponsor or any school administrator asks a student participant for information pertaining to compliance (or lack of compliance) by the student or other student participants with the Code of Conduct or eligibility conditions for participation in activities, the student is expected to fully, completely, and honestly provide the information. Students may be disciplined for a failure to be honest and forthright.

Determining a Violation Has Occurred. A violation of the Code of Conduct will be determined to have occurred based on any of the following criteria:

1. When a student is cited by law enforcement and school officials have a reasonable basis for determining that grounds for the issuance of the citation exist.
2. When a student is convicted of a criminal offense. Conviction includes, without limitation, a conviction, a plea of no contest, and an adjudication of delinquency by a juvenile court.
3. When a student admits to violating one of the standards of the Code of Conduct.
4. When a student is accused by another person of violating one of the standards of the Code of Conduct, and school officials determine that such information is reliable.
5. When school officials otherwise find sufficient evidence to support a determination that a violation has occurred.

Procedures for Extracurricular Discipline. The following procedures are established

opportunity to give the student's side of the story. The meeting for this purpose may be held in person or via a telephone conference.

3. The student will be given oral or written notice of what the student is accused of having done, an explanation of the evidence the school has, and the opportunity to explain the student's version. Detail is not required where the activity participant has made a self-report or otherwise admits the conduct. Names of informants may be kept confidential when determined to be appropriate.
4. The suspension may be imposed prior to the meeting if the meeting cannot reasonably be held before the suspension is to begin. In that case the meeting will occur as soon as reasonably practicable. The student is responsible for cooperating in the scheduling of the meeting.
5. Notice Letter. Within two school days (two business days if school is not in session), or such additional time as is reasonably necessary following the suspension, the Athletic Director or the Athletic Director's designee will send a written statement to the student and the student's parents or guardian. The statement will describe the student's conduct violation and the discipline imposed. The student and parents or guardian will be informed of the opportunity to request a hearing.
6. Informal Hearing Before Superintendent. The student or student's parent/guardian may request an informal hearing before the Superintendent. The Superintendent may designate the Athletic Director or another administrator not responsible for the suspension decision as the Superintendent's designee to conduct the hearing and make a decision. A form to request such a hearing must be signed by the parent or guardian. A form will be provided with the notice letter or otherwise be made available by request from the Principal's office. The request for a hearing must be received by the Superintendent's office within five days of receipt of the notice letter.

If a hearing is requested:

1. The hearing will be held within ten calendar days of receipt of the request; subject to extension for good cause as determined by the Superintendent or the Superintendent's designee.
2. The Superintendent or the Superintendent's designee will notify the participants of the time and place of the hearing a reasonable time in advance to allow preparation for the hearing.
3. Upon conclusion of the hearing, a written decision will be rendered within five school days (ten calendar days if school is not in session). The written decision will be mailed or otherwise delivered to the participant, parents or guardian.
4. A record of the hearing (copies of documents provided at the hearing and a tape recording or other recordation of the informal hearing) will be kept by the school if requested sufficiently in advance of the hearing by the parent/guardian.

No Stay of Penalty. There will be no stay of the penalty imposed pending

Public Schools.

Section 6 Attendance

Student participants are expected to meet the following attendance expectations:

1. Attend school regularly. Students who have “excessive absences” as determined under the school’s attendance policy are ineligible to participate in extracurricular activity contests or performances. Students who have four or more unexcused absences in the semester of participation will be ineligible to participate in extracurricular activity contests or performances.
2. Be on time for all scheduled practices, contests and departure for contests. In the event a participant is unable to attend a practice or contests the participant should contact the coach or sponsor in advance.
3. On the day of a contest, performance or other activity, be in attendance for the full day. A student who is not in attendance the full day is ineligible for the contest, performance, or activity. When events occur during the regular school day only eligible participants will be dismissed or students with prior administrative approval will be excused for the event.

Exceptions may be made for extenuating circumstances, such as doctor/dentist appointments or family emergencies. The exception must be approved by the Principal or Activities Director.

Every attempt should be made to be in attendance the day of a contest. Sleeping in to rest up for the game will not be considered an extenuating circumstance, nor will going home ill and then returning to play in the contest later that day.

Section 7 Academic Standards

Participation in extracurricular school activities is encouraged and desirable for all students. At the same time, the primary mission and responsibility for each student is to establish a firm academic foundation. A student participating in extracurricular school activities must show evidence of sincere effort towards scholastic achievement. To be eligible for participation in extracurricular activities students must:

1. Be enrolled in at least 40 credit hours in the semester of participation.
2. Student in-progress grades will be pulled from Infinite Campus each week. A student who is failing two or more classes at progress reporting times will be ineligible to participate in extracurricular activity contests or performances. The student will remain ineligible for the entire week.
3. Academic requirements do not apply to the following:
 - a. Instructional field trips which are a part of the scheduled course learning experience; or
 - b. Activities or events which are a considered in determining the student’s grade.

Section 8 Relationships between Parents and Coaches/Sponsors

Communicating with your children

- Make sure that your children know that win or lose, scared or heroic, you love them, appreciate their efforts and are not disappointed in them. This will allow them to do their best without fear of failure. Be the person in their life they can look to for constant positive reinforcement.
- Try your best to be completely honest about your child's athletic ability, competitive attitude, sportsmanship, and actual skill level.
- Be helpful but don't coach them. It's tough not to, but it is a lot tougher for the child to be flooded with advice and critical instruction.
- Teach them to enjoy the thrill of competition, to be "out there trying," to be working to improve their skills and attitudes. Help them develop the feeling for competing, for trying hard, for having fun.
- Try not to relive your athletic life through your child in a way that creates pressure. If they are comfortable with you win or lose, then they are on their way to maximum enjoyment.
- Don't compete with the coach. If your child is receiving mixed messages from two different authority figures, he or she will likely become disenchanted.
- Don't compare the skill, courage, or attitude of your child with other members of the team.
- Get to know the coach(es). Then you can be assured that his or her philosophy, attitudes, ethics, and knowledge are such that you are happy to have your child under his or her leadership.
- Always remember that children tend to exaggerate, both when praised and when criticized. Temper your reaction and investigate before overreacting.

Communicating with the coach

Communication you should expect from your child's coach includes:

- Philosophy of the coach
- Expectations the coach has for your child
- Locations and times of all practices and contests
- Team requirements
- Procedure should your child be injured
- Discipline that results in the denial of your child's participation
- Communication coaches expect from parents
- Concerns expressed directly to the coach
- Notification of any schedule conflicts well in advance
- Specific concerns in regard to a coach's philosophy and/or expectations
- Appropriate concerns to discuss with coaches:
 - The treatment of your child, mentally, and physically
 - Ways to help your child improve
 - Concerns about your child's behavior
 - Injuries or health concerns. Report injuries to the coach immediately!!
 - Tell the coach about any health concerns that may make it necessary to

- Play calling
- Other student-athletes (except for reporting activity code violations)
- Appropriate procedures for discussing concerns with the coaches:
 - Do not confront a coach before or after a contest or practice (these can be emotional times for all parties involved and do not promote resolution)
 - Call to set up an appointment with the coach

What should a parent do if the meeting with the coach did not provide satisfactory resolution?

- Call the athletic director to set up a meeting with the athletic director, coach, and parent present. At this meeting, an appropriate next step can be determined, if necessary.

Section 9 “Team Selection” and “Playing Time”

“Team selection” and “playing time” decisions are the responsibility of the individual coach or sponsor of the activity. Consistent, however, with the purposes of the activities program, the coaches and sponsors shall follow the following established guidelines for team selection and playing time decisions, along with such other guidelines as each individual coach and sponsor may develop which are not inconsistent with these established guidelines:

1. School Representative. Student participants must demonstrate that they can and will represent themselves and their school in a manner which reflects the development of high ideals and appropriate values, which shall include good citizenship in the school and in the community.
2. Success. Student participants must demonstrate that they can make the activity program more successful, both from a standpoint of competitive success and success in promoting a positive school spirit. Characteristics for purposes of these criteria include the student’s: (1) talent or skill, (2) desire to improve the student's own skills or talents as well as those of others in the activity, and (3) attitude of respect towards teammates, the coach, the school, and the community.

Preventing Harassment and Discrimination of Students.

Purpose: Gering Public Schools is committed to offering employment and educational opportunities to its employees and students in a climate free of discrimination. Accordingly, unlawful discrimination or harassment of any kind by administrators, teachers, co-workers, students or other persons is prohibited. In addition, the Gering Public Schools will try to protect employees and students from reported discrimination or harassment by non-employees or others in the work place and educational environment.

For purposes of this policy, discrimination or harassment based on a person's race, color, religion, national origin, sex, disability or age is prohibited. The following are general definitions of what might constitute prohibited harassment.

In general, ethnic or racial slurs or other verbal or physical conduct relating to a person's race, color, religion, disability or national origin constitute harassment when they unreasonably interfere with the person's work performance or create an intimidating work, instructional or educational environment.

Age harassment (40 years of age and higher) has been defined by federal regulations as a form of age discrimination. It can consist of demeaning jokes, insults or intimidation based on a person's age.

Sexual harassment is defined by federal and state regulations as a form of sex discrimination. It can consist of unwelcome sexual advances, requests for sexual favors, or physical or verbal conduct of a sexual nature by supervisors or others in the work place, classroom or educational environment.

Sexual harassment may exist when:

Submission to such conduct is either an explicit or implicit term and condition of employment or of participation and enjoyment of the school's programs and activities;

Submission to or rejection of such conduct is used or threatened as a basis for employment related decisions, such as promotion, performance, evaluation, pay adjustment, discipline, work assignment, etc., or school program or activity decisions, such as admission, credits, grades, school assignments or playing time.

The conduct has the purpose or effect of unreasonably interfering with an individual's work or educational performance or creating an intimidating, hostile, or offensive working, class room or educational environment.

Sexual harassment may include explicit sexual propositions, sexual innuendo, suggestive comments, sexually oriented "kidding" or "teasing", "practical jokes", jokes about gender-specific traits, foul or obscene language or gestures, displays of foul or obscene printed or visual material, and physical contact, such as patting, pinching or brushing against another's body.

Complaint and Grievance Procedures:

Employees or students should initially report all instances of discrimination or harassment to their immediate supervisor or classroom teacher. However, if the employee or student is uncomfortable in presenting the problem to the supervisor or teacher, or if the supervisor or teacher is the problem, the employee or student is encouraged to go to the next level of supervision. In the case of a student, the Principal

The supervisor, teacher or the Superintendent will thoroughly investigate all complaints. These situations will be treated with the utmost confidence, consistent with resolution of the problem. Based on the results of the investigation, appropriate corrective action, up to and including discharge of offending employees, and disciplinary action up to expulsion against a harassing student, may be taken. Under no circumstances will any threats or retaliation be permitted to be made against an employee or student for alleging in good faith a violation of this policy.

Section 4 Multicultural Policy

The philosophy of the District's multicultural education program is that students will have improved ability to function as productive members of society when provided with: (a) an understanding of diverse cultures and races, the manner in which the existence of diverse cultures and races have affected the history of our Nation and the world, and of the contributions made by diverse cultures and races (including but not be limited to African Americans, Hispanic Americans, Native Americans, Asian Americans and European Americans) and (b) with the ability and skills to be sensitive toward and to study, work and live successively with persons of diverse cultures and races. The mission shall also include preparing students to eliminate stereotypes and discrimination or harassment of others based on ethnicity, religion, gender, socioeconomic status, age, or disability.

Section 5 Notice to Parents of Rights Afforded by Section 504 of the Rehabilitation Act of 1973 SEE ARTICLE 6 SECTION 3

Section 6 Notification of Rights Under FERPA (STUDENT RECORDS)

The Gering Public Schools will on occasion release routine directory information (84-712.05) to the general public which includes: "Student's name, address, telephone number, date and place of birth, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degree and awards received, the most recent previous educational agency or institution attended by the student, and other similar information." The information released may be to military recruiters, newspapers, colleges & universities, athletic and activity programs, etc. Parents may have their student's name and information withheld from dissemination upon written request to the office of the principal.

