Chapter 79

79-724.

Committee on American civics; created; duties; school board, State Board of Education, and superintendent; duties.

It is the responsibility of society to ensure that youth are given the opportunity to become competent, responsible, patriotic, and civil citizens to ensure a strong, stable, just, and prosperous America. Such a citizenry necessitates that every member thereof be knowledgeable of our nation's history, government, geography, and economic system. The youth in our state should be committed to the ideals and values of our country's democracy and the constitutional republic established by the people. Schools should help prepare our youth to make informed and reasoned decisions for the public good. Civic competence is necessary to sustain and improve our democratic way of life and must be taught in all public, private, denominational, and parochial schools. A central role of schools is to impart civic knowledge and skills that help our youth to see the relevance of a civic dimension for their lives. Students should be made fully aware of the liberties, opportunities, and advantages we possess and the sacrifices and struggles of those through whose efforts these benefits were gained. Since young people are most susceptible to the acceptance of principles and doctrines that will influence them throughout their lives, it is one of the first duties of our educational system to conduct its activities, choose its textbooks, and arrange its curriculum in such a way that the youth of our state have the opportunity to become competent, responsible, patriotic, and civil American citizens.

(1) The school board of each school district shall, at the beginning of each calendar year, appoint from its members a committee of three, to be known as the committee on American civics, which shall:

- (a) Hold no fewer than two public meetings annually, at least one when public testimony is accepted;
- (b) Keep minutes of each meeting showing the time and place of the meeting, which members were present or absent, and the substance and details of all matters discussed;
- (c) Examine and ensure that the social studies curriculum used in the district is aligned with the social studies standards adopted pursuant to section [79-760.01](#) and teaches foundational knowledge in civics, history, economics, financial literacy, and geography;
- (d) Review and approve the social studies curriculum to ensure that it stresses the services of the men and women who played a crucial role in the achievement of national independence, establishment of our constitutional government, and preservation of the union and includes the incorporation of multicultural education as set forth in sections [79-719](#) to [79-723](#) in order to instill a pride and respect for the nation's institutions and not be merely a recital of events and dates;
- (e) Ensure that any curriculum recommended or approved by the committee on American civics is made readily accessible to the public and contains a reference to this section;
- (f) Ensure that the district develops and utilizes formative, interim, and summative assessments to measure student mastery of the social studies standards adopted pursuant to section [79-760.01](#);
- (g) Ensure that the social studies curriculum in the district incorporates one or more of the following for each student:
 - (i) Administration of a written test that is identical to the entire civics portion of the naturalization test used by United States Citizenship and Immigration Services prior to the completion of eighth grade and again prior to the completion of twelfth grade with the individual score from each test for each student made available to a parent or guardian of such student; or
 - (ii) Attendance or participation between the commencement of eighth grade and completion of twelfth grade in a meeting of a public body as defined by section [84-1409](#) followed by the completion of a project or paper in which each student demonstrates or discusses the personal learning experience of such student related to such attendance or participation; or

(iii) Completion of a project or paper and a class presentation between the commencement of eighth grade and the completion of twelfth grade on a person or persons or an event commemorated by a holiday listed in subdivision (6) of this section or on a topic related to such person or persons or event; and

(h) Take all such other steps as will assure the carrying out of the provisions of this section and provide a report to the school board regarding the committee's findings and recommendations.

(2) All social studies courses approved for grade levels as provided by this section shall include and adequately stress contributions of all ethnic groups to (a) the development and growth of America into a great nation, (b) art, music, education, medicine, literature, science, politics, and government, and (c) the military in all of this nation's wars.

(3) All grades of all public, private, denominational, and parochial schools, below the sixth grade, shall devote at least one hour per week to exercises or teaching periods for the following purpose:

(a) The discussion of noteworthy events pertaining to American history or the exceptional acts of individuals and groups of Americans;

(b) The historical background, memorization, and singing of patriotic songs such as the Star-Spangled Banner and America the Beautiful;

(c) The development of respect for the American flag as a symbol of freedom and the sacrifices of those who secured that freedom; and

(d) Instruction as to proper conduct in the presentation of the American flag.

