Policy Update

- After reviewing the remaining policies following the recent update, I identified some that need to be removed and others that should be retained but renumbered. The process of aligning old and new policies took some time due to differences in terminology and structure. However, once the remaining old policies were identified, it became easier to determine which ones to remove and which to renumber for inclusion in the new policy manual. Policies that are specific to McCook Public Schools that require renumbering will need to be approved by the board. The renumbering process may take a month or two to finalize. The policies will remain active under the old numbering system until the renumbering is finalized.

7. School Improvement

- The school improvement (SIP) team met last week. In preparation for the school year, and the external team visit in February, the team reviewed and discussed several important issues.
- Review of this year's key objectives:
 - Continue to share our SIP goals with all stakeholders;
 - Update the district's action plan;
 - Collect multiple forms of data for the purpose of measuring how our school improvement efforts have impacted student learning and staff professional growth.
 - Prepare for the external team visit
- Reviewed the parts of Rule 10 that deal with school improvement
- Reviewed and updated the current school improvement action plan.
- Reviewed the technical assistance rubric.
 - Homework was assigned to building SIP teams to identify areas in need of improvement and actions to take.

- Discussed the need to develop and disseminate a survey to staff to measure their knowledge of the SIP action plan.

8. Staffing

- Over the next two months, an administrative team will be attending multiple teacher recruiting events across the state. These events started last Thursday at UNK and will continue until the start of the spring semester. Some positions of need have already been identified, so administrators will be actively pursuing teachers to fill vacant positions for the 2025-2026 school year.

McCook School Board Report
September 9, 2024
Special Education Dept., John Hanson, Director

- 1) The fall brings lots of NDE requirements-applications that need to be completed before everything is due around October 31st. Indicator 13 application related to transition aged file review self assessments; Indicator 11 related to initial evaluations completed, Indicator 12 related to early childhood evaluations completed, and of course the special education final financial reimbursement process. It is nice to be able to get 80% reimbursement back on special education expenditures now instead of the traditional 45ish%. But from what I understand about the Teososa school formula (which isn't much), the higher the sped reimbursement, the lower the state aid starting next year.
- 2) We have five current MPS paraprofessionals that are taking classes to get their special education teaching certificates...and I'm answering questions that they have on some of their assignments. McCook Elementary-Danielle Mowry-wants to be a SPED Behavior Teacher, Miranda Payton and Kaylee Eckert-wants to be a traditional resource room teacher, McCook Junior High: Andee Quigley-wants to be a secondary level resource room teacher. McCook High School: Rachel Rydgren-wants to be a Life Skills/DLC sped teacher. Some of them will finish with their degrees at the end of the 25-26 school year, some of them won't graduate until the end of the 26-27 school year.
- 3) I will be attending the Wayne State Teacher Career Fair with other members of the Admin Team on Wednesday, October 23rd.
- 4) Thank you to the many special education teachers that have been flexible with receiving new students on their caseloads. A lot of the students that have enrolled after the school year has started are students with IEPs/varying sorts of disabilities. My sped office determines what the child's needs are, which type of special education teacher could best meet their needs and appropriate schedule (if secondary level) one day, and then they start the next day.
- 5) We have no current contracted students coming into McCook Public Schools from the neighboring smaller ESU 15 schools for Life Skills or DLC programming.

Central Elementary School Update

Hug or High Five Fridays:

We are excited to launch "Hug or High Five Fridays" at Central Elementary. Student-athletes from McCook Community College (MCC) and McCook Senior High will be visiting our school to greet students and participate in our Central Live broadcasts.

Central Live Enhancements:

Central Live has undergone significant upgrades. We are now using Canva to produce a more polished, professional newscast format, which has generated great enthusiasm among our students.

Central Starz Auditions:

We have approximately 55 students auditioning for our Central Starz program. Mrs. Donelan will select 20-25 students to participate in this exciting opportunity.

CPR Training for Staff:

On September 11, all Central staff will receive CPR training, ensuring that we are prepared to respond effectively in emergencies.

9/11 Commemoration:

In honor of the events of September 11, we will be sharing educational videos and leading discussions with our students. We aim to foster meaningful conversations both in school and at home about the significance of 9/11 and the unity that followed on 9/12.

Curriculum

We are sending nine teachers to Denver, CO, from December 9-11 to attend the Solution Tree Institute. This is a unique opportunity, as Solution Tree Institutes are not typically held in Denver. We are considering sending additional staff to future sessions to further enhance professional development.

ELA Textbook Adoption:

We have begun receiving K-5 English Language Arts textbook materials and will be initiating a series of meetings to review and select the most appropriate resources for our students.