The Family Educational Rights and Privacy Act (FERPA) afford parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. They are:

1. The right to inspect and review the student's education records within 45 days of the day the district receives a request for access. Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The rights to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading. Parents or eligible students who wish to amend their children's education records should submit a written request to the principal.

hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the district as an administrator, supervisor, instructor or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility and effectively provide the function or service for which they are responsible. Contractors, consultants and volunteers are permitted to have access to education records where they are performing a function or service that would otherwise be done by a school employee. Their access is limited to education records in which they have a legitimate educational interest; which means records needed to effectively provide the function or service for which they are responsible.

The District forwards education records (may include academic, health and discipline records) that have requested the records and in which the student seeks or intends to enroll, or where the student has already enrolled so long as the disclosure is for purposes related to the student's enrollment or transfer.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office

U.S. Department of Education
400 Maryland Avenue, S.W.
Washington, D.C. 20202-4605

Section 7 NOTICE CONCERNING DIRECTORY INFORMATION

The District may disclose directory information. The types of personally identifiable information that the district has designated as directory information are as follows: student's name, address, telephone listing, electronic mail address, photograph, date of and place of birth, major fields of study, dates of attendance, grade level, enrollment status (e.g., full-time or part-time), participation in officially recognized activities and sports, weight and height of members of athletic teams, degrees, honors and awards received, and most recent previous school attended. A parent or eligible student has the right to refuse to let the District designate any or all of those types of information about the student as directory information. The period of time within which a parent or eligible student may refuse the District's designation of directory information is all of the

by the FERPA law, and the district does not approve any practice which involves an unauthorized disclosure of education records. In some courses student work may be displayed or made available to others. Also, some teachers may have persons other than the teacher or school staff, such as volunteers or fellow students, assist with the task of grading student work and returning graded work to students. The District designates such student work as directory information and as non-education records. Each parent and eligible student shall be presumed to have accepted this designation in the absence of the parent or eligible student giving notification to the District in writing in the manner set forth above pertaining to the designation of directory information. Consent will be presumed to have been given in the absence of such a notification from the parent or eligible student.

Notice Concerning Designation of Law Enforcement Unit:

The District will comply with any such request.

1. Whether the teacher has met State qualifications and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
2. Whether the teacher is teaching under an emergency or provisional teaching certificate.

You may also get information about other graduate certification or degrees held by the teacher, and the field of discipline of the certification or degree. We will also, upon request, tell parents/guardians whether their child is being provided services by a paraprofessional and, if so, the qualifications of the paraprofessional. The request for information should be made to an administrator in your child's school building. The information will be provided to you in a timely manner. Finally, the District will give timely notice to you if your child has been assigned, or has been taught for four or more consecutive weeks by a

For such surveys, the District will also follow the procedures set forth in the section entitled: "Notification of and Right to Opt-Out of Specific Events."

In the event there is a question as to the nature of the curriculum materials requested or as to whether the materials are required to be provided, the building principal shall notify the parent of such concern, and assist the parent with forming a request which can reasonably be accommodated. If the parent does not formulate such a request, and continues to desire certain curriculum materials, the parent shall be asked to make their request to the Superintendent.

Rights of Parents to be Notified of and to Opt-Out of Certain Physical Examinations or Screenings. The general policy and practice of the District is to not administer physical examinations or screenings of students which require advance notice or parental opt-out rights under the applicable federal laws, for the reason that the physical examinations or screenings to be conducted by the District will usually fit into one of the following exceptions: (1) hearing, vision, or scoliosis screenings; (2) physical examinations or screenings that are permitted or required by an applicable State law; and (3) surveys administered to students in accordance with the Individuals with Disabilities Education Act. Parental Access to Instruments used in the Collection of Personal Information: While the general practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information, parents shall have the right to inspect, upon reasonable request, any instrument which may be administered or distributed to a student for such purposes. Reasonable requests for inspection shall be granted within a reasonable period of time after the request is received. The procedures for making and granting such a request are as follows: the parent shall make the request, with reasonable specificity, directly to the building principal and shall identify the specific act and the school staff member or program responsible for the collection, disclosure, or use of personal information from students for the purpose of marketing that information. The building principal, within five (5) school days, shall consult with the school staff member or person responsible for the program which has been reported by the parent to be responsible for the collection, disclosure, or use of personal information from students. In the event such collection, disclosure, or use of personal information is occurring or there is a plan for such to occur, the building principal shall consult with the Superintendent for determination of whether the action shall be allowed to continue. If not, the instrument for the collection of personal information shall not be given to any students. If it is to be allowed, such instrument shall be provided to the requesting parent as soon as such instrument can be reasonably obtained.

Annual Parental Notification of Student Privacy Protection Policy: The District provides parents with reasonable notice of the adoption or continued use of this policy and other policies related to student privacy. Parents shall be offered an opportunity in advance to opt their child out of participation in any of the above listed activities.

In the case of a student of an appropriate age (that is, a student who has reached the age of 18, or a legally emancipated student), the notice and opt-out right shall belong to the student.

Section 11 Parental Involvement Policies

A. General - Parental/Community Involvement in Schools:

Gering Public Schools welcomes parental involvement in the education of their children. We recognize that parental involvement increases student success. It is the District’s policy to foster and facilitate, to the extent appropriate and in their primary language, parental information about, and involvement in, the education of their children. Policies and regulations are established to protect the emotional, physical and social well-being of all students.

2. Parents are encouraged to support the implementation of district policies and regulations.
3. Parents are encouraged to monitor their student’s progress by reviewing quarterly report cards and attending parent-teacher conferences.
4. Textbooks, tests and other curriculum materials used in the district are available for

7. Testing occurs in this school district as determined to be appropriate by district staff to assure proper measurement of educational progress and achievement.
8. Parents submitting written requests to have their student excused from testing, classroom instruction and other school experiences will be granted that request when possible and educationally appropriate. Requests should be submitted to the proper teacher or administrator within a reasonable time prior to the testing, classroom instruction or other school experience and should be accompanied by a written explanation for the request. A plan for an acceptable alternative shall be approved by the proper teacher and administrator prior to, or as a part of, the granting of any parent request.
9. Participation in surveys of students occurs in this district when determined appropriate by district staff for educational purposes. Parents will be notified prior to the administration of surveys in accordance with district policy. Timely written parental requests to remove students from such surveys will be granted in accordance with district policy and law. In some cases, parental permission must be given before the survey is administered.
10. Parents are invited to express their concerns, share their ideas and advocate for their children's education with board members, administrators and staff.
11. School district staff and parents will participate in an annual evaluation and revision, if needed, of the content and effectiveness of the parental involvement policy.

B. Title I Parental Involvement Policy:

The District's Title I Parental Involvement Policy is established in compliance with the No Child Left Behind Act. The District has a parental involvement policy applicable to parents of all children. The parental involvement policy applicable to parents of all children is not replaced by this Title I Parental Involvement Policy and shall continue to be applicable to all parents, including parents participating in Title I programs.

It is the policy of the District to implement programs, activities, and procedures for the involvement of parents in Title I programs consistent with the Title I laws. Such programs, activities, and procedures shall be planned and implemented with meaningful consultation with parents of participating children.

Expectations for Parental Involvement: It is the expectation of the District that parents of participating children will have opportunities available for parental involvement in the programs, activities, and procedures of the District's Title I program. The term "parental involvement" means the participation of parents in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring—(A) that parents play an integral role in assisting their child's learning; (B) that parents are encouraged to be actively involved in their child's education at school; (C) that parents are full partners in their child's education and are included, as appropriate, in decision making and on advisory committees to assist in the education of their child; and (D) the carrying out of other activities, such as those described in this parental involvement policy. The District intends to meet this expectation through the following activities:

parental involvement strategies under other programs.

5. Conducting, with the involvement of parents, an annual evaluation of the content and effectiveness of the parental involvement policy in improving the academic quality of the schools served under the Title I program, including identifying barriers to greater participation by parents in Title I programs, with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background, and use the findings of such evaluation to design strategies for more effective parental involvement, and to revise, if necessary, the parental involvement policies of the District.

6. Involving parents in the activities of the schools served under Title I.

Policy Involvement: Each school served under the Title I program will:

1. Convene an annual meeting, at a convenient time, to which all parents of participating children shall be invited and encouraged to attend, to inform parents of their school's participation under the Title I program and to explain the requirements of the Title I program.
2. Offer a flexible number of meetings, such as meetings in the morning or evening. If sufficient funds are provided for this purpose, the District may assist parental involvement in such meetings by offering transportation, child care, or home visits.
3. Involve parents, in an organized, ongoing, and timely way, in the planning, review, and improvement of Title I programs.
4. Provide parents of participating children: (1) timely information about programs under Title I, (2) a description and explanation of the curriculum in use at the school, the forms of academic assessment used to measure student progress, and the proficiency levels students are expected to meet; and (3) if requested by parents, opportunities for regular meetings to formulate suggestions and to participate, as appropriate, in decisions relating to the education of their children, and respond to any such suggestions as soon as practicably possible.
5. If the District operates a school-wide program under Title I and such plan is not satisfactory to the parents of participating children, submit any parental comments on the plan when the school makes the plan available to the District.

Shared Responsibilities for High Student Academic Achievement: As a component of the District's parental involvement policy, each school served under the Title I program will jointly develop with parents for all children served under the Title I program a school-parent compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the State's high standards. Such compact shall: (1) describe the school's responsibility to provide high-quality curriculum and instruction in a supportive and effective learning environment that enables the children served under Title I to meet the State's student academic achievement standards and the ways in which each parent will be responsible for supporting their children's learning, such as monitoring attendance, homework completion, and television watching; volunteering in their child's classroom;

and observation of classroom activities.

Building Capacity for Involvement: To ensure effective involvement of parents and to support a partnership among the District, parents, and the community to improve student academic achievement, each school participating in the Title I program and the District: (1) shall provide assistance to participating parents, as appropriate, in understanding such topics as the State's academic content standards and State student academic achievement standards, State and local academic assessments, the requirements of Title I and how to monitor a child's progress and work with educators to improve the achievement of their children; (2) shall provide materials and training to help parents work with their children to improve their children's achievement, such as literacy training and using technology, as appropriate, to foster parental involvement; (3) shall educate teachers, student service personnel, principals, and other staff, with the assistance of parents, in the value and utility of contributions of parents, and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs, and build ties between parents and the school; (4) shall, to the extent feasible and appropriate, coordinate and integrate parent involvement programs and activities with Head Start, Reading First, Early Reading First, Even Start, the Home Instruction Programs for Preschool Youngsters, the Parents as Teacher Program, and public preschool and other programs, and conduct other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children; (5) shall ensure that information related to school and parent programs, meetings, and other activities is sent to the parents of participating children in a format, and to the extent practicable, in a language the parents can understand; (6) may involve parents in the development of training for teachers, principals, and other educators to improve the effectiveness of such training; (7) may provide necessary literacy training from funds received under Title I if the District has exhausted all other reasonably available sources of funding for such training; (8) may pay reasonable and necessary expenses associated with parental involvement activities, including transportation and child care costs, to enable parents to participate in school-related meetings and training sessions; (9) may train parents to enhance the involvement of other parents; (10) may arrange school meetings at a variety of times, or conduct in-home conferences between teachers or other educators, who work directly with participating children, with parents who are unable to attend such conferences at school, in order to maximize parental involvement and participation; (11) may adopt and implement model approaches to improving parental involvement; (12) may establish a district-wide parent advisory council to provide advice on all matters related to parental involvement in programs supported under Title I; (13) may develop appropriate roles for community-based organizations and businesses in parent involvement activities; and (14) shall provide such other reasonable support for parental involvement activities under Title I as parents may request.

Accessibility: In carrying out the parental involvement activities for this Title I Parental Involvement policy, the District shall provide full opportunities for the participation of parents with limited English proficiency, parents with disabilities, and parents of migratory children, including providing information and school reports required under Title I in a format and language that is understandable to parents with limited English proficiency, parents with disabilities, and parents of migratory children.

Section 12 Homeless Students Policy

Homeless children for purposes of this Policy generally include children who lack a fixed, regular, and adequate nighttime residence, as further defined by applicable federal and state law.

No Stigmatization or Segregation of Homeless Students: It is the District's policy and practice to ensure that homeless children are not stigmatized or segregated by the District on the basis of their status as homeless.

