4. **ThoughtExchanges:** We need to consider questions for Strategic Planning for 2022.

- What are the most important things Schuyler Community Schools should consider as we work together to prepare our students for their futures?
- As we work together for the success of our schools, what new directions and opportunities will have the greatest impact on students?
- In terms of our commitment to student success, what has Schuyler Community Schools done well over the past year? What areas do we need to focus on as we move forward together?
- ****With all that we've been through this year, what do you plan to keep going forward? What could we improve that will impact student success? Consider.... (The... Is where we would put in a few starters like we could put facilities or building and grounds or curriculum or whatever we choose like so we've got kind of like a seed planted but not)