Planning and Record-Keeping by Teachers

Quality lesson planning is necessary to help ensure the teacher that key elements of an effective lesson are presented. Lesson plans aid the principal, supervisor and substitute teachers in understanding the regular classroom teacher's plan for teaching the course of study as adopted by the School Board. Lesson plans should also be prepared by teachers whose assignment may vary from regular classroom work in order that their scheduled activities may be observed with understanding or replicated by a substitute teacher. Generally, teachers will prepare lesson plans on a weekly basis although they are expected to have general plans which cover the length of the course. Plans will be kept by the classroom teacher in a place known to and accessible to the building administrators. The principal may further require teachers to provide copies of lesson plans to the school office at reasonable times and intervals as determined by the principal.

The lesson plan should be of sufficient length and substance to allow a substitute teacher to carry on the course of study and to provide a means by which principals and supervisors may monitor instruction to assure that the educational program in a particular class or activity is related to the district-approved course of study.

Although the district will provide lesson plan books, principals may request another system or format for the presentation of lesson plans provided it meets the purpose of planning. Principals may also require more detail or specific plans to assist individual teachers, or they may minimize the use of lesson plans when such action will not compromise the stated purpose of lesson planning.

It is recognized that provisions for flexibility is essential within the lesson plan to allow for unexpected changes and varying learning rates.

Certificated Employees Salary Schedule

All teachers in the McCook system shall be on a salary schedule. However, extra compensation shall be given for special duties as established by the Board of Education. Vertical and horizontal placement on the salary schedule shall not be restricted except for implementation of certain Professional Growth Policy stipulations.

The Board of Education may consider the salaries of individuals or positions a special case when: 1. It is in the best interest of the system. 2. When it is necessary to do so in order to secure a qualified person for a particular position.

Teachers who are on less than a full-time basis shall be paid according to the number of hours taught.

College credit hours that would advance a teacher's salary schedule placement must be reported to the superintendent's office not less than ten days prior to that teacher's first pay date under the terms of that teacher's contract. No salary adjustment for additional college credit hours shall be made, thereafter, during the contract year.

Salaries shall be paid in twelve equal installments on the twentieth of each month.

Board policy prevents employees from securing any advantages from the District except when so authorized by the Board of Education.

Retirement Pay Option: Teachers retiring at the end of the school contract year shall have the right to be paid in equal payments, terminating with the final month of contracted service. Retiring teachers opting for their salaries to be paid in total within the contract year shall declare such right to the superintendent's office before September 5. Teachers deciding to retire during the school year shall, upon notifying the superintendent's office, receive the remainder of their salary in a lump sum. Such payment shall be made at the termination of their employment.

Video Cameras in School Buildings and on School Grounds

The Board recognizes the value of video cameras in protecting the health, safety, and welfare of its students and staff and in protecting the community's investment in school district-owned property and facilities. Upon carefully weighing the privacy rights of students and staff against the school district's duty to provide a safe, secure, and orderly learning and work environment, the Board has determined to authorize the use of video cameras in school buildings and upon school grounds pursuant to the following regulations:

Video Monitoring System:

1. Video cameras may be installed in any public area within a school building and/or upon school grounds, including but not limited to classrooms, hallways, cafeterias, libraries, computer labs, parking lots, auditoriums, breakrooms, weight rooms, and gymnasiums.

3. The precise location of video cameras shall be determined by the Superintendent with the assistance of the appropriate building personnel. Input from staff members may be sought to determine the most beneficial locations for video cameras.
4. Under no circumstances shall the school district's video cameras be equipped to record audio data.
5. The contents of video recordings captured by video cameras may be used as evidence in a student disciplinary matter, evaluations of staff conduct, and or/or to provide evidence of any unlawful activity on school grounds.
6. Absent a reporting incident, recordings may be subject to automatic erasure.

Treatment of Recordings

In most instances, those persons will be the Superintendent, building principal and assistant principal, director of buildings and grounds, school resource officer, and staff members authorized by the Superintendent or building principal. If the content of the recording becomes the subject of a student disciplinary proceeding or personnel proceeding, it may be treated like other evidence in

that proceeding. Parents may request to view recordings of their children in the event the recordings are used in disciplinary proceedings involving their children. Staff members may similarly request to view any recording used in the evaluation of the staff member's conduct. Any such request shall be processed by the school district in accordance with applicable state and federal laws and regulations.