Homeless Coordinator: The Homeless Coordinator shall serve as the school liaison for homeless children and youth and shall ensure that: (1) homeless children are identified by school personnel; (2) homeless children enroll in, and have a full and equal opportunity to succeed in, school; (3) homeless children and their families receive educational services for which they are eligible and referrals to health, dental, and mental health services and other appropriate services; (4) the parents or guardians of homeless children are informed of the educational and related opportunities available to their children and provided with meaningful opportunities to participate in the education of their children; (5) public notice of the educational rights of homeless children is disseminated where such children receive services under the federal homeless children laws, such as schools, family shelters, and soup kitchens; (6) enrollment disputes are mediated in accordance with law; and (7) the parents or guardians of homeless children, and any unaccompanied youth, are fully informed of transportation services available under law. The Homeless Coordinator may designate duties hereunder as the Homeless Coordinator determines to be appropriate.

Enrollment of and Services to Homeless Children: A homeless child shall be enrolled in compliance with law and be provided services comparable to services offered to other students in the school in which the homeless child has been placed. Placement of a homeless child is determined based on the child's "school of origin" and the "best interests" of the child. The "school of origin" means the school that the child attended when permanently housed or the school in which the child was last enrolled. Placement decisions shall be made according to the District's determination of the child's best interests, and shall be at either: (1) the child's school of origin for the duration of the child's homelessness (or, if the child becomes permanently housed during the school year, for the remainder of that school year) or (2) the school of the attendance area where the child is actually living. To the extent feasible, the placement shall be in the school of origin, except when such is contrary to the wishes of the homeless child's parent or legal guardian. If the placement is not in the school of origin or a school requested by the homeless child's parent or legal guardian, the District shall provide a written explanation of the placement decision and a statement of appeal rights to the parent or guardian. If the homeless child is an unaccompanied youth, the Homeless Coordinator shall assist in the placement decision, consider the views of the unaccompanied youth, and provide the unaccompanied youth with notice of the right to appeal. In the event of an enrollment dispute, the placement shall be at the school in which enrollment is sought, pending the resolution of the dispute. The Homeless Coordinator shall assist in the resolution of the dispute.

Transportation will be provided to homeless students, to the extent required by law and comparable to that provided to students who are not homeless, upon request of the parent or guardian of the homeless child, or by the Homeless Coordinator in the case of an unaccompanied youth, as follows: (1) if the homeless child's school of origin is in the District, and the homeless child continues to live in the District, transportation to and from the school or origin shall be provided by the District; and (2) if the homeless child lives in a school other than the District, but continues to attend the Gering Public Schools based on it being the school of origin, the new school and Gering Public Schools shall agree upon a method to apportion the responsibility and costs for providing the child with transportation to and from the school of origin and, if they are unable to agree, the responsibility and cost for transportation shall be shared equally.

Section 13 Breakfast and Lunch Programs

The District has agreed to participate in the National School Lunch Program and accepts responsibility for providing free and reduced price meals to eligible children in the schools under its jurisdiction. The District provides the United States Department of Agriculture's required nondiscrimination statement:

To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, or call (800) 795-3272 (voice) or (202) 720-6382 (TTY). USDA is an equal opportunity provider and employer.

The school food authority assures the State Department of Education that the school system will uniformly implement the following policy to determine children's eligibility for free and reduced price meals in all National School Lunch Programs. In fulfilling its responsibilities the school food authority:

A record of all such appeals and challenges and their dispositions shall be retained for three (3) years. Notification of Rights Under FERPA

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. They are:

1. The right to inspect and review the student's education records within 45 days of the day the district receives a request for access. Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading. Parents or eligible students may ask the school district to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the district decides not to amend the record as requested the parent or eligible student, the district will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the district as an administrator, supervisor, instructor or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility and effectively provide the function or service for which they are responsible. Contractors, consultants and volunteers are permitted to have access to education records where they are performing a function or service that would otherwise be done by a school employee. Their access is limited to education records in which they have a legitimate educational interest; which means records needed to effectively provide the function or service for which they are responsible.

The District forwards education records (may include academic, health and discipline records) that have requested the records and in which the student seeks or intends to enroll, or where the student has already enrolled so long as the disclosure is for purposes related to the student's enrollment or transfer. .

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education 400 Maryland Avenue, S.W.
Washington, D.C. 20202-4605

Academic Integrity

Policy Statement

Students are expected to abide by the standards of academic integrity established by their teachers and school administration. Standards of academic integrity are established in order for students to learn as much as possible from instruction, for students to be given grades which accurately reflect the student's level of learning and progress, to provide a level playing field for all students, and to develop appropriate values.

Cheating and plagiarism violate the standards of academic integrity. Sanctions will be imposed against students who engage in such conduct.

Definitions

The following definitions provide a guide to the standards of academic integrity:

1. "Cheating" means intentionally to misrepresent the source, nature, or other conditions of academic work so as to accrue undeserved credit, or to cooperate with someone else in such misrepresentation. Such misrepresentations may, but need not necessarily, involve the work of others.

Cheating includes, but is not limited to:

(a) Tests (includes tests, quizzes and other examinations or academic performances):

(1) Advance Information: Obtaining, reviewing or sharing copies of tests or information about a test before these are distributed for student use by the instructor. For example, a student engages in cheating if, after having taken a test, the student informs other students in a later section of the questions that appear on the test.

(2) Use of Unauthorized Materials: Using notes, textbooks, pre-programmed formulae in calculators, or other unauthorized material, devices or information while taking a test except as expressly permitted. For example, except for “open book” tests, a student engages in cheating if the student looks at personal notes or the textbook during the test.

(3) Use of Other Student Answers: Copying or looking at another student’s answers or work, or sharing answers or work with another student, when taking a test, except as expressly permitted. For example, a student engages in cheating if the student looks at another student’s paper during a test. A student also engages in cheating if the student tells another student answers during a test or while exiting the testing room, or knowingly allows another student to look at the student’s answers on the test paper.

(4) Use of Other Student to Take Test. Having another person take one’s place for a test, or taking a test for another student, without the specific knowledge and permission of the instructor.

(5) Misrepresenting Need to Delay Test. Presenting false or incomplete information in order to postpone or avoid the taking of a test. For example, a student engages in cheating if the student misses class on the day of a test, claiming to be sick, when the student’s real reason for missing class was because the student was not prepared for the test.

(b) Papers (includes papers, essays, lab projects, and other similar academic work):

(1) Use of Another’s Paper: Copying another student’s paper, using a paper from an essay writing service, or allowing another student to copy a paper, without the specific knowledge and permission of the instructor.

(2) Re-use of One’s Own Papers: Using a substantial portion of a piece of work previously submitted for another course or program to meet the requirements of the present course or program without notifying the instructor to whom the work is presented.

(3) Assistance from Others: Having another person assist with the paper to such an extent that the work does not truly reflect the student’s work. For example, a student engages in cheating if the student has a draft essay reviewed by the student’s parent or sibling, and the essay is substantially re-written by the student’s parent or sibling. Assistance from home is encouraged, but the work must remain the student’s.

(4) Failure to Contribute to Group Projects. Accepting credit for a group project in which the student failed to contribute a fair share of the work.

(5) Misrepresenting Need to Delay Paper. Presenting false or incomplete information in order to postpone or avoid turning in a paper when due. For example, a student engages in cheating if the student misses class on the day a paper is due, claiming to

be sick, when the student's real reason for missing class was because the student had not finished the paper.

- (c) Alteration of Assigned Grades. Any unauthorized alteration of assigned grades by a student in the teacher's grade book or the school records is a serious form of cheating.

2. "Plagiarism" means to take and present as one's own a material portion of the ideas or words of another or to present as one's own an idea or work derived from an existing source without full and proper credit to the source of the ideas, words, or works.

Plagiarism includes, but is not limited to:

- a. Failure to Credit Sources: Copying work (words, sentences, and paragraphs or illustrations or models) directly from the work of another without proper credit. Academic work frequently involves use of outside sources. To avoid plagiarism, the student must either place the work in quotations or give a citation to the outside source.

b. Falsely Presenting Work as One's Own: Presenting work prepared by another in final or draft form as one's own without citing the source, such as the use of purchased research papers or use of another student's paper.

c. "Contributing" to academic integrity violations means to participate or assist another in cheating or plagiarism. It includes but is not limited to allowing another student to look at your test answers, to copy your papers or lab projects, and to fail to report a known act of cheating or plagiarism to the instructor or administration.

C. Sanctions

The following sanctions will occur for academic integrity offenses:

1. Academic Sanction. The instructor will refuse to accept the student's work in which the cheating or plagiarism took place, assign a grade of "F" or zero for the work, and require the student to complete a test or project in place of the work within such time and under such conditions as the instructor may determine appropriate. In the event the student completes the replacement test or project at a level meeting minimum performance standards, the instructor will assign a grade which the instructor determines to be appropriate for the work. Credit for the class may be withheld pending successful completion of the replacement test or project.
2. Report to Parents and Administration. The instructor will notify the Principal of the offense and the instructor or Principal will notify the student's parents or guardian.
3. Student Discipline Sanctions. Academic integrity offenses are a violation of school rules. The Principal may recommend sanctions in addition to those assigned by the instructor, up to and including suspension or expulsion. Such additional sanctions will be given strong consideration where a student has engaged in a serious or repeated academic integrity offense or other rule violations, and where the academic sanction is otherwise not a sufficient remedy, such as for offenses involving altering assigned grades or contributing to academic integrity violations.

Academic Progress Report

Academic progress reports will be taken home by students or sent home at the midpoint of each nine week

term or at any other time when the teachers feel it is necessary. The reports are to be read and signed by a parent/guardian and returned to the designated teacher. At the teachers' discretion, parents may be informed as to the student's progress via a telephone call, or e-mail.

Accidents or Injuries

Please report accidents or injuries to the classroom teacher or to an administrator. The teacher or administrator will file an accident report. An administrator may call the school nurse to examine the injury.

Accreditation

Both Gering Junior High and High School are members of and accredited by AdvancED.

Arrival At School/Dismissal From School: Students are expected to arrive at school no more than 20 minutes prior to the first class or school program in which they are participating. **Prior to that time, the school is not responsible for supervision of the students.** Students will be admitted to the school building 20 minutes prior to the first class. Students will not be permitted to enter earlier unless the Principal determines it to be necessary due to inclement weather or other factors. Students are to enter through their assigned entrance and proceed to designated areas.

Students will be dismissed at the end of the last period of the school day unless there are other circumstances (early dismissal, detention etc.). Upon dismissal, students must leave the school grounds and proceed home or to a previously designated location unless participating in a school-sponsored activity. **The school is not responsible for supervision of students once the students are to have left school grounds.**

Certain days on the calendar are "shortened days," meaning that the school day starts or ends other than on the normal schedule. Parents are strongly encouraged to be aware of those days so their children are not left in an unsupervised situation or without a means to get home upon dismissal.

Asbestos Management Plan

Gering Public Schools has conducted asbestos inspections in all of its facilities as required by Section 203 of Title 15, Chapter 53, subchapter II, of the Toxic Substance Control Act. 15 U.S.C. 2643, of 1986. Management plans requiring those inspections are available for your review in the principal's office and in the Central Administration Office at 1800 Eighth Street, Gering, Nebraska during regular business hours.

Behavior (Positive Behavior Support)

In order to ensure a safe learning environment for all students, the school staff is committed to:

- Using a positive, preventative, and educational approach to student behavior
- Having a plan with clear direction for staff
- Explicitly teaching student behavior expectations
- Empowering all staff to implement the plan
- Students taking responsibility for their own behavior
- Using natural and logical consequences when behavior problems occur
- Seeking parent support for appropriate student conduct and disciplinary procedures

In order to carry out the philosophy and beliefs stated above, our school has chosen to implement the Positive Behavior Support (PBS) model. PBS is a program designed to build a more positive school-wide atmosphere. The ultimate goal is to teach students to be self-managers, who encourage and challenge each other to higher behavioral and academic standards. This is accomplished through the use of clear expectations which are explicitly taught, regularly acknowledged and fairly corrected. Students are "setup" for success in school.

The daily schedule will be devised to optimize time allotted for educational instruction and the full utilization of educational staff shared between buildings. The daily schedule may be subject to change in order to meet constraints imposed by additions to the curriculum or changes in personnel.

Bicycles

Bicycles must be parked in the racks provided and should be locked and licensed. The School District assumes no responsibility for the safety or security of these vehicles.

BIST (Behavior Intervention Support Team)

An evidenced based program adopted by the Gering School District to help staff implement the following systems.

