2. **2021-22 Budget Adoption:** We are working on finalizing our recommendations on the 2021-22 budget. We don't have new district valuations at this time, but have completed budget documents based on the information we have at this point. Multiple Plans Being Prepared

The information in this document includes the details of our 100% Return to School Plan. It is important for parents to know that we are also developing a plan for other options. We have a plan if we have to limit the number of students in school or if we have to close school and do remote learning for the whole school or a portion of the school. We know the year ahead has many unknowns. We will be prepared to continue to provide an excellent education for all students no matter what the situation may be.

Plan for Students Not Attending School

Note: Information in this document pertains to students that are planning to attend school in person. If your child has a medically diagnosed condition or extenuating family circumstances and won't be attending school in person, the information in this document DOES NOT pertain to you. Families whose students are not attending due to a medically diagnosed condition will receive separate communication prior to August 10th. Families without a medically diagnosed condition will need to follow the information in this plan.

Special Thanks to Action Teams and Focus Groups

We want to extend a special thank you to the board of education, directors, principals, nurses, and tech staff that helped develop this plan or provided us with input once the plan was developed. Many of these individuals have worked numerous hours to help make this return to school safe and successful for all students and staff. We also want to thank the East Central Health Department for their help and support with the development of the plan.

Protect the Physical & Mental Health of Students and Staff

What is SCS doing to keep students and staff healthy and safe?

- Require masks for all students and staff in accordance with CDC Guidelines.
- Distribute masks before school/bus and collect masks after school to be washed and disinfected.
- Implement social distancing, where feasible, limit class size, limit unnecessary student movement.
- Provide and implement personal protective equipment (PPE) for staff where necessary.
- Clean and disinfect desks between student use.
- Clean and disinfect high touch areas frequently throughout day.
- Conduct extensive cleaning and disinfecting every night.
- All supplies & equipment cleaned between uses - limit sharing of supplies.
- Require masks of all visitors to school buildings.
- Limit visitors to schools during school day and use of school facilities by outside groups.

What will families do to keep everyone healthy and safe?

- Wear Masks! Encourage the use of masks in public and in accordance with CDC Guidelines.
- Complete daily health pre-screening at home prior to coming to school.
- Stay home if sick or showing any symptoms - Don't take a chance!
- Practice good hygiene (hand washing, cough etiquette, etc.) at all times.
- Social distance where feasible.

New guidelines to keep students and staff healthy & safe in school

- Essential visitors to school by appointment only.
 - No outside speakers or volunteers in classrooms.
- Hand sanitizer used before entering and exiting classroom & lunchroom.

- Parents must remain in cars during drop off and pick up or meet child off school property while social distancing.

- Closed campus for lunch to limit outside exposure during the regular school day.
- Virtual school assemblies only.
- Field trips & guest speakers brought to the classroom virtually.
- Transportation vehicles will have increased cleaning between uses. All students and drivers will wear masks.
- All large group parent gatherings such as open house and family nights will be remote.
- Two health offices in all schools, one for sick kids and one for routine business-like distribution of medications.
- Drinking fountains will be closed - students encouraged to bring water bottles.
- Currently all middle school and high school athletics and activities are scheduled to proceed.

Keep Students In School

Masks required for all students & staff

Mask Guidelines

SCS is requiring masks for anyone over the age of 2 entering a school or school property. Each school is planning designated mask breaks for students throughout the day. Mask breaks will be built into the day at all levels. Masks will not be required by students when exercising during PE, at recess or during lunch. Accommodations will be made for students with a medical condition that prohibit them from wearing a mask.

- Students and staff can wear their own masks or a mask will be provided to each student.
- Masks must follow the district guidelines for appropriate attire.

Why Masks?

As we focus on keeping students and staff safe and in school as long as possible, masks are a critical factor. In the event that a student at school tests positive for COVID-19, wearing masks is a key factor in determining what other students and staff need to be quarantined or removed from school and activities. Masks will help keep students and staff safe and keep students in school!

I wear my mask in public for three reasons.

