7.5. Superintendent's Report

Superintendent Hastings introduced Barb Ehrhart, the District's new Director of Student Services and Special Education. Ehrhart started with the district on July

1, 2014 and has hit the ground running. She brings many years of experience and knowledge to the position and is providing a fresh perspective in all areas of operations. Ehrhart provided a brief recap of her teacher and psychologist experience and thanked the Board for the opportunity to work for the Gering District. Hastings stated that Ehrhart will have the opportunity to give informational reports to committees as well as the full board. Hastings explained that the district hosted three days of Strategic Planning Sessions beginning July 13th. He explained that it was a journey of discussions about the district and future goals. Team members spent time learning about the current state of affairs and impacts on the district. Participants developed goals and prioritized those goals. Larry Dlugosh led the group in their discussions and helped to coordinate the goals. Hastings plans to finalize the findings of the team over the next week and will present the goals to each committee prior to introducing them to the entire board in August. Hastings said that the process was an exciting, open and positive one and thanked Dlugosh for his efforts. He also commended the entire team, which included three board members, teachers who represented each building, administrators from all levels, parents of children from each building, local business representatives, staff from the City of Gering, WNCC and Twin Cities Development, and six students who provided much needed input and insight. Hastings feels that this group represented the school and community very well and they deserve the district's gratitude for their time and contributions. Copsey explained that he was very tired after the process was completed, however he said it was a great experience and he appreciated the student's participation. Hastings explained that determined goals will be presented to the Board, who can approve them, as for modifications to the or reject them altogether but they cannot change the intent of the goals. Action plans will be developed in September and will also involve teamwork. Dlugosh will return to assist with this portion of process. Hastings reminded all that school will resume in approximately three weeks. He informed the Board that the building principals will return to work on July 28, new teachers come in on August 8, returning staff arrived on August 11 and students start on August 14. He asked that everyone keep individuals recently affected by personal tragedies in their thoughts and prayers.

The agreement will be reviewed on an annual basis until it is determined that it can be reviewed every 3 to 5 years. The City has appointed Henry Moreno to be serve as the School

Other contributors include the Class of 1964 and the Music Boosters, who will continue to fundraise for this project. Raines explained that the total cost of the uniforms will actually be less than the proposed amount since he will not need to purchase uniforms bags or a second set of plumes. The new uniforms are only 2 pieces, compared to the current multi-piece uniforms. Raines displayed a prototype of the uniform for all to see. Hastings expressed appreciation to the City of Gering for their contributions and support of the band program. Copsey added that one of the strategic planning goals was to brand the Gering district and these new uniforms will assist with that goal. Hubbard and Koski assisted with the color decision.

7. Reports & Discussions

7.1. Recognition of Accomplishments

Superintendent Hastings explained that the Recognition of Accomplishments section of the Board Agenda will be revamped as of September, 2014. Each school will have the opportunity to highlight and showcase building events, activities and staff/student accomplishments. This will create an atmosphere where principals, teachers and students can share information about special programs and will provide the Board a meaningful opportunity to recognize staff and students.

7.2. High School Daily Schedule Changes Report

High School Principal Eldon Hubbard distributed a handout in reference to a new High School schedule. He indicated that he has been seeking a way to add time to the schedule beyond the required 1,080 hours. During the past year, the High School dismissed classes for a day for district speech, which cut instructional hours close to the minimum requirement. After a careful review of available programs, Hubbard looked at the advisory period that is utilized at the Freshman Academy and developed a plan for the High School that would use advisory time effectively. If implemented, advisory classes would offer one teacher to every 16 students and would provide academic support, self-directed reading, citizenship training, class meetings and John Baylor test prep strategies while building interpersonal relationships with the kids without taking time away from classes. This time could also be utilized for school spirit activities. The new schedule means classes would start earlier and end later to accommodate the addition of a 20 minute advisory period. The length of this period could potentially be lengthened in the future. The new schedule would also provide a cushion if needed for snow days or other schedule changes. Currently, the High School offers 1,148 instructional hours.

