

Schuyler Community Schools
SCS Administration Meeting
Wednesday, October 15, 2014 9:00 AM
SCS Administration Meeting @ SMS Conference Room
401 Adam Street
Schuyler, NE 68661-2400

I. Discussion Items

1. **The Richest Man in Town:** Continue reading the book, we will discuss what this means to us as a role model administrative team.
2. **Teacher/Principal Evaluation Process:** September updates and October observation schedules are due. Thank you to your commitment to our teachers and your support for their success in the classroom.
3. **FileMaker Data Portal:** Jeff Droge sent out the data portal to all staff to give them access to the 9 FileMaker programs. Staff will be able to access all systems if they login as a guest.
4. **Parent-Teacher Conference:** I visited with Jeff Andel and he relayed to me that his vendors are willing to host a food show for your parent-teacher conferences. Please check with him to see where he is for your building. Your building plans are due on October 18th.
5. **Saturday School/Behavior Programs:** Thank you to the middle school administrators for their behavior program plan. I look forward to seeing the impact of this program in keeping students engaged and in the classroom. Best of luck!
6. **Bus Route Update:** It seems that the bus route is becoming more routine. With the afterschool program underway, we may continue to see some variance in the afterschool route for a while.