(4) In at least two of the three grades from the fifth grade to the eighth grade in all public, private, denominational, and parochial schools, time shall be set aside for the teaching of American history from the social studies curriculum, which shall be taught in such a manner that all students are given the opportunity to (a) become competent, responsible, patriotic, and civil citizens who possess a deep understanding of and respect for both the Constitution of the United States and the Constitution of Nebraska and (b) prepare to preserve, protect, and defend freedom and democracy in our nation and our world.

(5) In at least two courses in every high school, time shall be devoted to the teaching of civics and American history as outlined in the social studies standards adopted pursuant to section [79-760.01](#), during which specific attention shall be given to the following matters:

(a) The Declaration of Independence, the United States Constitution, the Constitution of Nebraska, and the structure and function of local government in this state;

(b) The benefits and advantages of representative government, the rights and responsibilities of citizenship in our government, and the dangers and fallacies of forms of government that restrict individual freedoms or possess antidemocratic ideals such as, but not limited to, Nazism and communism;

(c) The duties of citizenship, which include active participation in the improvement of a citizen's community, state, country, and world and the value and practice of civil discourse between opposing interests; and

(d) The application of knowledge in civics, history, economics, financial literacy, and geography to address societal issues.

(6) Appropriate patriotic exercises suitable to the occasion shall be held under the direction of the superintendent in every public, private, denominational, and parochial school on George Washington's birthday, Abraham Lincoln's birthday, Dr. Martin Luther King, Jr.'s birthday, Native American Heritage Day, Constitution Day, Memorial Day, Veterans Day, and Thanksgiving Day, or on the day or week preceding or following such holiday, if the school is in session.

(7) Every school board, the State Board of Education, and the superintendent of each school district in the state shall be held directly responsible in the order named for carrying out this section. Neglect thereof by any employee may be considered a cause for dismissal.

Nebraska Open Meetings Act

84-1407. Act, how cited. Sections 84-1407 to 84-1414 shall be known and may be cited as the Open Meetings Act.

84-1408. Declaration of intent; meetings open to public. It is hereby declared to be the policy of this state that the formation of public policy is public business and may not be conducted in secret. Every meeting of a public body shall be open to the public in order that citizens may exercise their democratic privilege of attending and speaking at meetings of public bodies, except as otherwise provided by the Constitution of Nebraska, federal statutes, and the Open Meetings Act.

84-1409. Terms, defined. For purposes of the Open Meetings Act, unless the context otherwise requires:

(1)(a) Public body means (i) governing bodies of all political subdivisions of the State of Nebraska, (ii) governing bodies of all agencies, created by the Constitution of Nebraska, statute, or otherwise pursuant to law, of the executive department of the State of Nebraska, (iii) all independent boards, commissions, bureaus, committees, councils, subunits, or any other bodies created by the Constitution of Nebraska, statute, or otherwise pursuant to law, (iv) all study or advisory committees of the executive department of the State of Nebraska whether having continuing existence or appointed as special committees with limited existence, (v) advisory committees of the bodies referred to in subdivisions (i), (ii), and (iii) of this subdivision, and (vi) instrumentalities exercising essentially public functions; and

(b) Public body does not include (i) subcommittees of such bodies unless a quorum of the public body attends a subcommittee meeting or unless such subcommittees are holding hearings, making policy, or taking formal action on behalf of their parent body, except that all meetings of any subcommittee established under section 81-15,175 are subject to the Open Meetings Act, and (ii) entities conducting judicial proceedings unless a court or other judicial body is exercising rulemaking authority, deliberating, or deciding upon the issuance of administrative orders;

(2) Meeting means all regular, special, or called meetings, formal or informal, of any public body for the purposes of briefing, discussion of public business, formation of tentative policy, or the taking of any action of the public body; and

(3) Videoconferencing means conducting a meeting involving participants at two or more locations through the use of audio-video equipment which allows participants at each location to hear and see each meeting participant at each other location, including public input. Interaction between meeting participants shall be possible at all meeting locations.