English as a Second Language

The School Board recognizes the need to provide equal educational opportunities for all students in the District. Therefore, if the inability to speak and understand English language due to national origin or non-English speaking environments excludes a student from effective participation in the educational programs offered by the District, the District shall take appropriate action to rectify the English language deficiency in order to provide the student equal access to its programs. The Board directs the administration to develop and implement procedures which:

- Appropriately identify and evaluate students with limited English proficiency (LEP). Limited English proficient students are those whose native/home language is a language other than English and whose English language skills of listening, speaking, reading and writing are not developed to a level at which they can achieve challenging performance standards in a regular classroom.
- Determine the appropriate instructional environment for LEP students.
- Monitor progress of students receiving English as a Second Language (ESL) or bilingual instruction in order to determine their readiness for the mainstream classroom environment.
- Establish professional standards for staff members who teach bilingual or English as a Second Language programs and provide development opportunities for staff members when needed.

Where feasible, the District may provide for the student's use of the native language while developing English language skills.

Craig Dickes- Principal

Grant Norgaard- Superintendent
McCook Schools Board of Education

Dear Craig,

I am writing to formally announce my retirement from my position as Social Studies Teacher and Head Girls Track Coach at McCook High School, effective May 23, 2025. After twenty-seven years at McCook and thirty-two years in the teaching profession, I have decided that it is time for me to retire and begin the next chapter of my life.

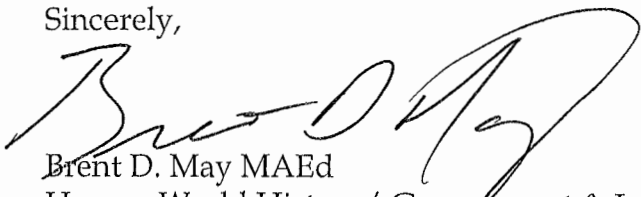

Teaching at McCook has been a fulfilling experience. I have been fortunate to work with an incredible team of educators, staff, and administrators who are deeply committed to the success and well-being of our students.

One of the things I have always hoped my students learned or at least heard multiple times is that we can all learn from everyone and that we should focus on respecting the many opinions people have to offer, but in no way do we have to accept those opinions as our own. Hopefully, over these thirty-two years, my students have taken to heart the message on the sign that hangs in my room: sometimes we need to agree to disagree civilly. The memories I have made here, along with the relationships I have formed with students, colleagues, and parents, will stay with me for the rest of my life.

I want to extend my heartfelt thanks to you, the current and former administration, my fellow teachers throughout my thirty-two years, and the past and present School Board members for your support and camaraderie over the years. A truly heartfelt thank you goes to all the former and current students who made this career an unforgettable journey. I am confident that the future holds exciting opportunities for both the school and myself.

Thank you once again for the opportunity to be part of the McCook Bison Family. I am grateful for the trust and confidence you have placed in me throughout my tenure here.

Sincerely,

McCook, Nebraska

Dear Mr. Lyons,

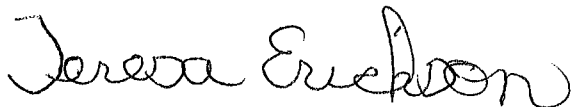

I am writing to formally resign from my teaching position at McCook Junior High, effective May 21, 2025.

The past eight years at the junior high has been an incredible journey for me, both professionally and personally. I have thoroughly enjoyed teaching here, and I am deeply grateful for the opportunity to work with such wonderful students, colleagues, and administrators.

Throughout my time at McCook Junior High, I have grown immensely as an educator, developing my skills and understanding of teaching. This growth would not have been possible without the support and collaboration of the amazing team here, for which I am sincerely thankful. As I move on to the next chapter of my career, I will carry with me the lessons learned and the fond memories created during my time at McCook Junior High.

Thank you once again for the opportunity to be a part of this wonderful community. I wish you, the staff, and the students all the best in the future.

Sincerely,

Joel Bednar & John Hanson

Central Elementary and MPS
700 West 7th St.
McCook, NE 69001

Dear Mr. Bednar and Mr. Hanson,

It is with conflicted emotions that I share my plan to retire May 20, 2025. I have loved working as a special educator for the last 37 years. Having served 34 of those years in McCook Public Schools has made me feel very proud and honored to end my career here.

It would be my privilege to assist you and the rest of the administrative team in finding a replacement for my position if need be, before my last day of work. Please let me know how I can best help during this process and time of transition.

I especially want to thank you for your invaluable support during my most recent position at Central Elementary. It has been a gift having worked with you, Joel, and my 4th grade team in providing guidance and support to every student at CE, everyday, whatever it took! I will truly miss the students and my many colleagues most of all.

Please let me know what steps I need to take to formally begin the retirement process. Due to the most recent early retirement incentive, I wanted to inform the district of my plans to retire in May 2025, by the October 15, 2024 deadline. I appreciate your guidance in handling the paperwork as soon as possible.

Thank you again for your tireless support and thoughtful guidance of McCook Public Schools. I will miss this stage of my life, but am looking forward to "living life to the fullest," in a different capacity.

Sincerely,

Lana M. Durbin