- 1. Humility:** I don't know if I have COVID as it is clear that people can spread the disease before they have the symptoms.
- 2. Kindness:** I don't know if the person I am near has a child battling cancer, or cares for their elderly mom. While I might be fine, they might not.
- 3. Community:** I want my community to thrive, business to stay open, employees to stay healthy and students to stay in school. Keeping a lid on COVID helps us all.

How to Safely Wear and Take Off a Cloth Face Covering

Accessible: <https://www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/diy-cloth-face-coverings.html>

WEAR YOUR FACE COVERING CORRECTLY

- Wash your hands before putting on your face covering
- Put it over your nose and mouth and secure it under your chin
- Try to fit it snugly against the sides of your face
- Make sure you can breathe easily
- Do not place a mask on a child younger than 2

USE THE FACE COVERING TO HELP PROTECT OTHERS

- Wear a face covering to help protect others in case you're infected but don't have symptoms
- Keep the covering on your face the entire time you're in public
- Don't put the covering around your neck or up on your forehead
- Don't touch the face covering, and, if you do, clean your hands

FOLLOW EVERYDAY HEALTH HABITS

- Stay at least 6 feet away from others
- Avoid contact with people who are sick
- Wash your hands often, with soap and water, for at least 20 seconds each time
- Use hand sanitizer if soap and water are not available

TAKE OFF YOUR CLOTH FACE COVERING CAREFULLY, WHEN YOU'RE HOME

- Untie the strings behind your head or stretch the ear loops
- Handle only by the ear loops or ties
- Fold outside corners together
- Place covering in the washing machine
- Wash your hands with soap and water

Cloth face coverings are not surgical masks or N-95 respirators, both of which should be saved for health care workers and other medical first responders.

How to Help Your Child *Adapt* to Wearing a Mask

Explain Why

Use easy-to-understand language and positive phrasing.

For example, "Many people are sick right now. Wearing a mask will protect you from germs."

Practice Makes Perfect

Shape the behavior by breaking it down into smaller steps. Then practice & reinforce each step.

1. Holding the mask.
2. Putting it against his/her face.
3. Securing the elastic.
4. Keeping the mask on for a period of time.

Talk About the Science

Talk with your child about how masks work to help prevent the spread of germs.

Explain the Upside

Talk with your child about the importance of masks and if we all wear masks then schools can have activities and sporting events.

Let's Pretend

Integrate masks into your favorite pretend play schemes.

Encourage your child to dress up as a doctor, nurse or veterinarian.

Stuffed Animals & Dolls Need Masks Too

Put a mask on your child's favorite stuffed animal or doll as a reminder that we are all in this together!

Take a Picture

Ask family members or friends to take pictures of themselves wearing masks.

You can even arrange a virtual get together so everyone can show off their masks.

Start with Familiar Clothing

Choose clothing and fabric that your child already wears and turn it into a mask.

Some ideas include a scarf or a bandanna.

Give Positive Reinforcement

Recognize your child when they are wearing their mask with positive reinforcement.

Model mask wearing for your child.

Get Creative

Allow your child to decorate their mask using crayons or markers.

If you are planning to make a DIY cloth mask, allow him/her to pick the fabric color or pattern.

SCS COVID-19 RESPONSE

The purpose of this blueprint is to provide a framework for how Schuyler Community Schools will respond to the COVID-19 pandemic and its impact on the educational program during the 2020-2021 school year. The framework is structured using tenets and tiers in order to allow the district to be nimble and responsive to changing public health circumstances. The presence of a formal plan will also support the district in articulating its plan for next fall in a clear, comprehensive, and transparent manner.

Scenario Description Rationale:

Scenario	Description	Rationale
A	School is in session on campus for students and staff beginning in August as planned.	<ul style="list-style-type: none"> In this scenario, the school has a plan to meet guidelines provided for the reopening of schools and local public health conditions warrant a return to school on campus with appropriate safety precautions being made.
B	Altered School Calendar	<ul style="list-style-type: none"> In this scenario, the beginning/ending of school and/or vacation and/or PD days could be altered to meet instructional requirements as indicated in Rule 10.
C	School is in session (scenario A or B) with occasional short-term closures (2-5 days). A Plan for Safe Return to In-Person Instruction and Continuity of Services Pursuant to the Federal American Rescue Plan Act, Section 2001(i) – ESSER III

Introduction and Background

On March 11, 2021, President Biden signed the [American Rescue Plan \(ARP\) Act of 2021](#), Public Law 117-2. The ARP Act includes nearly \$122 billion for the Elementary and Secondary School Emergency Relief (ESSER III) Fund that allows state and local education agencies (LEAs) to take additional steps for continued safe in-person instruction and to address unfinished teaching and learning to mitigate the COVID-19 pandemic.