Assistant Principal Seiler informed the board that extracurricular clubs are assigned two week periods when they are in charge of providing positive spirit at the building level. Seiler distributed aptitude materials that the Waverly District has been using for the Board to review. These materials follow Gering's purpose and mission and goals, and can help build social skills, character and communication skills. Seiler hopes that GPS students are well prepared when they leave Gering High School and wants them to be employable upon graduation. Nebraska is the first state in the country to address career ready standards. The senior class will utilize habits and attitudes for leadership. This will teach disciplines in a focused way and requires minimal teacher prep. Seiler successfully worked with an aptitude transition program with at-risk sophomore students during their lunch period last year. This same program will be offered to all sophomores next school year. The junior class will work with an aptitude book focused on leading others. Seiler urged the board to visit a website to view testimonials regarding the program. The Nebraska Department of Education also endorses these programs. Two district teachers have attended training in Kearney, Nebraska and will hold a training workshop for other district staff. The program will be distributed to teachers at the end of July for their review prior to the beginning of school.

Doll expressed support of this new schedule and asked how the success of it will be measured. Hubbard explained that it should be evident in student attitudes, ACT scores and reading scores. He also feels that the local community that employs students will be able to offer feedback regarding student responsibility, respectfulness, dependability and appropriateness.

Hubbard explained that other issues needing attention are school-wide management issues including tardiness, DECA sales, food in the classroom, cell phone usage and student attire.

7.3. Curriculum Committee Meeting Report

Due to the absence of the Director of Curriculum the committee did not meet in June.

7.4. Facilities Committee Meeting Report

Upp explained that the Facilities Committee met and concentrated on maintenance issues at the elementary buildings. The group reviewed priorities and needs at each school. Concrete work will take place at Geil Elementary and lighting and windows will be examined throughout the district. Security systems similar to the one being utilized at the Freshman Academy were named as a district-wide priority.

Peters informed the board that the track has been successfully resurfaced.

7.5. Business Committee Meeting Report

Copsey stated that the Business Committee met to review financial statements. Specific topics discussed included the cafeteria balance, school lunch balances and bills that needed to be approved.

Doll provided "kudos" to the business office for securing more detailed explanations on purchase orders.

7.5.1. Financial Report

7.5.1.1. Trial Balance Summary

7.5.1.2. Fund Balances

7.5.1.3. Schedule of Investments Held

Winn stated that the Personnel Committee met on June 12th. Hastings provided updates on hiring, certified staff, the softball coach position, legislative updates, and the Superintendent Transparency Act, which goes into effect on July 1, 2014. The central office staff has been working on a certified staff handbook. The new tech integration specialist will be based at the central office and will report directly to the Superintendent and the Director of Curriculum & Assessment.

7.7. Superintendent's Report

Hastings explained that he attended a law conference in Kearney and provided a recap of topics, including LB907 (the "Ban the Box" law) where hiring agencies are no longer allowed to ask if an applicant has been convicted of a criminal offence beyond a misdemeanor prior to determining if they are qualified for a position. This change takes place on July 1, 2014.

The Superintendent Transparency Act will also take effect July 1, 2014. A copy of the Superintendent's contract will be available for viewing on the district website and a copy will be provided to NDE for their records.

Hastings explained that LB923 regarding suicide awareness, prevention and education training will be provided to appropriate staff. Tornado drills will also occur at least twice per school year.

The banning of e-cigarettes and all vapor products has been included in all tobacco free workplace policies and will be included in staff and student handbooks.

Hastings stated that the TEOSA formula (instructional time allowance and teacher education allowance) is sun-setting. Next year it will be good for 50% of the value and then it will be gone completely.

Hastings reviewed summer maintenance projects, including the track project, re-carpeting and repainting of the High School library, concrete work being done at Geil Elementary and the installation of carpet throughout the district.

All certified positions have been filled, however there is one contract yet to be approved by the Board. This will take place in July. There will be hearings and an opportunity for public comment at the July Board Meeting.

NASB will be in Gering on July 9th and will host a triad of workshops. Frahm will attend the workshop for Administrative Assistants and Business Manager Meisner, along with Hastings, will attend the workshop regarding the new negotiation software. Candidates running for a seat on the Board of Education were also invited to attend the workshop for new board members.

SUPERINTENDENT CONTRACT AND CONTRACT NONRENEWAL

It shall be the responsibility of the board to provide the contract for the position of superintendent. The length of the contract for employment between the superintendent and the board shall be determined by the board, but shall not exceed three years. The contract will begin on July 1 and end on June 30. The contract shall state the terms of employment.

Before the board approves a proposed contract for superintendent services, or any proposed amendment to an existing contract, the board shall publish a copy of the contract or amendment, and a reasonable estimate and description of all current and future costs to the district if the proposed contract or amendment were to be approved, at least three days before the board meeting at which it will be considered. This publication shall also specify the date, time, and place of this public meeting. Electronic publication on the web site of the district shall satisfy this publication requirement if it is prominently displayed and allows public access to the entire proposed contract or amendment.