- A communication system or regular meetings, checklists for student/administrator referral, informal feedback and check ups.
- A proactive, rather than reactive, behavior system which fits with the goals of Positive Behavior Support.
- A common language which builds skills and develops responsibility.
- Safe places where students who are in trouble can go to process and get help.
- Mentors who will support teachers of difficult students. (Mentors can be teachers, colleagues, volunteers and others).
- A behavior intervention team of school staff to give back-up for teachers and administration.

BIST operates on these basic life goals:

1. I can do what I don't want to do. I can be productive and follow directions even when I don't want to.
2. I can be angry or upset and make good choices.
3. I can be okay when others are not okay.

BIST Placement Steps: Classroom Seat, Safe Seat, Buddy Room, Team Focus or Recovery Room, Principal's Office

Students must earn their way back into the previous step by processing with the teacher and/or meeting pre-established goals. After the Team has notified the parents, they make the recommendation to the principal to place a student in Team Focus or the Recovery Room. The final decision for placement lies with the principal.

Bulletins and Announcements

Bulletin boards and display cases are available for school-related and approved materials to be posted and displayed. Posters to be used in the halls or materials for distribution will need to be approved and initialed by the Principal. Posters are not to be attached to any painted wall surfaces. The person or

organization responsible for distributing the posters is responsible to see that all posters are removed within 48 hours after the event. Personal messages and/or picture posters are NOT to be attached to student lockers without Administrative approval.

Cafeteria

Gering Public School uses an automated scanning system to record payments and charges to family accounts. Parents/guardians are expected to maintain a positive balance in their family lunch account.

At the start of the school year, a letter is sent home with students including an application for free or reduced lunches and breakfasts. We encourage you to complete the form and return it as soon as possible

Benefits from the prior year expire on **September 19th** of the current school year and a new application must be submitted. Any charges incurred from that point until the new form is approved are the responsibility of the parent/guardian.

Parents whose children don't qualify for free or reduced lunches are asked to send money for their breakfasts or lunches. A minimum of one week of meals per student is recommended with larger payments highly encouraged. For families with students attending more than one school, a single payment can be sent to any school for all of its children and it will be credited to the family account.

If a family account drops below **negative \$10.00**, the account is considered delinquent and no further regular lunches or breakfasts will be offered. Rather an alternate snack will be provided to the student as approved by the Nebraska Department of Education Nutrition Services. Of course, a sack lunch can also be brought from home.

School lunch administrators and food service personnel will be notified when a student lunch balance has reached a negative \$10.00 balance. Administrators will work cooperatively with students and parents/guardians to resolve delinquent accounts. Remaining delinquent accounts will be turned over to a collection agency and costs for collection services will be added to the family account. If a student's lunch account becomes negative, they will not be allowed to charge ala carte or milk.

At the end of the school year, if a family no longer has children attending school, moves out of the district, or become eligible for free meals, the family may request reimbursement of any balance in the family account. Funds for families with students continuing the following school year will remain in the family account for the next school year. **The cafeteria will open for breakfast at approximately 20 minutes prior to the start of each school day.**

Care of School Property

Students are responsible for the proper care of all books, equipment, supplies and furniture supplied by the school.

Students who disfigure property, break windows or do other damage to school property or equipment will be required to pay for the damage done or replace the item.

Fines are determined on books according to the following criteria:

Lost Book:	Replacement cost
Missing one or both covers:	Same as lost book
Loose Cover:	\$1.00

Missing Page:	50¢ per page (up to replacement cost)
Torn Page:	20¢ per page (up to replacement cost)
Marks that cannot be erased:	20¢ per mark (up to replacement cost)

School-issued items that are stolen or damaged from unlocked lockers are the responsibility of the student to whom they were issued. Students must pay all fines before they can receive school publications and final grades.

Copyright and Fair Use Policy

It is the school's policy to follow the federal copyright law. Students are reminded that, when using school equipment and when completing course work, they also must follow the federal copyright laws. The federal copyright law governs the reproduction of works of authorship. Copyrighted works are protected regardless of the medium in which they are created or reproduced; thus, copyright extends to digital works and works transformed into a digital format. Copyrighted works are not limited to those that bear a copyright notice.

The "fair use" doctrine allows limited reproduction of copyrighted works for educational and research purposes. The relevant portion of the copyright statute provides that the "fair use" of a copyrighted work, including reproduction "for purposes such as criticism, news reporting, teaching (including multiple copies for classroom use), scholarship, or research" is not an infringement of copyright. The law lists the following factors as the ones to be evaluated in determining whether a particular use of a copyrighted work is a permitted "fair use," rather than an infringement of the copyright:

- the purpose and character of the use, including whether such use is of a commercial nature or is for nonprofit educational purposes;
- the nature of the copyrighted work;
- the amount and substantiality of the portion used in relation to the copyrighted work as a whole, and
- the effect of the use upon the potential market for or value of the copyrighted work.

Although all of these factors will be considered, the last factor is the most important in determining whether a particular use is "fair." Students should seek assistance from a faculty member if there are any questions regarding what may be copied.

Dances:

- Student dances are to be sponsored by school organizations. The following rules must be followed:
- There must be at least 10 adult chaperones provided by the organization, two of which must be school staff members.
- Dance hours may not last longer than 9:00 P.M.
- Students must show their student I.D. to enter.
- No students from other schools may enter.
- The doors to the dance close 30 minutes after the dance begins. Students may not enter the dance after that time unless accompanied by parent/guardian.
- Students are not allowed to leave the dance early unless a parent / guardian comes into the dance to get them.
- The sponsoring organization will be responsible for decorations and clean up.
- Sponsors have the final determination on selection of music and themes.
- Dances will be scheduled for Monday - Friday. Dances will NOT be held on weekends.

Deliveries:

No deliveries to students of flowers, balloons, pizzas, gifts or other items will be permitted during regular school hours, or without prior administrative approval.

Drug-Free Schools:

The District implements regulations and practices that will ensure compliance with the Federal Drug Free Schools and Communities Act and all regulations and rules promulgated pursuant thereto. The District's safe and drug-free schools program is established in accordance with principles of effectiveness as required by law to respond to such harmful effects. The consistent message of the program is that the use of illicit drugs and the unlawful possession and use of alcohol is wrong and harmful.

Electronic Resources:

Students will have many opportunities to use the Internet, and other electronic resources as part of their educational opportunities in Gering Public Schools. Students using electronic resources must be careful to follow District Policy and Procedures. (See Acceptable Use Policy for Electronic Resources - page 22) WARNING: Students are reminded that anytime you share information electronically, it is **NO LONGER PRIVATE INFORMATION!!!!** Examples may include, but are not limited to: Twitter, Facebook, computers, cell phones (including text messages), personal blogs, and any/all other electronic devices. Students are thus notified that the school administration, while possibly not initially involved in securing information in the sharing process of electronic information, **WILL** follow normal investigative procedures if a possible school violation and/or activity suspension may be involved.

Emergency Closing Procedures Parents are requested to provide an emergency contact telephone number to have on file in the event of an emergency closing or any other general or individual situation that requires the immediate presence of a parent/guardian. In the event that parents do not have such a number or cannot be contacted, it will be assumed that the parent has instructed their children concerning the procedure they are to follow should school be dismissed early. Realizing that the school might be unable to reach all parents, it is suggested that all children be advised as to what they are to do should they ever be dismissed early. It is recommended that parents give their children an alternate destination and that the building principal be made aware of this information.

If conditions allow and supervision is available in the event of an early dismissal, the child will be held in school until the normal dismissal time. If the parent or guardian has not arrived to pick up the child by the normal dismissal time, law enforcement or child protective services may be contacted to ensure the safety of the child.

Fire and Evacuation Drills:

Detailed instructions for building evacuation drills can be found on the bulletin board of each classroom. Students should study these instructions and be familiar with all exits. Fire drills will be held throughout the school year. Other drills relative to the evacuation or safe sheltering of students may be held as needed.

Grading System

Students will receive letter grades on report cards and transcripts. The following scale will be used to assign letter grades and a grade point average from a percent:

- A - 94 to 100 (Superior work)
- B - 86 to 93 (Above average)
- C - 78 to 85 (Average)
- D - 70 to 77 (Below average)

- F - Below 70 (Failure)
- WF - Withdrawn/Failing (No credits, no GPA)
- WP - Withdrawn/Passing (No credits, no GPA)
- I - Incomplete
- P - Passing

Each teacher will define the grading procedures to be used in their classes.

Guidance and Counseling Services:

The mission of Gering Junior / Senior High School's guidance program is to provide a system designed to anticipate and facilitate the educational, career, and personal/social needs of students. A curriculum approach to providing services focuses on the prevention of problems by providing all students with appropriate age level skills and guidance information. Among the many responsibilities of school counselors, the following are primary: Counseling students, consulting with staff members, and integrating guidance services into the schools' instructional program. Counselors will meet the developmental needs of all students as well as respond to the special needs and interests of individual students.

The guidance delivery system will ensure that the skills of the counselor are used to optimum advantage; that the work of the psychologists, nurses, and administrators support and enrich the guidance program; that the classroom teacher's already important guidance role is strengthened; and, that parents and community resources are kept informed and encouraged to participate in the development of students.

Hall Passes:

Teachers wishing to have unscheduled students in their rooms or elsewhere for special conferences will make out a dated, timed, and signed hall pass and give it to the student before he/she is to use the pass. Teachers receiving the request must also sign and time it before it is valid. Anytime you have a hall pass, you are to return to your room before the end of the period and this pass is to be signed and timed by the teacher.

Health Program:

As defined by the National Association of School Nurses, school nursing is a specialized practice of professional nursing that advances the well being, academic success, and life-long achievement of students. School nurses facilitate positive student responses to normal development; promote health and safety; intervene with actual and potential health problems; provide case management services; and actively collaborate with others to build student and family capacity for adaptation, self management, self advocacy, and learning.

The school nurse role consists of:

- Ensures compliance with school entry health requirements
- Provides care and case management for children with chronic health problems
- Monitors security and safe administration of medications.
- Assures the health and safety of the school students and staff
- Manages disaster preparedness and emergency service plans
- Provides health education and staff wellness programs
- Provide resources and guidance in the areas of disease and infection control practices at school.
- Assures student compliance with state and local regulations related to health and safety (Immunizations; Health Screens)
- Identifies school health needs and advocates for necessary resources.
Parents and/or Guardians are responsible for the health care of their child, while the school is available to assist, assess, and monitor that care during regular school hours. Parents and/or Guardians are responsible for notifying the school of their student's:
- Chronic or Acute health related diseases, conditions, and/or issues (For example, severe allergies, diabetes, epilepsy, asthma, urinary or bowel issues, etc)

- Recent physical, vision, and/or dental exams.
- Updated immunizations. (Records are reviewed annually and summary report sent to Nebraska State Health Department.)
- Need for medication administration during the regular school day; Please refer to Medication Administration Policy
- Need for excuse from Physical Education, then a physician or parent note is required
- Absence from school due to illness. Please inform school of type of illness so that the number and type of illnesses and symptoms can be monitored and reported to local health department as necessary.
- Updated emergency contact information and a plan/arrangements in place if parent/guardian is unable to pick up their ill child from school and/or when child is ill and needs to stay home

The Gering School District employs three fulltime nurses who cover the district's nine locations (High School, Freshman Academy, Junior High, Cedar Canyon, Geil, Lincoln, Northfield, Preschool, and the Twin City Alternative Program.) Each school location has a First Responder Team and staff who are CPR/First Aide/AED certified, Attack on Asthma and Medication Administration trained to assist as the schools are not staffed with a full-time nurse. Basic first aide will be administered to a student, if more extensive care is needed, then the parent/guardian (or emergency contact) will be notified.

Health Screenings

Health Screenings will be performed as recommended by the Department of Health and Human Services. Parents/Guardians will be notified in writing if medical, dental, vision, audiology, or other follow-up is recommended after the screening is completed.

Home Work:

Students may be required to do home work for several classes. This work is to be ready when class starts. All homework will be completed and turned in according to that grade level team's policy. If a student fails to complete homework or make-up homework on their own time, they may be assigned a specified time to do so. Wednesday night is considered to be family night. Every effort will be made by the staff to minimize the amount of homework assigned on Wednesdays.