84-1410. Closed session; when; purpose; reasons listed; procedure; right to challenge; prohibited acts; chance meetings, conventions, or workshops.

(1) Any public body may hold a closed session by the affirmative vote of a majority of its voting members if a closed session is clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual and if such individual has not requested a public meeting. The subject matter and the reason necessitating the closed session shall be identified in the motion to close. Closed sessions may be held for, but shall not be limited to, such reasons as:

(a) Strategy sessions with respect to collective bargaining, real estate purchases, pending litigation, or litigation which is imminent as evidenced by communication of a claim or threat of litigation to or by the public body;

(b) Discussion regarding deployment of security personnel or devices;

(c) Investigative proceedings regarding allegations of criminal misconduct;

(d) Evaluation of the job performance of a person when necessary to prevent needless injury to the reputation of a person and if such person has not requested a public meeting;

(e) For the Community Trust created under section 81-1801.02, discussion regarding the amounts to be paid to individuals who have suffered from a tragedy of violence or natural disaster; or

(f) For public hospitals, governing board peer review activities, professional review activities, review and discussion of medical staff investigations or disciplinary actions, and any strategy session concerning transactional negotiations with any referral source that is required by federal law to be conducted at arms length.

Nothing in this section shall permit a closed meeting for discussion of the appointment or election of a new member to any public body.

(2) The vote to hold a closed session shall be taken in open session. The entire motion, the vote of each member on the question of holding a closed session, and the time when the closed session commenced and concluded shall be recorded in the minutes. If the motion to close passes, then the presiding officer immediately prior to the closed session shall restate on the record the limitation of the subject matter of the closed session. The public body holding such a closed session shall restrict its consideration of matters during the closed portions to only those purposes set forth in the motion to close as the reason for the closed session. The meeting shall be reconvened in open session before any formal action may be taken. For purposes of this section, formal action shall mean a collective decision or a collective commitment or promise to make a decision on any question, motion, proposal, resolution, order, or ordinance or formation of a position or policy but shall not include negotiating guidance given by members of the public body to legal counsel or other negotiators in closed sessions authorized under subdivision (1) (a) of this section.

(3) Any member of any public body shall have the right to challenge the continuation of a closed session if the member determines that the session has exceeded the reason stated in the original motion to hold a closed session or if the member contends that the closed session is neither clearly necessary for (a) the protection of the public interest or (b) the prevention of needless injury to the reputation of an individual. Such challenge shall be overruled only by a majority vote of the members of the public body. Such challenge and its disposition shall be recorded in the minutes.

(4) Nothing in this section shall be construed to require that any meeting be closed to the public. No person or public body shall fail to invite a portion of its members to a meeting, and no public body shall designate itself a subcommittee of the whole body for the purpose of circumventing the Open Meetings Act. No closed session, informal meeting, chance meeting, social gathering, email, fax, or other electronic communication shall be used for the purpose of circumventing the requirements of the act.

(5) The act does not apply to chance meetings or to attendance at or travel to conventions or workshops of members of a public body at which there is no meeting of the body then intentionally convened, if there is no vote or other action taken regarding any matter over which the public body has supervision, control, jurisdiction, or advisory power.

84-1411. Meetings of public body; notice; method; contents; when available; right to modify; duties concerning notice; videoconferencing or telephone conferencing authorized; emergency meeting without notice; appearance before public body.

(1)(a) Each public body shall give reasonable advance publicized notice of the time and place of each meeting as provided in this subsection. Such notice shall be transmitted to all members of the public body and to the public.

(b)(i) Except as provided in subdivision (1)(b)(ii) of this section, in the case of a public body described in subdivision (1)(a)(i) of section 84-1409 or such body's advisory committee, such notice shall be published in a newspaper of general circulation within the public body's jurisdiction and, if available, on such newspaper's web site. (ii) In the case of the governing body of a city of the second class or village or such body's advisory committee, such notice shall be published by: (A) Publication in a newspaper of general circulation within the public body's jurisdiction and, if available, on such newspaper's web site; or (B) Posting written notice in three conspicuous public places in such city or village. Such notice shall be posted in the same three places for each meeting. (iii) In the case of a public body not described in subdivision (1)(b)(i) or (ii) of this section, such notice shall be given by a method designated by the public body.