After the board approves the contract or contract amendments the board shall publish a copy of the contract, and a reasonable estimate and description of all current and future costs to the district that will be incurred as a result of the contract, within two days after the board meeting at which it was approved. Electronic publication on the web site must be prominently displayed as described above.

After approval of the contract or contract amendments, the board shall file a copy of the contract or amendments with the State Department of Education on or before August 1.

The superintendent serves the board as a probationary certificated employee, regardless of length of service. The superintendent's contract shall be deemed renewed and will remain in full force unless it is amended or not renewed. The superintendent and board may mutually agree to terminate the superintendent's contract at any time.

In the event of nonrenewal, termination or amendment of a contract, the board shall afford the superintendent appropriate due process, including notice of its intent by April 15. Unless continued by mutual written agreement according to statutory procedures, the board shall take final action on the contract by May 15.

If the superintendent wishes to resign, to be released from a contract, or to retire, the superintendent must comply with board policies dealing with retirement, release or resignation.

EXCESSIVE ABSENTEEISM ADDRESSING BARRIERS TO ATTENDANCE

Regular attendance by the students at school is essential for students to obtain the maximum opportunities from the education program. Parents and students alike are encouraged to ensure an absence from school is a necessary absence. Students shall attend school unless excused by the principal of their attendance center. This policy, developed and annually reviewed in collaboration with the county attorney for the district's principal office location, is an attempt to address the ~~problem of excessive absenteeism barriers to student attendance~~. This policy shall include a provision indicating how the district and the county attorney will handle cases in which excessive absences are due to ~~documented illness that makes attendance impossible or impracticable~~. And shall state the circumstances and number of absences or hourly equivalent upon which the school shall render all services to address barriers to attendance.

Any superintendent, principal, teacher, or member of the school board who knows of any violation of the state school attendance laws (79-201) shall report that violation to the school attendance officer within 3 days.

~~Excessive absenteeism is the failure to attend school for the hourly equivalent of five or more days per quarter as specified by district policy.~~

The superintendent shall designate an attendance officer. The attendance officer will immediately investigate the report of any child who may be in violation of the state's compulsory attendance statutes.

If any student has ~~accumulated a total of five excused and/or unexcused absences per quarter or the hourly equivalent of five days of absences, the school shall render all services in its power to compel the student's attendance. Exceeded the number of Unexcused Absences as defined in the student handbook, the school shall render all services to address barriers to attendance.~~ These services shall include the following:

1. Verbal or written communication by school officials with the person or persons who have legal or actual charge or control of any child; and

2. A meeting or meetings between the school attendance officer, school social worker, (or a school administrator or designee, principal or a member of the school administrative staff, if the school has no social worker), the student's parent/guardian the person who has legal or actual control of the child, and the student (if necessary when appropriate) to solve the excessive absenteeism problem address the barriers to attendance. The result of the meeting or meetings shall be to develop a collaborative plan to reduce barriers identified to improve regular attendance. The plan shall consider, but not be limited to:

Formatted: Justified

Formatted: Left, Indent: Left: -0.25", Tab stops: 0", List tab + Not at 0.25"

- (i) Illness related to physical or behavioral health of the child;
- (ii) Educational counseling;
- (iii) Educational evaluation;
- (iv) Referral to community agencies for economic services;
- (v) Family or individual counseling; and
- (vi) Assisting the family in working with other community services.

~~2.—Educational counseling to explore curriculum changes such as alternative educational programs to solve the excessive absenteeism problem.~~

~~3.—Educational evaluation to assist in determining the specific condition(s) contributing to the excessive absenteeism problem, supplemented by specific efforts by the school to help remedy any condition diagnosed.~~

~~4.—Investigation of the problem by a school social worker (or principal or administrative staff member) to identify conditions contributing to the excessive absenteeism problem. If services for the student and student's family are determined to be needed, the investigator shall meet with the parent/guardian and child to discuss any referral to appropriate agencies to remedy the conditions.~~

~~If the student is absent more than twenty days per year, or the hourly equivalent and all of the absences are due to documented illness that makes attendance impossible or impracticable or are otherwise excused by school authorities, the attendance officer may report such information to the county attorney of the county in which the student resides. If the student is absent more than twenty days per year, or the hourly equivalent and any of such absences are not excused, the attendance officer shall file a report with the county attorney of the county in which such person resides. The report must be signed by a school representative and designate whether: (a) The school representative requests additional time to work with the student prior to intervention by the county attorney; or (b) The school representative believes that the school has used all reasonable efforts to resolve the student's excessive absenteeism without success and recommends county attorney intervention. If further action is necessary to address the student's attendance, the initial meeting between the parent/guardian of the student, the school, and the county attorney or his/her designee shall be at a location determined by the school.~~