Honor Roll:

Each nine weeks, the honor roll is announced. This is done in recognition of the pupils who have achieved high scholastic ratings in their class work. To be placed on the Honor Roll, students must maintain an average of **3.00** or above for the grading period. All elective and core subjects are used in the computation of grade point for honor roll.

Identification Badges:

Students will be issued identification badges at the beginning of the school year. These I.D. badges will be used for various computerized electronic accounting, security and procurement purposes. Students are expected to keep their badges on their person at all times during school hours or at school functions

or activities, and be willing to produce their badges upon request by school officials. Lost or damaged I.D. badges must be replaced at a \$5.00 cost to the student.

Incompletes:

A grade of "Incomplete" will be given when a student's work for a nine-week period or semester is not finished. Unfinished work, causing the incomplete, must be finished within a two-week period of time. Exceptions to this policy may be made upon recommendation from the Student Assistance Team, due to a 504 Plan, or an IEP.

Infinite Campus:

Gering Public Schools has upgraded its student information systems to a web-based system that parents can access from home, public library, or other computer system having internet access. This system is called **Infinite Campus**. Parents / guardians can access their child's records by filling out a brief form and getting a password from the Junior High front office. Due to privacy concerns, parents must present a photo ID at that time. With this password, parents will be able to access information about their junior high student and any other of their children in other GPS buildings.

Injuries at School/Insurance:

The Gering Public Schools does not pay medical bills for students injured at school or while participating in extracurricular activities. The school provides information and enrollment forms for parents wishing to purchase medical insurance through an independent insurance company, which is not affiliated with the Gering Public Schools. Parents are encouraged to review the insurance material especially if their son or daughter will be participating in athletics.

Every accident in the school building, on the school grounds, at practice sessions, or at any athletic event sponsored by the school must be reported immediately to the Principal.

Lockers:

Each student is assigned a locker with a combination lock to be used for coats, books, and other school supplies. If your locker does not lock securely, inform the office immediately so that better security arrangements may be made. **The school assumes no responsibility for articles lost or stolen.** Students will be held responsible for the content and appearance of their lockers. A damage fee may be assessed for destruction of lockers. **Lockers are the property of Gering Public Schools and are subject to search without notice if school administrators feel there is reasonable cause for the search.** Students are encouraged to leave valuables at home and minimize the amount of money they bring to school. Please have your child mark their personal items for easy identification.

Loitering

Students are reminded that unless they are in organized sports, activities, or under the direct supervision of school personnel, they must vacate the premises by 3:45 p.m. or one-half hour after dismissal.

Lost and Found

Students who find lost articles are asked to take them to the office, where the articles may be claimed by the owner. If articles are lost at school, report that loss to office personnel. The lost / found container will be cleaned out at the end of each nine weeks period. Items not claimed will be given to local charities.

Media Center: Hours - Monday through Friday 7:45 a.m. – 3:45 p.m. When students wish to work in the media center after 3:45 p.m., they may make arrangements with the Media Director. Teachers may request an extension of hours in order to accommodate student schedules.

Fine Policy - Students who borrow media center materials are fully responsible for returning them on time and for their care. Fines will be assessed for overdue and damaged materials. Lost materials will be assessed at full purchase.

Media Notification:

Representatives of the media, (newspaper, radio, and television), frequently visit our school to gather information, pictures and stories about various topics. Occasionally, due to family, religious, legal or other reasons, parents/guardians do **NOT** want their children to receive this publicity. If as a parent/guardian this is your wish, forms are available at the school which when completed, will be kept on hand and referred to when members of the media visit our school. Media personnel will be asked to avoid featuring any child for whom this form is on file. Please note that this procedure cannot apply to public events or to extracurricular programs or activities.

Medication Policy:

It is recognized that many children are only able to attend regular school because of the effective use of medication in the treatment of chronic disabilities and acute illnesses. Any student who is required to take medication during the regular school day must comply with school regulations. The following regulations have been developed for the protection of every child receiving medications.

1. Prescription medications must be brought to school by an adult in a prescription container, properly labeled, including: child's name, physician's name, dosage including dates and times for administration. All medication must be accompanied by a signed permit from parent and physician. The permit must be renewed annually or whenever the medication prescription changes or expires.
2. Over-the-counter medications such as Tylenol, will be given when brought in by the parent and accompanied by a note giving staff permission to administer the medication on a short term basis. The school will not stock over-the-counter medication.
3. If emergency medication, such as an inhaler needs to be carried by a student, written permission needs to be on file at the school from the parent and physician. This permit must be renewed annually. Otherwise, students may not carry medication on their person during the school day. Medications must be kept in the office. No loose capsules, tablets, aspirin or unidentified non-labeled substance will be accepted for dispensing to students by school staff.
4. The schools are not staffed with a full- time nurse. The school staff will do everything they can to ensure that medication is given at appropriate times; however, there may be times that a dose may be missed. The student has a responsibility to remember that they need to take their medication.

Parent / Teacher Conferences:

Parent / teacher conferences are held immediately following the first nine-week period for parents and teachers to discuss the progress of their child. Other conferences may be scheduled as needed.

Personal Learning Plan & Career Exploration

To help students reach their chosen learning, earning, and living goals, an initial "Personal Learning Plan" (PLP) is developed with every student at GJH as part of Career Exploration coursework. The PLP is an online project which spans Grades 7-12, allowing students to keep track of graduation requirements, extra curricular activities, community involvement, and courses necessary for college admissions. The PLP serves as an ongoing, up-to-date visualization from which students view their transition through the educational system as a whole, rather than each year as an isolated event.

To spark interest in possible pursuits beyond high school, GJH Career Exploration courses expose students to the Nebraska 16 Career Cluster Model via the Nebraska Middle School Career Education and Engage! curricula. Career Exploration students also complete a variety of interest inventories to promote self-awareness related to personal interests, knowledge, and skills. Classroom presentations are

provided by community professionals who share information about their career and workplace through an informal discussion format.

To access student PLPs and career information, login to www.nebraskacareerconnections.org using your GJH Student ID and the password "bulldogs."

Pre- arranged Absence:

An admit slip must be used for all pre- arranged absences. The pass must be signed by all of the student's teachers before that student is excused for any related activity, church or family function. For school related activities, a list submitted by the sponsor will suffice. All required work must be completed prior to the absence. If the student fails to submit all make- up work in advance to the appropriate teacher, the student may receive a "0" in that class for the days missed.

Promotion/Retention

Students will be promoted to the next grade level at the end of each school year based on the student's achievement and attendance. Students who cannot demonstrate proficiency at their grade level will be considered for retention. Acceptable student proficiency will be based on the following:

1. Promotion from 7th and 8th grade: Students must successfully complete 2 of the 4 core subjects (Math, English, Science, Social Studies). This means that if a student fails 3 of the 4 core subjects, they will be retained at grade level. If a student passes the second semester of a class after failing the first semester of that class, then the student will be considered to have passed that class.
2. Students who are unable to meet the proficiency requirements will have additional opportunities to demonstrate proficiency. Such opportunities may include, but shall not be limited to a mandatory summer school program focused on areas of deficiency or other such alternatives conducted by the district outside of the regular school day. Students must also meet the school attendance policy to be considered for promotion.
3. When a student is not successful in completing 2 of the 4 core subjects for a quarter, both the student and parent(s)/guardian will be informed. A conference will be held immediately after that quarter with the student, parent(s)/guardian, teacher(s), counselor, psychologist, and administrator to determine the interventions necessary to support the student's success.

Report Cards:

Report cards are issued at the end of each quarter. Letter grades are used to designate a student's progress. A grade of "F" (failing) carries no credit. A grade of "I" (incomplete) received at the end of a grading period must be made up within two weeks or missing assignments will receive grades of "0" and those grades will be averaged into the final grade. No incompletes will be given at the end of the fourth quarter, as all course work must be completed by the end of the fourth quarter.

RtI (Response to Intervention)

RtI is a system of service delivery designed to provide effective instruction for all students using a comprehensive and preventive problem solving approach. It employs a tiered method of instructional delivery, in which the core curriculum addresses and meets the needs of most students (Tier 1), additional instruction is provided for those needing supplementary support (Tier 2), and intensive and individualized services are provided for the students who continue to demonstrate more intensive needs (Tier 3). At its foundation, RtI includes measuring the performance of all students, and basing educational decisions regarding curriculum, instruction, and intervention intensity on student response to instruction.

Safety Glasses

As required by law, approved safety glasses will be required of every student and teacher while participating in or observing vocational, technical, industrial technology, science, and art classes where applicable. All visitors to these areas must check out and wear a pair of safety glasses when entering any of these areas.

Searches

Student lockers, desks, computer equipment, and other such property are owned by the school. The school exercises exclusive control over school property. Students should not expect privacy regarding usage of or items placed in or on school property, including student vehicles parked on school property, because school property is subject to search at any time by school officials. Periodic, random searches of lockers, desks, computers and other such property may be conducted in the discretion of the administration.

The following rules apply to searches of students and of a student's personal property and to the seizure of items in a student's possession or control:

1. School officials may conduct a search if there is a reasonable basis to believe that the search will uncover evidence of a crime or a school rule violation. The search is to be conducted in a reasonable manner under the circumstances.
2. Illegal items or other items reasonably determined to be a threat to the safety of others or a threat to educational purposes may be taken and kept by school officials. Any firearm or other weapon will be confiscated and delivered to law enforcement officials as soon as practicable.
3. Items which have been or are reasonably expected to be used to disrupt or interfere with the educational process (that is, "nuisance items") may be removed from student possession.

Severe Weather and School Cancellations

The Superintendent of Schools is authorized by the Board of Education to close public schools in the event of severe weather. Representatives of the Superintendent's staff will notify local news media when inclement weather warrants such action. The information is broadcast regularly by radio and television stations.

Decision to Close Schools. A decision to close school is made when forecasts by the weather service, law enforcement advisories or civil defense officials indicate that it would be unwise to hold school. If possible, a decision about the next school day will be made by 9 p.m. for announcement during the 10 p.m. news. An early decision is not always possible because of uncertain weather conditions. School officials will make periodic assessments of conditions during the night and will decide early in the morning (by 6 a.m. if possible). In any case, **an announcement will be made to the news media when schools will be closed.** In some instances, schools will be open, but certain services may be cancelled (bus transportation, kindergarten, student activities).

After School Starts. Every attempt will be made to avoid closing school once classes are in session. In some instances closing school during the day is inevitable if children are to safely return home before the brunt of a major storm hits. In these cases as much advance notice as possible will be given to parents. If school is closed during the day the notice will be broadcast by the media. **Parents should have a plan in place to accommodate these circumstances.**

Parental Decisions. **Parents may decide to keep their children at home in inclement weather because of personal circumstances.** Students absent because of severe weather when school is in session will be marked absent. The absence will be treated like any other absence for legitimate causes provided parents properly notify the school of their decision. Parents may pick up their children in inclement weather during the school day. Students will not normally be dismissed from school during severe weather on the basis of a telephone request.

What Not To Do. Parents should not attempt to come to school during a tornado warning. **School officials are not permitted to release students from the school building during a tornado warning.** Tornado safety procedures are practiced regularly by students and staff members. Also, parents are urged not to call radio and television stations and school buildings during severe weather.

Emergency Conditions. The school has a signal which, when activated, includes the necessity to either evacuate the building or to move to safer areas of the building. Regular drills are held as required by law through the school year. There are plans for Emergency Exit system, Tornado Warning System, and Critical Incident Response.

Signing A Child In And Out Of School: Parents or guardians are required to sign their children in and/or out of school if they are entering after their first class or leaving prior to their final class. The parent or guardian must report to the main office for this purpose. The sheet for signing a child in and/or out of school is located on the front counter. If a child is being signed out, the school secretary will call the appropriate classroom and indicate to the teacher that the child is leaving. Parents are not to go directly to the classrooms. The schools will only release children to adults designated by the parent on the emergency card.

If there is a special circumstance, such as a court order limiting access to a student by a parent or guardian, affecting who a student can be released to, the parent must inform the Principal and provide the Principal with a copy of that order to maintain on file at the school.

Students are to stay on or within the boundary of the sidewalk. When students leave the campus without authorization, the school will:

- (1.) Notify parents or person(s) designated by parents immediately
- (2.) Communicate with parents or designee that:
 - a. parent or designee should begin to search for the student and,
 - b. School will notify the police department
- (3.) If parents or designee cannot be reached, verification and search procedures will still be implemented

Police will be informed if the student is potentially dangerous to self or others

Smoke-Free Environment

Gering Public Schools declares all of our schools buildings and grounds to be smoke-free. We would appreciate your help in meeting the goal of a smoke and tobacco-free environment for our children. When you attend school events, including athletic events, please remember that our grounds are smoke and tobacco-free and abide by our District's policy.