These resources will allow school districts to take additional measures to safely sustain their healthy operations, this includes using funds to enact appropriate measures to help schools to invest in mitigation strategies consistent with the [Centers for Disease Control and Prevention's \(CDC\) Operational Strategy for K-12 Schools](#) to the greatest extent practicable; address the many impacts of COVID-19 on students, including unfinished instruction; implement strategies to meet students' social, emotional, mental health, and academic needs; offer crucial summer, afterschool, and other extended learning and enrichment programs; support early childhood education; invest in staff capacity; and avoid devastating layoffs at this critical moment, ensuring that all students have access to teachers, counselors, and other school personnel to support their needs.

[Section 2001\(i\)\(1\)](#) of the ARP Act requires each LEA that receives ARP ESSER funds to develop and make publicly available on the LEA's website, no later than 30 days after receiving ARP ESSER funds, a plan for the safe return to in-person instruction and continuity of services for all schools (Safe Return Plan) A Safe Return Plan is required of all fund recipients, including those that have already returned to in-person instruction. [Section 2001\(i\)\(2\)](#) of the ARP Act further requires that the LEA seek public comment on the Safe Return Plan and take those comments into account in finalization of the Safe Return Plan.

[Previous Plan - Section 2001\(i\)\(3\)](#) of the ARP Act states provides that if a LEA has developed a Safe Return Plan before the date of enactment of the ARP Act that meets the requirement in paragraphs Section 2001(i)(1) and (2), such plan shall be deemed to satisfy the requirements of this subsection.

[Plan Revisions](#) - Effective April 22, 2021, under the interim final requirements published in [Volume 86, No. 76 of the Federal Register](#) by the U.S. Department of Education (USDE), clarifies how an LEA must meet the statutory requirement to develop a Safe Return Plan. An LEA must periodically, but no less frequently than every six months through September 30, 2023*, review (taking into consideration the timing of significant changes to CDC guidance on reopening schools) and, as appropriate, revise its Safe Return Plan. **If an LEA developed a plan prior to enactment of the ARP Act that meets the statutory requirements under sections 2001(i)(1) and (2) of the ARP Act but does not address all the safety recommendations established by the CDC, the LEA must, revise to address such element and post its plan no later than six months after receiving its ARP ESSER funds to meet the statutory requirement. Revisions should be made publicly available on the LEAs website.**

[Understandable and Uniform Format](#) – An LEA's Safe Return Plan must be – (i) In an understandable and format; To the extent practicable, written in a language that parents can understand or, if it is not practicable to provide written translations to a parent with limited English proficiency, be orally translated for such parent; and (iii) Upon request by a parent who is an individual with a disability as defined by the ADA, provided in an alternative format accessible to that parent.

[Document Retention for Programmatic Monitoring](#) - An LEA will maintain documentation locally. The Nebraska Department of Education (NDE), Office of ESEA Programs will monitor Safe Return Plans for the above requirements. The LEA should keep records of the following: staff involved in writing the plan, general comments received about the plan, original and changes to the plan, policies referenced within the plan, and screenshots of where the plan is posted on the website.

Pursuant to those requirements and the Nebraska Department of Education will be issuing subrecipient Grant Award Notifications on June 15, a District must post on their website their Safe Return Plans by July 15, 2021 which sought public comment and took those comments into account in the development of that plan.

To assist districts with the development of their Safe Return Plans, the NDE is providing the following worksheet.

*ARP ESSER funds are subject to the Tydings amendment and are therefore available to LEAs for obligation through September 30, 2024. Review and revisions, if necessary, are not required during the Tydings period