The school may report to the county attorney of the county in which the person resides when the school has documented the efforts it has made as required by statutes, that the collaborative plan to reduce barriers identified to improve regular attendance has not been successful, and that the child has been absent more than twenty days per year. The school shall notify the child's family in writing prior to referring the child to the county attorney. Illness that makes attendance impossible or impracticable shall not be the basis for referral to the county attorney.

Students are subject to disciplinary action for excessive absenteeism including suspension and expulsion. It shall be within the discretion of the principal to determine, in light of the circumstances, whether a student may make up work missed because of excessive

absenteeism. Disciplinary action for students receiving special education services will be assigned in accordance with the goals and objectives of the student's Individualized Education Program.

The superintendent shall report ~~on a monthly basis~~ to the Commissioner of Education as directed by the commissioner regarding the number of and reason for any long-term suspension, expulsion, or excessive absenteeism ~~of a student~~; referral of a student to the office of the county attorney for excessive absenteeism; or contacting of law enforcement officials other than school resource officers by the district relative to a student enrolled in the district. The superintendent shall report annually to the Commissioner of the required data for the number of students who have dropped out of school.

Waivers shall be provided to students who qualify for free or reduced-price lunches for fees, specialized equipment and specialized attire required for participation in extracurricular activities.

The superintendent shall establish a Student Fee Fund and ensure that funds collected as fees for the following purposes are properly recorded and deposited to it:

- Participation in extracurricular activities;
- Postsecondary education costs; and

PARENTAL INVOLVEMENT IN THE SCHOOLS

It is the policy of the district to provide full access to the parent of any student of the district to review textbooks, tests, curriculum and instructional materials; records of a student of any such parent, unless otherwise prohibited by law; and to any surveys of students done by the school district. Summary information regarding the district's curriculum, testing, and surveys will be provided at the beginning of each school year. Requests for access to specific instructional materials should be addressed to the teacher or building principal.

Requests by parents to attend and monitor courses, assemblies, counseling sessions and other instructional activities shall also be made to the building principal or teacher. While requests to monitor are usually granted, if the request is denied, reasons for the denial will be provided.

It is the policy of the district to provide as consistent an experience as possible in all classroom instruction, testing, surveys, and other school experiences. It is the policy of the district not to excuse students from classroom instruction, testing, and other school experiences unless an objection is submitted to the building principal or teacher outlining the specific experience, the basis for the objection and a proposed solution for dealing with the objection that would be satisfactory to the parent.

The request for the student to be excused will be reviewed by the building principal and a decision provided to the parents. While verbal objections and decisions are valid, written follow-up to verbal communications is required from the parent and the principal. If a student is excused from the requested activity, no penalty will be assessed; but an agreed upon alternative activity must be performed to the satisfaction of the teacher and principal.

It is the policy of the district to use only testing methods and testing instruments that are generally recognized by educational professionals to be within sound educational standards and both educationally and academically appropriate. It is the policy of the district to notify parents of any standardized testing that may be scheduled within the school district.

It is the policy of the district to notify parents of any survey that may be scheduled and to conduct student surveys judiciously, with full consideration of the fact that parents may find items of the survey objectionable.

The parent or guardian of a student may have access to that student's records during normal business hours of the district according to Policy 507.01 Student Records Access.

Re: Band Uniform Proposal

Please review the attached bids for new band uniforms. The current band uniforms are twenty years old and in need of replacement.

The proposed funding for the uniforms is as follows:

Music Booster Club	\$15,000
City of Gering Keno Funds	\$30,000
Gering Public Schools	\$10,000*

*approximate, dependent upon the final cost

It is recommended that the proposal from Fruehauf Uniforms be approved with the following adjustments:

Delete Item PL/12/F/F/C/M – this was a proposed additional hat plume

Delete Item 04B/7791GBAG W/PKT & LOGO – uniform bags, current bags are serviceable

It is recommended that with cost savings of these deletions we purchase 110 uniforms to ensure we are able to properly fit all band members.

Fruehauf Uniforms were the provider for our current uniforms and they have performed well over the years. Additionally, Fruehauf has a state representative to service the account.