Special Education Services

What Does Special Education Mean?

Special education means specially designed instruction and related services adapted as appropriate to the needs of an eligible student with a disability. Special education is provided at no cost to the parent to meet the unique needs of a child with a disability.

Students Who May Benefit

A student verified as having autism, behavior disorders, deaf-blindness, developmental delay, hearing impairments, mental handicaps, multiple disabilities, orthopedic impairments, other health impairments, specific learning disabilities, speech-language impairments, traumatic brain injury or visual impairments, who because of these impairments need special education and related services.

How are Students With Disabilities Identified?

Formatted: Font: 10 pt, Bold, Font color: Green

Referrals are made by teachers or parents to a Student Assistance Team. If the student assistance team or comparable problem solving team feels that all viable alternatives have been explored, a referral for multidisciplinary evaluation is completed. An evaluation is conducted to assist in the determination of whether a student has a disability and the nature and extent of the special education and related services the student needs. The evaluation is conducted only with written consent of a parent or guardian. A multidisciplinary evaluation team (MDT) will then meet to determine whether the student is eligible for special education.

Independent Evaluation

If a parent disagrees with an evaluation completed by the school district, the parent has a right to request an independent educational evaluation at public expense. Parents should direct inquiries to school officials to determine if the school district will arrange for further evaluation at public expense. If school district officials feel the original evaluation was appropriate and the parents disagree, a due process hearing may be initiated. If it is determined that the original evaluation was appropriate, parents still have the right to an independent educational evaluation at their own expense.

Reevaluation

Students identified for special education will be reevaluated at least every three years by the IEP team. The IEP team will review existing evaluation data on the student and will identify what additional data, if any, are needed. The school district will obtain parental consent prior to conducting any reevaluation of a student with a disability.

Individual Education Program (IEP)

Upon a student being verified as having a disability, a conference will be held with parents. At the conference, an Individualized Education Program (IEP) will be developed specifying programs and services

which will be provided by the schools. Parent consent will be obtained prior to a student being placed for the first time in a program providing special education and related services or early intervention services to infant and toddlers. Once in place, the IEP is reviewed on an annual basis, or more frequently as needed. Parents are given a copy of the IEP.

Special Education Placement

The student's placement in a special education program is dependent on the student's educational needs as outlined in the Individual Education Program (IEP). To the maximum extent appropriate, students with disabilities are educated with students who are not disabled. Special classes, separate schooling, or other removal of children with disabilities from the regular educational environment occurs only when the nature or severity of the disability is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily. Determination of a student's educational placement will be made by the IEP team.

Written notice shall be given to parents a reasonable time before the school district: 1. Proposes to initiate or change the identification, evaluation, verification or educational placement of a child or the provision of a free appropriate public education; or 2. Refuses to initiate or change the identification, evaluation, or educational placement of the child or the provision of a free appropriate public education to the child.

More Information

Anyone interested in obtaining a copy of the District's special education policy, the Parental Rights in Special Education brochure, or a copy of the Nebraska Department of Education Rule 51 (special education regulations and complaint procedures) or Rule 55 ((special education appeal procedures) may contact the Superintendent. A notice of parental rights, Rules 51 and 55 and more information about special education are also available at the Nebraska Department of Education's website:

<http://www.nde.state.ne.us/SPED/sped.html>.

Students with Disabilities: Section 504

Accommodations and related services are made available to students with disabilities under Section 504 of the Rehabilitation Act of 1973. Under Section 504, parents have the following rights:

1. Have your child take part in, and receive benefits from, public education programs without discrimination because of your child's disability.
2. Have the school district advise you of your rights under federal law.
3. Receive notice with respect to identification, evaluation or placement of your child.
4. Have your child receive a free appropriate public education. This includes the right to be educated with non-disabled students to the maximum extent appropriate. It also includes the right to have the school district make reasonable accommodations to allow your child an equal opportunity to participate in school and school-related activities.
5. Have your child receive services and be educated in facilities which are comparable to those provided to students without disabilities.
6. Have your child receive an individualized evaluation and receive special education and related services if your child is found eligible under Section 504.
7. Have evaluation, eligibility, educational and placement decisions made based on a variety of information sources and by persons who know your child and who are knowledgeable about the evaluation data and placement options.
8. Have transportation provided to and from an alternative placement setting at no greater cost to you than would be incurred if your child were placed in a program operated by the school district.
9. Have your child be given an equal opportunity to participate in nonacademic and extracurricular activities offered by the school district.
10. Examine all relevant records relating to decisions regarding your child's identification, evaluation and placement. Obtain copies of educational records at a reasonable cost on the same terms as records are provided students without a disability unless the fee would effectively deny you access to the records.
11. Receive a response from the school district to reasonable requests for explanations and interpretations of your child's records.
12. Request amendment of your child's educational records if there is reasonable cause to believe that they are inaccurate, misleading or otherwise in violation of the privacy rights of your child. If the school district refuses this request, it shall notify you within a reasonable time, and advise you of the right to a hearing.
13. File a local grievance in accordance with school policy.
14. Request an impartial hearing related to decisions regarding your child's identification, eligibility, and educational program or placement with opportunity for participation by the person's parents or guardian and representation by counsel, and a review procedure. This is provided in the local grievance procedure.

Student Assistance Team

The staff of Gering Junior / Senior High Schools recognizes that students can have experiences that may affect their academic and social life. The primary goal of the SAT is preventative in nature designed to help students before their experiences become overwhelming. Experiences may include:

Depression	Dropping Out
Students Not Living at Home	Abuse
Divorce	Time Management
Eating Disorders	Suicide
Self Esteem	Test Anxiety
Death	Under Achievement
Single Parent Families	Failing Grades
Absenteeism/Tardiness	

Students in need of information or help may be referred by various concerned individuals including: self, peers, family, or school staff. Referral forms can be obtained from any staff member (which will include

cooks, custodial staff, secretaries, library aides, coaches, teachers, or administrators). Completed forms can be returned to any staff member. After the referral, information will be gathered to help identify the problem(s) the student is experiencing. The Student Assistance Team will then meet to formulate an appropriate plan of action.

Once a problem has been identified and the extent of the problem is known, the student will be encouraged to accept the needed help. Team members will help students consider possible options and encourage them to make decisions that will resolve their problem in a positive way. At some level, parents may be involved in the process.

The next step involves providing help for the student. The assistance recommended will vary with the type and severity of the problem. Finally, student assistance programs will provide support for students as they make adjustments in their lifestyles and seek to make appropriate life decisions.

In cases of extreme physical, mental, or family circumstances, SAT may elect to allow students to have a schedule that deviates from the listed requirements.

Student Council

The Gering Junior High Student Council is an organization representing the student body. The officers of the student council are elected in the spring by the student body. Representatives to the student council are elected in the fall. One representative is chosen from each study hall. To be elected, students must be of good character, have leadership ability, and maintain at least average citizenship and scholastic grades. Students may be requested to resign their position if their citizenship or scholastic average falls below minimum acceptable standards as established by the student council.

Student Records

The Gering Public Schools will on occasion release routine directory information (84-712.05) to the general public which includes:

Student's name, address, telephone number, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degree and awards received, the most recent previous educational agency or institution attended by the student, and other similar information."

The information released may be to military recruiters, newspapers, colleges & universities, athletic and activity programs, etc. Parents may have their student's name and information withheld from dissemination upon written request to the office of the principal.

Surveys

Surveys of students are rarely administered by school personnel. In the event that an external survey is conducted, the Principal or designee shall notify parents/legal guardians of students to be surveyed, the nature of the survey, the date and time when the survey shall be administered, and the purposes or uses of the survey results. School officials shall honor any parental/legal guardian's request to have his/her student exempt from participation in the survey.

Telephones

The office will not be responsible for personal messages for students during the school day, nor will students be called from class for a telephone call or message except in an emergency. If a student receives a phone call, a message will be taken and delivered at the earliest possible convenience. If you are asked to call back, you will have to do so at the front office before classes, at noon, or after school.

Textbooks

Textbooks are assigned to your personal care. You are held accountable for them and will be required to pay for loss or excessive damage. Students will place their name in ink on the inside front cover of each

book when they are issued. All textbooks shall be covered with a book cover. Free book covers are available in the front office.

Transcripts

Students requesting transcripts must provide the office with a 24-hour notice. Students are responsible for making sure they have the necessary courses and credits to meet graduation requirements.

Transferring from Gering Public Schools

If a student should find it necessary to withdraw from school, it is very important that he/she secure a clearance slip from the principal's office and have it signed by all of his/her teachers and parent/guardian. The slip is to be returned to the office after it has been signed by all individuals. Failure to check out of school in this manner will cause records to remain incomplete, making it impossible to send credits to another school.

Transportation Services

Transportation to and from school is provided to students in accordance with law and Board policy. Students may also be provided transported on field trips and when participating in school activities. Students are expected to follow the behavioral expectations for riding school buses. All buses are equipped with audio and video recorders.

Behavior on School Buses

- I. **General Conduct Rules Apply:** While riding school buses you are expected to follow the same student conduct rules which apply when you are on school property or attending school activities, functions or events. There are also special conduct rules for riding school buses. These rules also apply to riding other school vehicles.

II. Special Conduct Rules for Riding School Buses.

A. Rules for Getting On and Off the Bus

1. Be on time to be picked up. As a general rule, get to your bus stop five minutes before your scheduled pick up time. If you miss the bus, immediately return to your home and tell your parents so they can get you to school.
2. While waiting for the bus, stay at least 5 feet away from the street, road or highway. Wait until the bus comes to a complete stop before approaching the bus.
3. You may exit the bus only at your approved destination (your school or your approved bus stop). Exit the bus as directed by the driver. Do not run.
4. If you must cross the street after exiting the bus, always cross in front of the bus where the driver can see you. Wait for the driver to signal to you before crossing the street.

B. Rules on the Bus

1. Be respectful of the bus driver. Immediately follow all directions of the driver and any paraeducator or adult on the bus.
2. Sit in your seat facing forward. Use seat belts in vehicles in which they are available.
3. Talk quietly and use appropriate language.
4. Keep all parts of your body inside the bus.
5. Keep your arms, legs and belongings to yourself.
6. No fighting, harassment, bullying, intimidation or horseplay.
7. Do not throw any object.

8. No eating, drinking, use of tobacco, vapor products (including e-cigarettes), alcohol, drugs or flammables.
9. Do not bring any weapon (real or imitation) or dangerous objects on the school bus.
10. Do not damage the school bus.

III. Getting the Driver's Assistance: If you need assistance from the driver, wait until the bus is at a full stop. If you are close enough, tell the driver what you need. If you are too far away for the driver to hear you, ask a student in front of you to get the driver's attention. If necessary, walk up to the driver, while the bus is at a full stop. If you need immediate assistance for an emergency, take all action needed to safely get the help of the driver.

IV. Consequences for Rule Violations: Consequences for school bus misconduct may include restriction or suspension of bus privileges and other disciplinary measures, up to and including expulsion from school.

Video Surveillance

The Board of Education has authorized the use of video cameras on school district property and district vehicles to ensure the health, welfare and safety of all staff, students and visitors to district property, and to safeguard district facilities, school busses and equipment. Video cameras may be used in locations as deemed appropriate by the Superintendent. Notice is hereby given that video surveillance may occur on district property or in district vehicles. In the event a video surveillance recording captures a student or other building user violating school policies or rules or local, state or federal laws, the video surveillance recording may be used in appropriate disciplinary proceedings against the student or other building user and may also be provided to law enforcement agencies.

Visitors to the Building

Visitations by individuals wishing to observe the instructional program at Gering Public Schools are welcomed, so long as such visits have the purpose of gaining an insight into the educational or instructional dynamics within the school setting. Individuals wishing to observe in the school must submit a request in writing to the building principal **24 hours prior** to the visitation.

Student age visitors are NOT permitted in Gering Junior High without the accompaniment of a parent or guardian.