(c) In addition to a method of notice required by subdivision (1)(b)(i) or (ii) of this section, such notice may also be provided by any other appropriate method designated by such public body or such advisory committee.

(d) Each public body shall record the methods and dates of such notice in its minutes.

(e) Such notice shall contain an agenda of subjects known at the time of the publicized notice or a statement that the agenda, which shall be kept continually current, shall be readily available for public inspection at the principal office of the public body during normal business hours. Agenda items shall be sufficiently descriptive to give the public reasonable notice of the matters to be considered at the meeting. Except for items of

an emergency nature, the agenda shall not be altered later than (i) twenty-four hours before the scheduled commencement of the meeting or (ii) forty-eight hours before the scheduled commencement of a meeting of a city council or village board scheduled outside the corporate limits of the municipality. The public body shall have the right to modify the agenda to include items of an emergency nature only at such public meeting.

(2) A meeting of a state agency, state board, state commission, state council, or state committee, of an advisory committee of any such state entity, of an organization created under the Interlocal Cooperation Act, the Joint Public Agency Act, or the Municipal Cooperative Financing Act, of the governing body of a public power district having a chartered territory of more than one county in this state, of the governing body of a public power and irrigation district having a chartered territory of more than one county in this state, of a board of an educational service unit, of the Educational Service Unit Coordinating Council, of the governing body of a risk management pool or its advisory committees organized in accordance with the Intergovernmental Risk Management Act, or of a community college board of governors may be held by means of videoconferencing or, in the case of the Judicial Resources Commission in those cases specified in section 24-1204, by telephone conference, if:

(d) At least one member of the state entity, advisory committee, board, council, or governing body is present at each site of the videoconference or telephone conference, except that a member of an organization created under the Interlocal Cooperation Act that sells electricity or natural gas at wholesale on a multistate basis, an organization created under the Municipal Cooperative Financing Act, or a governing body of a risk management pool or an advisory committee of such organization or pool may designate a nonvoting designee, who shall not be included as part of the quorum, to be present at any site; and

(e)(i) Except as provided in subdivision (2)(e)(ii) of this section, no more than one-half of the state entity's, advisory committee's, board's, council's, or governing body's meetings in a calendar year are held by videoconference or telephone conference; or (ii) In the case of an organization created under the Interlocal Cooperation Act that sells electricity or natural gas at wholesale on a multistate basis or an organization created under the Municipal Cooperative Financing Act, such organization holds at least one meeting each calendar year that is not by videoconferencing or telephone conferencing.

(c) All telephone conference meeting sites identified in the notice are located within public buildings used by members of the educational service unit board, council, community college board of governors, governing body of the public power district, governing body of the public power and irrigation district, Nebraska Brand Committee, or entity or pool or at a place which will accommodate the anticipated audience;

(d) Reasonable arrangements are made to accommodate the public's right to attend, hear, and speak at the meeting, including seating, recodation by audio recording devices, and a reasonable opportunity for input such as public comment or questions to at least the same extent as would be provided if a telephone conference call was not used;

(e) At least one copy of all documents being considered is available to the public at each site of the telephone conference call;

Telephone conference calls, emails, faxes, or other electronic communication shall not be used to circumvent any of the public government purposes established in the Open Meetings Act.

(4) The secretary or other designee of each public body shall maintain a list of the news media requesting notification of meetings and shall make reasonable efforts to provide advance notification to them of the time and place of each meeting and the subjects to be discussed at that meeting.

(2) It shall not be a violation of subsection (1) of this section for any public body to make and enforce reasonable rules and regulations regarding the conduct of persons attending, speaking at, videotaping, televising, photographing, broadcasting, or recording its meetings. A body may not be required to allow citizens to speak at each meeting, but it may not forbid public participation at all meetings.

