This summer food service program will be offering lunch at the SMS for any child ages two to 18 everyday during the summer. The cost, according to the Department of Education, will be totally reimbursed - paid for by the U.S. Government but administered by the State of Nebraska. The rationale behind this program is that 70% of our students already qualify for free or reduced meals. The philosophy is not to make money on the program but to break even. The program will begin by preparing 300 meals to gauge the number of children who will take advantage of it.