EXTRA-CURRICULAR ACTIVITIES

Activity Participation - General Requirements

Any student participating in a school activity must exhibit good citizenship in the school and in the community. Activities in the school shall be organized and administered to contribute to the health, worthy use of leisure time, citizenship, and character objectives of education.

A student must be in attendance the **ENTIRE** school day in order to participate in a practice, game or activity. If, however, she/he secures the administration's permission prior to the absence, participation may be acceptable.

When activities occur during regular school hours, **ONLY** eligible participants or those students with prior administrative approval will be excused for the event. While at the event/activity, the non-participating student must remain under the direct supervision of a parent/guardian.

Activity Participation - Extra-Curricular Guidelines

A. The following procedures are designed to put into practice the following philosophies:

1. **Extracurricular Program:** Students who participate in Gering Public School's extracurricular program receive benefits not accorded the student who does not participate in extracurricular activities; therefore, students have an additional responsibility to represent the school and its programs in a manner symbolic of the goals, objectives, mission, and philosophy of the Gering Public Schools.
2. **Student Misconduct:** A policy that has significant consequences for inappropriate student behavior sends a strong message to students that they need to reflect upon their behavior at all times and to make appropriate decisions. This policy may also provide students with a rationale to resist negative peer pressure.

B. Extracurricular Activities governed by this policy include but is not limited to football, volleyball, softball, cross country, soccer, tennis, basketball, wrestling, swimming, track, golf, speech & debate, Harmony, treble choir, mixed chorus, instrumental band, jazz band, National Honor Society (Junior High and High School), all school play, musical, Mock Trial, cheerleading, Student Council, and other clubs and organizations. This listing is not intended to be all-inclusive and at times may apply to additional activities that exhibit similar characteristics to those listed.

C. The following student conduct shall constitute grounds for suspension of the privilege to participate in extracurricular activities.

1. Possessing, chewing or smoking tobacco **and/or vapor products (including e-cigarettes)** during the season
2. Engaging in the unlawful possession, selling, dispensing, or use of a controlled substance as defined in section 28-401, or alcohol as defined in section 53-1-3 or being under the influence of a controlled substance or alcohol.
3. Student misconduct that may result in in-school suspension or out-of-school suspension.
4. Serious student misconduct as defined in section 79-267 of the State of Nebraska School Laws and the Student Parent Handbook ("*...grounds for long-term suspension, expulsion, or mandatory reassignment...*")

Affected students are those who participate in extracurricular activities and have been cited by law enforcement officers or are determined to have committed one of the above-mentioned conducts.

D. Affected students, Item C.1, will be handled in the following manner:

1. First offense: Suspension from all activities pending enrollment in a tobacco cessation class and subject to consequences in the Discipline Policy.
2. Second and subsequent offenses: Suspension from all activities pending completion of a tobacco cessation class and subject to consequences in the Discipline Policy.

E. Affected students, Items C. 2-3, will be handled in the following manner:

1. **First offense:** Suspension from all public events, not to exceed three events or a period of two weeks.
 - 1.1. Students shall practice with the team.
 - 1.2. An event is a scheduled day.
 - 1.3. Students must complete a sport or an activity in good standing for events to be considered.
2. **Second offense:** A second such infraction will result in the student being suspended from all activities for a period of 9 weeks. Students may be reinstated after complying with the following: E-1 and successful completion of an 8-hour drug/alcohol education class or counseling.
3. **Subsequent Offenses:** Suspension from all activities for one calendar year and successful completion of an 8-hour drug/alcohol education class or counseling.

F. The policy governs infractions that occur throughout the school year, inclusive of extracurricular activities that extend into August and June. Violations that occur out of season will take effect at the start of the student's participation in an activity.

G. Decisions affecting students will be made by the School Principal or designee. Appeals to the decision

may be made to the Superintendent of Schools according to the District's Public Complaint Procedure (District Policy 1312)

**GERING JUNIOR HIGH SCHOOL
STUDENT CONTROL AND DISCIPLINE POLICY**

The Board believes that any unit of society must have rules and regulations designed to establish order and to protect all members of the community in the exercise of their rights and responsibilities. The Superintendent of Schools is directed to establish rules and regulations of conduct which are fundamentally fair, justly applied, and consistent with the laws and constitution of the State of Nebraska and the United States. The Board of Education also authorizes the Superintendent of Schools to delegate to other school officials the authority and responsibility to administer these rules and regulations and develop additional rules and regulations within the limits of Nebraska Statutes, Board of Education Policy and administrative regulations.

These rules and regulations should prohibit any conduct:
during the school day

- A. on school grounds
- B. by a participant in school activities
- C. as a spectator at school activities involving Gering participants
- D. off school grounds, if there is a substantial interference with school purposes that causes or creates a reasonable likelihood that it will cause a substantial disruption in, or material interference with, any school function, activity or purpose, or that interferes with the health, safety, well-being, or the rights of self or others.

Students shall be expected to regard staff members as individuals, employed to provide direct or indirect contributions to learning. While students are to have considerable latitude in making choices for them, they shall be required to respect the rights of staff members (and other students as well) and interference with those rights shall not be condoned. No student shall have the right to interfere with the efforts of instructional staff to coordinate or assist in learning, to disseminate information for purposes of learning, or to otherwise implement a learning program. Nor shall a student have a right to interfere with the motivation to learn or the learning activities and efforts of other students. Gering Junior High School administration expects every staff member and student to be treated with respect and dignity. A show of disrespect toward a staff member or insubordination on the part of the student will not be tolerated.

Violations of school rules and procedures will be handled to aid in maintaining and promoting an orderly environment within which students can learn and grow. The administration of discipline is designed to maintain order and be uniform, fair and non-biased. Application of specific disciplinary measures can be found in the section entitled "Progressive Discipline Procedures" (pg.21) and will serve as a guide toward holding students accountable for their actions in a fair and consistent manner.

The administration of the "Progressive Discipline Procedures" (pg. 21) cannot be an absolute for all students in all situations; therefore, the administration will consider mitigating circumstances when assigning discipline to individual students. In the event that a student's offense does not fall within a defined category, the administration will assign discipline at a level consistent with like offenses. In all cases the staff and administration at Gering Junior High School will adhere to the students' due process rights.

Alternative Education Plan for Expelled Students:

In the case of an expelled student, an alternative education plan will be provided the student according to provisions outlined in Board Policy 505.04 and pertinent regulations and procedures.

Definition of Discipline:

Discipline shall be regarded as a process designed to teach, model, and use appropriate strategies to reinforce the behaviors necessary to ensure a safe and productive learning environment by changing unacceptable behavior to acceptable behavior, and to hold students accountable for inappropriate behaviors.

Detentions:

Teachers may detain students after school hours. Before assigning students to detention, the teacher will inform the student of the conduct that allegedly constitutes the violation, and the student will be given an opportunity to explain his/her version of the incident. An assigned teacher/staff member will help with detention during designated times of the day.

All students will bring work to detention and will not be allowed to sleep. In addition to detention, teachers may require a student to come either before school or remain after school with prior notice given to the student. Students must make arrangements for their own transportation.

A student who is unable to achieve self-discipline and has a rapid accumulation of detentions will be subject to short-term removal from class. Detention will be held in a designated room four days a week (Monday through Thursday). Students who do not report to detention at their appointed time will be assessed additional detentions or suspension.

Electronic Devices

Philosophy and Purpose. Gering Public Schools strongly discourages students from bringing and/or using electronic devices at school. The use of electronic devices can be disruptive to the educational process and are items that are frequently lost or stolen. In order to maintain a secure and orderly learning environment, and to promote respect and courtesy regarding the use of electronic devices, the District hereby establishes the following rules and regulations governing student use of electronic devices, and procedures to address student misuse of electronic devices.

Definitions

1. "Electronic devices" include, but are not limited to, cell phones, Mp3 players, iPods, personal digital assistants (PDAs), compact disc players, portable game consoles, cameras, digital scanners, lap top computers, and other electronic or battery powered instruments which transmit voice, text, or data from one person to another.
2. "Sexting" means generating, sending or receiving, encouraging others to send or receive, or showing others, through an electronic device, a text message, photograph, video or other medium that:
 - a. Displays sexual content, including erotic nudity, any display of genitalia, unclothed female breasts, or unclothed buttocks, or any sexually explicit conduct as defined at Neb. Rev. Stat. § 28-1463.02; or
 - b. Sexually exploits a person, whether or not such person has given consent to creation or distribution of the message, photograph or video by permitting, allowing, encouraging, disseminating, distributing, or forcing such student or other person to engage in sexually explicit, obscene or pornographic photography, films, or depictions; or,
 - c. Displays a sexually explicit message for sexual gratification, flirtation or provocation, or to request or arrange a sexual encounter.

Possession and Use of Electronic Devices. Students are not permitted to possess or use any electronic devices during class time or during passing time except as otherwise provided by this policy. Cell phone usage is strictly prohibited during any class period; including voice usage, digital imaging, or text messaging.

Students are permitted to possess and use electronic devices before school hours and after school hours, provided that the student not commit any abusive use of the device (see paragraph (4)(a). Administrators have the discretion to prohibit student possession or use of electronic devices on school grounds during these times in the event the administration determines such further restrictions are appropriate; an announcement will be given in the event of such a change in permitted use.

Electronic devices may be used during class time when specifically approved by the teacher or a school administrator in conjunction with appropriate and authorized class or school activities or events (i.e., student use of a camera during a photography class; student use of a lap top computer for a class presentation).

Students may use electronic devices during class time when authorized pursuant to an Individual Education Plan (IEP), a Section 504 Accommodation Plan, or a Health Care Plan, or pursuant to a plan developed with the student's parent when the student has a compelling need to have the device (e.g., a student whose parent is in the hospital could be allowed limited use of the cell phone for family contacts, so the family can give the student updates on the parent's condition).

Violations

Prohibited Use of Electronic Devices: Students shall not use electronic devices for: (a) activities which disrupt the educational environment; (b) illegal activities in violation of state or federal laws or regulations; (c) unethical activities, such as cheating on assignments or tests; (d) immoral or pornographic activities; (e) activities in violation of Board or school policies and procedures relating to student conduct and harassment; (f) recording others (photographs, videotaping, sound recording, etc.) without direct administrative approval and consent of the person(s) being recorded, other than recording of persons participating in school activities that are open to the public; (g) "sexting;" or (h) activities which invade the privacy of others. Such student misuses will be dealt with as serious school violations, and immediate and appropriate disciplinary action will be imposed, including, but not limited to, suspension and expulsion from school.

Disposition of Confiscated Electronic Devices: Electronic devices possessed or used in violation of this policy may be confiscated by school personnel and returned to the student or parent/guardian at an appropriate time. If an electronic device is confiscated, the electronic device shall be taken to the school's main office to be identified, placed in a secure area, and returned to the student and/or the student's parent/guardian in a consistent and orderly way.

- First violation: confiscation of electronic device, one detention, 8 discipline points. Electronic device will be returned to student after the student has served the detention.
- Second violation: confiscation of cell phone, 2 detentions, 8 discipline points. Electronic device will be returned to the parent after school and after student has served the detentions.
- Third violation: confiscation of electronic device, one day ISS, 8 discipline points. Electronic device will be returned to the parent after school and after student has served the In School Suspension.
- Subsequent violations: Same as third offense and add another day of ISS for each subsequent violation.

Penalties for Prohibited Use of Electronic Devices: Students who receive a "sexting" message are to report the matter to a school administrator and then delete such message from their electronic device. Students shall not participate in sexting or have any "sexting" message on their electronic devices regardless of when the message was received while on school grounds or at a school activity. Students who violate the prohibitions of this policy shall be subject to the imposition of appropriate disciplinary action, up to and including expulsion, provided that at a minimum the following penalties shall be imposed:

1. Students found in possession of a "sexting" message shall be subject to a one (1) day suspension from school.
2. Students who send or encourage another to send a "sexting" message shall be subject to a five (5) day suspension from school.

Reporting to Law Enforcement. Violations of this policy regarding the prohibited use of electronic devices that may constitute a violation of federal or state laws and regulations, including, but not limited to, the Nebraska Child Protection Act or the Nebraska Child Pornography Prevention Act shall be reported to appropriate legal authorities and law enforcement.