(3) No public body shall require members of the public to identify themselves as a condition for admission to the meeting nor shall such body require that the name of any member of the public be placed on the agenda prior to such meeting in order to speak about items on the agenda. A suit to void any final action shall be commenced within one year of the action.

(2) The Attorney General and the county attorney of the county in which the public body ordinarily meets shall enforce the Open Meetings Act.

Content Area Standards

The Nebraska Social Studies Standards describe the knowledge and skills that students should learn, but they do not prescribe particular curriculum, lessons, teaching techniques, or activities. These standards create a framework for teaching and learning, and they articulate a trajectory for knowledge acquisition across all grade levels. This ensures that student learning builds on prior knowledge and becomes more in-depth over time. Standards describe what students are expected to know and be able to do, while the local curriculum and instructional materials are used to help students master the standards. Decisions about curriculum and instructional materials are made locally by individual school districts and classroom teachers. The Nebraska Department of Education does not mandate the curriculum or instructional materials used within a local school.

Organization and Structure of Nebraska's Social Studies Standards

The overall structure of Nebraska's Social Studies Standards reflects the two-tier structure common across all Nebraska content area standards. The two levels include standards and indicators. At the broadest level, standards include broad, overarching content-based statements that describe the basic cognitive, affective, or psychomotor expectations of student learning. The standards, across all grade levels, reflect long-term goals for learning. Indicators further describe what students must know and be able to do to meet the standard and provide guidance related to classroom instruction. Additionally, the indicators provide guidance related to the assessment of student learning. In addition to standards and indicators, the Nebraska Social Studies standards provide examples. The "For example..." statements provide guidance relative to topics that may be included in the locally determined curriculum. These suggestions may be used to meet the learning expectations of the standards and indicators.

For grades K-8, the standards and indicators are written at grade level. The K-8 standards and indicators are organized within four **disciplines**: Civics, Economics, Geography, and History. Within those disciplines, standards and indicators are grouped by **big ideas**. Big ideas are concepts, themes, or issues that give meaning and connection to facts and skills (Wiggins and McTighe, 2005, p. 5). The high school standards and indicators are written within one grade band (HS = 9-12), and they are also organized by discipline and big ideas. Prior to each grade level and the high school grade band, a summary statement and theme are included. This provides a high-level overview of what students are expected to learn at that grade level.

In addition to a common structure for content area standards, a consistent numbering system is used for content area standards. The Nebraska Social Studies Standards numbering system is as follows:

Grade 4

Grade Level Summary and Theme

Nebraska Studies: In fourth grade, students use their understanding of social studies concepts and skills to explore Nebraska in the past and present. Students learn about the state's unique geography and key eras in early Nebraska history, particularly the treaty-making period. They use this historical perspective to help them make sense of the state's geography, economy, and government today. The cognitive demand of many grade level expectations begins to include analysis and asks students to look at issues and events from multiple perspectives.

Grade Level Summary and Theme

World Studies I: In sixth grade, students are ready to deepen their understanding of the Earth and its peoples through the study of history, geography, politics, culture, and economic systems. Students examine the world by exploring the location, place, and spatial organization of the world's ancient civilizations. In this way, students develop higher levels of critical thinking by considering why civilizations developed, where and when they did, and why they declined. Students will have multiple opportunities to employ maps and timelines, to compare the foundations of economic and political systems, and to engage in content-driven research and inquiry. Students will explore the connections between ancient and classical societies and contemporary civic ideas and issues. Students analyze the interactions among the various cultures, emphasizing their enduring contributions and the link between the contemporary and ancient worlds.

High School Civics

Summary

In a constitutional republic, productive civic engagement requires knowledge about the functions of state and local government, courts and legal systems, the U.S. Constitution, other nations' systems and practices, and international institutions. Civics is not limited to the study of politics and society; it also encompasses participation in classrooms and schools, neighborhood, groups, and organizations using civic virtues and principles to guide that participation (which includes the discussion of issues and making choices and judgments with information and evidence, civility and respect, and concern for fair procedures). Civics enables students not only to study how others participate but also to practice participating and taking informed action themselves.