Responsibility for Electronic Devices. Students or their parents/guardians are expected to claim a confiscated electronic device within ten (10) days of the date it was relinquished. The school shall not be responsible, financially or otherwise, for any unclaimed electronic devices. By bringing such devices to school, students and parents authorize the school to dispose of unclaimed devices at the end of each semester. The District is not responsible for the security and safekeeping of students' electronic devices and is not financially responsible for any damage, destruction, or loss of electronic devices.

Fighting:

Fighting, either physical or verbal, is prohibited on school property or at school sponsored events. A student shall not threaten, cause or attempt to cause physical injury to any student or to a school employee. The school insists that students seek the assistance of teachers, counselors, and administrators to resolve conflicts. Students who engage in fighting will be disciplined, a parent/student/administrator conference will be held prior to the student's return to school and the police will be notified. Multiple instances of fighting, or whenever a staff member is injured, will result in mandatory reassignment or expulsion. (Nebraska School Law Section 79-4, 170-9-4, 205)

Firearms on School Grounds - Possession

1. Any person who possesses a firearm in a school, on school grounds, in a school owned vehicle, or at a school-sponsored activity or athletic event shall be guilty of the offense of unlawful possession of a firearm on school grounds. (LB988)
2. Unlawful possession of a firearm on school grounds is a Class IV misdemeanor. Any firearm possessed in violation of this offense shall be confiscated without warrant by a police officer or may be confiscated without warrant by school administrative or teaching personnel.
3. After the firearm is no longer needed as evidence it shall be destroyed in such manner as the court may direct.
4. Students possessing firearms on school grounds will be disciplined according to category VI "Possession of Firearms" of the progressive discipline policy.

Gang Activity or Association:

For the purpose of these policies, a gang is a group of three or more people who:

1. Interact together to the exclusion of others;
2. Claim a territory or area;
3. Have a name;
4. Have rivals/enemies; and
5. Exhibit antisocial behavior - often associated with crime or a threat to the community.

The type of dress, apparel, activities, acts, behavior or manner, or grooming displayed, reflected, or participated in by the student shall not:

1. Lead school officials to believe that such behavior, apparel, activities, acts, or other attributes are gang related or would disrupt or interfere with the school environment or activity and/or educational objectives;
2. Present a physical safety hazard to self, students, staff members, or other employees;
3. Create an atmosphere in which the well-being of a student, staff member, or other person is hindered by undue pressure, behavior, intimidation, overt gesture, or threat of violence, or
4. Imply gang membership or affiliation by written communication, marks, drawing, painting, design, or emblem upon any school or personal property or on one's person.

If the student's dress or behavior is in violation of these regulations, the principal or designee will ask the student to make the appropriate correction. If the student refuses, the parent/guardian will be notified and

asked to make the necessary correction. The principal or designee will make the final decision and take appropriate corrective or disciplinary action.

Harassment and Bullying Policy:

One of the missions of Gering Public Schools is to provide safe and secure environments for all students and staff. Positive behaviors (non-violence, cooperation, teamwork, understanding, and acceptance of others) are encouraged in the educational program and required of all students and staff. Inappropriate behaviors (bullying, intimidation and harassment) are to be identified and corrected. Students and staff are to avoid such behaviors. Strategies and practices are implemented to reinforce positive behaviors and to discourage and protect others from inappropriate behaviors.

“Bullying” is behavior where one person or group engages in harmful action towards another person or group acting on a real or perceived imbalance of power or view of superiority. The behavior typically includes verbal (e.g. teasing or name-calling) and physical aggression (e.g., hitting, pushing), threatening, excluding or ignoring, spreading rumors, or taking, defacing or destroying the others’ property.

“Harassment” includes the same actions, though not necessarily from a standpoint of perceived power. Harassment is prohibited. Bullying and harassment is a violation of student conduct rules and appropriate disciplinary measures, up to expulsion, will be enforced. When bullying or harassment is done on the basis of gender, disability, race, or other protected status, it is considered a very serious offense for which expulsion may be a likely consequence depending on the severity of the conduct.

Students who are the victim of bullying or harassment or who observe such occurring are to promptly report the problem to their teacher or to the Principal so the problem can be addressed. Students who make reports of bullying activity will not be retaliated against for making the report.

Pop, Candy, and Gum:

Consumption of pop, candy or other snack items shall be confined to the concession area. Students will not be permitted to bring beverages, candy, or other food items into the building without approval of school officials. Sunflower seeds and chewing gum are not allowed in the school building. We are fortunate to have carpet throughout the majority of our building. Chewing gum is severely damaging to carpet and constitutes an excessive amount of custodial time for clean up and removal.

Profanity:

Profanity is not an acceptable manner of expressing oneself. Use of profanity will result in disciplinary action from the principal or the assistant principal’s office.

Skateboards, Roller Skates, In-line Skates or Skate Shoes:

Skateboards, scooters, roller skates, in-line skates or skate shoes are not allowed in the hall or school lockers. These are not to be ridden in or around the school. Please leave these items at home.

Solicitations:

In consideration of the large number of youth organizations that use raffles or some other types of solicitation as fund raising activities, and in the interest of fairness, fund raising activities will be restricted solely to school sponsored organizations. Any fund raising activity that takes place on school property must have administrative approval.

Standards of Student Conduct Pertaining to Drugs, Alcohol, and Tobacco and Vapor Products (including e-cigarettes).

These standards are in addition to standards of student conduct elsewhere adopted by board policy or administrative regulation. The District’s standards prohibit the possession, use, or distribution of illicit drugs or alcohol on school premises, in school vehicles, or as a part of any of the school’s activities on or

off school premises. Conduct prohibited at places and activities as hereinabove described shall include, but not be limited to, the following:

1. Possession, use, distribution or being under the influence of any controlled substance, including but not limited to marijuana, any narcotic drug, any hallucinogen, any stimulant, or any depressant.
2. Possession of any prescription drug in an unlawful fashion.
3. Possession, use, distribution or being under the influence of alcohol.
4. Possession, use, distribution, or being under the influence of any abusable glue or aerosol paint or any other chemical substance for inhalation, including but not limited to lighter fluid, whiteout, and reproduction fluid, when such activity constitutes a substantial interference with school purposes.
5. Possession, use, or distribution of any look-alike drug or look-alike controlled substance when such activity constitutes a substantial interference with school purposes.
6. Possession, use or distribution of any tobacco product or vapor products (including e-cigarette).

Disciplinary Sanctions

Violation of any of the above prohibited acts will result in disciplinary sanction being taken within the bounds of applicable law, up to and including expulsion and referral to appropriate authorities for criminal prosecution. In particular, students should be aware that:

1. Violation of these standards may result in suspension or expulsion.
2. Prohibited substances will be confiscated and unlawful substances will be turned over to law enforcement authorities.
3. The student may be referred for counseling or treatment.

4. Parents or legal guardian will be notified.
5. Law enforcement will be notified.
6. If it appears there is imminent danger to the student, other students, school personnel, or students involved, emergency medical services will be contacted.

Intervention

The District does not have the authority or responsibility to make medical or health determinations regarding chemical dependency. However, when observed behavior indicates that a problem exists which may affect the student's ability to learn or function in the educational environment, the school has the right and responsibility to refer the student for a formal chemical dependency diagnosis based on behavior observed by school staff.

Administration

The administration is authorized to adopt such administrative rules, regulations or practices necessary to properly implement this policy. Such regulations, rules or practices may vary the procedures set forth herein to the extent necessary to fit the circumstances of an individual situation. Such rules, regulations and practices may include administrative forms, such as checklists to be used by staff to record observed behavior and to determine the proper plan of action.

Pursuant to school statutory authority to adopt policies, rules and regulations necessary to protect the government and health of students in the School District, the Board of Education of Gering Public Schools has determined that the possession or use by students of tobacco, ~~or~~ tobacco products, vapor products (including e-cigarettes), alcohol, narcotics, or other dangerous and/or illegal drugs or drug paraphernalia shall be prohibited:

1. during the school day
2. on school grounds

3. by a participant in school activities
4. as a spectator at school activities involving Gering participants.

Students who possess or use tobacco products, [vapor products \(including e-cigarettes\)](#), alcohol, narcotics, or other dangerous drugs or drug paraphernalia except as directed by a physician during the school day, on school grounds, or while participating in or attending school activities shall be subject to disciplinary sanctions, including, but not limited, to, expulsion or suspension. Students involved in extra-curricular activities shall be subject to additional disciplinary actions. Enforcement of disciplinary sanctions shall be in accordance with the procedures established by the Gering Public Schools Comprehensive Substance Abuse Policy and Guidelines for Students Participating in Extra-Curricular Activities. This information will be provided to each student at the beginning of the school year.

Student Appearance: Students at Gering Public Schools are expected to dress in a way that is appropriate for the school setting. Students should not dress in a manner that is dangerous to the health and safety of anyone or interferes with the learning environment or teaching process in our school. Following is a list of examples of attire that will not be considered appropriate, such list is not exclusive and other forms of attire deemed inappropriate by the administration may be deemed inappropriate for the school setting:

- a. Clothing that shows an inappropriate amount of bare skin or underwear (midriffs, spaghetti straps, sagging pants) or clothing that is too tight, revealing or baggy, or tops and bottoms that do not overlap
or any material that is sheer or lightweight enough to be seen through, or otherwise of an appropriate size and fit so as to be revealing or drag on the ground.
- b. Shorts, skirts, or skorts that do not reach mid-thigh or longer.
- c. Clothing or jewelry that advertises or promotes beer, alcohol, tobacco, [vapor products \(including e-cigarettes\)](#) or illegal drugs.
- d. Clothing or jewelry that could be used as a weapon (chains, spiked apparel) or that would encourage "horse-play" or that would damage property (e.g. cleats).
- e. Head wear including hats, caps, bandannas, and scarves;
- f. Clothing or jewelry which exhibits nudity, makes sexual references or carries lewd, indecent, or vulgar double entendre.
- g. Clothing or jewelry that is gang related.
- h. Visible body piercing (other than ears).

Consideration will be made for students who wear special clothing as required by religious beliefs, disability, or to convey a particularized message protected by law. The final decision regarding attire and

grooming will be made by the Principal or Superintendent. In the event a student is uncertain as to whether a particular item or method of grooming is consistent with the school's guidelines, the student should contact the Principal for approval, and may also review such additional posting of prohibited items or grooming which may be available in the Principal's office.

Coaches, sponsors or teachers may have additional requirements for students who are in special lab classes, students who are participants in performing groups or students who are representing the school as part of an extracurricular activity program.

On a first offense of the dress code, the student may call home for proper apparel. If clothes cannot be brought to school, the student will be assigned to in-school suspension for the remainder of the day. Students will not be allowed to leave campus to change clothes. Continual violations of the dress code will result in more stringent disciplinary actions, up to expulsion. Further, in the event the dress code

violation is determined to also violate other student conduct rules (e.g., public indecency, insubordination, expression of profanity, and the like), a first offense of the dress code may result in more stringent discipline, up to expulsion.

Student Conduct at School Events:

Gering Junior/Senior High School students, who attend activities at school, or at another location, are reminded that they are representatives of the entire student body. They should conduct themselves in a manner that will bring credit to our school. Students are expected to observe rules and regulations established by Gering Junior/Senior High School as expressed through this handbook. The administration and staff will work cooperatively with other schools if student conduct becomes a problem. Violation of these rules and regulations could lead to suspension or expulsion from school and/or activities.

Substitute Teachers:

Substitutes play a unique role in continuing the educational mission of Gering Public Schools while a teacher is absent from the class. It is critically important to insure that the substitute's experience at the Gering Schools will be positive, so that they will continue to feel welcome and serve in our school. Consequences will be doubled for offenses incurred under the direction or supervision of a substitute teacher.

Gering Junior High School Progressive Discipline Procedure:

Gering's discipline plan is designed to be progressive in nature. Students who are repeatedly referred to the principal's office for additional disciplinary measures will be disciplined according to the charts listed below. The initial responsibility for the disciplining of a student, who is disobedient or disrespectful in class, is the classroom teacher. Each time a student is disciplined by an administrator he/she will receive a specific number of points. Any points received shall be cumulative throughout the school year. Accumulation of 180 or more points in any category or combination thereof, throughout the school year, will result in recommendation to the Board of Education for expulsion from the Gering Public Schools. Gering Junior High School will make an effort to provide counseling for all students who demonstrate need. The junior high school administration reserves the right to accept personal and/or family counseling as an alternative to expulsion, so long as the student and/or parent(s) continue with counseling until dismissed by counselor.