Summary

Effective economic decision making requires that students have a keen understanding of the ways in which individuals, businesses, governments, and societies make decisions to allocate human capital, physical capital, and natural resources among alternative uses. This economic reasoning process involves the consideration of costs and benefits with the ultimate goal of making decisions that will enable individuals and societies to be as well-off as possible. The study of economics provides students with the concepts and tools necessary for an economic way of thinking and helps students understand the interaction of buyers and sellers in markets, workings of the national economy, and interactions within the global marketplace. Economics is grounded in knowledge about how people choose to use resources. Economic understanding helps individuals, businesses, governments, and societies choose what resources to allocate to work, to school, and to leisure; how many dollars to spend, and how many to save; and how to make informed decisions in a wide variety of contexts. Economic reasoning and skillful use of economic tools draw upon a strong base of knowledge about human capital, land, investments, money, income and production, taxes, and government expenditures. To be effective participants in our representative democracy, students need an understanding of economics.

High School Geography

Summary

To succeed in an increasingly interconnected world, Nebraska's next generation of citizens will need to be fluent in spatial knowledge. Geography at the high school level prepares students to understand the world and their place in it. Beyond merely knowing "Where?" the geographically minded person will be better equipped to answer the question of "Why there?" An integrative study of our planet's human and physical features will involve 21st century technologies and inquiry-based research methods. This approach will expand students' geographic knowledge and enable them to think critically about problems. Through analysis of spatial patterns and relationships over time and place, students will be better able to make sense of both the past and present, and be well equipped to address society's future needs.

Location and Place

High School History

Summary

History involves acquiring knowledge about significant events, developments, individuals, groups, documents, places, and ideas to support investigations about the past. Acquiring relevant knowledge requires assembling information from a wide variety of sources in an integrative process. Developing historical knowledge in connection with historical investigations not only helps students better remember the content because it has meaning, but also allows students to become better critical thinkers. High school history courses emphasize historical thinking. Historical thinking requires understanding and evaluating change and continuity over time, and making appropriate use of historical evidence in answering questions and developing arguments about the past. It involves going beyond simply asking, "What happened when?" to evaluating why and how events occurred and developments unfolded. It involves locating and assessing historical sources of many different types to understand the contexts of given historical eras and the perspectives of different individuals and groups within geographic units that range from the local to the global. Historical thinking is a process of chronological reasoning, which means wrestling with issues of causality, connections, significance, and context with the goal of developing credible explanations of historical events and developments based on reasoned interpretation of evidence.

There are some requirements that we need to meet in our Social Studies Curriculum. September 17th is designated as Constitution Day. This is to highlight the historic and continuing importance of the United States Constitution. We had all students watch a video that was a refresher course covering the Constitution. We must also incorporate 1 of 3 items into the curriculum to meet requirements and this must be done prior to the completion of 8th grade and again prior to the completion of 12th grade. We have chosen to administer the entire civics portion of the naturalization test used by the U.S. Citizenship and Immigration Services. The score of this test must be made available to a parent or guardian of the student.

Sincerely,

Jeff Murphy
7-12 Principal

Civics (History and Government) Questions for the Naturalization Test

The 100 civics (history and government) questions and answers for the naturalization test are listed below. The civics test is an oral test and the USCIS Officer will ask the applicant up to 10 of the 100 civics questions. An applicant must answer 6 out of 10 questions correctly to pass the civics portion of the naturalization test.

On the naturalization test, some answers may change because of elections or appointments. As you study for the test, make sure that you know the most current answers to these questions. Answer these questions with the name of the official who is serving at the time of your eligibility interview with USCIS. The USCIS Officer will not accept an incorrect answer.

Although USCIS is aware that there may be additional correct answers to the 100 civics questions, applicants are encouraged to respond to the civics questions using the answers provided below.
